President's Welcome

Welcome to GateWay Community College, home of the Geckos, and one of the ten colleges in the Maricopa County Community College District. In 2023, GateWay celebrated its 55th Anniversary of serving the community and helping thousands of students like you achieve your educational and career goals.

GateWay offers over 160 high-quality programs in various modalities across the Valley at five different locations. Whether you want to go directly into the workforce, transfer to a university, or take classes for your personal interest, you can enroll in courses, certificates and degrees offered at the following sites:

- Washington Street campus (40th Street and Washington)
- Central City (12th Street and Buckeye)
- Southwest Skills Center (on Estrella Mountain Community College's campus at Dysart and Thomas Road)
- 18th Street (18th Street and Van Buren)
- City of Surprise (N. Civic Center Plaza)

To ensure that you are ready to enter the workforce or start your own business, GateWay offers a variety of experiential learning opportunities for students in virtual reality and simulation lab spaces, the free community healthcare HUG Clinic, salon and spa service sites, automotive training facilities, a student business incubator, as well as the largest makerspace in the southwest: The Phoenix Forge. We also offer childcare at our Children's Learning Center on the Washington Street campus.

I encourage you to become involved with the college outside your specific educational goal. Through service learning, volunteer opportunities, participating in a club, or attending an event, you will benefit from engaging with the college in ways that you are passionate about. You can also support GateWay's four athletics teams (men's and women's soccer, men's baseball, and women's softball) and student leadership organizations.

At GateWay, we truly believe that you are the primary reason we exist. On behalf of the faculty and staff, I thank you for choosing GateWay. We feel honored that you have selected GateWay among the many other choices. I assure you that friendly and knowledgeable faculty and staff members stand ready to assist you in your pursuit of higher education.

Go Geckos!

Fondly,

Dr. Amy S. Diaz

President

About GateWay

History of GateWay

It all began in the shoe department of the former Korrick's Department Store. Passersby gawked through the large display windows where mannequins had been replaced by live keypunch operators. Coat racks and cash registers made way for school desks and lecture podiums as Maricopa Technical College began to build a name for itself in 1968. Student orientation was held in a nearby movie theater. In 1987, the name changed to GateWay Community College to better convey the comprehensive curricular offerings of the College and to reflect the physical location change to 40th and Washington streets in the GateWay corridor.

Around the same time the Maricopa Skill Center became a division of the newly named GateWay Community College after being a division of Rio Salado College for nearly 20 years. The Maricopa Skill Center offered several clock hour programs that provided students with training for quick entry into the workforce.

By 2016, GateWay Community College and Maricopa Skill Center fully aligned operations, Maricopa Skill Center adopted the GateWay Community College name and created a unit called Workforce Innovation and Strategic Partnerships, with the instructional pieces of the former Maricopa Skill Center renamed to Trade and Technical Training Division. In 2018, the operational leadership of SouthWest Skill Center (SWSC) came under GateWay. Formerly, SWSC was aligned with Estrella Mountain Community College. GateWay now has five campuses or sites it manages:

- 18th Street at 555 N. 18th Street
- Central City Campus at 1245 E. Buckeye Road (formerly Maricopa Skill Center)
- Deer Valley Campus at 2931 W. Bell Road (formerly Maricopa Skill Center-Northwest)
- SouthWest Skill Center at 3000 N. Dysart Road
- Washington Campus at 108 N. 40th Street

Growth

Program offerings have grown to include more than 150 degree, certificate and workforce training options in a wide variety of industries, allowing us to emerge as a leading institution in meeting the needs of business and industry throughout our community.

We now enroll more than 11,000 students annually. We strive to continuously provide a high quality of education with support from student service areas and career training through innovation and state-of-the-art technology.

Programs designed to reach out to the community include GateWay Community High School, the Johnson Controls Institute, the HUG Clinic, workforce development partnerships, healthcare and nursing continuing education and proactive ties with neighborhood schools, utilizing service-learning and other volunteer activities.

As we continue to address the needs of the healthcare and technology industries, our general education (transfer) programs are growing tremendously as well.

Celebrating 50 Years of Educating, Engaging and Connecting

2018-2019 marked our 50th Anniversary. Learn more about our history by clicking on the link to a short video <https://www.youtube.com/watch?v=xpqKo2AU0qE&t=1s> or browsing through the timeline here: <https://www.gatewaycc.edu/about-gateway/gateway-history>. If you would like to share historical images, please send to community@gatewaycc.edu. Thank you for sharing.

Vision, Mission, Core Values, and Strategic Priorities

VISION

GateWay Community College will... Educate and Innovate to prepare tomorrow's workforce

MISSION

GateWay Community College's mission is to serve a diverse community through equitable, inclusive, and meaningful learning opportunities that prepare students to thrive in a global community.

CORE VALUES

As a [College of Well-Being](#), we strive to cultivate an environment of meaningful learning and engagement through the following core values:

- **Character** – developing strengths of character that enable us to be and do our best
- **Care** – taking care of emotional, physical & environmental needs to cultivate conditions for flourishing
- **Connection** – fostering and maintaining close, positive relationships; a sense of belonging
- **Contribution** – being a part of something bigger than ourselves; finding a purpose for learning and for life
- **Career** – making decisions that contribute both to career and life success

STRATEGIC PRIORITIES

GateWay Community College and GateWay Early College High School, in achieving the mission of the College, is committed to the following strategic priorities:

- **Student Success**
Provide an inclusive and equitable student experience that advances access, increases retention, and supports students to academic success and completion.
- **Learning Excellence**
Cultivate student ready, human centric learning opportunities and environments that prepare students to be members of a diverse and global community.
- **Innovation**
Serve as an economic engine through future-focused, innovative programming and services that meet the diverse needs of students, industry, and the community.
- **Great Place to Work**
Ensure GateWay is recognized as a preferred workplace and achieve organizational and operational effectiveness.

Achieve Success

Please take the time to read carefully and reflect on the Achieve Success steps identified below. The objective of this document is to inform students of their personal responsibilities for their own education and to focus faculty and staff on what they should expect of students wishing to maximize their higher education experience.

Attendance... Students are expected to attend all classes, to come to class prepared, to be on time, to have all required materials, to complete all homework, and to be prepared to participate in classroom discussions and learning activities. Being absent does not excuse you from your responsibilities regarding material covered, quizzes, exams, homework, experiments, or projects.

Critical Thinking... Today's workplace requires employees who can systematically apply knowledge and critical thinking skills. It is not enough to memorize facts or figures; students must be able to use information to further investigate their workplace as well as world events.

Honesty... There is no substitute for honesty. Students are responsible for knowing the standards of conduct and student policies found in the GateWay Community College Catalog and Student Handbook, and must adhere to these standards at all times.

Intensity... Attitude is everything! Education is important for personal success today more than ever before. Make education a priority. Success demands persistence and the intense commitment of time and talent.

Expectation... Expect to be taught well, but also accept your personal responsibility to learn. Faculty can expose you to an abundance of information, and they can provide you with opportunities and activities that are conducive to learning. As a student, you must seize opportunities to apply that information to specific situations that confront you in your everyday life.

Value... Value your education. Make it your personal goal to graduate with the knowledge and skills necessary to be one of the best at what you do.

Enlightenment... Ask yourself why you are seeking a higher education. Challenge yourself to achieve success at the highest level possible.

Institutional Learning Outcomes

GateWay Community College is committed to student success through assessment for student learning. It is the aspiration of all faculty and staff that graduates of GateWay Community College will demonstrate proficiency in our three Institutional Learning Outcomes: Effective Communication, Critical Thinking and Problem Solving, and Personal Responsibility and Civic Engagement.

We believe that these three Institutional Learning Outcomes are beneficial to students as they transition to the workforce or continue their academic studies, and endeavor to become engaged global citizens.

Effective Communication

Learners will communicate effectively in a range of social, academic, and professional contexts as defined by five competency areas: emotional intelligence, active listening, written, oral and visual modes, effective use of technology, and collaboration skills.

Critical Thinking and Problem Solving

Learners will develop the mindset to gather, organize, synthesize, analyze, and evaluate information to solve problems and make evidence-based decisions as defined by four competency areas: metacognition, decision making, information literacy, and analytical inquiry/quantitative reasoning.

Personal Responsibility and Civic Engagement

Learners will demonstrate personal growth and responsibility to others by addressing diverse cultural, civic, social, and global issues.

Accreditation

College Accreditation

GateWay Community College is accredited by the [Higher Learning Commission](https://www.hlcommission.org/). Visit [accrreditation.gatewaycc.edu](https://www.gatewaycc.edu/accrreditation) for additional information on the accreditation process.

Accreditation is a review process used in higher education to scrutinize colleges, universities, and educational programs for quality assurance and quality improvement. GateWay Community College's accreditation was last reaffirmed in 2020 with an update in 2022 expanding this accreditation to include the offering of a Bachelor of Applied Science degree in Nuclear Medicine Technology and Computed Tomography. In October 2023 is the next Higher Learning Commission assurance review. Such assurance reviews provide colleges fully accredited on the open pathway model an opportunity to demonstrate continued compliance with Higher Learning Commission's criteria at around the 4 year point of the standard 10 year accreditation period.

- Criterion 1 - Mission and Integrity
- Criterion 2 - Preparing for the Future
- Criterion 3 - Students Learning and Effective Teaching
- Criterion 4 - Acquisition, Discovery and Application of Knowledge
- Criterion 5 - Engagement and Service

Academic Locations

Discover GateWay Community College

We're excited to welcome you to GateWay Community College. Whether you're considering in-person academic programs or plan to attend classes online, you'll know that GateWay is the right choice for you when you see our state-of-the-art classrooms, hands-on learning opportunities, and warm, collaborative community in action.

18TH STREET

**55 North 18th Street
Phoenix, AZ 85006
602-286-8000**

Our 18th Street Campus provides hands-on training for many healthcare degree and certificate programs. It is also home to the Healthcare United at GateWay Clinic, or HUG clinic, and the Safe Patient Handling Education Lab, or SaPHE (SAFE) Lab, for Nursing and Allied Health students. These state-of-the-art facilities and our programs help train the next generation of healthcare professionals to fill critical job openings in Arizona's healthcare system.

CENTRAL CITY

**1245 East Buckeye Road
Phoenix, AZ 85034
602-704-2784**

Our Central City Campus is home to many of our trade and technical training programs. With quick certifications that take as little as six months to complete, our knowledgeable instructors and state-of-the-art facilities will ensure you receive hands-on training and take the most direct path to land your dream career.

SOUTHWEST SKILL CENTER

**3000 North Dysart Road
Avondale, AZ 85392
602-392-5401**

SouthWest Skill Center is located on the campus of our sister school, Estrella Mountain Community College. The newest expansion, Arroyo Hall was designed to meet the high-growth and workforce demand of the Valley, and is home to our Ophthalmic Medical Assistant, Pharmacy Technician, and Massage Therapy programs.

WASHINGTON CAMPUS

**108 North 40th Street
Phoenix, AZ 85034
602-286-8000**

Our Washington Campus is centrally located in Phoenix, next to Sky Harbor Airport. Featuring our award-winning Integrated Education building, you'll soon discover why GateWay Community College has been consistently ranked the top community college in Arizona.

PHOENIX FORGE

**535 West Van Buren Street
Phoenix, AZ 85003
602-286-8599**

Our Phoenix Forge location offers a variety of short classes on a rotating schedule. Classes teach basic concepts and applied practice on how to use the wide variety of equipment and tools we have available.

Phoenix Forge is a makerspace powered by GateWay Community College on behalf of the Maricopa County Community College District. It is open to the public, MCCC students, staff and faculty.

Membership to the makerspace is open to everyone over 18 years old. Members can enjoy access to all areas of the makerspace.

CENTER FOR ENTREPRENEURIAL INNOVATION (CEI)

**275 North GateWay Drive
Phoenix, AZ 85034
602-286-8950**

We help startups get to market and companies build their talent.

From the start, CEI has been a place for innovators to learn, grow, and refine their ideas without ever losing sight of the big picture: to get life-changing products to market. Not only do we help them commercialize and scale, we offer a community that fosters their passion for entrepreneurship so they can weather the ups and downs of launching a business.

**DEER VALLEY
2931 West Bell Rd.
Phoenix, AZ 85053
602-392-5000**

COMING SOON!

GateWay is the only Maricopa Community College that offers a suite of Beauty & Wellness programs -- aesthetics, cosmetology, hair styling, massage, nail technician and a specialized program for practitioners who wish to eventually become beauty and wellness instructors. These programs are considered clock hour programs, which are non-credit training programs that provide skills for quick entry into the workforce. All have specific year-round start dates, and you attend classes four days a week, Monday-Thursday.

You will learn your skills by practicing on each other and/or eventually serving actual clients, all with instructor supervision. Instructors supervise and receive feedback from clients to make sure you are providing adequate service. The school has a salon open to the public and holds clinics often.

Student Services

Admissions and Records

Email: enroll@gatewaycc.edu or clockenroll@gatewaycc.edu

Websites:

- <https://www.gatewaycc.edu/enroll>
- Virtual Lobby Credit Programs
<https://gatewaycc.craniumcafe.com/group/credit-admissions/lobby>
- Virtual Lobby Clock Programs <https://gatewaycc.craniumcafe.com/group/clock-admissions/lobby>

Admissions and Records oversees important parts of your student experience at GateWay Community College from the early admissions steps to the exciting graduation processes. We can help you receive assistance with becoming a student, registering for classes, obtaining records, residency questions and submitting eForms.

Becoming a Student

We are excited that you are choosing GateWay Community College to pursue your education and training. To enroll, please follow the steps found here: <https://www.gatewaycc.edu/enroll>

Forms

Log in to your Student Center to view the documents being requested from you. A list of available admissions and registration forms is found here: <https://www.gatewaycc.edu/students/registration-forms>

Graduation

GateWay provides graduation specifically for students completing a degree and/or certificates in Occupational and University Transfer education (Credit) or Trade and Technical Training (Clock) programs. More information is found here: <https://www.gatewaycc.edu/students/graduation>

Residency and Citizenship

As a student at GateWay Community College it is important to establish residency, citizenship or lawful presence. All new students are considered out-of-state until the proper documentation has been submitted and processed. It is the student's responsibility to submit all necessary documentation prior to the start of the term. More information is found here:

<https://www.gatewaycc.edu/students/residency-and-citizenship>

Transcripts

Transcripts are an official record of your enrollment. Official transcripts are embossed with the College Seal and printed on official transcript paper. Official transcripts are \$5 per transcript. Transcript fee(s) must be paid prior to release of the transcript. More information is found here:

<https://www.gatewaycc.edu/students/request-transcripts>

Transfer Course Credits

For new or current students to GateWay Community College, who wish to transfer coursework completed at a previous college/university for credit, more information is found here:

<https://www.gatewaycc.edu/students/transfer-course-credits>

Tuition and Fees

Tuition is calculated by the number of credits earned. Students pay tuition and fees per semester credit hour according to their Residency Classification. Persons must be domiciled in Arizona for one year (12 full months) and be domiciled in Maricopa County for at least 50 days to qualify as a Maricopa County resident.

Tuition and fees are subject to change without notice. More information is found here:

<https://www.gatewaycc.edu/pay-college/tuition-and-fees>

Academic Advising

Website: <https://www.gatewaycc.edu/students/academic-advising>

Academic advising is more than selecting courses for an upcoming semester or making a plan to graduate. Students should initiate and maintain contact with advisors to discuss situations and issues affecting academic performance, including:

- Enrolling in [Gecko Gear Up](https://www.gatewaycc.edu/students/gecko-gear-new-student-orientation-advising-and-registrati) - <https://www.gatewaycc.edu/students/gecko-gear-new-student-orientation-advising-and-registrati>
[on](https://www.gatewaycc.edu/students/gecko-gear-new-student-orientation-advising-and-registrati)
- Determining [class selection](https://www.gatewaycc.edu/students/classes) - <https://www.gatewaycc.edu/students/classes>
- [Prior Learning Assessment Evaluation](https://www.maricopa.edu/students/assessment-placement/prior-learning-assessment) - <https://www.maricopa.edu/students/assessment-placement/prior-learning-assessment>
- Academic, professional and technical programs
- Exploration of educational and life goals
- Information on campus resources and services
- Selection and sequencing of courses
- University transfer options
- Work and family commitments

Advisors will listen and respond to personal interests and concerns, suggest useful college resources, share college and departmental policies and procedures, make appropriate referrals for student support services and provide guidance and assistance with academic, career, and life goals.

In order to see an advisor, you must have completed the [Admissions Process](https://www.maricopa.edu/become-student) -

<https://www.maricopa.edu/become-student>

Assessment Policies and Procedures

Please see Testing & Essential Skills Center section :

<https://www.gatewaycc.edu/students/testing-center/testing-essential-skills-center>

Bookstore - Follett

Locations: Washington Campus// Main Building, Room MA-1200

Phone: 602-286-8400

Email: 0179mgr@follett.com

Website: <https://www.gatewaycc.edu/bookstore>

Hours: please visit website - <https://www.gatewaycc.edu/bookstore>

We have been hard at work serving the GateWay Community. Here is how we can help make the most of your semester:

Serving Students Online:

- Order Online, Ship to Location - Early ordering and shipping direct will help you be prepared for your new learning environment ahead of your class start date
- Order Online - Please visit <https://www.bkstr.com/gatewayccstore> to place an online order
- Online Textbook Rental - At checkout, you will be prompted to select "rent" for eligible textbooks. Register for text rental at: [Rental Registration/Create Account](#) or during your checkout process
- No Contact Rental Check-In - Always available online through eFollett account under rentals or watch for your rental return reminder email for instructions
- Buyback - Want to sell your books online? Please follow this link: [Sell Your Textbooks Online](#)
- Credit, Debit, PayPal, PayPal Credit, and Apply Pay are available

Course Materials and Digital:

- Many course materials have digital versions; same content just a digital format
- Digital course materials are available immediately after checkout and arrive in your email. You can also access your digital purchases in your bookstore online account under history
- Course materials are refund eligible with seven calendar days from the semester start date. You may be asked to provide a copy of your class schedule. Proof of purchase is required. Shipping costs for refunds is at your expense. Digital refunds dependent on content downloaded and publisher restriction. For full refund policy click here: [Course Material Refund/Exchange Policy](#)

Rent-a-Text

GateWay, along with Maricopa Community Colleges, participates in the Follett book rental program. This means you may save money by renting course textbooks. For rental details, stop by the campus bookstore or visit [Rent-a-Text](#) online.

Online Bookstore

Browse the [GateWay Bookstore](#) online to find many of the same items that are available on campus, including:

- Textbooks
- GateWay clothing and apparel (T-shirts, sweatshirts, shorts, fan gear, etc.)
- Computer products
- Classroom supplies & course materials
- Gifts & accessories
- Announcements
- Textbook rental information & account registration

Campus Dining

Locations:

- Washington Campus, Main (MA) Building: Gecko Café
- Washington Campus, Integrated Education (IE) Building: Gecko Espresso
- Central City Campus

Phone: 602-286-8308

Email: jacob.ruelas@sodexo.com

Website: <https://www.gatewaycc.edu/dining>

Hours: please visit website - <https://www.gatewaycc.edu/dining>

Vending machines are available, with beverages and select food items, at most locations.

While at GateWay, come grab a bite at the Gecko Café or a quick jolt of caffeine at Gecko Espresso both managed by Sodexo. You will find a variety of dining selections and catering services on campus to choose from.

Washington - Gecko Café

Location: Main (MA) Building, Room MA 1114

The Gecko Café is located in the Main Building, near the student lounge and offers a variety of menu items at reasonable prices. At the cafeteria, you can choose from burgers and fries, Crust pizza, salads, soups, sandwiches, and an assortment of drinks, snacks, desserts, and sides. Breakfast and lunch are served. Vending options are also available.

Washington - Gecko Espresso

Location: Integrated Education (IE) Building, Room IE 1140 - next to library

Gecko Espresso is located on the first floor of the IE building, near the Library, and offers coffee drinks, bagels, pastries, sandwiches, and more.

Central City

Location: B Building, Room Portal 8 - use center courtyard entrance

Sodexo provides a vending area in the cafeteria area on the Central City Campus. You are able to select items and pay for them using cash or credit cards. The area is under camera surveillance monitored by Public Safety.

Career Services

Phone: 602-286-8500

Email: careercenter@gatewaycc.edu

Website: <https://www.gatewaycc.edu/career-services>

Hours: Virtually: Monday-Thursday 8:00 a.m. - 5:00 p.m. & Friday 10:00 a.m. - 5:00 p.m.

Plan Ahead for Career Success

The Career Center is open to all students, alumni and community members. Up-to-date resources and individualized assistance is offered in career assessment, career planning, resume development, interview preparation, job search resources, employer contacts, and internships. Our goal is to assist you with your career and job search needs, no matter if you are in the early stages of exploration or the later stages of interviewing.

In order to help you build effective job searching skills, we provide:

- Internet access to find potential employment with local, state and national employers
- On campus employer recruitment
- Workshops to develop job searching, resume writing, interviewing and employable skills
- Internships
- Job search resources

- Search assistance in finding hundreds of jobs by career field and other categories where you can apply online and submit your resume
- An annual job fair connecting employers with job seekers by industry

Not Sure What You Want to Study?

You can discover majors and in-demand careers based on your interests by using Career Coach found here: <https://maricopa.lightcastcc.com/?radius=®ion=Maricopa%20County>. This quick assessment helps you explore potential future jobs, which helps guide your educational journey.

Alumni

Reach back and support Student Success through Connect with Alumni found here: <https://www.gatewaycc.edu/alumni>

Center For Student Life and Leadership

Website: <https://www.gatewaycc.edu/student-life>

Get Involved at GateWay

College is about more than what happens in the classroom. GateWay's Office of Student Life and Leadership offers opportunities for you to get involved, so you can connect with other students and faculty, follow your passion, contribute to the community, and grow as an individual. Explore your opportunities and enjoy the student life!

Student Organizations

College is the perfect time to develop vital leadership, social and communication skills through club interactions. Our Student Life Office offers many opportunities for students to participate in athletics, join student leadership groups or simply get to know another fellow Gecko.

Whether you're interested in exploring different cultures, advocating for student issues or playing a round of chess with friends, our many student organizations provide opportunities for everyone.

College Police / Parking

Locations:

- Washington Campus, College Police Building
- 18th Street, 1st Floor
- CEI College Police Building
- Central City, A-Building, Room A113
- Deer Valley, Room 151
- Phoenix Forge

Phone:

- Emergencies 24 hours/day: 480-784-0911
- Non-Emergencies: 480-784-0900

Website: <https://www.gatewaycc.edu/students/college-police-and-emergency-information>

Hours:

- Washington Campus: College Police staff is on-site 24 hours a day, seven days a week
- 18th Street: operational hours
- Central City: operational hours
- Deer Valley: operational hours
- Phoenix Forge: operational hours

Office Hours for Parking Permits and Other Requests:

- Washington Campus: Monday-Thursday 6:00 a.m. - 7:00 p.m.
- Deer Valley (in the Business Services office): Monday-Thursday 8:00 a.m. - 5:00 p.m.
- Central City (in the Business Services office): Monday-Thursday 8:00 a.m. - 5:00 p.m.

The Maricopa Community Colleges Police Department at GateWay Community College is located in the College Police Building. The campus is manned 24/7/365. The telephone number is 480-784-0900. Students may utilize the on-campus Extension 4.0900. The primary role of the department is to provide assistance and protection of people on campus and the protection of district and personal property.

Areas of Refuge

Areas of Refuge for disabled persons are located in the following areas at the Washington campus :

- In the Main Building, second floor (southwest side) in the vicinity of Room MA2305
- In the Center for Health Careers Education on the opposite side of Room CH2035 in the south wing
- In the Center for Health Careers Education, west of Room CH2153 in the north wing
- In the Integrated Education Building, second floor (east side) by the elevators near the Learning Center
- In the Integrated Education Building, second floor (west side) in the vicinity of Room IE2214
- In the Integrated Education Building, third floor (east side) by the elevators near the faculty offices
- In the Integrated Education Building, third floor (west side) in the vicinity of Room IE3209
- In the Main Building, second floor (southeast side) in the vicinity of Room MA2111

During evacuations, disabled persons should be assisted to these locations for evacuation by College Police, Fire Personnel, Faculty, Staff, or anyone else who can be of assistance.

Assistance with Disabled Motor Vehicles

Reasonable attempts will be made to assist persons that are experiencing vehicle problems, such as a dead battery, or a low tire. Persons experiencing such problems should proceed to the College Police Department or contact us at 480-784-0900.

Students, faculty and staff are encouraged to report all criminal activity and emergencies that occur on campus. A report may be filed through a College Police officer. In case of emergency, individuals may utilize 480-784-0911 or 9-1-1 if exceptional circumstances exist. Reports of a nonemergency nature may be reported via the phone or made in person at the College Police Office.

Safety Escorts

A safety escort is available to students, faculty and staff who wish to be accompanied to any location on campus. Anyone may request an escort in person at the College Police Building or by calling 480-784-0911, ext. 4-0911. A College Police employee will accompany you to your on-campus destination.

Smoking

In order to promote a healthy learning and work environment, the Chancellor has directed that the Maricopa County Community College District serve as a total smoke-free and tobacco-free environment, effective July 1, 2012. Smoking (including the use of "e-cigs") and all uses of tobacco shall be prohibited from all District owned and leased property and facilities, including but not limited to parking lots, rooftops, courtyards, plazas, entrance and exit ways, vehicles, sidewalks common areas, grounds, athletic facilities and libraries.

Student Responsibility in Crime Prevention

The cooperation and personal support of students is crucial to the success of safety and security programs with regard to the campus community. Students must assume some responsibility for their own safety and the security of their personal property. By taking common sense precautions and adopting an awareness of their surroundings and environment, students can greatly reduce the probability of becoming a victim of a crime. To assist the student in becoming better informed, the College Police Department provides the following information:

- Certain types of crimes may pose an on-going threat to the campus community.
- Notification of an immediate or on-going threat may be disseminated through text messaging and email through the use of the emergency notification system commonly referred to as RAVE Notification, public address system or face-to-face. The College Police Department may use any or all means available to make the necessary notifications.
- The College Police Department publishes an annual report identifying the types of crime that have occurred on campus during the fiscal year. The type of crime reported is defined by the FBI in the Uniform Crime Reporting System.
- The report is prepared annually and is available on the GateWay web site at: <https://www.gatewaycc.edu/students/college-police-and-emergency-information>

Copy / Mail Center - Pacific Office Automation

Location:

- Washington Campus, Main Building (MA) MA 1210

Phone: 602-286-8313

Website: <https://www.gatewaycc.edu/copy-services>

Copy services are provided by [Pacific Office Automation](https://www.pacificoffice.com/) (<https://www.pacificoffice.com/>). The Pacific Office Automation (POA) Copy Center is conveniently located in the center of campus in the Main building, room MA1210.

- PED - Physical Activities/Lifetime Fitness
- WED - Wellness Education

In the event of an emergency, dial 9-1-1 or the College Police at 480-784-0911. The goal of a counselor is to promote the development of effective and adaptive behavior in people. The counseling process enables personal growth and may be carried over into many aspects of life. Counseling services are available on campus, providing a unique and collaborative relationship between a professional and student in need of help. Student counseling services are free. Please note, counselors do not provide clinical work/ treatment of disorders. However, counselors may provide community resources/contacts.

About Our Counselors

The counselors at GateWay are professionals who have been trained to provide counseling services to those in need. In order to be a counselor in the Maricopa Community Colleges, a counselor must have a minimum of a Master's degree or higher, majoring in counseling and other similar criteria.

Resources

The following list of online resources has been compiled in order to assist with various counseling needs:

- 2-1-1 Arizona
- Find Help Phoenix
- Bus planner and public transportation information to get to where you need to go
- Mental Health Net
- Valley Metro Public Transportation
- MCCCDC Basic Needs Resources

Reasons for Counseling

Students seek counseling for a variety of reasons, including:

- Adjusting to a college setting
- Crisis response
- Eliminating self-defeating behavior in academics
- Improving academic self-esteem
- Making, educational and career choices
- Managing time
- Reducing stress
- Setting personal and academic goals to promote educational success
- Reduce test anxiety

The mission of the GateWay Counseling Department is to meet the diverse academic, career, and personal enrichment needs of all students and our campus community. Learning-centered instruction, counseling, and consultation are provided to support and assist students with goal development and completion.

The Counseling Department at GateWay Community College can help you focus on issue assessment, problem-solving, and decision-making as they relate to academic, career, and personal goal achievement. In addition to referral to community providers for mental health and/or crisis services, this can include:

- Consultation

- Crisis Response
- Academic Counseling
- Student Success and Retention
- Career Counseling
- Counseling / Personal Development Courses (CPD)
- Referral to Community Resources

Course descriptions for Counseling and Personal Development (CPD) classes are listed in the class schedule and GateWay Catalog and Student Handbook.

Our Responsibility

It is the counselor's job to make students aware of possible alternative solutions to various situations, encouraging responsibility in taking actions. Services include individual change through counseling, consultation, coordination and classroom instruction. Counselors collaborate with other staff to help students reach their potential. Consulting with other professionals brings expertise to help staff, students and faculty find positive solutions.

Career Counseling

This service enables students to understand their values, interests, skills and experiences in choosing a career path. The career planning process involves matching students to the compatibility of lifestyle and work demands and assessing personality strengths and skills. Some assessments can be found in the Counseling Department while others are accessible in the Career Center. Please check with a counselor to see what your needs are for the best fit.

Career and Personality Assessment

We provide counseling tools that include career inventories and personality assessments to assist students in making career choices that are compatible with their interests, personality traits, work values, strengths and abilities. Please check with a counselor to see what your needs are, and which assessments are best for you.

Educational Counseling

Counseling faculty can assist you with finding direction for your educational planning. Trained staff can help you clarify your goals and values and develop your communication skills. Assessments and self-administered tests are also available to help you discover and evaluate your skills and abilities.

Crisis Response

Crisis response is available Monday - Friday (Monday - Thursday during the summer on a limited basis). Students may walk in and self-refer, or a faculty or staff member may refer a student to counseling.

Is my information kept confidential?

Counseling faculty maintain student privacy as outlined by FERPA (Family Educational Rights and Privacy Act) guidelines, and, like other college representatives, may release information as permitted by FERPA or in circumstances involving the safety of students or others. Counseling faculty are mandated by Title IX of the Educational Amendments of 1972 to report knowledge of gender-based or sexual discrimination that involves MCCC students or employees, including sexual harassment or sexual violence that creates a hostile environment on campus.

Contact the Counseling Department for additional assistance or to schedule an appointment.

Disability Resources

Locations:

- Washington Campus, Integrated Education Building, Room IE 1202
- Central City, A 102A
- Deer Valley

Phone: (602) 286-8171

Email: DRS@gatewaycc.edu

Website: <https://www.gatewaycc.edu/disability-resources>

Hours: please visit website - <https://www.gatewaycc.edu/disability-resources>

The DRS team is available to assist you and can be reached at (602) 286-8171 and DRS@gatewaycc.edu.

The Disability Resources and Services (DRS) Department endeavors to empower all students, advance their independence and develop a sense of self-advocacy. We strive to create a learning environment that assists students in reaching their full potential with reasonable accommodations.

Important Reminder: It is the student's responsibility to inform the DRS Office of his or her need for accommodation(s) each time he or she registers for a new course. All accommodations and academic adjustments are course and semester specific and do not carry over from course to course or semester to semester. If you are a returning student, please contact DRS Office for an accommodation renewal at the start of each new course or each semester.

About Disability Resources

If you are in need of accommodations such as an American Sign Language Interpreter or captioning for these purposes, please contact DRS Office.

The [Americans with Disabilities Act](#) requires institutions of higher education to provide reasonable accommodations to those with documented disabilities.

A reasonable accommodation is the provision of an auxiliary aid, or modification to the course or program, that will allow access to the educational program, material, activity, or degree. Examples include:

- Ensuring classroom and campus spaces are accessible
- Providing academic accommodations/adjustments in the classrooms
- Securing accessible materials
- Providing resources and services to ensure access

It is the responsibility of the student to inform the institution of his or her need for accommodations.

Disability Resources and Services

New to GWCC?

After you have been admitted as a student at GateWay Community College, your first step in applying for disability services is to complete the online New Student Application. Click on the DRS Connect icon

on the upper right of the webpage to complete the application. Please include your phone number that you can be reached at and your Maricopa student email. The DRS team ONLY utilizes Maricopa student emails to communicate with students. You will need to check your Maricopa student email on a regular basis so the DRS Team can guide you through your next steps of the DRS application process.

You must provide disability documentation to DRS. Learn more about the MCCCCD policy regarding [disability documentation](https://district.maricopa.edu/regulations/admin-regs/section-2/2-8): <https://district.maricopa.edu/regulations/admin-regs/section-2/2-8> .

Disability documentation may be provided to the DRS Office in several ways:

- Upload disability documentation at the end of the DRS Connect application online.
- Email disability documentation to disability.services@gatewaycc.edu
- Bring in person to the GateWay Washington Campus IE Bldg. Room IE 1202 First Floor.

The DRS Manager or a DRS Advisor may recommend resources and/or services. The DRS Manager or DRS Advisor may recommend services if you have a disability as defined by federal law (Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act (ADA) of 1990, and the Americans with Disabilities Amendments Act (ADAAA) of 2008).

Sample Resources and Services may include:

- Alternative format textbooks
- Testing accommodations

Diversity, Equity & Inclusion

Location: Washington Campus, Main (MA) Building

Email: DEI@gatewaycc.edu

Website: <https://www.gatewaycc.edu/diversity-equity-inclusion>

GateWay Community College supports the success of all its students. To help the college achieve this goal, the Center for Diversity, Equity and Inclusion works toward a just community college experience where all students feel valued in our community, encounter personal growth and succeed in their academic journey. We offer students, faculty, and staff a variety of educational opportunities and community-building programs designed to foster inclusion, learning, and well-being for all. The Center for Diversity, Equity and Inclusion was established in 2021 through GateWay's U.S. Department of Education Title V Hispanic Serving Institution grant ÉXITO (#P031S190167). We provide an array of services designed to improve the holistic well-being of the campus community by facilitating learning, dialogue, reflection and connection. The Center provides various opportunities for you to get involved, ranging from educational conversations and workshops, to guest speakers, cultural celebrations, and more.

Enrollment Services

Website: <https://www.gatewaycc.edu/enroll>

We are excited that you are choosing GateWay Community College to pursue your education and training. Please follow the steps below, depending on the types of classes you are interested in.

Credit Programs - <https://www.gatewaycc.edu/enroll/enrollment-steps>

With our credit-based degree and certificate programs, you can earn a certificate, associate degree, or start your bachelor's degree in your desired field. GateWay offers affordable tuition, convenient locations, and so much more!

[Trade and Technical Training - https://www.gatewaycc.edu/enroll/clock-enrollment-steps](https://www.gatewaycc.edu/enroll/clock-enrollment-steps)

With our trade and technical training programs, also known as clock programs, you can earn a certification in your desired field in as little as six months. You will learn by doing and receive hands-on training from industry professionals.

[Choose A Program - https://www.gatewaycc.edu/degrees-certificates](https://www.gatewaycc.edu/degrees-certificates)

See which path could be right for you. Learn more about our fields of interest, and review the degree and certificate options available for each.

[Paying For College - https://www.gatewaycc.edu/pay-college](https://www.gatewaycc.edu/pay-college)

Paying your tuition shouldn't be complicated. Learn about the multiple payment options that make it easy.

Once you register for your classes, you will need to pay your tuition. There is no single best way to pay your college tuition, but knowing your options will help you create a plan that works best for you.

Take action early if you plan to apply for financial aid or need to set up a payment plan. Be sure to monitor your Maricopa student email and Student Center regularly for new payment balances, due dates, and other updates, such as financial aid awards.

[Financial Aid and Scholarships - https://www.gatewaycc.edu/pay-college/financial-aid](https://www.gatewaycc.edu/pay-college/financial-aid)

Concerned about education costs? Learn about financial aid and other scholarships you may qualify for.

A student's goal of attaining higher education shouldn't be out of reach because of cost. GateWay Community College Financial Aid Office's goal is to provide resources for students to find the funding needed to help pay for their educational expenses, including tuition, fees, and books.

HLC Student Guide

The HLC and external experts have identified questions to help students be more informed, to think about what they should ask before, during, and after college. The intent of [Ask the Right Questions: A Student Guide to Higher Education](#) is to give students and others a roadmap to the choices available within higher education.

This resource was developed through collaboration with several higher education organizations that work directly with students. In addition, HLC conducted focus groups and received feedback from high school students, student veterans, and adult learners.

Financial Aid

Location: Washington Campus - IE Building - Enrollment Service area

Phone: 855-622-2332 Financial Aid Answer Service

Hours for Financial Aid Answer Service:

- Fall and Spring: Monday-Thursday 8:00 a.m. - 6:00 p.m. & Friday 10:00 a.m. - 5:00 p.m.
- Summer: Monday-Thursday 8:00 a.m. - 6:00 p.m.

Online Chat & Virtual Meetings: <https://www.gatewaycc.edu/pay-college/financial-aid>

Email: finaid@gatewaycc.edu

Website: <https://www.gatewaycc.edu/pay-college/financial-aid>

Hours:

- Fall and Spring: Monday-Thursday 8:00 a.m. - 5:00 p.m. & Friday 10:00 a.m. - 5:00 p.m.
- Summer: Monday-Thursday 8:00 a.m. - 6:00 p.m.

Financial aid assistance is available to eligible GateWay Community College students in the form of grants, scholarships, employment, tuition payment plans or federal loans. Students may receive assistance from only one funding source or aid may be offered in a package from multiple sources. The student's award depends on eligibility, level of enrollment, calculated need, packaging policy, and availability of funds.

Under federal regulations, students have the primary responsibility for funding their education. For dependent students, their parents share that responsibility. All student awards are based on "need" after consideration of student and (where required) parental contribution. Refer to the Free Application for Federal Student Aid (FAFSA) for the federal definition of dependency.

Eligibility

Students must meet ALL of the following requirements to be eligible for federal student aid: be a US citizen or eligible non-citizen; be admitted as a regular student in an eligible program and enrolled in classes that pertain to that program only; make satisfactory academic progress (see policy below); have a high school diploma or GED; apply by completing the Free Application for Federal Student Aid (FAFSA) using the student's legal name and valid social security number; show financial "need" per federal regulation (for need-based aid, such as grants and work-study); be registered with Selective Service (if required); not be concurrently enrolled in high school; not be in default on any Title IV student loan or owe repayment on any Title IV student grant; not be convicted of certain drug trafficking or possession laws; must provide all documentation requested; and must use any funds received for educational purposes only. There are limits to the amount of grants and loans a student can receive in a year and in their lifetime. Additionally, federal student aid can never be received from more than one institution at a time. Students are required to be enrolled and attending credit/clock hours before financial aid funds (Title IV) can be disbursed.

Disbursement of aid will occur when the disbursement process begins for the semester/payment period or shortly after the start of the first class, whichever comes later. Students awarded a loan for one semester/payment period will receive their loan disbursements in two separate but even amounts, with the second disbursement paid out no sooner than halfway through the semester/payment period. In order to receive the second disbursement, both the clock and credit hour student must be in good academic status, currently attending, and the credit hour student must be enrolled in a minimum of six (6) credit hours (with no less than six (6) viable hours (viable hours are hours that have not been withdrawn or dropped from, and or graded with a failed grade of F, Z, or Y)). If the student's level of enrollment is reduced after financial aid has been disbursed, the award must be recalculated, and the student may owe a repayment.

How to Apply

Students are encouraged to apply early. Priority consideration for limited financial aid funds may be given to those completing the application process in full prior to March 1. Continuing students must

reapply for each academic year. Students enrolling for the first-time during spring or summer should apply as early as possible prior to the beginning of the semester/payment period they plan to attend. Students requesting financial assistance may begin the application process by completing the Free Application for Federal Student Aid (FAFSA). The school code for GateWay Community College (credit hour) is 008303, the school code for GateWay Community College (Skill Center/ clock) is E00701. Students apply electronically at <https://studentaid.gov/h/apply-for-aid/fafsa>. Students who need help applying can receive assistance with their federal aid application in the Enrollment Service area at any of the GateWay Community College sites or scheduling an appointment virtually at <https://www.gatewaycc.edu/pay-college/financial-aid>. After submitting the FAFSA to the processor, students will receive a Student Aid Report (SAR) by email. If the codes for GateWay Community College (008303 or E00701) are entered on the FAFSA, GateWay will also receive the results electronically. After the application is submitted online, students must monitor their student account at <https://www.maricopa.edu/students> and their Maricopa Gmail account frequently as additional documents may be required to complete their application or resolve any inconsistencies that may arise. Student financial aid applications cannot be reviewed until all requested documents have been received. Review of documents originally submitted sometimes triggers the need for additional information, which in turn could require further documentation or clarification. Therefore, it is important for the student to apply early. It is also important that the student keep Enrollment Services apprised of his/her current phone numbers, email addresses, and mailing addresses as students may also receive US postal mail and or phone communications from the financial aid office. Aid applications may be denied if mail is returned due to a bad mailing address

Grants

Grants are funds that do not have to be repaid, as long as the class is required for the completion of the student's Program of Study, and the student finishes the degree for which the grant was received. Students who withdraw or cease to attend may need to repay some or all of the grant.

Federal Pell Grant

Eligibility for Pell Grant must be determined first. Pell Grant awards are based on need, with amounts dependent on congressional appropriations and cost of attendance. The amount of the student's award in a credit-hour program is determined by their enrollment status (full-time, three-quarter-time, half-time, or less than half-time). The amount of the Pell Grant awarded to students enrolled in a clock-hour program is similar, though it is determined by a proration of hours in the program against the hours found in an academic year. As of July 1, 2012, students have a lifetime limitation of 600% Pell Grant which is the equivalent of 12 full-time semesters/payment periods. Reaching the lifetime maximum may affect eligibility for assistance in other federal student aid programs.

Federal Supplemental Educational Opportunity Grants (FSEOG)

FSEOG awards are subject to fund availability, student need, packaging policy, and enrollment status. Per federal regulation, priority is given to students who have exceptional financial need and for students who are also eligible for a Pell Grant. Award amounts may vary according to fund availability, student need, packaging policy, and enrollment status.

Leveraging Educational Assistance Partnership (LEAP)

LEAP recipients must be Arizona state residents and enrolled at least half-time. Award amounts will vary depending on fund availability, student need, packaging policy, and enrollment status. Students who receive FSEOG will not receive LEAP.

Scholarships

Scholarships generally do not require repayment. Scholarships come from a variety of sources and are awarded based on criteria specific to a particular scholarship. Scholarships are typically competitive, and no student should assume funds are guaranteed until either notified by a donor of their award or funds have been awarded to the student's account and are viewable. Per federal regulations, scholarships must be considered as a resource in determining eligibility for federal student aid. Receipt of a scholarship could cause a reduction in federal funds already awarded. Students are responsible for reporting any scholarships received.

Students are encouraged to apply for any and all scholarships for which they meet qualifications. Information on Scholarships can be found at <https://www.gatewaycc.edu/scholarships>. New scholarships become available throughout the year, so students should monitor this site on a regular basis. Free scholarship information and searches are also available at this site.

Employment

Students who are looking for employment at GateWay Community College may be offered part-time employment on campus, with work hours structured around the student's class schedule. Students looking for part-time jobs on campus should begin their search with the job postings found in Career Services.

Federal Work-Study (FWS)

FWS awards are based on fund availability, student need, and enrollment status. Students must apply online for positions through the Maricopa Community Colleges Careers site. There is no guarantee that every student will be placed or that they will earn the entire amount of their awards.

Non-Work Study Employment

Some departments on campus may have institutional funds to hire student employees. Positions for these work opportunities may be posted in Career Services or the Maricopa Community Colleges Careers site.

Federal Loans - William D. Ford Federal Direct Loan Program (Direct Loan)

Direct Loans are low-interest loans for students to help pay for the cost of their education after high school. The lender is the U.S. Department of education rather than a bank or other financial institution. With the Direct Loan, eligible students borrow directly from the federal government and have a single contact - their loan servicer - for everything related to repayment of their loans. Additionally, the student will have online access to their Direct Loan account information at <https://studentaid.gov/h/apply-for-aid>. Awarding is subject to student eligibility, including program of study and existing debt level as well as subject to terms of a default management plan. All student borrowers are required to attend an entrance counseling session as well as an exit interview to ensure full understanding of their rights and responsibilities associated with a student loan. The student must still be enrolled in their program and eligible for the loan at the time of disbursement (for Credit programs, the student must be enrolled in six or more viable credit hours; classes graded with a grade of F, Y, Z, W are no longer viable). An exit interview must also be completed when a student is withdrawn or graduates from a program. The interest rate on Direct Loans are variable but will never exceed 8.25%. Accepting all loans offered may negatively affect eligibility for need based scholarships and federal work study opportunities. Loans always require repayment, so students are encouraged to take a loan only after exploring all other funding possibilities.

Subsidized Loan

Eligible students who meet the federal definition of "need" may receive subsidized loans, whereby the federal government pays interest on the loan until the student enters repayment. No interest is charged as long as the student is enrolled at least half time and during deferment periods.

Unsubsidized Loan

Students who are otherwise eligible for loan, but who do not qualify for the subsidized loan, may receive Unsubsidized loans. Interest immediately begins accruing on the unsubsidized loan and the student will be responsible for the interest from the moment the loan is disbursed until it is paid in full.

Effective July 1, 2013 (for all students who receive loans for the first time), the Federal Direct Subsidized Loan has a maximum period of time that they will be eligible for the interest subsidy. This period of time cannot exceed 150% of the published length of the student's program or three years, whichever is less. Additionally, this time frame is cumulative and will carry over when students change their programs of study. If students continue enrollment after receiving subsidized loans for their maximum eligibility period, they will lose eligibility for additional subsidized loans. Furthermore, their prior subsidized loans will begin accruing interest like the Federal Direct Unsubsidized Loan.

Treatment of Title IV Aid When a Student Withdraws

The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered by this law are the following: Federal Pell Grants, National SMART Grants, TEACH Grants, Direct Loans, and the Federal Supplemental Educational Opportunity Grants (FSEOGs).

When you withdraw during your payment period or period of enrollment (you may contact the Financial Aid office to define these for you and tell you which one applies; the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by the school and/or you.

The amount of assistance that you have earned is determined on a pro-rata basis. For example, if you completed 30% of your payment period or period of enrollment, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed more than 60% of the payment period or period of enrollment, you earn all the assistance that you were scheduled to receive for that period. If you did not receive all of the funds that you earned, you may be due a post-withdrawal disbursement. If your post withdrawal disbursement includes loan funds, your school must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don't incur additional debt. Your school may automatically use a portion of your post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school). The school needs your permission to use the post-withdrawal grant disbursement for all other school charges. If you do not give your permission, you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school. There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements.

For example, if you are a first-time, first-year undergraduate student and you have not completed the first 30 days of your program before you withdraw, you will not receive any Direct Loan funds that you

would have received had you remained enrolled past the 30th day. If you (or your school) receive excess Title IV program funds that must be returned, your school must return a portion of the excess equal to the lesser of the following: your institutional charges multiplied by the unearned percentage of your funds, OR the entire amount of excess funds. The school must return this amount even if it did not keep this amount of your Title IV program funds.

Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangements with your school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when you withdraw are separate from any refund policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. You will be charged for any Title IV program funds you received, and that GateWay was required to return.

Maricopa Community Colleges Standards of Satisfactory Academic Progress (SAP) for Financial Aid Eligibility

To remain eligible for federal and state aid programs, students must meet all of MCCCDC's Satisfactory Academic Progress (SAP) standards regardless of whether a student has received financial aid in the past or not. These standards apply to a student's entire academic records at any MCCCDC college, including transfer credit hours accepted by the college.

1. Definitions and Terminology Pertaining to this Policy:

- a. Summer: Enrollment in the summer semester includes all courses scheduled within the summer enrollment period with all coursework counted in the SAP evaluation.
- b. Non-Standard Session/ Clock Hour: Sessions that do not follow the traditional start and end dates for the semester.
- c. Attempted Credit: Any credit for which a grade of A, B, C, D, F, I, IP, N, P, W, Y, or Z is received, and courses not yet graded.
- d. CGPA [Cumulative Grade Point Average]: The MCCCDC grading policy is published in the administrative regulations at 2.3.3. The CGPA does not include credits accepted in transfer.
- e. Financial Aid Warning: status assigned to an eligible payment period for the next enrolled semester after failing SAP GPA (2.0) and/or Completion Pace (1/3). Students not meeting maximum time frame evaluation are not eligible for a warning period.
- f. Appeal: A process by which a student who is not meeting the institution's satisfactory academic progress standards is eligible to appeal the institution for reconsideration of the student's eligibility for title IV, HEA program assistance based on extenuating circumstances.
- g. Extenuating Circumstance: A one-time (not on-going) circumstance that is beyond the reasonable control of the student

- h. Financial Aid Probation: A status assigned by an institution to a student who fails to make satisfactory academic progress and who has appealed and has had eligibility for aid reinstated. A student in this status may not receive title IV, HEA program funds for the subsequent payment period unless the student makes satisfactory academic progress or the institution determines that the student met the requirements specified by the institution in the academic plan for the student.
 - i. Academic Plan - A plan developed through the SAP Appeal Process which will lead a student to qualify for further title IV, HEA program funds and complete the program within 150% of published program length.
 - j. Financial Aid Suspension - The status assigned upon failing to meet the minimum SAP standards or the terms of probationary status. Students in this status are not eligible to receive title IV, HEA assistance.
2. Federal regulations (CFR 668.32(f) and 668.34) require institutions of higher education to evaluate Satisfactory Academic Progress (SAP) using qualitative (GPA) and quantitative (pace of progression) standards.
 3. Qualitative and quantitative measures of SAP are required to ensure students receiving Federal Student Aid are progressing towards the completion of a degree or certificate within an eligible program.
 4. Specific requirements for academic progress for Federal Student Aid recipients are applied differently than Scholastic Standards. Federal regulations state that SAP Standards must include a review of a period of enrollment, regardless of whether aid was received, or not. Standards are applicable for all enrolled payment periods, including all levels of enrollment (full-time or part-time enrollment). Students will be evaluated using the standards described below.
 5. Failure to meet any of the minimum standards outlined below will result in a student's loss of HEA, Title IV Federal Student Aid.

Evaluation Period

1. Standards of Satisfactory Academic Progress (SAP) will be evaluated at the end of each payment period. For credit hour programs a payment period is a semester (Fall, Spring, and Summer). For clock hour programs, a payment period / evaluation period depends on the hours required in the program. Standards of Satisfactory Academic Progress (SAP) are evaluated based on qualitative (GPA), quantitative (pace or progression), and maximum time frame. Failure to meet any of these standards may result in the loss of eligibility for financial aid. Grades of F, I, N, W, X, Y, Z, and courses not yet graded are considered attempted, but not completed in evaluating SAP. Late grades will be recalculated and may change eligibility.
 - a. Grade Point Average Qualitative Measurement: Students must maintain a 2.0 cumulative Grade Point Average in order to meet SAP GPA requirements.
 - b. Pace of Progression Quantitative Measurement: Students must successfully complete 2/3 (66.67%) of all attempted course work. For clock hour programs, please refer to program attendance requirements.

- c. **Maximum Time Frame Measurement:** Students must be able to complete their program within 150% of the published program length. Once students have attempted 150% of the published program length, they are no longer eligible for Federal Student Aid. For example, a 16-credit certificate program will allow up to 24 credit hours to complete the program. A 60 credit Associate's Degree will allow up to 90 credit hours to complete the program. (The time frame for clock hour students is 100% of the published program length.)
2. **Courses included in SAP evaluation:**
 - a. All attempted coursework, regardless of enrollment status
 - b. Courses funded through a Consortium Agreement
 - c. All attempted remedial credits, including English as a Second Language (ESL) courses.
 - d. Repeated course work
 - e. All transferred coursework
 - f. Grades attempted, but not completed (F, I, N, W, X Y, Z)
 3. **Coursework included in the Maximum Time Frame evaluation:**
 - a. All of those included in the Pace of Progression evaluation
 - b. Any Bachelor's degree (or higher) earned will be considered to have exhausted maximum time frame eligibility
 - c. All coursework forgiven through the Academic Renewal Process
 4. **Course work not included in SAP evaluation:**
 - a. Audited courses
 - b. Non-credit courses
 - c. Credit by examination
 - d. Credit for prior learning option (as outlined in the college general catalog)

Notification

Students who have applied for Federal Student Aid, but are not meeting Satisfactory Academic Progress requirements, will be notified via email of their FA Warning or ineligibility for financial aid. The notification will direct students to information regarding available college resources during the Warning Period and the appeal process in cases of extenuating circumstances.

Financial Aid Warning

Students are allowed a warning period upon failing Qualitative and/or Quantitative SAP standards. The warning period allows one (1) payment period (semester) of Federal Student Aid eligibility upon failing SAP. The warning period will follow the semester for which SAP was not met, meaning the next semester for which the student registers for classes. In order to receive the Warning period, students must be meeting Maximum Time frame requirements.

SAP Appeal

Any student who has lost federal student aid eligibility due to a resolved, one-time extenuating circumstance may appeal to have their financial aid reinstated by completing a Satisfactory Academic Progress Appeal Form. The form must address:

1. What caused the student's work to fail and supporting documentation.
2. Each incompleting/failed course.

3. Below acceptable standards-specific explanations must be provided, including how the extenuating circumstance has been resolved, and
4. How the student will maintain good academic standards and progress toward the degree if the appeal is granted.

The outcome of the appeal will depend upon:

1. The nature of the extenuating circumstances (if the stated circumstance qualifies as such),
2. The quality of the documentation provided, and
3. How well the student has demonstrated the ability to progress towards degree completion within a reasonable time period.

Documentation submitted is confidential. All decisions are final and cannot be appealed. For assistance in completing SAP appeal paperwork, including examples of supporting documentation, visit your college Financial Aid Office.

Students will be notified of the results of their appeal within 14 business days of filing the appeal. Notification will include any restrictions or conditions pertaining to their appeal. The outcome of an appeal may include a probationary period. Appeals granted longer than one payment period must include an academic plan, which must be followed. Failure to follow an approved academic plan will result in immediate suspension of Federal Student Aid. Students are responsible for any and all debt incurred as a result of this adjustment to financial aid. Failure to successfully complete all conditions during the probationary period (as defined in the academic plan) will result in loss of future financial aid eligibility.

Regaining Eligibility

A student who has lost financial aid eligibility may only regain eligibility by meeting the minimum SAP standards. Transfer coursework taken at other colleges will be considered for reinstatement purposes.

Honors Program

Location: Washington Campus, Administration & Faculty (AF) Building, Room AF 106

Phone: 602-286-8722

Email: honors@gatewaycc.edu

Website: <https://www.gatewaycc.edu/honors-program>

The Honors program is designed to enhance students' college experience and readiness by offering challenging opportunities to increase their academic, personal and professional potential. The program offers:

- Collaboration with faculty mentors
- Financial stipends and scholarships
- Engaging cultural and social activities
- Special recognition on transcripts and diplomas
- Individualized instruction through special projects•

At GateWay we offer flexibility in the selection of Honors credits as long as they meet a minimum of 3 credits (or more), the selected course is 100 level (or higher), and students obtain instructor permission. Our Honors program also offers two scholarship options:

- Presidents' Honors Scholarship is for students who graduated from a Maricopa County high school, earned an unweighted high school GPA of 3.25 or higher, apply for the honors program, and begin as a full-time honors student within three academic semesters of their high school graduation date. Students earn a tuition waiver for up to 15 credits per semester for a total of four semesters.
- Honors Achievement Award is for students enrolled in college credit courses who have a GPA of 3.25 (or higher) and have successfully earned 12 credits at any Maricopa college.

International Students

Location: Washington Campus

Phone: 602-286-8063

Email: iso@gatewaycc.edu

Website: <https://www.gatewaycc.edu/students/international-students>

We greatly enjoy having international students on our campus, and we look forward to welcoming you in person. The International Student Office determines F-1 international student admissions and assists admitted students with registration, on-campus employment, off-campus employment, health insurance, immigration, academic and cultural adjustment needs.

This school is authorized under Federal Law to enroll non-immigrant students.

All F-1 international students are encouraged to stop by and visit, exchange and share multicultural and life experiences with our diverse student community.

Concurrent Enrollment for F-1 International Students

The International Student Office at GateWay Community College provides International F-1 students the opportunity to take courses at two approved institutions at the same time. Get started by filling out the Student Admissions Application, and submitting the Concurrent Enrollment Form.

Admissions Process

To apply for admission to GateWay Community College, you will need to provide the following documentation. Please download the [International Admissions Application](#) and follow the instructions OR please [click here](#) to complete the International Admissions Application and submit the required documentation online.

Important: Please verify that your application package is complete before you send it and that you have followed all the instructions as described above. Failure to submit the documents as required will result in delay of the processing of your application. Please email or call if you need clarification of the application instructions. Please allow at least two to three weeks for review and processing of your application package.

Please send the completed application form and all required documents to:
 Attn: International Admissions
 GateWay Community College
 108 N. 40th St., Phoenix, Arizona 85034 USA

Do not send bank documents or school certificates by email as we require official, original documents.

When you have received your acceptance letter and SEVIS I–20 Form, please make an appointment to apply for the F–1 Student Visa at the US Consulate in your home country. To locate the US Consulate closest to you, please visit the US Embassy site at <https://www.usembassy.gov/>.

Learning Center

Location: Washington Campus, Integrated Education (IE) Building, Room IE 2108

Phone: 602-286-8800

Email: lctutoring@gatewaycc.edu

Website: <https://www.gatewaycc.edu/students/learning-center>

Hours: please visit website - <https://www.gatewaycc.edu/students/learning-center>

The Learning Center provides free academic support services for GateWay Community College students. Listed below are some of the services offered by the Learning Center.

Learning and Study Strategies

Consultation and instructional materials are available to assist students in the development and refinement of effective strategies for:

- Memorization
- Note taking
- Test preparation
- Test taking
- Textbook reading
- Time management

Learning Tools

The following learning tools are available for student use in the Learning Center:

- Anatomical models
- Microscopes and slides
- Calculators
- Supplemental textbooks

Open Computer Use

Desktop and laptop computers are available for student use in the Learning Center. They are equipped with Microsoft Office software, including Word, Excel, Access, and PowerPoint. All computers are connected to the Internet. Students can print for free in black and white.

Private and Group Study Rooms

The Learning Center houses three small study rooms for private or group use and two large study rooms for group use. These rooms can be reserved for two hours at a time.

Tutoring

In-person and virtual tutoring is available for currently enrolled GateWay Community College students. Drop-in tutoring for math, chemistry, biology, physics and writing is available during designated hours. Appointment-based one-on-one and group tutoring is provided in, but not limited to, the following subject areas:

- Accounting
- Anatomy and Physiology

- Biology
- Chemistry
- Communications
- English/Reading
- English as a Second Language
- Math
- Nursing
- Physics
- Writing for any course (including healthcare and clock programs)
- Math for any course (including healthcare and clock programs)

Contact the Learning Center to learn how to access these services.

Library

Location: Washington Campus, Integrated Education (IE) Building, IE 1115 - next to Gecko Espresso

Phones:

- 602-286-8454 Circulation/Account Information
- 602-286-8458 Reference/Research Assistance

Chat: <https://libguides.gatewaycc.edu/AskALibrarian>

Email: library@gatewaycc.edu

Website: <https://www.gatewaycc.edu/students/library>

Hours:

- Are subject to change and may vary when classes are not in session.
- Please check our website for up to date hours of service.

Get Connected!

The GateWay Library supports the college's educational programs and culturally diverse community by providing responsive service and accessible resources in a learner-centered environment.

Library Services:

- Reference and research assistance in person, by phone, email, or "Ask A Librarian" 24/7 chat
- Computer access, including laptops available for in-library use
- Group and individual study spaces and rooms
- Printers, photocopiers and scanner
- Course reserves (textbooks for in-library use)
- Wi-Fi hotspots and scientific calculators available for checkout
- Culture passes for free access to museums and performances
- One Button Studio and editing suite for media production.
- Locate and check out books, DVDs and more.
- My Account to see what you have checked out/due dates/holds status and more*
- Full-text databases of magazines, journals, newspapers, encyclopedias, and images*
- Try One Search! to search across multiple databases at once
- Full-text eBooks*
- Flipster digital magazines*
- Streaming media*

*Off-campus access to these services requires login with MEID and my.maricopa password.

Satisfactory Academic Progress

Federal regulations require a student to move toward the completion of a degree or certificate within an eligible program when receiving financial aid. Federal regulations state that Academic Progress Standards must include a review of all periods of enrollment, regardless of whether or not aid was received. Students will be evaluated using the standards described below. Failure to meet any of these minimum standards will result in loss of federal financial aid eligibility.

Satisfactory Academic Progress Information

- [Satisfactory Academic Progress \(SAP\) for Financial Aid Eligibility:](https://www.maricopa.edu/students/financial-aid/satisfactory-academic-progress-sap)
<https://www.maricopa.edu/students/financial-aid/satisfactory-academic-progress-sap>
- [SAP Warning FAQs:](https://www.maricopa.edu/students/financial-aid/satisfactory-academic-progress-sap)
<https://www.maricopa.edu/students/financial-aid/satisfactory-academic-progress-sap>
- [Standards of Satisfactory Academic Progress \(SAP for Credit and Clock Programs\)](https://www.maricopa.edu/students/financial-aid/satisfactory-academic-progress-sap)

Student Help Desk

Location: Washington Campus Booth, Integrated Education (IE) Building, Building outside the Library
Phones:

- 602-286-8413 x6
- 888-994-4433 24/7 Support

Chat: gatewaycc.edu/chat

Email: studenthelpdesk@gatewaycc.edu

Website: <https://www.gatewaycc.edu/student-help-desk>

Hours: please visit website - <https://www.gatewaycc.edu/student-help-desk>

As a student, you will use and have a number of technology tools and software available to you throughout your academic journey.

During your journey, if you find that you need assistance with computer tasks like navigating Canvas, downloading the Lockdown Browser, and using the Google apps, just let us know. We can assist with most technology needs and if we cannot, we will find the resource for you. Meet with a tech virtually or face-to-face at your convenience. Give us a call to schedule time or drop by our booth.

Student ID Cards

We issue identification cards to all students and college employees. Identification cards help us in facilitating many processes and procedures, including building security and business transactions. There is no fee for the first identification card issued to you.

At this time, we are issuing IDs remotely, so all IDs will be mailed once you complete this [form and submit a photo for the ID](#).

When the form is filled out, a photo of yourself will need to be uploaded.

Photo ID Requirements

- Image Quality:
Your form may be rejected if the image does not meet requirements. We have the right to refuse any document or ask for additional documentation.

Please ensure that your uploaded photo meets the following requirements to avoid delays in obtaining your student ID card.

- Format: correct image file formats (.jpeg, .jpg, or .png)
- Background: Photos need to be taken against a white or off-white, plain background.
- Head position: Photo subjects must be fully facing the camera in their pictures.
- Expression: Individuals must display neutral smiles or expressions.
- Photo: does not have bad contrast, a bad crop, or goofy expression.
- Subject: does not have a hat, sunglasses, busy background, or is too dark.
- Digitally altered photos will not be accepted.

The following measurements are suggested:

Testing and Essential Skills Center

Location: Washington Campus, Integrated Education (IE) Building, IE 1252

Phone:

- 602-286-8160
- 602-286-8172 Testing Center Manager, Lisa Ford

Email: testing@gatewaycc.edu

Website: <https://www.gatewaycc.edu/students/testing-center/testing-essential-skills-center>

Hours:

- Fall and Spring: Monday-Thursday 8:00 a.m. - 5:00 p.m. and Friday 10:00 a.m. - 5:00 p.m.
- Summer: Monday-Thursday 8:00 a.m. - 5:00 p.m.

The testing center is currently BY APPOINTMENT ONLY for all in-person exams. However, [Maricopa EdReady.org](https://www.maricopa.edu/students/assessment-placement/edready) provides an online preparation tool to get you ready to take your placement assessments once we re-open. For additional info about placement, also visit:

- [Maricopa EdReady Support Page:](https://www.maricopa.edu/students/assessment-placement/edready)
<https://www.maricopa.edu/students/assessment-placement/edready>
- [Student-facing instructions](#) for using EdReady for placement
- The [District Placement website](#)
- [Policies During Pandemic--Assessment & Placement:](#)
<https://district.maricopa.edu/regulations/admin-regs/section-7/2-2-7>
- [Maricopa Prior Learning Assessment \(PLA\):](#)
<https://www.maricopa.edu/students/assessment-placement/prior-learning-assessment>
- [MCCCD Course Placement Chart](#)

The Student Testing and Essential Skills Center provides academic and vocational testing to help students accomplish their educational goals. If you do not have a high school diploma or [GED](https://ged.com/) (<https://ged.com/>) and you are planning on applying for financial aid, you must take the Reading, Writing and Math assessments in the same testing session.

The Testing Centers at the Washington and Central City campuses are [Authorized Pearson VUE Testing Sites](#). The Washington Campus is an [Authorized Kryterion Testing Site](#), and Authorized ISO-Quality Testing Site, as well.

For special accommodations, contact Disability Resources and Services (DRS) at 602-286-8171, disability.services@gatewaycc.edu, or visit <https://www.gatewaycc.edu/disability-resources>.

Assessment Policies and Procedures

- [Policies During Pandemic--Assessment & Placement:](#)
<https://district.maricopa.edu/regulations/admin-regs/section-7/2-2-7>
- Tests are not administered within TWO hours of closing.
- Referrals to the Assessment Center are made by program advisors, counselors or faculty members.
- Complete and submit a Student Admission Application prior to testing. Forms are available at Enrollment Services.
- A current picture ID is required.

- No children may be left unattended while a student is testing.
- testing@gatewaycc.edu or call us at 602-286-8160 for further information.
- Submit the optional Customer Satisfaction Evaluation by the end of the semester.

Veterans Services

Location: Washington Campus, Main (MA) Building, Room MA 1220

Phone: 602-286-8076

Email: veterans@gatewaycc.edu

Website: <https://www.gatewaycc.edu/students/veterans-services>

GateWay's Veterans Services Center assists military members, veterans, and dependent students take advantage of the numerous educational opportunities by connecting them to their VA Education Benefits, scholarships, and other support services necessary for their academic, professional, and personal success.

GateWay's Veterans Services Center is here to help:

- Veterans
- Active Duty Military Members
- Reserve and National Guard Military Members
- Military/Veteran Dependents

Veterans Services Center assists students with:

- Registration for classes
- Connection to scholarship opportunities
- Access and utilization of VA Education Benefits
- Utilization of Military Tuition Assistance
- Utilization of MyCAA Program for Military Spouse Career Advancement
- Deferment of tuition
- Connect with [Career Services](#)
- And many other accommodations

[Find a Class / Class Search](#)

Search for classes here: <https://classes.sis.maricopa.edu/> and then add them to your schedule in the [Student Center](#).

All new degree-seeking students are required to take a First Year Experience (FYE) course. [Discover which one is right for you!](#)

Tips for Finding Your Classes at <https://classes.sis.maricopa.edu/>

- Enter a course prefix and number combination to find that specific course. For example, "MAT151" will return College Algebra/Functions classes.
- You can enter a course prefix/subject to show class offerings for the group of courses that begin with that prefix. Entering "BIO" will return all biology classes.
- Providing search terms like "emergency medical" will find classes that include those words in the title or descriptions. This type of search matches whole words only.
- By default, the search limits to "Open" classes for the selected semester.
- Select a college to show only the college in which you are enrolled.
- Expand the More Search Options part of the form to further refine searches.

[Flexible Start Dates](#)

Missed the start of the spring semester? You are in luck. GateWay has several courses and programs that start in January, February, and March! You may enroll in these options throughout the semester and are available in-person, online, and in a hybrid format. Learn more about these dynamic learning experiences by visiting:

<https://www.gatewaycc.edu/enroll/flex-start>. Flexible start dates help you succeed in your academic endeavors.

[Shared Unique Number System \(SUN\)](#)

The SUN is a college course numbering system designed to help Arizona students plan their education and ensure successful transfer of course credits. The SUN system is a special bank of courses that have direct equivalency at all Arizona public community colleges and universities. Tens of thousands of other Arizona college courses also transfer— check the Course Equivalency Guide (CEG):

<https://aztransmac2.asu.edu/cgi-bin/WebObjects/CEG> to search for additional transferable courses.

How SUN course Numbering Works: <https://aztransfer.com/sun/>

SUN courses have a unique three-letter prefix and four-digit course number that represents direct course equivalency at all Arizona public community colleges and universities. Each institution retains its original course numbers but uses the SUN to indicate commonality.

Example:

College Algebra has several different prefixes and numbers at the community colleges and universities. Using SUN, all of the courses will share a unique number and a single prefix: SUN# MAT 1151. This unique number/prefix indicates course equivalency at all institutions! When students enroll in a SUN course, they know that your credit will be accepted at any Arizona college.

Find Sun Courses

You can also use the [Course Equivalency Guide](#) (CEG) to find SUN courses at your community college or university. SUN courses are also listed in your community college catalogs online and in print.

Explore Learning Options

8 Tips for Online Success

Online, remote and hybrid classes are designed for your needs. If you work during the day or have a more complex schedule, you can complete your classes online. Classes are available in most fields of interest.

Do you need a challenge? Online classes are definitely more challenging than traditional classes as time management is key to your success.

Do you need extra support? Personal communication is very important, even more so in an online course. Please email your teacher or utilize the online free tutoring (Brainfuse), call the Learning Center at (602) 286–8800 to speak to a tutor, or call the HelpDesk (602) 286–8411, Ext. 2) still available in online courses. You don't have to sacrifice your life to get an education; learn more about online now!

Online students will be using [Canvas](#), our Learning Management System (LMS). Canvas allows online students access to course content, calendar, grade book, discussion boards, online quizzes, and other course materials. Current students can log in below or at <https://learn.maricopa.edu/> by entering their MEID and password.

In Person (Face-To-Face)

Courses utilize the traditional method of classroom instruction with the class meeting at a specified day, time, and location.

Hybrid

Courses are a combination of traditional in person and online instruction. Students and instructors will meet face-to-face in a classroom/lab setting for a portion of the required time as well as online for the remaining instructional time.

Live Online

Courses have sessions that meet online on specific days and times. Similar to in person classes, the class times will be listed in the schedule, but will be held in an online environment.

Hybrid/Virtual

Courses have part of the course online without a set time to attend. The other part will occur at the time listed in the class schedule using a virtual platform like webex, zoom, or google meets.

Online (Internet)

Courses are conducted online via a course management system (currently Canvas) and flexible on your time.

Flexibility

Busy schedule? Our online classes could give you the flexibility you need. Use our online assessment survey, view the orientation video and learn what you need to do to be successful.

- Within class schedules, complete work on your time
- Ideal for those with daytime commitments
- Accommodates students with changing schedules
- Good time management is critical

Quality

GateWay offers you an affordable alternative to large universities while also delivering great value. With our highly qualified faculty and small classes, instructors are able to get involved and enrich your learning experience.

- Discover the advantages of our supportive faculty
- Student interaction promotes collaborative learning
- Online and on-campus classes are designed by the same instructor
- GateWay is fully accredited, which ensures students can transfer credits and obtain financial aid
- eLearning classes are as challenging as traditional classes

Support

As a GateWay student, you will have a lot of support. We have a full-time Helpdesk to assist you as well as a variety of tools you can use. The library and learning center will also help you to find what you need, including access to tutoring.

Free Online Learning Readiness Course

Are you ready for online classes or remote learning?

Take this survey to determine if you are better suited to learn on campus or [online class readiness survey: https://www.gatewaycc.edu/students/online-learning-assessment](https://www.gatewaycc.edu/students/online-learning-assessment).

To help you succeed in an online course, make sure you possess the following:

- Access to an up-to-date computer and high-speed internet
- Self-motivated and disciplined (commit to 6-9 hours a week per three-credit-hour class)
- Comfortable and confident with the written expression as it pertains to online course discussion, i.e. giving and receiving peer feedback

Be patient for feedback from instructors (especially over a weekend; check instructor's syllabus for turn-around time, etc.)

To aid in your online learning, the GateWay Online Learning Essentials course provides you with the basics you need to understand the intricacies of online courses. It covers technology, Canvas, student support and so much more. You may go to [Canvas](#) to self-enroll in this course.

Need assistance?

Our Student Help Desk is available

- For 24/7 Support: (888) 994–4433
- Email: studenthelpdesk@gatewaycc.edu

First-Year Experience (FYE)

Welcome to Maricopa Community Colleges! As of the Fall 2022 semester, all new students will be required to take a First Year Experience (FYE) course. These courses are a degree requirement for Maricopa Community Colleges students who are beginning any degree or transfer program.

Every Student Will Need to Pick From One of the Following Options:

FYE101

FYE101 is a 1-credit course designed to help students learn how to succeed at your Maricopa Community College. You will explore your field of interest, confirm your program or degree pathway, understand the financial considerations for your career, and meet with your advising team.

Are you a student who:

- is returning to college and needs to focus on completing a degree or transferring to a 4-year university?
- is transferring from another college but new to Maricopa?
- is confident in your chosen program of study and would like to take a deeper dive into your respective field of interest?
- recently completed high school or another early college program and feels on track for your next steps in Maricopa?
- is paying out of pocket and needs to consider every option?

If the majority of the above apply to you, then FYE 101 is right for you!

[Find FYE101 Classes](#)

FYE103

FYE103 is a 3-credit course that is similar to FYE101, but it also helps students determine what program is best for them, provides strategies for school/life balance, assists in preparing students for

work in a diverse world, and provides opportunities for students to build connections.

Are you a student who:

- is new to college and unsure/anxious around college expectations and available resources?
- is undecided on your major or field of interest and needs some help researching and considering the best options for you and your future?
- is concerned about taking math, English or other pre-requisite courses that align with your major and need to have additional information on how to be successful throughout the first year?
- has been out of school/college for more than 3 years and/or is concerned about your ability to manage work, school, family, and life?
- needs to meet full-time enrollment requirements for financial aid or scholarships and is concerned about taking more than 4 classes?
- would benefit from understanding of how you prioritize your finances while a college student and after you graduate?
- is interested in learning about resources available to support your academic pathway, like transportation, child care, housing, and/or additional financial assistance?
- is interested in understanding your own identity better and how to appreciate differences in your peers?

If the majority of the above apply to you, then FYE 103 is right for you!

MCCCD Graduation and Degree Information

Bachelor's Degrees - Academic Policies

The Maricopa County Community College District (MCCCD) offers bachelor's degrees designed for students to complete their undergraduate studies in high demand workforce areas as outlined in A.R.S. [§15-1444.01](#):

<https://www.azleg.gov/viewdocument/?docName=https://www.azleg.gov/ars/15/01444-01.htm>.

Bachelor of Applied Science (BAS) Degree

A Bachelor of Applied Science (BAS) is an undergraduate college degree that focuses on integrating hands-on experiences and job-related skills into a comprehensive plan of study. BAS programs provide opportunities primarily for students who have earned Associate of Applied Science (AAS) degrees or the equivalent to advance their education with minimal loss of credit. The upper division requirements typically build on the foundational applied sciences courses of a related AAS degree to add contextual, theoretical, analytical and/or managerial perspective to a specific field of study. The BAS degree requires completion of a minimum of 120 credits. The Bachelor of Applied Science degree is designed to prepare students for employment and career advancement and can provide the educational foundation for graduate studies.

Bachelor of Science (BS) Degree

A Bachelor of Science is an undergraduate college degree that requires students to complete a core of general education courses as well as requirements and electives that have an emphasis on an aspect of mathematics and/or the sciences. The BS degree requires completion of a minimum of 120 credits. The BS prepares students to continue their education in pursuit of a graduate degree, complete requirements for disciplinary certification, and/or pursue careers in a wide variety of related fields.

Bachelor of Arts (BA) Degree

A Bachelor of Arts is an undergraduate college degree that requires students to complete a core of general education courses along with requirements and electives related to a major such as fine arts, humanities, social sciences, business, or education. The BA degree requires completion of a minimum of 120 credits. The Bachelor of Arts degree prepares students to continue their education at the graduate level, complete requirements for disciplinary certification, and/or pursue a wide variety of careers.

Bachelor of Arts (BA) Degree

Maricopa County Community College District (MCCCD) 2023-2024 Bachelor of Arts (BA) Degree

Description

The Maricopa County Community College District Bachelor of Arts (BA) degree requires a minimum of 120 semester credits for the program of study; minimum total credits vary by specific major. Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums for individual degree programs. A minimum grade point average of 2.0 and course grades of C or higher are required to earn the degree.

The Bachelor of Arts degree includes the following components:

- I. Program Prerequisites (if applicable)
- II. Required Courses
- III. Restricted Electives
- IV. Arizona General Education Curriculum for Arts (AGEC-A)
- V. MCCCD Additional Requirements (Oral Communication)
- VI. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree

The Bachelor of Arts (BA) degree is an undergraduate college degree that requires students to complete a core of general education courses and then focus remaining coursework on a core and electives in a major such as fine arts and humanities, business, or education. The Bachelor of Arts degree prepares students to continue their education at the graduate level, complete requirements for disciplinary certification, and/or pursue a wide variety of careers.

Degree Requirements

The requirements for the Bachelor of Arts (BA) follow. No versions of the Bachelor of Arts require fewer than a minimum of 120 credits; however, minimum credits for a BA may vary by specific major. Additionally, a minimum of 30 credits of coursework must be completed at the upper-division (300/400 level). Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums by major.

The following websites identify the courses that apply to the different General Education Core and Awareness Areas: [AGEC-A](#) and the [AGEC matrix](#). Courses available for both Areas during a current or upcoming semester can also be found using the “[Find a Class](#)” tool on maricopa.edu and on each MCCCD college’s website.

Requirements

specific major. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific courses and credit minimums by major

III.	Restricted Electives	Number Varies
	Restricted electives for the Bachelor of Arts degree vary by specific major. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific courses and credit minimums by major.	
IV.	Arizona General Education Curriculum--Arts (AGEC-A)	Up to 44
	The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)*. However, prerequisite/required/restricted elective courses may also meet AGEC-A requirements but are only counted once toward the total credits for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* as long as all requirements listed in this section (IV) are completed.	
	Courses applied to meet AGEC-A requirements vary by major. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well other AGEC requirements, Required Course(s) or Restricted Elective(s). Courses may meet more than one requirement but are only counted once toward the total credits for the degree. AGEC designations are subject to change.	
	See AGEC matrix for each course's value(s) in the semester it is taken.	
	A. First-Year Composition [FYC] ENG101 OR ENG107 AND ENG102 OR ENG108	6* (3)* (3)*
	B. Literacy and Critical Inquiry [L] May be met by CRE101 among other courses	3
	C. Mathematical Applications [MA] Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or precalculus(MAT187) or higher [MA]-approved general education course.	3-6
	D. Computer/Statistics/Quantitative Applications [CS]	3
	E. Humanities, Arts and Design [HU] Students are encouraged to choose course work from more than one discipline.	6
	F. Social-Behavioral Sciences [SB] Students are encouraged to choose course work from more than one discipline.	6

G. Natural Sciences [SQ/SG]	8
<p>The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.</p>	
H. Awareness Areas	0-6
<p>Courses may be used to satisfy other AGEC requirements and one or more Awareness Area(s). (See AGEC matrix for current course values.)</p>	
1. Cultural Diversity in the United States [C]	(0-3)
2. Global Awareness [G] OR Historical Awareness [H]	(0-3)
V. MCCCD Additional Requirements	0-3
<p>As noted below, courses in this area may also be applied toward AGEC-A requirements.</p>	
A. Oral Communication	0-3
<p>COM100 [SB] Introduction to Human Communication OR COM110 [SB] Interpersonal Communication OR COM225 [L] Public Speaking OR COM230 [SB] Small Group Communication (3 credits) OR COM100AA & COM100AB & COM100AC [SB] (3 credits) OR COM110AA & COM110AB & COM110AC [SB] (3 credits) OR COM263 [SB], [C], [G] Elements of Intercultural Communication (3 credits)</p>	
VI. General Electives	Number Varies
<p>Select courses 100-level or higher if needed to complete a minimum of 120 semester credits. Ideally, students should select courses that meet requirements for their major/area of interest and graduate-level transfer institution.</p> <p>Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC). For appropriate course selection, students should consult with an academic advisor</p>	
Total	120**

*FYC may be met with fewer than 6 credits if a student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

**120 semester credits is the minimum of 120 credits; however, minimum credits for a BA may vary by specific major. Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums by major.

Bachelor of Science (BS) Degree

Maricopa County Community College District (MCCCD) 2023-2024 Bachelor of Science (BS) Degree

Description

The Maricopa County Community College District Bachelor of Science (BS) degree requires a minimum of 120 semester credits for the program of study; minimum total credits vary by specific major. Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums for individual degree programs. A minimum grade point average of 2.0 and course grades of C or higher are required to earn the degree.

The Bachelor of Science degree includes the following components:

- I. Program Prerequisites (if applicable)
- II. Required Courses
- III. Restricted Electives
- IV. Arizona General Education Curriculum for Arts (AGEC-A) OR Arizona General Education Curriculum for Science (AGEC-S) (refer to the Program (Degree) Search at curriculum.maricopa.edu for the specific AGEC requirements by major)
- V. MCCCD Additional Requirements (Oral Communication)
- VI. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree

A Bachelor of Science (BS) is an undergraduate college degree that requires students to complete a core of general education courses and then includes remaining coursework on requirements and electives that have an emphasis on math and science. The Bachelor of Science prepares students to continue their education in pursuit of a graduate degree, complete requirements for disciplinary certification, and/or pursue careers in a variety of fields.

Degree Requirements

The requirements for the Bachelor of Science (BS) follow. No versions of the Bachelor of Science require fewer than a minimum of 120 credits; however, minimum credits for a BA may vary by specific major. Additionally, a minimum of 30 credits of coursework must be completed at the upper-division (300/400 level). Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums by major.

It is recommended that students select courses that meet more than one general education and/or awareness area requirement. Doing so will maximize the number of math and science electives the student can take as part of the student's Bachelor of Science degree.

The following websites identify the courses that apply to the different General Education Core and Awareness Areas: [AGEC-A](#), [AGEC-S](#), and the [AGEC matrix](#). Courses available for both Areas during a current or upcoming semester can also be found using the "Find a Class" tool on maricopa.edu and on each MCCCD college's website.

Requirements

- I. Program Prerequisites

| 2. Global Awareness [G] OR Historical Awareness [H] | (0-3) |

OR

Arizona General Education Curriculum--Science (AGEC-S) up to 56

The AGEC-S requires a minimum of 36 credits (33 if FYC is met by single transfer course)*. However, prerequisite/required/restricted elective courses may also meet AGEC-S requirements and credits count once toward the total for the degree. Therefore, the AGEC-S may be met with fewer than 36 credits (33 if FYC is met by single transfer course)* as long as all requirements listed in this section (IV) are completed.

Courses applied to meet AGEC-S requirements vary by major. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). Courses may meet more than one requirement but are only counted once toward the total credits for the degree. AGEC designations are subject to change.

Special Academic Policies that Govern the AGEC-S

- The AGEC-S does not require a course with [CS] Computer/Statistics designation.
- Unlike the AGEC-A and AGEC-B, the same course is allowed to satisfy the ([L] and [HU]) or ([L] and [SB]) areas of the AGEC-S's Core Area. The credits for such a "shared" course are only counted one time toward the required minimum for the degree.

See [AGEC matrix](#) for each course's value(s) in the semester it is taken.

- | | |
|---|--|
| <p>A. First-Year Composition [FYC]

G. Subject Options - Math/Science **8-10**
 Select six (6)- ten (10) additional math and/or science credits that meet
 requirements for the selected major.

Select Mathematics course(s) [MAT] above Calculus I and/or Computer
 Science course(s) [CSC] and/or Science courses from the following
 disciplines: Astronomy, Biology, Botany, Chemistry, Engineering,
 Environmental Science, Geology, Physical Geography, Physics, Zoology
 (MCCCD prefixes AST, BIO, CHM, ECE, EEE, ENV, GLG, GPH, and/or
 PHY)

H. Awareness Areas **6-10**
 Courses may be used to satisfy other AGEC requirements and one or
 more Awareness Area(s). (See [AGEC matrix](#) for current course values.)
 1. Cultural Diversity in the United States [C] 0-6
 2. Global Awareness [G] OR Historical Awareness [H] (0-3)

V. **MCCCD Additional Requirements** **0-3**
 As noted below, courses in this area may also be applied toward AGEC-A
 requirements.

A. Oral Communication 0-3
 COM100 [SB] Introduction to Human Communication OR
 COM110 [SB] Interpersonal Communication OR
 COM225 [L] Public Speaking OR
 COM230 [SB] Small Group Communication (3 credits) OR
 COM100AA & COM100AB & COM100AC [SB] (3 credits) OR COM110AA
 & COM110AB & COM110AC [SB] (3 credits) OR
 COM263 [SB], [C], [G] Elements of Intercultural Communication (3
 credits)

VI. **General Electives** **General Number**

Select courses 100-level or higher if needed to complete a minimum of 120 semester credits. Ideally, students should select courses that meet requirements for their major/area of interest and graduate-level transfer institution.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC). For appropriate course selection, students should consult with an academic advisor.

Total

120***

*FYC may be met with fewer than 6 credits if a student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

** (0 only if shared with HU or SB)

*** 120 semester credits is the minimum of 120 credits; however, minimum credits for a BA may vary by specific major. Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums by major.

Bachelor of Applied Science (BAS) Degree

Maricopa County Community College District (MCCCD) 2023-2024 Bachelor of Applied Science (BAS)

Description

The Maricopa County Community College District Bachelor of Applied Science (BAS) degree requires a minimum of 120 semester credits for the program of study; minimum total credits vary by specific major. Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums for individual degree programs. A minimum grade point average of 2.0 and course grades of C or higher are required to earn the degree.

The Bachelor of Arts degree includes the following components:

- I. Program Prerequisites (if applicable)
- II. Required Courses
- III. Restricted Electives
- IV. Arizona General Education Curriculum for Arts (AGEC-A)
- V. MCCCD Additional Requirements (Oral Communication)
- VI. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree

A Bachelor of Applied Science is an undergraduate college degree that focuses on providing hands-on experiences and incorporating job-related skills into the classroom. It is designed to be flexible in order to accommodate and meet the unique demands of industry in specific workforce sectors. Bachelor of Applied Science degrees typically build on the curriculum requirements for an Associate of Applied Science (AAS) degree, meaning that all of the requirements for the AAS degree are either included in, or receive full recognition and credit within, the BAS program requirements. Students in the BAS take a majority of their courses in the applied sciences, specializing in a specific area and the degree is designed to prepare students for employment and career advancement, as well as can provide the foundation for graduate school.

Degree Requirements

The requirements for the Bachelor of Applied Science (BAS) follow. No versions of the Bachelor of Applied Science require fewer than a minimum of 120 credits; however, minimum credits for a BAS may vary by specific major. Additionally, a minimum of 30 credits of coursework must be completed at the upper-division (300/400 level). Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums by major.

The following websites identify the courses that apply to the different General Education Core and Awareness Areas: [AGEC-A](#) and the [AGEC matrix](#). Courses available for both Areas during a current or upcoming semester can also be found using the “[Find a Class](#)” tool on maricopa.edu and on each MCCCD college’s website.

Requirements

- I. **Program Prerequisites**

**Credits
Number varies**

Program prerequisites for the Bachelor of Science degree vary by major. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific courses and credit minimums by major.

II. **Required Courses** **Number varies**
 Students who have not already earned an associate or higher degree, must complete FYE101 (1) OR FYE103 (3) and select the required courses for the specific major. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific courses and credit minimums by major.

III. **Restricted Electives** **Number varies**
 Restricted electives for the Bachelor of Arts degree vary by specific major. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific courses and credit minimums by major.

IV. **Arizona General Education Curriculum--Arts (AGEC-A)** **Up to 44***
 The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)*. However, prerequisite/required/restricted elective courses may also meet AGEC-A requirements but are only counted once toward the total credits for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* as long as all requirements listed in this section (IV) are completed.

Courses applied to meet AGEC-A requirements vary by major. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well other AGEC requirements, Required Course(s) or Restricted Elective(s). Courses may meet more than one requirement but are only counted once toward the total credits for the degree. AGEC designations are subject to change.

See [AGEC matrix](#) for each course's value(s) in the semester it is taken.

Associate Degrees Designed for University Transfer - General Academic Policies for

Maricopa County Community College District (MCCCD)

2023-2024 General Academic Policies for Associate Degrees Designed For University Transfer

The following academic policies govern the associate degrees designed for university transfer: Associate in Arts (AA); Associate in Arts, Elementary Education (AAEE); Associate in Arts, Fine Arts (AAFA); Associate in Business-General Requirements (ABUS-GR); Associate in Business-Special Requirements (ABUS-SR); and Associate in Science (AS). Note that academic policies that govern the Associate in General Studies (AGS) and Associate in Applied Science (AAS) degrees are listed separately, with the requirements for each of those degrees.

- The graduation policies within the general catalog must be satisfied (administrative regulation 2.3.9).

First Year Experience required (FYE101 or FYE103)

- Minimum semester credits for completion vary slightly by degree and specific emphasis (when applicable). Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums for individual degree programs.
- Credits completed toward these minimums must be in courses numbered 100 or above with a grade of “C” or better. These credits must include a minimum of 35* in satisfaction of the requirements of the Arizona General Education Curriculum (AGEC) along with a maximum of 6 credits towards MCCCD’s Additional Requirements.
- Detailed degree requirements are maintained by the Center for Curriculum and Transfer Articulation (CCTA); refer to the program search at curriculum.maricopa.edu.

General Education Requirements:

- The AGEC requirements include a designated number of courses approved for each of the following areas:
 - First Year Composition [FYC]
 - Mathematical Applications [MA]
 - Computer/Statistics/Quantitative Applications [CS] (not required for Associate in Science)
 - Literacy and Critical Inquiry [L]
 - Humanities, Arts and Design [HU]
 - Social-Behavioral Sciences [SB]

- Natural Sciences: Science Quantitative [SQ], Science General [SG]
 - Awareness Area: Cultural Diversity in the U.S. [C]
 - Awareness Area: Global [G] or Historical [H] Awareness
- Note that there are three different AGECS each aligning with a different subset of associate degrees--AGEC-A for the AA, AAEE, and AAFA degrees; AGEC-B for the ABUS-GR and ABUS-SR degrees; and AGEC-S for the AS degree. For some types of AGECS/Associate degrees, students are allowed to choose from a broad list of courses; for others the courses are more restricted or even specified.
 - A single course can simultaneously count toward one or more areas in the following. Awareness Areas of [C]; and/or [H]/[G] may be shared with AGEC requirements. MCCC Additional Requirements e.g. Oral Communication and Critical Reading may be shared with other AGEC requirements. For example, CRE101 may be used to satisfy both the MCCC Reading Requirement and [L] in the AGEC core. For some degree types, other lower division courses can be used to meet the degree requirements.
 - While multiple requirements can be met with a single course, the credits are only counted one time toward the required minimum for the degree. Except for the AGEC-S, a single course cannot be used to satisfy more than one AGEC core requirement, with the exception of Awareness Areas. For example, a course cannot be used to satisfy [HU] and [SB], but a course can be used to meet [HU] and [C], [G] and/or [H].
 - The AGEC-A and AGEC-B require a minimum of 35 credits* and the AGEC-S requires a minimum of 36 credits*; however, the AGEC credit count within the total credits for a degree may be under these minimums if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Awareness Areas and MCCC's Additional Requirements may also be shared with AGEC Core Areas. Optimizing credits in this way is often recommended because some programs and universities limit transferable credits at 64.
 - All MCCC courses applied to the AGEC must be completed with a grade of "C" or better. All MCCC courses applied to the AGEC must be accepted for transfer credit as a direct equivalent, departmental elective, or general elective credit at ASU, NAU, and UAZ according to the Course Equivalency Guide for the academic year in which the course was taken. Courses applied exclusively to the Bachelor of Applied Science are ineligible for inclusion in the AGEC.

Coursework beyond General Education:

- For some degree types, the additional coursework required to complete the degree is specified while others offer the student more latitude. See degree checksheets for more complete description. Consultation with an academic advisor about course selection is always recommended.
- Oral Communication and Critical Reading are MCCC Additional Requirements required for Associate in Arts; Associate in Arts, Elementary Education; Associate in Arts, Fine Arts; and Associate in Science degrees. Refer to the Program (Degree) Search at

curriculum.maricopa.edu for acceptable options to meet these requirements for individual degree programs.

- Within the Restricted Electives, course recommendations are made for specific transfer institutions. Students should select a transfer plan (group of courses) based on their intended transfer institution. However, not all transfer institutions are reflected in these recommendations. Therefore, students may instead meet the minimum number of Restricted Elective credits using a combination of courses from the transfer plans listed. Restricted Electives should be selected in consultation with an academic, faculty, or program advisor.
- Note that some majors require up to a 4th semester proficiency (202-course level) in a non-English language. Students should consult with an academic advisor to discuss options to complete these requirements.
- General Electives may need to be selected to meet the minimum total credits required for the degree. Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives, (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information is accessible on the following websites: aztransfer.com/tools, curriculum.maricopa.edu, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.
- Any course cross-referenced under another prefix(es) (for example ENH291/EDU291-Children's Literature) covers identical content and its credits can only be counted once toward requirements.

Transfer Credit from Institutions Outside of MCCCCD:

- Credits transferred from outside of MCCCCD must be at a grade of "C" (2.0 on a 4.0 scale) or better. Transfer credit graded pass/fail or pass/no credit may be used to satisfy AGEC requirements if documentation collected by the community college indicates that this was the only grading option available and that the Pass grade ("P") is equivalent to a "C" or better.
- External courses evaluated either as equivalent to an MCCCCD course or as elective credit may be applied toward the minimum credits for degree completion.
- The AGEC (Arizona General Education Curriculum) designations of courses completed at other Arizona public colleges or universities will be applied as listed on [AZTransfer's Course Equivalency Guide](#) (CEG) for the semester(s) in which the course(s) were completed. If a transcript evaluation determines there is no MCCCCD direct equivalency to a course from another Arizona public college or university, applicability to AGEC and/or associate degree requirements will be based on the source institution's AGEC designation for the semester in which the course was completed.

- Courses from private, out-of-state, and/or online institutions (i.e., outside of the Arizona Transfer System composed of Arizona's public community colleges, tribal colleges and universities) will be applied toward AGEC and/or associate degree requirements based on the courses' evaluated MCCCDCD equivalence. If courses are not directly equivalent, the credit may be articulated as a departmental elective, and if deemed appropriate, may have a general education designation applied to the course.
- Credit awarded at a Maricopa Community College through prior learning assessment is transferable to the other colleges in the district but is not necessarily transferable to other colleges and universities. No more than 20 such assessed semester credit hours may be applied toward AGEC, and no more than 30 credits (including up to 20 toward AGEC) may be applied toward a degree.

Completion and Transfer:

- Completion of the AGEC with a minimum Grade Point Average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. It does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment.
- While MCCCDCD's associate degrees are designed to facilitate a seamless transfer to other Arizona institutions, courses may be transferable and/or meet associate degree requirements, but may not necessarily meet the specific requirements of a particular degree, major, or area of emphasis at another institution.

Students planning to transfer to another college or university are urged to refer to university requirements and academic advisors from both institutions to be certain that all their selected coursework is applicable to the requirements of their intended transfer degree and within their allowed transferable credit limit. For some majors, the statewide Common Course matrix and AZTransfer Major Guides at aztransfer.com/tools/ and/or university transfer guides can also provide some guidance. For appropriate course selection, students should consult with an academic advisor.

*Credit minimums may be lower if students have transfer credit from ASU, NAU or UAZ for a single course that meets First Year Composition in full. See notes on individual degree policies.

Arizona General Education Curriculum (AGEC) - A, B, S

Maricopa County Community College District (MCCCD) 2023-2024 Arizona General Education Curriculum (AGEC) – A, B, S

Description

The Maricopa County Community College District Arizona General Education Curriculum (MCCCD AGEC) is a general education certificate that fulfills lower-division general education requirements for students planning to transfer to any Arizona public community college or university. Generally, the MCCCD AGEC transfers as a block without loss of credit. In most cases, all courses used to satisfy the MCCCD AGEC will apply to graduation requirements of the university major for which the AGEC was designed.

As described below, the AGECS are a component of most MCCCD associate degrees and comparable degrees at other Arizona public community colleges. The AGEC-A defines the general education requirements in the Associate in Arts (AA), Associate in Arts, Elementary Education (AAEE), and the Associate in Arts, Fine Arts (AAFA) degrees. The AGEC-B defines the general education requirements in the Associate in Business-General Requirements (ABUS-GR) and Associate in Business-Special Requirements (ABUS-SR) degrees. The AGEC-S defines the general education requirements in the Associate in Science (AS) degree.

As described in more detail below, all AGECS require designated courses in First Year Composition [FYC], Literacy and Critical Inquiry [L], Mathematical Studies [MA], Social-Behavioral Sciences [SB], Humanities, Design and Fine Arts [HU], and Natural Science [SQ/SG]. Students must satisfy two Awareness areas as well: Cultural Diversity in the U.S. and either Global Awareness or Historical Awareness. In addition, the AGEC-A and AGEC-B require a Computer/Statistics/Quantitative Applications course [CS] that is not required for students pursuing the AGEC-S.

Purpose of the AGECS

AGECS were designed to articulate with different academic majors at the state universities, and their particular requirements vary accordingly. In some major-specific pathways, students are allowed to choose from a broad list of courses to satisfy the AGEC requirements, and for others the courses are more restricted or even specified. Additional information on academic majors at the Arizona public universities can be accessed via the following website: aztransfer.com/tools

1. The AGEC-A is designed to satisfy General Education requirements in many liberal arts majors as well as other majors that articulate with an Associate in Arts degree (e.g., social sciences, fine arts, humanities, elementary education). AGEC-A requires a minimum of college mathematics or college algebra to satisfy the Mathematics [MA] requirement.
2. The AGEC-B is designed to satisfy requirements in business majors that articulate with the Associate in Business (ABUS-GR, ABUS-SR). AGEC-B requires a minimum of brief calculus to satisfy the Mathematics [MA] requirement.
3. The AGEC-S is designed to satisfy requirements in majors with more prescriptive mathematics and mathematics-based science requirements such as many in the sciences, technology, engineering and mathematics. AGEC-S requires a minimum of the first course in a calculus

sequence to satisfy the Mathematics [MA] requirement, and a minimum of eight (8) credits of either university chemistry, university physics, general biology for majors, or physical and historical geology to satisfy the Natural Sciences [SQ/SG] requirement. In addition, students must select six (6)- to ten (10) additional credits of Subject Options composed of math and/or science appropriate to their major.

Academic Policies that Govern the AGEC A, B, S

- Requires completion of at least 35 credit hours* (for AGEC-A and AGEC-B) and 36 credit hours* (for AGEC-S) in courses numbered 100 and above that have been approved for one or more AGEC designations; a minimum of 12 of those credits must be completed at one or any combination of the MCCCDC colleges. See First Year Composition [FYC] notes in the following AGEC descriptions and footer for credit minimum exceptions.*
- All MCCCDC courses applied to the AGEC must be completed with a grade of “C” or better.
- All MCCCDC courses applied to the AGEC must be accepted for transfer credit as a direct equivalent, departmental elective, or general elective credit at ASU, NAU, and UAZ according to the [Course Equivalency Guide](#) for the academic year in which the course was taken. Courses approved for transfer exclusively toward the Bachelor of Applied Science are ineligible for inclusion in the AGEC.
- A single course can simultaneously count toward one or more Awareness Areas and other AGEC requirements. For example, an approved course in world geography may be used to satisfy [SB] and [G] requirements. While multiple requirements can be met with a single course, the credits for that course are only counted one time toward the required minimum total for the AGEC. Except as detailed below for the AGEC-S, a single course cannot be used to satisfy more than one AGEC requirement, with the exception of Awareness Areas. While multiple requirements can be met with a single course, the credits are only counted one time toward the required minimum for the degree. Except as detailed below for the AGEC-S, a single course cannot be used to satisfy more than one AGEC core requirement other than Awareness Areas. For example, for AGEC-A and AGEC-B, a single course cannot be used to satisfy both [HU] and [SB], but it could be used to meet [HU] and [C], [G] and/or [H].
- Awareness Areas and MCCCDC’s Additional Requirements may also be shared with other AGEC Requirements. Optimizing credits in this way is often recommended because some programs and universities limit transferable credits at 64.

Transfer Credit from Institutions Outside of MCCCDC

- Credits transferred from outside of MCCCDC must be completed with a grade of “C” (2.0 on a 4.0 scale) or better. Transfer credit graded pass/fail or pass/no credit may be used to satisfy AGEC requirements if documentation collected by the community college indicates that this was the only grading option available and that the Pass grade (“P”) is equivalent to a “C” or better.
- The AGEC (Arizona General Education Curriculum) designations of courses completed at other Arizona public colleges or universities will be applied as listed on [AZTransfer’s Course Equivalency Guide](#) (CEG) for the semester(s) in which the course(s) were completed. If a transcript evaluation determines there is no MCCCDC direct equivalency to a course from another Arizona public college or university, applicability to AGEC and/or associate degree requirements

will be based on the source institution's AGEC designation for the semester in which the course was completed.

- Courses from private, out-of-state, and/or online institutions (i.e., outside of the Arizona Transfer System composed of Arizona's public community colleges, tribal colleges and universities) will be applied toward AGEC and/or associate degree requirements based on the courses' evaluated MCCCDCD equivalence. If courses are not directly equivalent, the credit may be articulated as a departmental elective, and if deemed appropriate, may have a general education designation applied to the course.
- Credit awarded at a Maricopa Community College through prior learning assessment in a non-traditional setting is transferable to other colleges in the MCCCDCD district but is not necessarily transferable to other colleges and universities outside of the MCCCDCD system. No more than 20 such assessed semester credit hours may be applied toward AGEC.

Completion and Transfer

- Completion of the AGEC with a minimum grade point average of 2.0 for Arizona residents and 2.50 for non-residents (on a 4.0 scale) meets Arizona public university general admission requirements. It does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment.
- Students planning to transfer to another college or university are urged to refer to university requirements and academic advisors from both institutions to be certain that all their selected coursework is applicable to the requirements of their intended transfer degree. For some majors, the statewide Common Course matrix, AZTransfer Pathway Guides and/or University Transfer Guides posted on the [AZTransfer website](#) can also provide some guidance. For appropriate course selection, students should consult with an academic advisor.

AGEC Requirements

- Descriptions and definitions of the requirements for each of the three AGECs follow. The following website identifies the courses that apply to the different requirements within each AGEC for a given academic year:
- [AGEC matrix](#). AGEC designations are subject to change. It is important to verify a course's AGEC value in the semester it is taken. For convenience, this information is provided for the current and upcoming semester in the "Find a Class" tool on [maricopa.edu](#) and on each MCCCDCD college's website as well as in the AGEC matrix provided by [AZTransfer](#).
- Note that for students pursuing an associate degree with a specific emphasis (for example: Associate in Arts, Emphasis in History; Associate in Arts, Fine Arts, Emphasis in Theatre; Associate in Science, Emphasis in Physics), the AGEC course requirements are usually more prescriptive. Students pursuing a major-specific pathway should consult the Program (Degree) Search at [curriculum.maricopa.edu](#) (click on Current Programs) for specific degree and AGEC requirements. Consultation with an academic advisor about course selection is always recommended.

AGEC-A

Credits
35 (min.)*

Arizona General Education Curriculum--Arts (AGEC-A)

The AGECE-A requires a minimum of 35 credits (32 if [FYC] is met by single transfer course)*; courses applied to meet AGECE-A requirements vary by emphasis.

Refer to the program (Degree) Search at curriculum.maricopa.edu (click on Current Programs) for specific course requirements. The Required Courses and/or Restricted Electives for some areas of Emphasis may also have AGECE designations including one or more of the Awareness Areas ([C], [G] and/or [H]). A single course may meet more than one requirement but its credits are only counted once toward the total for the degree. AGECE designations are subject to change. See [AGECE matrix](#) for each course's value(s) in the semester it is taken.

- | | |
|--|---------------------------|
| A. First-Year Composition [FYC]
ENG101 OR ENG107 AND
ENG102 OR ENG108 | 6*
(3)*
(3)* |
| B. Literacy and Critical Inquiry [L] | 3 |
| C. Mathematical Applications [MA]
Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre-calculus (MAT187) or higher [MA]-approved general education course | 3-6 |
| D. Computer/Statistics/Quantitative Applications [CS] | 3 |
| E. Humanities, Arts and Design [HU]
Students are encouraged to choose course work from more than one discipline. | 6 |
| F. Social-Behavioral Sciences [SB]
Students are encouraged to choose course work from more than one discipline. | 6 |
| G. Natural Sciences [SQ/SG]
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credits. At least four (4) credits must be designated as SQ-Science Quantitative. Eight (8) credits of SG-Science General will not satisfy this requirement. | 8 |
| H. Awareness Areas
The same course(s) may be used to satisfy one or more Awareness Area(s) as well as other AGECE requirements. (See AGECE matrix for | 0-6 |

current course values). Credits for such shared courses may only be counted once.

1. Cultural Diversity in the United States [C] (0-3)
2. Global Awareness [G] OR Historical Awareness [H] (0-3)

*FYC may be met with fewer than 6 credits if a student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

AGEC-B

Credits
35 (min.)*

Arizona General Education Curriculum - Business (AGEC-B)

The AGECE-B requires a minimum of 35 credits (32 if [FYC] is met by single transfer course)*.

The Required Courses and/or Restricted Electives for corresponding Associate's degree may also have AGECE designations including one or more of the Awareness Areas ([C], [G] and/or [H]). A single course may meet more than one requirement but its credits are only counted once toward the total for the degree.

A. First-Year Composition [FYC] ENG101 OR ENG107 AND ENG102 OR ENG108	6* (3)* (3)*
B. Literacy and Critical Inquiry [L]	3
C. Mathematical Applications [MA] MAT212 Brief Calculus OR MAT213 Brief Calculus OR Higher [MA] designated course	3-5 (3) (4) (3-5)
D. Computer/Statistics/Quantitative Applications [CS] CIS105 Survey of Computer Information Systems	3
E. Humanities, Arts and Design [HU] Students are encouraged to choose course work from more than one discipline.	6
F. Social-Behavioral Sciences [SB] ECN211 Macroeconomics AND ECN212 Microeconomics.	6
G. Natural Sciences [SQ/SG] The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four (4) credits. Credits for lecture and lab components may be combined or each may carry separate credit. At least four (4) credits must be designated as SQ-Science Quantitative. Eight (8) credits of SG-Science General will not satisfy this requirement.	8
H. Awareness Areas The same course(s) may be used to satisfy one or more Awareness Area(s) as well as other AGECE requirements. (See AGECE matrix for current course values). Credits for such shared courses may only be counted once.	0-6
3. Cultural Diversity in the United States [C]	(0-3)

4. Global Awareness [G] OR Historical Awareness [H]

(0-3)

*FYC may be met with fewer than 6 credits if a student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

AGEC-S

Credits
36 (min.)*

Arizona General Education Curriculum--Science (AGEC-S)

The AGECS requires a minimum of 36 credits (33 if FYC is met by single transfer course)*; courses applied to meet AGECS requirements vary by emphasis.

Refer to the program (Degree) Search at curriculum.maricopa.edu (click on Current Programs) for specific course requirements. The Required Courses and/or Restricted Electives for some areas of Emphasis may also have AGECS designations including one or more of the Awareness Areas ([C], [G] and/or [H]). A single course may meet more than one requirement but its credits are only counted once toward the total for the degree.

Some courses have been approved for more than one AGECS designation (see [AGEC matrix](#)). For the AGECS only, a single course with an [L] designation may be used to satisfy a second AGECS requirement (as well as any approved Awareness Areas). Only courses with [L] designations may be shared in this way.

- | | |
|---|---------------------------|
| A. First-Year Composition [FYC]
ENG101 OR ENG107 AND
ENG102 OR ENG108 | 6*
(3)*
(3)* |
| B. Literacy and Critical Inquiry [L]
Students pursuing AGECS and/or AS degree are strongly encouraged to choose an [L] course that also has [HU] or [SB] designation or to use CRE101 or COM225 from the Maricopa Additional Requirements Area to satisfy the [L] requirement. The [L] course selected may also have been approved to satisfy one or more Awareness Areas ([C], [G], [H]). Thus, a single [L] course could potentially meet another AGECS requirement as well as one or more Awareness areas | 0-3** |
| C. Mathematical Applications [MA]
Requires the first semester of calculus courses designed for scientists and engineers (MAT220 or MAT221) or any other [MA] designated course for which Calculus I is a prerequisite. | 4-5 |
| D. Humanities, Arts and Design [HU]
A single course approved for both [L] and [HU] designations may be used to satisfy both requirements. This policy is unique to AGECS and to [L] courses. A course approved for both [HU] and [SB] can be counted for one or the other designation, not both. AGECS designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken. | 6 |
| E. Social-Behavioral Sciences [SB] | 6 |

A single course approved for both [L] and [SB] designations may be used to satisfy both requirements. This policy is unique to AGEC-S and to [L] courses. A course approved for both [SB] and [HU] can be counted for one or the other designation, not both. AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.

F. Natural Sciences [SQ/SG]

8-10

Students must complete eight (8) credits of General Chemistry, University Physics, General Biology for Majors, or Physical and Historical Geology. Consult specific requirements of university transfer major or associate degree with corresponding emphasis. for guidance.

[(CHM150 or CHM151) & CHM151LL] or

CHM150AA or CHM151AA General Chemistry I

AND

[CHM152 & CHM152LL] or CHM152AA General Chemistry II

OR

PHY115 or PHY121 University Physics I

AND

PHY116 or PHY131 University Physics II

OR

BIO181 or BIO181XT General Biology (Majors) I

AND

BIO182 or BIO182XT General Biology (Majors) II

OR

GLG101IN Introduction to Geology I - Physical or

GLG101 Introduction to Geology I - Physical Lecture and

GLG103 Introduction to Geology I – Physical Lab

AND

GLG102IN Introduction to Geology II – Historical or

GLG102 Introduction to Geology II - Historical Lecture and

GLG104 Introduction to Geology II – Historical Lab.

G. Subject Options - Math/Science

6-10

Students should refer to transfer resources, including academic advisement, transfer guides and/or requirements for associate degree with corresponding area of emphasis, to select six (6)-ten (10) additional math and/or science credits that meet requirements for selected major.

This Math/Science requirement can be met by selecting Mathematics course(s) [MAT] that require Calculus I as a prerequisite and/or Computer Science course(s) [CSC] and/or additional Science courses from the following disciplines: Astronomy, Biology, Botany, Chemistry, Engineering, Environmental Science, Geology, Physical Geography, Physics, Zoology (MCCCD prefixes AST, BIO CHM, ECE, EEE, ENV, GLG, GPH, and/or PHY)

H. Awareness Areas

0-6

The same course(s) may be used to satisfy one or more Awareness Area(s) as well as other AGEC requirements. (See [AGEC matrix](#) for current course values). Credits for such shared courses may only be counted once.

1. Cultural Diversity in the United States [C] (0-3)
2. Global Awareness [G] OR Historical Awareness [H] (0-3)

*FYC may be met with fewer than 6 credits if a student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

**0 only if shared with HU or SB

Description of AGEC Designations

First-Year Composition (FYC)

First-Year Composition courses emphasize skills necessary for college-level expository writing, including correct grammar and punctuation, logical organization of ideas, and identification of supporting documentation.

Literacy and Critical Inquiry [L]

In the [L] course, students typically at the sophomore level, express their findings in writing or speech. This course includes a series of graded written or spoken formal assignments.

Literacy is defined broadly as communicative competence in written and oral discourse; critical inquiry is defined as the gathering, interpreting, and evaluating of evidence. Building on the proficiency attained in traditional First-Year Composition courses, the Literacy and Critical Inquiry [L] requirement sustains and extends students' ability to thoughtfully use and critically analyze written and/or spoken language.

Mathematical Applications [MA]

The Mathematical Studies requirement is intended to ensure that students have requisite skill in mathematics appropriate for their discipline and can apply mathematical analysis in their chosen fields.

Computer/Statistics/Quantitative Applications [CS]

AGEC-A and AGEC-B require a course that emphasizes the use of statistics, other mathematical methods, computer programming languages and/or software in the interpretation of data and in describing and analyzing quantitative relationships.

Humanities, Arts and Design [HU]

The study of the humanities and the disciplines of art and design deepen awareness of the complexities of the human condition and its diverse histories and cultures. Courses in the humanities are devoted to the production of human thought and imagination, particularly in philosophical, historical, religious and artistic traditions. Courses with an emphasis in fine arts and design are devoted to the study of aesthetic experiences and the processes of artistic creation. They may also feature a design emphasis in which material culture is studied as a product of human thought and imagination.

Social-Behavioral Sciences [SB]

Social-Behavioral Sciences provide scientific methods of inquiry and empirical knowledge about human behavior, both within society and within individuals. This area of emphasis may include study of such

disciplines as anthropology, economics, history, political science, psychology, or sociology. The courses in this area address the challenge of understanding the diverse natures of individuals and cultural groups who live together in a complex and evolving world.

Natural Sciences [SQ/SG] In addition to an understanding of basic scientific principles and concepts, courses in the Natural Sciences are designed to help students appreciate, from firsthand laboratory and/or field research experience, the nature of science as a process that embraces curiosity, inquiry, testing, and communication to better understand natural phenomena. At least one of the two natural science courses must include an introduction to the fundamental behavior of matter and energy in physical or biological systems.

AWARENESS AREAS

Students must satisfy two Awareness areas: Cultural Diversity in the U.S. and either Global Awareness or Historical Awareness. Courses can satisfy other AGEC requirements and one or two Awareness areas simultaneously. Therefore, no additional semester credits are required to satisfy the two Awareness areas provided courses selected are approved for those designations (see [AGEC matrix](#)).

Cultural Diversity in the United States [C]

The contemporary “culture” of the United States involves the complex interplay of many different cultures that exist side by side in various states of harmony and conflict. U.S. history involves the experiences of European immigrants and their descendants, American Indians, Hispanic Americans, African Americans and Asian Americans--all of whom played significant roles in the development of contemporary culture and together shaped the future of the United States. At the same time, the recognition that gender, class, and religious differences cut across all distinctions of race and ethnicity offers an even richer variety of perspectives from which to view one. Awareness of cultural diversity and its multiple sources can illuminate the collective past, present, and future and can help to foster greater mutual understanding and respect.

The objective of the Cultural Diversity area requirement is to promote awareness of and appreciation for cultural diversity within the contemporary United States. This is accomplished through the study of the cultural, social, or scientific contributions of women and minority groups, examination of their experiences in the United States, or exploration of successful or unsuccessful interactions between and among cultural groups.

Global Awareness [G]

Human organizations and relationships have evolved from being family and village centered to the modern global interdependence that is apparent in many disciplines--for example, contemporary art, business, engineering, music, and the natural and social sciences. Many serious local and national problems are world issues that require solutions which exhibit mutuality and reciprocity. These problems occur in a wide variety of activities, such as food supply, ecology, health care delivery, language planning, information exchange, economic and social developments, law, technology transfer, and even philosophy and the arts. The Global Awareness Area recognizes the need for an understanding of the values, elements, and social processes of cultures other than the culture of the United States. The Global Awareness Area includes courses that recognize the nature of other contemporary cultures and the relationship of the American cultural system to generic human goals and welfare.

Courses that satisfy the global awareness option in the requirements are of one or more of the following types:

1. Area studies that are concerned with an examination of culture-specific elements of a region of the world
2. The study of a non-English language
3. Studies of international relationships, particularly those in which cultural change is facilitated by such factors as social and economic development, education, and the transfer of technology
4. Studies of cultural interrelationships of global scope such as the global interdependence produced by problems of world ecology.

Historical Awareness [H]

The Historical Awareness Area option in the requirements aims to develop a knowledge of the past that can be useful in shaping the present and future. Because historical forces and traditions have created modern life and lie just beneath its surface, historical awareness is an aid in the analysis of present-day problems. Also, because the historical past is a source of social and national identity, historical study can produce intercultural understanding by tracing cultural differences to their origins. Even the remote past may have instructive analogies for the present.

The Historical Awareness Area consists of courses that are historical in method and content. In this area, the term “history” designates a sequence of past events or a narrative whose intent or effect is to represent such a sequence.

The requirement presumes that these are human events and that history includes all that has been felt, thought, imagined, said, and done by human beings. History is present in the languages, art, music, literature, philosophy, religion, natural sciences, as well as in the social science traditionally called history.

Associate in Applied Science (AAS) Degree

Maricopa County Community College District (MCCCD)

2023-2024 Associate In Applied Science (AAS) Degree and General Education Requirements

Description

The Associate in Applied Science (AAS) degree requires at least 60 credits in its program of study.

The exact number of credits for a specific degree is identified as part of the presentation of its requirements at curriculum.maricopa.edu click on Current Programs or search in the offering college(s)' catalog.

Purpose of the Degree

The Maricopa County Community College District Associate in Applied Science (AAS) degree is recommended for students who wish to gain a depth of technical expertise in a particular workforce-related area of study. The AAS degree options vary at the different MCCCD colleges and can be searched [alphabetically](#) (click on Current Programs) or by [field of interest](#). Requirements for each degree can be found on the linked web pages and in the corresponding college(s)'s catalog.

Academic Policies that Govern the AAS degree:

- Degree requires 60 or more credits numbered 100 or above and includes credits or the equivalent in the General Education Core areas and credits in the Distribution areas. AAS degree requirements follow with the use of a diagonal character (/) between course numbers to signify options. An asterisk (*) following the course number defines requirements with an effective begin term of spring;
- All courses must be completed with a grade of C or higher; any additional requirements such as grades of B or higher or minimum grade point average requirements are listed on individual degrees and certificates
- The graduation policies within the general catalog must be satisfied (Administrative Regulation 2.3.9). First Year Experience is required (FYE 101 or FYE 103).
- Some courses also have equivalent combinations of modular variants; all options are listed and completion of either the course or its modular equivalents will satisfy the AAS requirements.
- Requires completion of General Education courses as indicated in the General Education Requirements for the Associate in Applied Science degree from the Maricopa County Community College District, or completion of a curriculum as stated in the catalog
- Any course that is cross referenced with that of another discipline/subject (for example EDU/ENH291, Children's Literature) covers identical contents. A course under either subject (for example, EDU291 or ENH291) will count only once toward degree requirements.

AAS GENERAL EDUCATION CORE

(12-15 credits)*

Demonstrate college-level skills in the following areas:

First-Year Composition (6 credits)*

ENG English [101/107] & [102/108/111]

Oral Communication (3 credits)

COM Communication 100/100AA & 100AB & 100AC/110/110AA & 110AB & 110AC/225/230

Critical Reading (3 credits)

CRE Critical Reading 101 or Equivalent as indicated by assessment

Mathematics (3 credits)

Associate in Arts (AA) Degree

**Maricopa County Community College District (MCCCD)
 2023-2024 Associate in Arts (AA) Degree**

Description

The Maricopa County Community College District Associate in Arts (AA) degree requires a minimum of 60 semester credits for the program of study; minimum total credits vary by specific emphasis (for example, Associate in Arts, Emphasis in Psychology). Refer to curriculum.maricopa.edu (click on

Current Programs) to search for the corresponding area of emphasis for credit minimums. A minimum grade point average of 2.0 (4.0 scale) and grades of “C” or better are required in all courses to earn the degree. The AA degree is governed by the MCCCDC General Academic Policies for Degrees Designed for University Transfer.

The Associate in Arts degree includes the following components:

- I. Program Prerequisites (as specified by emphasis area)
- II. Required Courses
- III. Restricted Electives (as specified by area of emphasis)
- IV. Arizona General Education Curriculum for Arts (AGEC-A)
- V. MCCCDC Additional Requirements (Oral Communication and Critical Reading)
- VI. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree

The Associate in Arts (AA) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors in the Liberal Arts or programs of study other than business or science. Generally, the degree will transfer as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.

In most cases, courses used to satisfy the MCCCDC Associate in Arts (AA) will apply to general university graduation requirements of the majors that align with the AA degree; however, students need to be aware of any specific requirements of their intended major at the university to be sure they select courses that will meet them. Information regarding the articulation of the AA with majors at the Arizona public universities can be accessed via the following website: aztransfer.com/tools

Degree Requirements

The requirements for the Associate in Arts (AA) follow. The AA degree requires at least 60 credits; however, minimum credits for the AA vary for a specific area of emphasis. Refer to curriculum.maricopa.edu and click on Current Programs to search for the corresponding area of emphasis and credit minimums; review course sequence at maricopa.edu/degrees-certificates#programs. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: [AGEC-A](#) and the [AGEC matrix](#).

Requirements

Credits

I. Program Prerequisites

Number varies

Program prerequisites for the AA degree vary by specific emphasis, and are neither required for all emphases nor for the AA degree without a specific emphasis. Refer to curriculum.maricopa.edu (click on Current Programs) to search for the corresponding area of emphasis and credit minimums.

II. Required Courses

Number varies

Students must complete FYE 101 (1) or FYE 103 (3) and select the required courses for the specific AA degree emphasis. Refer to curriculum.maricopa.edu (click on Current Programs) to search for the corresponding area of emphasis for specific courses required and credit minimums.

III. Restricted Electives

Number varies

Restricted electives for the AA degree vary by specific emphasis and are not required for the general AA degree without a specific emphasis. Refer to curriculum.maricopa.edu (click on Current Programs) to search for the corresponding area of emphasis for specific courses required and credit minimums.

IV. Arizona General Education Curriculum--Arts (AGEC-A) Up to 44*

The AGECA requires a minimum of 35 credits (32 if FYC is met by single transfer course)*. Courses applied to meet AGECA requirements vary by emphasis. Refer to curriculum.maricopa.edu (click on Current Programs) to search for the corresponding area of emphasis and credit minimums.

Any prerequisite/required/restricted elective courses that also have one or more AGECA designation(s) may be applied toward both requirements. Credits for such shared courses are only counted once toward the total credits for the degree.

AGECA designations are subject to change. See [AGECA matrix](#) for each course's value(s) in the semester it is taken. Some of the courses have been approved for more than one designation. Notes below will show how such courses may be used to meet multiple degree requirements.

- | | |
|--|---|
| A. First-Year Composition [FYC]
ENG101 OR ENG107 AND
ENG102 OR ENG108 | 6*
(3)*
(3)* |
| B. Literacy and Critical Inquiry [L] | 3 |
| C. Mathematical Applications [MA]
Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or precalculus(MAT187) or higher [MA]-approved general education course. | 3-6 |
| D. Computer/Statistics/Quantitative Applications [CS] | 3 |
| E. Humanities, Arts and Design [HU]
Students are encouraged to choose course work from more than one discipline. | 6 |
| F. Social-Behavioral Sciences [SB]
Students are encouraged to choose course work from more than one discipline. | 6 |
| G. Natural Sciences [SQ/SG]
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four (4) credits each. Credits for lecture and lab components may be combined or each may carry separate credits. At least four (4) credits must be designated as SQ-Science Quantitative. Eight (8) credits of SG-Science General will not satisfy this requirement. | 8 |
| H. Awareness Areas | 0-6 |

The same course(s) may be used to satisfy one or more Awareness Area(s) as well as other AGEC requirements. (See [AGEC matrix](#) for current course values). Credits for such shared courses may only be counted once

1. Cultural Diversity in the United States [C] (0-3)

2. Global Awareness [G] OR Historical Awareness [H] (0-3)

May be met by [HU] and/or [SB] course depending on specific course(s) selected.

(AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.)

V. MCCC Additional Requirements 0-6

As noted below, courses in this area may also be applied toward AGEC-A requirements.

A. Oral Communication (0-3)

COM100 [SB] Introduction to Human Communication OR

COM110 [SB] Interpersonal Communication OR

COM225 [L] Public Speaking OR

COM230 [SB] Small Group Communication (3 credits)

B. Critical Reading (0-3)

CRE101 [L] Critical Reading OR equivalent as indicated by assessment

VI. General Electives 0-28

Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines. MCCC has established recommended courses and sequencing to align with various "Emphasis Areas" in one of nine different "Fields of Interest." See maricopa.edu/degrees-certificates for links to these transfer pathways.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: aztransfer.com/tools, maricopa.edu/degrees-certificates/transfer/pathways-partners, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor. .

Total 60-64**

*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

**64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer information.

Associate in Arts, Elementary Education (AA-EE) Degree - 8101

Maricopa County Community College District (MCCCD) 2023-2024 Associate in Arts, Elementary Education (AA-EE) Degree

Description

The Maricopa County Community College District Associate in Arts, Elementary Education (AAEE) degree requires a minimum of 60 semester credits for the program of study. A minimum grade point average of 2.0 (4.0 scale) and grades of “C” or better in all courses are required to earn the degree. The AAEE degree is governed by the MCCCD General Academic Policies for Transfer Degrees. Refer to curriculum.maricopa.edu (click on Current Programs) to search for the corresponding 8101 AAEE. A minimum grade point average of 2.0 (4.0 scale) and grades of “C” or better are required in all courses to earn the degree. The AA degree is governed by the MCCCD General Academic Policies for Degrees Designed for University Transfer.

The Associate in Arts, Elementary Education degree includes the following components:

- I. Required Courses
- II. Restricted Electives
- III. Arizona General Education Curriculum for Arts (AGEC-A)
- IV. MCCCD Additional Requirements (Oral Communication and Critical Reading)

Purpose of the Degree

The Associate in Arts, Elementary Education (AAEE) degree is designed for the student who plans to transfer to an Elementary Education, Early Childhood, Multicultural/Multilingual, or Special Education program at an Arizona public higher education institution and/or who plans to become a classroom instructional aide. Generally, the degree transfers as a block without loss of credit to Arizona's public universities, and in most cases, its required courses apply to graduation requirements for these Education majors. The AAEE is also embedded within the Bachelor of Arts, Elementary Education and Special Education (BAEE/SPED) offered by the Maricopa Community Colleges.

Degree Requirements

The requirements for the Associate in Arts in Elementary Education follow. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: [AGEC](#) and the [AGEC matrix](#) report. Courses available for both Areas during a current or upcoming semester can also be found using the “[Find a Class](#)” tool on maricopa.edu and on each MCCCD college's website. Course sequence is available at maricopa.edu/degrees-certificates#programs.

Requirements

Credits

Requirements	Credits
I. Required Courses	14-20
EDU221 Introduction to Education	(3)
EDU222 Introduction to the Exceptional Learner	(3)
EDU230 Cultural Diversity in Education	(3)
FYE101 or FYE103 Introduction/Exploration To College, Career and Personal Success	(1-3)
MAT256 Investigating Quantity: Number, Operations, and Numeration Systems	(4)
MAT257 Investigating Geometry, Probability, and Statistics	(0-4)

II. Restricted Electives

8

A total of eight (8) semester credits is required to satisfy the Arizona Professional Teacher Standards: three (3) credits in an additional Education (EDU) course and five (5) credits in Content Area Electives.

Courses must transfer to all public Arizona universities as elective credit, departmental elective, or equivalent to a university course as indicated in the [Arizona Course Equivalency Guide](#) in effect when the course is taken. Courses identified as non-transferable in the Arizona Course Equivalency Guide cannot be used to satisfy this requirement.

Select one (1) additional EDU course (other than EDU221, EDU222, EDU230 or EDU250) (3)
Recommended:

EDU110 Education in Film

EDU220 Introduction to Serving English Language Learners (ELL)

EDU236 Classroom Relationships

EDU/HUM/STO292 The Art of Storytelling

Choose any combination from the following list of courses and prefixes to total five (5) credits of additional coursework. Course(s) selected must be different from those used to fulfill a requirement of the AGEC-A and/or those used to fulfill Required Courses.

Content Area Electives: Select a total of five (5) credits from the following options (5)

ARH+++ Any ARH Art Humanities course(s)

ART+++ Any ART Art course(s)

BPC+++ Any BPC Business-Personal Computers course(s)

CFS/ECH176 Child Development

CFS205 Human Development

CIS+++ Any CIS Computer Information Systems course(s)

ECN+++ Any ECN Economics course(s)

EDU+++ Any EDU Education course(s) (except EDU221, EDU222, EDU230, and EDU250)

EED215 Early Learning: Health, Safety, Nutrition and Fitness OR

CFS123 Health and Nutrition in Early Childhood Settings AND

CFS125 Safety in Early Childhood Settings

ENG+++ Any ENG English course(s)

ENH+++ Any ENH English Humanities course(s)

GCU+++ Any GCU Cultural Geography course(s)

GPH+++ Any GPH Physical Geography course(s)

HIS+++ Any HIS History course(s)

MAT+++ Any MAT Mathematics course(s) 140 or higher (except MAT256 and MAT257)

MHL+++ Any MHL Music: History/Literature course(s)

MTC+++ Any MTC Music: Theory/Composition course(s)

POS+++ Any POS Political Science course(s)

THE+++ Any THE Theatre course(s)

THF+++ Any THF Theatre and Film course(s)

THP+++ Any THP Theatre Performance/Production course(s)
 Any Foreign Language course(s)
 Any Natural Science course(s)

III. Arizona General Education Curriculum--Arts (AGEC-A) 35-44*

The AGECA requires a minimum of 35 credits (32 if FYC is met by single transfer course)*;

AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken. Some of the courses have been approved for more than one designation.

Notes below will show how such courses may be used to meet multiple degree requirements.

- A. First-Year Composition [FYC] **6***
 ENG101 OR ENG107 AND (3)*
 ENG102 OR ENG108 (3)*

- B. Literacy and Critical Inquiry [L] - COM225 Public Speaking **3**

- C. Mathematical Applications [MA] **3-6**
 Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or precalculus (MAT187) or higher approved general education course in the Mathematical Applications [MA] area for which MAT15+ is a prerequisite.
 (Note that MAT182, MAT206, MAT256, MAT257 do NOT meet this requirement).

- D. Computer/Statistics/Quantitative Applications [CS] **3**
 BPC110 Computer Usage and Applications OR
 CIS105 Survey of Computer Information Systems OR
 EDU/EED115 Digital Literacy for Teaching and Learning in Education
 EDU/EED115 recommended.

- E. Humanities, Arts and Design [HU] **6**
 Note that some of these courses also have Awareness Areas designations and can be used to satisfy [G] and/or [H] requirement as well as [HU]. (AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.)
 - 1) Select one of the following ARH, DAH, MHL or THE courses: (3)
 ARH100 Introduction to Art OR
 ARH101 Prehistoric through Gothic Art OR
 ARH102 Renaissance through Contemporary Art OR
 DAH100 Introduction to Dance OR
 DAH201 World Dance Studies OR
 DAH250 Dance in Popular Culture OR
 MHL140 Survey of Music History OR
 MHL145 American Jazz and Popular Music OR
 MHL146 Survey of Broadway Musicals OR
 MHL153 Rock Music and Culture OR

THE111 Introduction to Theatre OR
THE220 Modern Drama

AND

- 2) Select one of the following EDU, ENH or HUM courses: (3)
- EDU/ENH291 Children's Literature (Recommended) OR
 - ENH110 Introduction to Literature OR
 - ENH241 American Literature Before 1860 OR
 - ENH242 American Literature After 1860 OR
 - HUM250 Ideas and Values in the Humanities: Early Civilizations to the Renaissance OR
 - HUM251 Ideas and Values in the Humanities: Renaissance to the Contemporary World

F. Social-Behavioral Sciences [SB] 6

Note that some of these courses also have Awareness Areas designations and can be used to satisfy [G] and/or [H] requirement as well as [SB]. (AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.)

- 1) Select one of the following US History/Government courses** (3)
- These courses satisfy the United States Constitution requirement for state teacher certification.
- GCU/POS113 United States and Arizona Social Studies OR
 - HIS103 United States History to 1865 OR
 - POS110 American National Government

AND

- 2) Select one of the following CFS, ECH, GCU, ECN, HIS or PSY courses (3)
- CFS205 Human Development OR
 - CFS/ECH176 Child Development OR
 - ECN211 Macroeconomic Principles OR
 - ECN212 Microeconomic Principles OR
 - GCU121 World Geography I: Eastern Hemisphere OR
 - GCU122 World Geography II: Western Hemisphere OR
 - HIS104 United States History 1865 to Present OR
 - PSY101 Introduction to Psychology

(CFS/ECH176 recommended)

G. Natural Sciences [SQ/SG] 8

The lecture course(s) selected for Natural Sciences must include or be accompanied by the corresponding laboratory course for a total of four (4) credits each. At least four (4) credits must be designated as [SQ]. Eight (8) credits of [SG] will not satisfy this requirement.

- 1) Life Sciences: Select four (4) credits of SQ or SG in Biology (BIO) (4)

AND

- 2) Physical Sciences or Earth/Space Sciences: Select four (4) credits of SQ or SG from one of the following prefixes: (4)
- AGS, ASM, AST, CHM, GPH, GLG, PHS, or PHY

Note: Students are advised to check with the university they plan to attend as specific requirements for lab sciences may vary.

H. Awareness Areas	0-3
1) Cultural Diversity in the United States [C] Met by EDU222 and EDU230 in Required Courses.	(0)
2) Global Awareness [G] OR Historical Awareness [H] May be met by [HU] and/or [SB] course(s) depending on specific courses selected. (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)	(0-3)
IV. MCCCCD Additional Requirements	0-3
A. Oral Communication Met by COM225 that is required to satisfy AGECE-A Literacy and Critical Inquiry [L]	(0)
B. Critical Reading CRE101 [L] Critical Reading OR equivalent as indicated by assessment	(0-3)

Total **60-64****

*FYC may be met with fewer than 6 credits if a student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

**State certification requirements include courses on the constitutions of the U.S. and Arizona. Taking GCU/POS113 for [SB] fulfills this requirement completely. Students who instead take HIS103 or POS110 for [SB] should consider taking POS221 as a Content Area Elective so they have completed study of both constitutions. POS220 meets state certification requirements for both constitutions but does not meet [SB].

***64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer information.

Associate in Arts, Fine Arts (AAFA) Degree

Maricopa County Community College District (MCCCCD) 2023-2024 Associate in Arts, Fine Arts (AAFA) Degree

Description

The Maricopa County Community College District Associate in Arts, Fine Arts (AAFA) degree requires a minimum of 60 semester credits for the program of study; however, minimum total credits for the AAFA vary by specific emphasis. Students must select one of the emphasis areas: [Art](#), [Dance](#), [Music](#), [Musical Theatre](#), or [Theatre](#). If an emphasis area is not selected, this program is not eligible for Title IV Federal Financial Aid. Refer to curriculum.maricopa.edu (click on Current Programs) to search for the corresponding area of emphasis for specific courses required and credit minimums for each emphasis. A minimum grade point average of 2.0 (4.0 scale) and grades of "C" or better are required in all courses

to earn the degree. The AAFA degree is governed by the MCCC CD General Academic Policies for associate degrees designed for university transfer.

The Associate in Arts, Fine Arts degree includes the following components:

- I. Program Prerequisites (as specified by emphasis area)
- II. Required Courses (as specified by area of emphasis)
- III. Restricted Electives (as specified by area of emphasis)
- IV. Arizona General Education Curriculum for Arts (AGEC-A)
- V. MCCC CD Additional Requirements (Oral Communication and Critical Reading)
- VI. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree

The Associate in Arts, Fine Arts (AAFA) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors in the Fine Arts. The degree is designed to prepare students to meet selective admission criteria for programs such as the Bachelor of Fine Arts; program admission may have an additional emphasis-specific portfolio or performance requirements.

In most cases, courses used to satisfy the MCCC CD Associate in Arts, Fine Arts (AAFA) will apply to general university graduation requirements of the majors that align with AAFA degree; however, students need to pay attention to any specific requirements of their intended focus at the university to be sure they select courses that will meet them. Information regarding the articulation of the AAFA degree with majors at the Arizona public universities can be accessed via the following website:

aztransfer.com/tools

Degree Requirements

The requirements for the Associate in Arts, Fine Arts (AAFA) follow. The Associate in Arts, Fine Arts degree requires at least 60 credits; however, minimum total credits for the AAFA vary by specific emphasis ([Art](#), [Dance](#), [Music](#), [Musical Theatre](#), or [Theatre](#)). Refer to curriculum.maricopa.edu (click on Current Programs) to search for the corresponding area of emphasis for specific courses required and credit minimums; review course sequence at maricopa.edu/degrees-certificates. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: [AGEC-A](#) and the [AGEC matrix](#). Courses available for both Areas during a current or upcoming semester can also be found using the “[Find a Class](#)” tool on maricopa.edu and on each MCCC CD college’s website.

Requirements

Credits

I. Required Courses

Number varies

Students must complete FYE101 or FYE103 and the required (major-specific) courses listed in the Associate in Arts Fine Arts degree Required Courses area for the specific emphasis ([Art](#), [Dance](#), [Music](#), [Musical Theatre](#), or [Theatre](#)). Refer to curriculum.maricopa.edu (click on Current Programs) to search for the corresponding area of emphasis for specific courses required and credit minimums for each emphasis.

II. Restricted Electives

Number varies

Restricted electives for the Associate in Arts, Fine Arts degree vary by specific emphasis: ([Art](#), [Dance](#), [Music](#), [Musical Theatre](#), or [Theatre](#)). Refer to curriculum.maricopa.edu (click on Current Programs) to search for the

corresponding area of emphasis for specific courses required and credit minimums for each emphasis.

III. Arizona General Education Curriculum--Arts (AGEC-A) up to 44

The AGECA requires a minimum of 35 credits (32 if FYC is met by single transfer course)*. However, depending on courses selected, it may take as many as 44 credits to satisfy all the General Education criteria. Any required/restricted elective courses that also have one or more AGECA designation(s) may be applied toward both requirements. Credits for such shared courses are only counted once toward the total credits for the degree.

AGECA designations are subject to change. See [AGECA matrix](#) for each course's value(s) in the semester it is taken. Some of the courses may have been approved for more than one designation. Notes below will show how such courses may be used to meet multiple degree requirements.

- | | |
|---|---------------------------|
| A. First-Year Composition [FYC]
ENG101 OR ENG107 AND
ENG102 OR ENG108 | 6*
(3)*
(3)* |
| B. Literacy and Critical Inquiry [L] | 3 |
| C. Mathematical Applications [MA]
Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or higher [MA]-approved general education course | 3-6 |
| D. Computer/Statistics/Quantitative Applications [CS] | 3 |
| E. Humanities, Arts and Design [HU] | 6 |
| F. Social-Behavioral Sciences [SB]
Students are encouraged to choose course work from more than one discipline. | 6 |
| G. Natural Sciences [SQ/SG]
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement. | 8 |
| H. Awareness Areas
The same course(s) may be used to satisfy one or more Awareness Area(s) as well as other AGECA requirements. (See AGECA matrix for current course values). Credits for such shared courses may only be counted once | 0-6 |
| 1) Cultural Diversity in the United States [C] | (0-3) |
| 2) Global Awareness [G] OR Historical Awareness [H] | (0-3) |

May be met by [HU] and/or [SB] course(s) depending on specific courses selected. (AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.)

IV. MCCC Additional Requirements **0-6**

As noted below, courses in this area may also be applied toward AGEC-A requirements.

A. Oral Communication 0-3

Refer to emphasis area ([Art](#), [Dance](#), [Music](#), [Musical Theatre](#), or [Theatre](#)) for specific COM course to select from the following list:

COM100 [SB] Introduction to Human Communication OR

COM110 [SB] Interpersonal Communication OR

COM225 [L] Public Speaking OR

COM230 [SB] Small Group Communication (3 credits) OR

COM100AA & COM100AB & COM100AC [SB] (3 credits) OR

COM110AA & COM110AB & COM110AC [SB] (3 credits)

B. Critical Reading 0-3

CRE101 [L] Critical Reading OR equivalent as indicated by assessment

V. General Electives **0-25**

Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines. MCCC has established recommended courses and sequencing to align with the Fine Arts Emphasis Areas. See maricopa.edu/degrees-certificates for links to these transfer pathways.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: aztransfer.com/tools, curriculum.maricopa.edu, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

*FYC may be met with fewer than 6 credits if a student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

****64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer information.**

Associate in Business, General Requirements (ABUS-GR)

Maricopa County Community College District (MCCCD)

2023-2024 Associate in Business, General Requirements (ABUS-GR) Degree

Description

The Maricopa County Community College District Associate in Business General Requirements (ABUS-GR) degree requires a minimum of 62 semester credits for the program of study. A minimum grade point average of 2.0 (4.0 scale) and grades of C or better are required in all courses to earn the degree. The Associate in Business-General Requirements degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

This degree provides the first two years of a four-year curriculum for students who wish to transfer to a university and pursue a bachelor's degree in business. For a comprehensive list of bachelor's degrees at Arizona's public universities, refer to the [AZTransfer Business Matrix](#). With a bachelor's degree, students may pursue a number of careers, including but not limited to accountancy, business administration, business data analytics, economics, entrepreneurship, finance, marketing, management, retail management, and supply chain management.

The Associate in Business-General Requirements degree includes the following components:

- I. Required Courses
- II. Restricted Electives
- III. Arizona General Education Curriculum for Business (AGEC-B)
- IV. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree

The Associate in Business General Requirements (ABUS-GR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for the various business majors (except Computer Information Systems) at Arizona's public universities. Computer Information Systems majors should follow the Associate in Business Special Requirements (ABUS-SR) pathway instead. Generally, the ABUS-GR degree transfers as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements. It does not, however, guarantee acceptance into particular university majors/programs with a limited number of students. Students should consult with their transfer institution for any specific admission requirements (e.g., GPA, letters of reference, work experience)

Special Academic Policies that Govern the ABUS-GR Degree

- The ABUS-GR does not include any MCCCD Special Requirements for Oral Communication and/or Critical Reading like the other associate degrees. (However, some university programs have a speech requirement; consult your academic advisor or transfer guide to verify the specifics for your program.)

Degree Requirements

The courses required for the Associate in Business General Requirements follow. The following websites identify the courses that apply to the different General Education Areas: [AGEC-B](#) and the [AGEC Matrix](#). Courses available for both Areas during a current or upcoming semester can also be found using the "[Find A Class](#)" tool on [maricopa.edu](#) or on each MCCCD college's website.

III. Arizona General Education Curriculum- Business (AGEC-B) 29-37*

The AGEC-B requires a minimum of 35 credits (32 if FYC is met by a single transfer course). * Any Required and Restricted elective course(s) that also have one or more AGEC designation(s) may be used to meet AGEC-B requirements. Credits for such shared courses only count once toward the total for the degree.

Some courses may be met by Required Courses or Restricted electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s), or Restricted Elective(s). Courses may meet more than one requirement but are only counted once toward the total credits for the degree. AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.

A. First-Year Composition [FYC]	6*
ENG101 OR ENG107 AND	(3)*
ENG102 OR ENG108	(3)*
B. Literacy and Critical Inquiry [L]	(0-3)
May Be Met By GBS 233 in the Restricted Electives Area.	
C. Mathematical Applications [MA]	(3-6)
MAT212 Brief Calculus OR	(3)
MAT213 Brief Calculus OR	(4)
Higher General Education Courses in the Mathematical Applications [MA] Area	(3-5)
D. Computer/Statistics/Quantitative Applications [CS]	3
CIS105 Survey of Computer Information Systems	
E. Humanities, Arts and Design [HU]	6
Students are encouraged to choose course work from more than one discipline.	
F. Social-Behavioral Sciences [SB]	0
Met by ECN211 AND ECN212 in Required Courses.	
G. Natural Sciences [SQ/SG]	8
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four	

credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

H. Awareness Areas

0-6

The same course(s) may be used to satisfy one or more Awareness Area(s) as well as other AGECE requirements. (See [AGECE matrix](#) for current course values). Credits for such shared courses may only be counted once

- 1) Cultural Diversity in the United States [C] (0-3)
- 2) Global Awareness [G] OR Historical Awareness [H] (0-3)

Students transferring to ASU to major in business should complete courses from the following list (up to the 64 credit transfer maximum) to meet W.P. Carey School of Business requirements. If students do not take these prior to transfer, they may need to take additional credits to meet ASU graduation requirements:

- Any course that transfers to ASU in the SOC prefix and carries the [SB] designation
- Any course that transfers to ASU in the PSY prefix and carries the [SB] designation
- One of the following courses in Oral Communication (COM)
 - COM100 Introduction to Human Communication (3) OR
 - COM225 Public Speaking (3) OR
 - COM230 Small Group Communication (3) OR
 - COM259 Communication in Business and Professions (3)Note: COM requirements vary by business major. Check ASU's [MyPath2ASU](#) or major map for acceptable options.

IV. General Electives.

Select courses 100-level or higher if needed to complete a minimum of 62 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines. MCCC has established recommended courses and sequencing for the various associate's degrees. See <https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/associate-business-general-requirements-8900-abus-gr>

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HIS ELC for a history elective), or general electives (GEN ELC) that are numbered 100 level or higher, and completed with a grade of "C" or better, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree.

Transfer advisement information is accessible on the following websites: aztransfer.com/tools, curriculum.maricopa.edu, as well as those of individual

universities. For appropriate course selection, students should consult with an academic advisor.

Total

62**

*FYC may be met with fewer than 6 credits if a student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

**64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer information.

Associate in Business, Special Requirements (ABUS-SR) Degree

Maricopa County Community College District (MCCCD)

2023-2024 Associate in Business, Special Requirements (ABUS-SR) Degree

Description

The Maricopa County Community College District Associate in Business, Special Requirements (ABUS-SR) degree requires a minimum of 62 semester credits for the program of study. A minimum grade point average of 2.0 (4.0 scale) and grades of “C” or better are required in all courses to earn the degree. The Associate in Business-Special Requirements degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

This degree provides the first two years of a four-year curriculum for students who wish to pursue Computer Information Systems majors at Arizona’s public universities. With a bachelor’s degree, students may pursue a number of careers, including but not limited to accountancy, business administration, business data analytics, computer information systems, economics, entrepreneurship, finance, marketing, management, retail management, and supply chain management.

The Associate in Business-Special Requirements degree includes the following components:

- I. Required Courses
- II. Arizona General Education Curriculum for Business (AGEC-B)
- III. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree

The Associate in Business Special Requirements (ABUS-SR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for Computer Information Systems majors at Arizona’s public universities. Other Business majors should follow the Associate in Business General Requirements (ABUS-GR) pathway instead. Generally, the ABUS-SR degree transfers as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements. It does not, however, guarantee acceptance into particular university majors/programs with a limited number of students. Students should consult with their transfer institution for any specific admission requirements (e.g., GPA, letters of reference, work experience).

Special Academic Policies that Govern the ABUS-SR Degree

- The ABUS-SR does not include any MCCCD Special Requirements for Oral Communication and/or Critical Reading like the other associate degrees. (However, some university programs have a speech requirement; consult your academic advisor or transfer guide to verify the specifics for your program.)

Degree Requirements

The courses required for the Associate in Business Special Requirements follow. The following websites identify the courses that apply to the different General Education Core and Awareness Areas:

[AGEC-B](#) and the [AGEC Matrix](#). Courses available for both Areas during a current or upcoming semester can also be found using the [Find A Class](#) tool on maricopa.edu or on each MCCCDC college's website.

Note: Students planning to transfer to ASU's W.P. Carey School of Business BS program should take MAT217 or MAT218.

Students planning to transfer to ASU's W.P. Carey School of Business BA program may take GBS220, MAT217, or MAT218.

Students planning to transfer to the University of Arizona should take GBS220

II. Arizona General Education Curriculum- Business (AGECE-B)

29-37*

The AGECE-B requires a minimum of 35 credits (32 if FYC is met by a single transfer course). * Any Required and Restricted elective course(s) that also have one or more AGECE designation(s) may be used to meet AGECE-B requirements. Credits for such shared courses only count once toward the total for the degree.

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGECE requirements,

Required Course(s). Courses may meet more than one requirement but are only counted once toward the total credits for the degree. AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.

A. First-Year Composition [FYC] ENG101 OR ENG107 AND ENG102 OR ENG108	6* (3)* (3)*
B. Literacy and Critical Inquiry [L]	3
C. Mathematical Applications [MA] MAT212 Brief Calculus OR MAT213 Brief Calculus OR Higher General Education Courses in the Mathematical Applications [MA] Area	3-5 (3) (4) (3-5)
D. Computer/Statistics/Quantitative Applications [CS] CIS105 Survey of Computer Information Systems	3
E. Humanities, Arts and Design [HU] Students are encouraged to choose course work from more than one discipline.	6
F. Social-Behavioral Sciences [SB] Met by ECN211 AND ECN212 in Required Courses.	0
G. Natural Sciences [SQ/SG] The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.	8
H. Awareness Areas The same course(s) may be used to satisfy one or more Awareness Area(s) as well as other AGEC requirements. (See AGEC matrix for current course values). Credits for such shared courses may only be counted once	0-6
1) Cultural Diversity in the United States [C]	(0-3)
2) Global Awareness [G] OR Historical Awareness [H]	(0-3)

Students transferring to ASU to major in business should complete courses from the following list (up to the 64 credit transfer maximum) to meet W.P. Carey School of Business requirements. If students do not take these prior to transfer, they may need to take additional credits to meet ASU graduation requirements:

- Any course that transfers to ASU in the SOC prefix and carries the [SB] designation
- Any course that transfers to ASU in the PSY prefix and carries the [SB] designation
- One of the following courses in Oral Communication (COM)
 - COM100 Introduction to Human Communication (3) OR
 - COM225 Public Speaking (3) OR

COM230 Small Group Communication (3) OR
COM259 Communication in Business and Professions (3)
Note: COM requirements vary by business major. Check ASU's
[MyPath2ASU](#) or major map for acceptable options.

III. General Electives.

Select courses 100-level or higher if needed to complete a minimum of 62 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines. MCCCDC has established recommended courses and sequencing for the various associate's degrees. See <https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/associate-business-special-requirements-8800-abus-sr>

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HIS ELC for a history elective), or general electives (GEN ELC) that are numbered 100 level or higher, and completed with a grade of "C" or better, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree.

Transfer advisement information is accessible on the following websites: aztransfer.com/tools, curriculum.maricopa.edu, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

Total

62**

*FYC may be met with fewer than 6 credits if a student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

**64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer information.

Associate in General Studies (AGS) Degree

Maricopa County Community College District (MCCCD)

2023-2024 Associate In General Studies (AGS) Degree and General Education Requirements

Description

The Maricopa County Community College District Associate in General Studies degree requires 60-64 semester credits in courses numbered 100 and above. The degree includes the following components:

- I. **Required Courses** (1-3 credits)
First Year Experience (all courses completed with a grade of “C” or better)

- II. **General Education** (minimum of 35 credits)
Core Areas (all courses completed with a grade of “C” or better)
 - First-Year Composition
 - Mathematics
 - Computer Usage
 - Oral Communication
 - Critical Reading**Distribution Areas** (all courses completed with a grade of “D” or better):
 - Humanities, Arts and Design
 - Social-Behavioral Sciences
 - Natural Sciences
 - Literacy and Critical Inquiry

- III. **General Electives** (enough additional courses numbered 100 or above, completed with a grade of “D” or better, to bring total credits to at least 60)

Purpose of the Degree

The Associate in General Studies (AGS) degree is recommended for students whose educational goals require flexibility. The degree allows students to apply any course numbered 100 or above, including some that are not transferable to the Arizona public universities and may not be transferable to other universities, toward the credits required for the degree. Therefore, for students who intend to transfer to another college or university to pursue a bachelor’s degree, this degree may be less appropriate than other associate degrees offered by the Maricopa Community Colleges: Associate in Arts (AA); Associate in Arts, Elementary Education (AAEE); Associate in Arts, Fine Arts (AAFA); Associate in Business-General Requirements (ABUS-GR); Associate in Business-Special Requirements (ABUS-SR); Associate in Science (AS); and all emphases of these degrees

Academic Policies that Govern the Associate in General Studies Degree:

- The graduation policies within the general catalog must be satisfied (Administrative Regulation 2.3.9).
First Year Experience is required (FYE 101 or FYE 103).

- A single course can simultaneously count toward a Core Area and a Distribution Area requirement. Courses that meet this criterion are bold print and underscored in the Core areas and Distribution areas (on the course list at the conclusion of this document). For example,

CRE101 may be used to satisfy both the Literacy and Critical Inquiry requirement of the Distribution area and the Core curriculum's Critical Reading area. While multiple requirements can be met with a single course, the credits are only counted one time toward the required minimum for the degree. A course cannot satisfy more than one Core area, even if it is approved for more than one Core area. A course cannot satisfy more than one Distribution area, even if it is approved for more than one Distribution area.

- Credits transferred from outside of MCCCDC must be completed with a grade of “C” (2.0 on a 4.0 scale) or better. Transfer credit graded pass/fail or pass/no credit may be transferred if documentation collected by the community college indicates that this was the only grading option available to the student and that the Pass grade (“P”) is equivalent to a “C” or better.
- Completion of the AGS with a minimum Grade Point Average (on a 4.0 scale) of at least 2.0 for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. However, meeting all AGS minimums does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment. Furthermore, because the AGS is not designed to align with the requirements for bachelor's degrees, not all credits may be transferable and students may have deficiencies in lower division (100- and 200-level) courses for a particular major.

Summary of Degree Requirements:

Details on how to identify courses approved for each of the categories is described following the outline.

I. Required Courses	1-3
FYE101 Introduction to College, Career and Personal Success OR FYE103 Exploration of College, Career and Personal Success	
II. MCCCDC General Education	35-48*
Core Areas	13-19
1. First-Year Composition ENG101 OR ENG107 AND ENG102 OR ENG108	6*
2. Mathematics	3-6
3. Computer Usage	1
4. Oral Communication COM100 Introduction to Human Communication OR COM110 Interpersonal Communication OR COM225 Public Speaking OR COM230 Small Group Communication (3 credits) OR COM100AA & COM100AB & COM100AC (3 credits) OR COM110AA & COM110AB & COM110AC (3 credits)	3
5. Critical Reading Students may demonstrate proficiency through assessment. CRE101 Critical Reading OR equivalent as indicated by assessment	0-3

- Distribution Areas** **22-29**
1. Humanities, Arts and Design 9
Students are encouraged to choose course work from more than one discipline.
 2. Social-Behavioral Sciences 6-9
Students are encouraged to choose course work from more than one discipline. If COM100, COM110, or COM230 is shared between the AGS' Core and Distribution areas, the Social-Behavioral Sciences requirements for the degree may be met with just 6 additional credits in this area (see Academic Policies section on prior page). The credits for the shared COM course are only counted once, but they may be applied to meet both Oral Communication and Social-Behavioral Science requirements.
 3. Natural Sciences 7-8
Two lecture courses and one corresponding laboratory course are to be selected. Credits for lecture and lab components may be combined or each may carry separate credit. For appropriate course selection students should consult with an academic advisor.
 4. Literacy and Critical Inquiry 0-3
The Literacy and Critical Inquiry requirement may be met by CRE101 (which also satisfies Critical Reading) or COM225 (which also satisfies Oral Communication) with a grade of "C" or better. The credits for shared courses are only counted once, but may be applied to meet both a Core (see course list above) and a Distribution Area requirement.

Alternatively, the Literacy and Critical Inquiry requirement may be met with a grade of "D" or better by selecting an additional 3 credits from the list of approved options.

III. General Electives **13-26**
Select additional courses 100-level or higher to complete a minimum of 60 semester credits but no more than a total of 64 semester credits.

Associate in General Studies Total Credits: **60-64**

*First-Year Composition may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

All courses listed meet AGS requirements as specified. Courses in Purple Italic Underline also meet Arizona General Education Curriculum AGEC requirements.

Courses in **bold print and underscored** simultaneously count towards a Core Area and a Distribution requirement.

AGS GENERAL EDUCATION CORE
(16 credits - grade of "C" or better)*

First-Year Composition (6 credits)*

ENG English [101, 107] & [102, 108]

Oral Communication (3 credits)

COM Communication 100, 100AA & 100AB & 100AC, 110, 110AA & 110AB & 110AC, 225, 230

Critical Reading (3 credits)

CRE Critical Reading 101 or Equivalent as indicated by assessment

Mathematics (3 credits)

MAT Mathematics 112, 114, 115, 120, 121, 122, 126, 140, 141, 142, 145, 146, 150, 150&182, 151, 151&182, 152, 152&182, 155, 155&182, 156, 156&182, 172, 187, 206, 212, 213, 217, 218, 220,

[221](#), [225](#), [227](#), [230](#), [231](#), [240](#), [241](#), 256, 257, [276](#), [277](#)

Equivalent course/ Satisfactory completion of a higher level Mathematics course.

Computer Usage (1 credit)

Computer-related course or demonstration of comparable computer skills. Additional courses may be approved by individual colleges. Students should contact their advisor for college-specific courses satisfying the requirement.

Elective Courses (15-22 credits)

May select courses from prefixes already chosen for General Education Distribution requirements in order to develop depth in one or more subject areas.

*First-Year Composition may be met with fewer than 6 credits if a student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

Associate in Science (AS) Degree

Maricopa County Community College District MCCCDC 2023-2024 Associate In Science (AS) Degree

Description

The Maricopa County Community College District Associate in Science (AS) degree requires a minimum of 60 semester credits for the program of study; minimum total credits vary by specific emphasis (for example, Associate in Science, Emphasis in Physics). Refer to curriculum.maricopa.edu and click on Current Programs to search for the corresponding area of emphasis for credit minimums. A minimum grade point average of 2.0 (4.0 scale) and grades of “C” or better are required in all courses to earn the degree. The AS degree is governed by the MCCCDC General Academic Policies for Degrees Designed for University Transfer.

The Associate in Science degree includes the following components:

- I. Program Prerequisites (as specified by emphasis area)
- II. Required Courses
- III. Restricted Electives (as specified by emphasis area)
- IV. Arizona General Education Curriculum for Science (AGEC-S)
- V. MCCCDC Additional Requirements (Oral Communication and Critical Reading)
- VI. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree

The Associate in Science (AS) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors with more stringent mathematics and mathematics-based science requirements. Generally, the degree will transfer as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.

It does not, however, guarantee acceptance into particular university majors/programs with a limited number of students. Students should consult with their transfer institution for any specific admission requirements (e.g., GPA, letters of reference, work experience).

In most cases, courses used to satisfy the MCCCDC Associate in Science (AS) will apply to general university graduation requirements of the majors that align with the AS degree; however, students need to be aware of any specific requirements of their intended major at the university to be sure they select courses that will meet them. Information regarding the articulation of the AS with majors at the Arizona public universities can be accessed via the following website: aztransfer.com/tools

It is recommended that students select courses that meet more than one general education and/or awareness area requirement. Doing so will maximize the number of math and science electives the student can take as part of the Associate in Science degree.

Special Academic Policies that Govern the Associate in Science Degree

- The AGECS does not require a course with [CS] Computer/Statistics designation.

- Unlike the AGECA and AGECS, the same course is allowed to satisfy the ([L] and [HU]) or ([L] and [SB]) areas for the AGECS. The credits for such a “shared” course are only counted once toward the required minimum for the degree.

Degree Requirements

The requirements for the Associate in Science (AS) follow. The AS degree requires at least 60 credits; however, minimum credits for the AS may vary for a specific area of emphasis. Refer to curriculum.maricopa.edu and click on Current Programs to search for the corresponding area of emphasis and credit minimums. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: [AGECS](#) and the [AGEC Matrix](#).

Requirements

Credits

I. Program Prerequisites

Number varies

Program prerequisites for the AS degree vary by specific emphasis, and are neither required for all emphases nor for the general AS degree without a specific emphasis. Refer to curriculum.maricopa.edu and click on Current Programs to search for the corresponding area of emphasis for specific courses required and credit minimums.

II. Required Courses

Number varies

Students must complete FYE 101 (1) or FYE 103 (3) and select the required courses for the specific AS degree emphasis. Refer to curriculum.maricopa.edu and click on Current Programs to search for the corresponding area of emphasis for specific courses required and credit minimums.

III. Restricted Electives

Number varies

Restricted electives for the AS degree vary by specific emphasis and are not required for the general AS degree without a specific emphasis. Refer to curriculum.maricopa.edu and click on Current Programs to search for the corresponding area of emphasis for specific courses required and credit minimums.

IV. Arizona General Education Curriculum—Science (AGECS)

up to 56

The AGECS requires a minimum of 36 credits (33 if FYC is met by single transfer course)*. Courses applied to meet AGECA requirements vary by emphasis. Refer to curriculum.maricopa.edu and click on Current Programs to search for the corresponding area of emphasis for specific courses required and credit minimums.

Any prerequisite/required/restricted elective courses that also have one or more AGECS designation(s) may be applied toward both requirements. Credits for such shared courses are only counted once toward the total credits for the degree.

AGECS designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken. Some of the courses have been approved for more than one designation. Notes below will show how such courses may be used to meet multiple degree requirements.

- | | |
|---|--------------|
| A. First-Year Composition [FYC] | 6* |
| ENG101 OR ENG107 AND | (3)* |
| ENG102 OR ENG108 | (3)* |
| B. Literacy and Critical Inquiry [L] - COM225 Public Speaking | 0-3** |

Students are strongly encouraged to choose an [L] course that also has [HU] or [SB] designation or to use CRE101 or COM225 from the Maricopa Additional Requirements Area to satisfy the [L] requirement. It may also have been approved to satisfy one or more Awareness Areas ([C], [G], [H]). (AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.)

- C. Mathematical Applications [MA] **4-5**
The AGECS requires the first semester of a calculus sequence designed for scientists and engineers (MAT220 or MAT221) or any other [MA] designated course for which Calculus I is a prerequisite.
- D. Humanities, Arts and Design [HU] **6**
For the AGECS, a single course with both [HU] and [L] designations may satisfy both Areas. Note that some [HU] courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area(s). (AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.)
- E. Social-Behavioral Sciences [SB] **6**
For the AGECS, a single course with both [SB] and [L] designations may satisfy both Areas. Note that some [SB] courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area(s). (AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.)
- F. Natural Sciences [SQ/SG] **8-10**
Students must complete eight (8) to ten (10) credits of General Chemistry, University Physics, General Biology for Majors, or Physical and Historical Geology. Consult specific requirements of university transfer majors for guidance or refer to curriculum.maricopa.edu and click on Current Programs to search for the corresponding area of emphasis.
- [(CHM150 or CHM151) & CHM151LL] or
CHM150AA or CHM151AA General Chemistry I
AND
[CHM152 & CHM152LL] or CHM152AA General Chemistry II
OR
- PHY115 or PHY121 University Physics I
AND
PHY116 or PHY131 University Physics II
OR
- BIO181 or BIO181XT General Biology (Majors) I
AND
BIO182 or BIO182XT General Biology (Majors) II
OR
GLG101IN Introduction to Geology I - Physical or
GLG101 Introduction to Geology I - Physical Lecture and
GLG103 Introduction to Geology I – Physical Lab

AND

GLG102IN Introduction to Geology II – Historical or
GLG102 Introduction to Geology II - Historical Lecture and
GLG104 Introduction to Geology II – Historical Lab

G. Subject Options - Math/Science 6-10

Students should refer to transfer resources, including academic advisement and transfer guides, to select six (6)- ten (10) additional math and/or science credits that meet requirements for the selected major.

This Math/Science requirement can be met by selecting Mathematics course(s) (MAT) that require Calculus I as a prerequisite and/or Computer Science course(s) (CSC) and/or additional Science courses from the following disciplines: Astronomy, Biology, Botany, Chemistry, Engineering, Environmental Science, Geology, Physical Geography, Physics, Zoology (MCCCD prefixes AST, BIO, CHM, ECE, EEE, ENV, GLG, GPH, and/or PHY)

H. Awareness Areas 0-6

The same course(s) may be used to satisfy one or more Awareness Area(s) as well as other AGEC requirements. (See [AGEC matrix](#) for current course values). Credits for such shared courses may only be counted once

- 1) Cultural Diversity in the United States [C] (0-3)
Met by EDU222 and EDU230 in Required Courses.
- 2) Global Awareness [G] OR Historical Awareness [H] 0-(3)

V. MCCCD Additional Requirements 0-6

Some courses in this area have [SB] and [L] designations and may also be applied to the corresponding AGEC requirements. See the [AGEC matrix](#) on aztransfer.com/tools for course designations.

A. Oral Communication (0-3)

COM100 [SB] Introduction to Human Communication OR
COM110 [SB] Interpersonal Communication OR
COM225 [L] Public Speaking OR
COM230 [SB] Small Group Communication (3 credits) OR
COM100AA & COM100AB & COM100AC [SB] (3 credits) OR
COM110AA & COM110AB & COM110AC [SB] (3 credits)

B. Critical Reading (0-3)

CRE101 [L] Critical Reading OR equivalent as indicated by assessment

VI. General Electives 0-28

Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. MCCCD has established recommended courses and sequencing to align with various "Emphasis Areas" in one of nine different "Fields of Interest." See maricopa.edu/degrees-certificates for links to these transfer pathways.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: aztransfer.com/tools, maricopa.edu/degrees-certificates/transfer/pathways-partners as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

Total

60-64***

*FYC may be met with fewer than 6 credits if a student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

** (0 only if shared with HU or SB)

**64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer information.

Academic Certificate (AC)

Maricopa County Community College District (MCCCD) 2023-2024 Academic Certificate (AC)

Purpose of the Academic Certificate

The Maricopa County Community College District Academic Certificate (AC) is a defined and coherent program of study that is recommended for students who wish to gain additional expertise in a specific area of emphasis in an academic discipline. While this program of study can result in proficiency in the specified skills and competencies, as well as mastery of a body of knowledge, it is not designed to prepare someone for employment in a specific occupation. The coursework for an Academic Certificate may be from a variety of disciplines or it can be discipline specific. There is no required general studies component to an Academic Certificate; however, the program may include some courses that have specific general education (AGEC) designations such as Humanities, Arts and Design [HU], Social-Behavioral Sciences [SB], Literacy and Critical Inquiry [L], or Cultural Awareness [C]. (See [AGEC matrix](#) for current course values.)

Academic Policies that Govern the Academic Certificate:

- * Although the program of study for an Academic Certificate (AC) does not have a mandated minimum number of credit hours, most ACs require approximately 12-39 credit hours in courses numbered 100 and above; students must have earned a minimum of 6 credits toward the certificate at the institution awarding the certificate. For certificates with less than 6 credit hours, all credits must be completed at the college granting the award.
- * Students must earn a grade of C or better in each course in the program.
- * Follows the graduation policies listed in the college's general catalog for the appropriate catalog year.
- * Any course cross-referenced under another prefix(es) (for example ENH291/EDU291-Children's Literature) covers identical content and its credits can only be counted once toward certificate requirements.
- * Although ACs may include a subset of coursework required in particular transfer degrees, the intent of an AC is not to align with any specific university major. There is no presumption of block transfer to another college or university.
- * May have admission criteria established by the college if and when appropriate.
- * Generally offered at a limited number of colleges. For a listing of all ACs available in the district and their affiliated college(s) see the [CCTA web site: https://curriculum.maricopa.edu/](https://curriculum.maricopa.edu/).

Bachelor's Degrees

Start Your Bachelor's Degree at GateWay...

Starting your college career at GateWay is a smart move. If you plan to transfer to a four-year college or university, we can help you get there! Take advantage of our transfer services, including:

- [Transfer](#) partnerships with ASU, UA, NAU, GCU, and 40+ public, private, and online institutions across the country
- Opportunities to meet with representatives from Arizona's universities on campus
- Special events, like Transfer Fairs, workshops, and more
- Help with the transfer process
- Direct course equivalency and the seamless transfer of credits*

*Speak with an Academic Advisor or visit AZ Transfer's [Course Equivalency Guide](#) for more information: <https://aztransmac2.asu.edu/cgi-bin/WebObjects/CEG>

[Nuclear Medicine Technology and Computed Tomography](#)

9305 - Bachelor of Applied Science (BAS) - (124-133 Credits)

Field of Interest: **Health Sciences**

For Information: Julie Bolin

Email: julie.bolin@gatewaycc.edu

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/nuclear-medicine-technology-and-computed-tomography-9305-bas>

Description:

The Bachelor of Applied Science (BAS) in Nuclear Medicine Technology and Computed Tomography is designed to develop competent entry-level technologists through a variety of didactic, clinical, and laboratory experiences. Upon graduation, students will be eligible for national certifications in Nuclear Medicine Technology and Computed Tomography and may pursue additional stackable post-primary certifications with the Nuclear Medicine Technology Certification Board (NMTCB) and American Registry of Radiologic Technologists (ARRT).

Program Notes:

Students must complete the following general education and introductory courses with a 3.0 GPA to be added to the queue of those waiting for an available cohort space to begin the core curriculum: BIO201, BIO202, [(CHM130 and CHM130LL) or CHM130AA or (CHM138 and CHM138LL)], (ENG101 or ENG107), (ENG102 or ENG108), (MAT15+ or equivalent course or satisfactory completion of a higher-level algebra mathematics course), NUC100, [PHY101 or (PHY111 and PHY112)].

Students must earn a grade of C or better in each course in the program.

Admission Criteria:

1. Formal application and admission to the program.
2. Background Check Requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Background Check Policy.
3. Clinical health and safety requirements must be met prior to enrollment in any program of study course. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy and drug testing protocols.
4. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes or during the program may result in cancellation of enrollment.
5. There are limited spaces available in the NMT program. Only students who have completed all the general education and introductory courses noted above may have their name added to the queue of those waiting for an available space in a cohort.
6. As long as all general education and introductory courses have been completed, potential students residing outside of the state of Arizona can seek permission from the Program Director to be placed on the waitlist, granted a position number, and agree to take NUC100 in the semester prior to formal program admission.

Readmission Criteria:

The Program reserves the right to deny acceptance of an admission application if the applicant was dismissed from any program for issues relating to academic integrity and/or unsafe patient care.

Program Prerequisites: None**Required Courses (92-94 Credits):**

+ PHY111 General Physics I (4) AND

+ PHY112 General Physics II (4) 4-8

Awareness Areas - Credits: 0

These requirements may be shared with Core Requirements.

Cultural Diversity in the US [C] - Credits: 0

Met by COM263 in Required Courses.

Historical/Global Awareness [H]/[G] - Credits: 0

Met by COM263 in Required Courses.

MCCCD Additional Requirements - Credits: 0

Courses in this area may also be applied to the AGECE Core Requirements. To minimize total credits required for degree and maximize transferable credits, it is recommended that courses be selected that meet more than one requirement wherever possible.

Oral Communication (COM) - Credits: 0

Met by COM263 in Required Courses.

MCCCD Governing Board Approval Date: August 23, 2022

Associate Degrees

Accounting

3149 - Associate in Applied Science (AAS) - (62-73 Credits)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Tina Wixom

Phone: 602-286-8945

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/accounting-3149-aas>

Description:

The Associate in Applied Science (AAS) in Accounting program is designed to provide fundamental skills for individuals planning to enter the field of accounting. Possible entry-level jobs for this program include accounting clerk, accounts payable/receivable clerk, claims clerk, payroll clerk, credit clerk, bookkeeper, accounting intern, tax preparation or comparable positions. This program may prepare students for certification in Certified Bookkeeper (CB), Enrolled Agent (EA), and Certified Payroll Professional (CPP). Certificates of Completion (CCL) in Accounting and Enrolled Agent are available.

Program Notes:

Students must earn a grade of C or better in all courses in the program.

Consultation with an Academic Advisor is recommended for course selection.

This program replaces:

AAS/3130 Accounting-Specialized Para-Professional

AAS/3131 Accounting Paraprofessional

Program Prerequisites: None.

Required Courses (34-39 Credits):

ACC111 Accounting Principles I (3) AND

+ ACC230 Uses of Accounting Information I (3) AND

+ ACC240 Uses of Accounting Information II (3)

OR

ECN211 Macroeconomic Principles (3) OR

ECN212 Microeconomic Principles (3) OR

SBU200 Society and Business (3) 3

Natural Sciences - Credits: 4

Any approved general education course from the Natural Sciences area.

MCCCD Governing Board Approval Date: June 28, 2022

Administrative Professional

3680 - Associate in Applied Science (AAS) - (62-70 Credits)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Tina Wixom

Phone: 602-286-8945

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management>

Description:

The Associate in Applied Science (AAS) in the Administrative Professional degree is designed to provide training for various office positions. The curriculum incorporates people and technological skills essential for job success. Includes instruction in business communications, office procedures, public relations, accounting, records management, and report preparation. A Certificate of Completion (CCL) in Administrative Professional is also available.

Program Notes:

Students must earn a grade of C or better in all courses required within the program.

This program replaces:

AAS/3237 Administrative Technology

AAS/3238 Administrative Specialist

Program Prerequisites: None.

Required Courses (25-27 Credits):

ACC115 Computerized Accounting 3

BPC110 Computer Usage and Applications (3) OR

CIS105 Survey of Computer Information Systems (3) 3

CIS113DE Microsoft Word: Word Processing 3

Air Conditioning/Refrigeration/Facilities

3211 - Associate in Applied Science (AAS) - (68.5-79.5 Credits)

Field of Interest: **Applied Technology**

For Information: Larry Bruce Martz

Phone: 602-286-8643

<https://www.gatewaycc.edu/degrees-certificates/applied-technology/air-conditioningrefrigerationfacilities-3211-aas>

Description:

The Associate in Applied Science (AAS) in Air Conditioning/Refrigeration/Facilities program is designed to provide training in the areas of heating, ventilation, air conditioning and refrigeration (HVAC/R) systems, electricity, electronic controls and instrumentation, hydronics, electro-mechanical devices, and general repair. Students will have an opportunity to learn skills necessary to assess and solve problems quickly, based upon an understanding of regulatory guidelines. The program provides students an opportunity to develop written and verbal communication skills through general education courses.

Program Notes:

Students must earn a grade of C or better for all courses within the program.

Program Prerequisites: None

Required Courses (46.5-51.5 Credits):

CON105 Construction Calculations 1.5

CON107 Construction Drawings Introduction 1

Automotive Service

3180 - Associate in Applied Science (AAS) - (64-77 Credits)

Field of Interest: **Applied Technology**

For Information: Jason Cooper

Phone: 602-286-8629

<https://www.gatewaycc.edu/degrees-certificates/applied-technology/automotive-service-3180-aas>

Description:

The Associate in Applied Science (AAS) in Automotive Service prepares individuals to apply technical knowledge and skills to repair, service, and maintain automobiles. Instruction is in both the theoretical and practical aspects of automotive repair, service and maintenance, and includes brake systems, electrical systems, engine performance, engine repair, suspension and steering, automatic and manual transmissions and drivetrains, and heating and air conditioning systems. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile Certification Tests (A1 - A8).

See program advisor for additional certificate offerings.

Program Notes:

Students must earn a grade of C or better for each course listed in the Required Courses area.

Program Prerequisites: None

Required Courses (43-45 Credits):

ASE100 Introduction to Automotive Service 2

ASE110 Engine Fundamentals (4) OR

Banking and Finance

3091 - Associate in Applied Science (AAS) - (62-69 Credits)

Field of Interest: **Business, Entrepreneurialism and Management**

For Information: Tina Wixom

Phone: 602-286-8945

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/banking-and-finance-3091-aas>

Description:

The Associate in Applied Science (AAS) in Banking and Finance program has been developed in cooperation with the Central Arizona Chapter of the American Institute of Banking and the Institute of Financial Education for entry or advancement in the banking profession. The program is designed to prepare students for the many challenges of the world of finance, since the role of the modern banker today demands specialized knowledge, flexible job performance, communication skills and customer service. A Certificate of Completion (CCL) in Banking and Finance is available.

Program Notes:

Students must earn a grade of C or better in all courses required within the program.

Program Prerequisites: None

Required Courses (31-33 Credits):

ACC111 Accounting Principles I 3

+ ACC112 Accounting Principles II 3

CIS105 Survey of Computer Information Systems 3

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

GBS103 Principles of Banking 3

GBS120 Workplace Communication Skills 3

GBS131 Business Calculations 3

GBS151 Introduction to Business 3

GBS205 Legal, Ethical, and Regulatory Issues in Business 3

GBS294 Consumer Credit 3

MGT126 Customer Service Skills and Strategies 3

Restricted Electives (9 Credits):

Students must select nine (9) credits from the list below:

+ ACC212 Managerial Accounting 3

+ ACC270AC Accounting Internship (3) OR

+ GBS270AC Business Internship (3) 3

CIS114DE Excel Spreadsheet 3

GBS206 Business Law (UCC) 3
GBS207 Business Law (General Corporate) 3
GBS261 Investments I 3

MKT267 Principles of Sales (3) OR
MKT271 Principles of Marketing (3) 3

General Education Requirement - Credits: 22-27

General Education Core - Credits: 12-17

First-Year Composition - Credits: 6

+ ENG101 First-Year Composition (3) OR
+ ENG107 First-Year Composition for ESL (3) AND
+ ENG102 First-Year Composition (3) OR
+ ENG108 First-Year Composition for ESL (3)

Oral Communication - Credits: 3

COM100 Introduction to Human Communication (3) OR
COM110 Interpersonal Communication (3) OR
+ COM225 Public Speaking (3) OR
COM230 Small Group Communication (3) 3

Critical Reading - Credits: 0-3

+ CRE101 College Critical Reading and Critical Thinking (3) OR
Equivalent as indicated by assessment. 0-3

Mathematics - Credits: 3-5

Any approved general education course from the Mathematics area. 3-5

General Education Distribution - Credits: 10

Humanities, Arts and Design - Credits: 3

Any approved general education course from the Humanities, Arts and Design area.

Social-Behavioral Sciences - Credits: 3

ECN211 Macroeconomic Principles (3) OR
ECN212 Microeconomic Principles (3) OR
SBU200 Society and Business (3) 3

Natural Sciences - Credits: 4

Any approved general education course from the Natural Sciences area.

MCCCD Governing Board Approval Date: June 28, 2022

Beauty and Wellness

3209 - Associate in Applied Science (AAS) - (61-70 Credits)

Field of Interest: **Business, Entrepreneurialism and Management**

For Information: Tina Wixom

Phone: 602-286-8945

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/beauty-and-wellness-3209-aas>

Description:

The Associate in Applied Science (AAS) in Beauty and Wellness promotes progressive thinking, skills, and experiences to enhance personal growth and professional success. This interdisciplinary AAS is designed to provide students with business and financial acumen, effective and collaborative communication skills, critical thinking techniques, and leadership qualities to be empowered professionals. Students who complete this AAS have fundamental strategies to effectively and successfully implement innovative principles in the beauty industry to serve consumers. The Associate in Applied Science (AAS) in Beauty and Wellness may transfer to a Bachelor of Applied Science (BAS) program for students who want to pursue a bachelor's degree.

Admission Criteria:

Entry into this program requires a current, active aesthetician, cosmetology, hairstyling, or instructor license. All licenses must be in good standing.

Credits for prior learning will be awarded for equivalent Beauty and Wellness (BAW) prefix courses based on licensure.

Program Prerequisites (12-30 Credits):

Entry into this program requires a current, active Aesthetician or Aesthetician Instructor; or Cosmetology or Cosmetology Instructor; or Hairstylist or Hairstylist Instructor, or Massage Therapist or Massage Therapist Instructor license. Credits for prior learning will be awarded for equivalent Beauty and Wellness (BAW) prefix courses based on licensure.

Aesthetician License/Aesthetician Instructor License - Credits: 12

BAW102 Aesthetics Essentials 4

BAW110 Advanced Aesthetics 4

BAW115 Aesthetics Mastery 4

OR

Cosmetology License/Instructor Cosmetology License - Credits: 30

BAW104 Hair Essentials I 4

BAW106 Hair Essentials II 4

BAW114 Student Salon I 4

BAW116 Student Salon II 4

BAW119 Nail Essentials 4

BAW212 Skin Essentials 4

BAW214 Student Salon III 4
BAW218 Cosmetology State Licensure 2

OR

Hairstylist License/Instructor Hairstylist License - Credits: 20

BAW104 Hair Essentials I 4
BAW106 Hair Essentials II 4
BAW114 Student Salon I 4
BAW116 Student Salon II 4
BAW118 Hair Stylist State Licensure 4

OR

Nail Technician/Nail Technician Instructor License - Credits: 12

BAW100 Nail Technology I 4
BAW105 Nail Technology II 4
BAW111 Nail Technology III 4

OR

Massage Therapist/Massage Therapist Instructor License - Credits: 14

BAW120 Massage Therapy Basics 3.5
BAW121 Massage Therapy Advanced 3.5
BAW220 Massage Therapy Mastery I 3.5
BAW221 Massage Therapy Mastery II 3.5
Credits: 12-30

Required Courses (10-12 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR
FYE103 Exploration of College, Career and Personal Success (3) 1-3

Select courses to complete a total of nine (9) credits:

BAW298++ Special Projects 1-3
GBS/HEC132 Personal and Family Financial Security 3
MGT253 Owning and Operating a Small Business 3
MKT110 Marketing and Social Networking 3

General Electives - Credits: 0-17

Select additional courses, 100-level or higher, to complete the minimum credits required for this degree.
Consult with the Program Director or an Academic Advisor.

General Education Requirement - Credits: 22-28

General Education Core - Credits: 12-18

First-Year Composition - Credits: 6

+ ENG101 First-Year Composition (3) OR
+ ENG107 First-Year Composition for ESL (3) AND

- + ENG102 First-Year Composition (3) OR
- + ENG108 First-Year Composition for ESL (3) 6

General Education Distribution - Credits: 10

Humanities, Arts and Design - Credits: 3

Any approved general education course from the Humanities, Arts, and Design area

Social-Behavioral Sciences - Credits: 3

Any approved general education course from the Social-Behavioral Sciences area

Recommended:

- PSY101 Introduction to Psychology (3) OR
- PSY132 Psychology and Culture (3) OR
- SOC101 Introduction to Sociology (3) OR
- SOC157 Sociology of Families and Relationships (3) OR
- SWU250 Mindfulness for Stress Management (3) OR
- WED110 Principles of Physical Fitness and Wellness (3) 3

Natural Sciences - Credits: 4

Any approved general education course from the Natural Sciences area

Recommended:

- BIO160 Introduction to Human Anatomy and Physiology (4) OR
- CHM107 Chemistry and Society (3) AND
- CHM107LL Chemistry and Society Laboratory (1) 4 OR
- CHM130 Fundamental Chemistry (3) AND
- CHM130LL Fundamental Chemistry Laboratory (1) 4 OR
- FON241 Principles of Human Nutrition (3) AND
- FON241LL Principles of Human Nutrition Laboratory (1) 4

MCCCD Governing Board Approval Date: February 28, 2023.

Construction Trades - Mechanical Trades: Plumbing **3069 - Associate in Applied Science (AAS) - (61-81 Credits)**

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/plumbing-journeymen>

Description:

The Associate in Applied Science (AAS) in Construction Trades - Mechanical Trades: Plumbing degree is designed to provide apprentices and journeymen with a broadened educational background and leadership skills so that students completing the associate degree program may be better equipped to enter supervisory and managerial positions.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Students pursuing this degree must be graduates of a Registered Apprenticeship program in Option 1 (Plumbing) or Option 2 (Pipefitting) with journeyman status. The credits of core subject matter courses are awarded through a prior learning assessment application to the GateWay Apprenticeships Office. The courses are not offered outside of the Prior Learning Assessment (PLA) process.

Admission Criteria:

Registered apprentice status in the state of Arizona with a trade-specific sponsoring organization.

Program Prerequisites: None

Required Courses (24-54 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

+ BPC/CIS+++++ Any BPC Business-Personal Computers or CIS Computer Information Systems course(s) 3

Option 1: Plumbing

(20-40 credits) awarded through PLA process:

MEC105 Residential and Industrial Plumbing I (5)

MEC107 Residential and Industrial Plumbing II (5)

MEC108 Residential and Industrial Plumbing III (5)

MEC118 Residential and Industrial Plumbing IV (5)

MEC205 Residential and Industrial Plumbing V (5)

MEC207 Residential and Industrial Plumbing VI (5)

MEC208 Residential and Industrial Plumbing VII (5)

MEC218 Residential and Industrial Plumbing VIII (5)

Option 2: Pipefitting**(24-48 credits) awarded through PLA process:**

- IMC112 Introduction to Mechanical Trades Construction (6)
- IMC114 Overview of Mechanical Trades: Sheet Metal, Pipefitting, Plumbing (6)
- IMC122 Multiple Trades cross Training: Tubes, Fittings and Piping Systems (6)
- IMC124 Multiple Trades Cross Training: Standards (6)
- IMC235 Mechanical Trades Construction: Pipefitting Intermediate Principles and Concepts (6)
- IMC238 Mechanical Trades Construction: Pipefitting Advanced Principles and Concepts (6)
- IMC245 Mechanical Trades Construction: Pipefitting Advanced Skill Building (6)
- IMC248 Mechanical Trades Construction: Pipefitting Advanced Applications and Techniques (6)

Restricted Electives (0-15 Credits):

Students should choose zero (0) to fifteen (15) credits from the following list of courses to complete the minimum total program credits required for this degree based on their apprenticeship standing upon program enrollment and in consultation with Apprenticeship-Program Coordinator. Any 100-200 level prefixed courses may be selected, except courses used to satisfy the Required Courses area.

- BPC+++++ Any BPC Business Personal Computers course(s)
- CAD+++++ Any CAD Computer Aided Drafting course(s)
- CNS+++++ Any CNS Construction course(s)
- ELC+++++ Any ELC Electronics course(s)
- EPS+++++ Any EPS Entrepreneurial Studies course(s)
- OSH+++++ Any OSH Occupational Safety and Health course(s)
- WLD+++++ Any WLD Welding Technology course(s)

General Education Requirement - Credits: 22-27**General Education Core - Credits: 12-17****First-Year Composition - Credits: 6**

- + ENG101 First-Year Composition (3) OR
- + ENG107 First-Year Composition for ESL (3) AND
- + ENG102 First-Year Composition (3) OR
- + ENG108 First-Year Composition for ESL (3) OR
- + ENG111 Technical and Professional Writing (3) 6

Oral Communication - Credits: 3

- COM100 Introduction to Human Communication (3) OR
- COM110 Interpersonal Communication (3) OR
- + COM230 Small Group Communication (3) 3

Critical Reading - Credits: 0-3

- + CRE101 College Critical Reading and Critical Thinking (3) OR
- Equivalent by assessment on District Placement Exam 0-3

Mathematics - Credits: 3-5

+ MAT120 Intermediate Algebra (5) OR

+ MAT121 Intermediate Algebra (4) OR

+ MAT122 Intermediate Algebra (3) OR

Equivalent course or satisfactory completion of a higher level mathematics course 3-5

Construction Trades - Mechanical Trades: Sheet Metal **3077 - Associate in Applied Science (AAS) - (61-81 Credits)**

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/sheet-metal-journeymen>

Description:

The Associate in Applied Science (AAS) in Construction Trades - Mechanical Trades: Sheet Metal program is designed to provide knowledge in the Sheet Metal trade which will enable the student to apply master skills as a sheet metal worker. Course work will include: safety, basic sheet metal principles, trade calculations, piping practices, blueprint reading, refrigeration fundamentals, mechanical systems and heat pumps. Students will be competent in fabrication, triangulation, gutters, downspouts, chimneys, insulation and moisture prevention. The Sheet Metal and Air Conditioning Contractors National Association's (SMACNA) manuals and standards will be supplemental materials used in the classroom. Additionally, students will examine factors involved in estimating labor and materials, equipment and delivery.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

Students pursuing this degree must be graduates of a Registered Apprenticeship program in Sheet Metal with journeyman status. The credits of core subject matter courses are awarded through a Prior Learning Assessment (PLA) application to the GateWay Apprenticeships Office. The courses are not offered outside of the Prior Learning Assessment process.

Admission Criteria:

Admission Criteria: Admission to the program by the Apprenticeship Coordinator.

Program Prerequisites: None

Required Courses (28-54 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

+ BPC/CIS+++++ Any BPC/CIS Business-Personal Computers OR Computer Information Systems course(s) 3

Credits to be awarded through Prior Learning Assessment (PLA) process (24-48 credits):

IMC112 Introduction to Mechanical Trades Construction (6)

IMC114 Overview of Mechanical Trades: Sheet Metal, Pipefitting, Plumbing (6)

IMC122 Multiple Trades cross Training: Tubes, Fittings and Piping Systems (6)

IMC124 Multiple Trades Cross Training: Standards (6)

IMC233 Mechanical Trades Construction: Sheet Metal Intermediate

Principles and Concepts (6)

IMC237 Mechanical Trades Construction: Sheet Metal Advanced Principles and Concepts (6)

Construction Trades: Carpentry

3424 - Associate in Applied Science (AAS) - (74-93 Credits)

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/carpentry-journeymen>

Description:

The Associate in Applied Science (AAS) in Construction Trades: Carpentry program is designed to provide a well-rounded education to the journeyman carpenter/student that will enable the student to enter into supervision or management in the construction industry.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Program Accreditation/Certification or Licensure Information: Journeyman status through the Arizona Department of Economic Security, Apprenticeship Services Division, U.S. Department of Labor, Bureau of Apprenticeship and Training.

Admission Criteria:

Admission to the program by the following registered apprenticeship program: Southwest Carpenters Training Fund OR approved Prior Learning Assessment (PLA) application through GateWay Apprenticeships Office.

Program Prerequisites: None

Required Courses (52-55 Credits):

+ BPC/CIS+++++ Any BPC/CIS Business-Personal Computers OR
Computer Information Systems course(s) 3

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

Option 1:

Credits: 48-49

CCL earned through dual-enrollment option with Southwest Carpenters Training Fund: Certificate of Completion in Construction Trades: Carpentry (5395) 48-49

Option 2:

Credits: 48-49

Core classes/credit awarded through Prior Learning Assessment (PLA) process. PLA award is for the classes listed below, equaling 36 credit hours. The award is not given as a CCL, but rather toward the AAS degree. (Students must be degree seeking for PLA award, and meet criteria set forth by GateWay Apprenticeships Office and MCCCCD PLA policy guidelines.)

CRP101 Orientation - Carpenter Apprenticeship (3)
CRP102 Safety/Health Certifications for Carpentry (3)
CRP103 Tool and Equipment Applications (3)
CRP104 Basic Wall Framing (3)
CRP108 Moldings and Trim (3)
CRP113 Basic Roof Framing (3)
CRP121 Print Reading for Carpenters (3)
CRP123 Wall Forming (3)
CRP124 Foundations and Flatwork (3)
CRP131 Commercial Floor Framing (3)
CRP232 Stair and Ramp Forming (3)
CRP234 Transit Level/Laser (3)

Restricted Electives (0-11 Credits):

Students should choose 0-11 credits from the following list of courses to complete the minimum total program credits required for this degree. Any 100/200 level prefixed courses may be selected, except courses used to satisfy the Required Courses area.

BLT+++++ Any BLT Building Safety and Construction technology course(s)
BPC+++++ Any BPC Business Personal Computers course(s)
CAD+++++ Any CAD Computer Aided Drafting course(s)

Construction Trades: Electricity

3428 - Associate in Applied Science (AAS) - (71-79 Credits)

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/electrical-journeymen>

Description:

The Associate in Applied Science (AAS) in Construction Trades: Electricity degree is designed to provide apprentices and journeymen with a broadened educational background and leadership skills so that students completing the associate degree program may be better equipped to enter supervisory and managerial positions.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

Students must provide proof of completion of an accredited apprenticeship program and a journeyman card awarded in the state of Arizona. The journeyman card must be active and in good standing.

Admission Criteria:

Students are admitted to this program through the Registered Apprenticeship Sponsor selection process recorded in their apprenticeship standards filed with the State Apprenticeship Office or after an evaluation process by MCCCDC that demonstrates proof of completion of an accredited apprenticeship program and a journeyman card in the state of Arizona.

Credits for prior learning will be awarded for equivalent Electricity (ELA) prefix courses.

Program Prerequisites: None

Required Courses (49-51 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR
FYE103 Exploration of College, Career and Personal Success (3) 1-3

Credits awarded through PLA application process (30-60 credits):

Specialization 1 (30-60 credits):

- + ELA111 Construction Electricity I 6
- + ELA112 Construction Electricity II 6
- + ELA113 Introduction to National Electrical Code 3
- + ELA123 Construction Electricity III 6
- + ELA124 Construction Electricity IV 6
- + ELA125 National Electric Code I 3
- + ELA235 Advanced Construction Electricity I 6
- + ELA236 Advanced Construction Electricity II 6
- + ELA238 National Electric Code II 3
- + ELA246 National Electric Code III 3

Specialization 2 (30-48 credits):

- + ABA112 Electrical I 6
- + ABA114 Electrical II 6
- + ABA122 Electrical III 6
- + ABA124 Electrical IV 6
- + ABA232 Electrical V 6
- + ABA234 Electrical VI 6
- + ABA242 Electrical VII 6
- + ABA244 Electrical VIII 6

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/heat-and-frost-insulation-journeymen>

Description:

The Associate in Applied Science (AAS) in Construction Trades: Heat and Frost Insulation degree is designed to provide apprentices and journeymen with a broadened educational background and leadership skills so that students completing the associate degree program may be better equipped to enter supervisory managerial positions.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Students pursuing this degree must be graduates of a Registered Apprenticeship program in Heat and Frost Insulation with journeyman status. The 45 credits of core subject matter courses are awarded through a Prior Learning Assessment (PLA) application to the GateWay Apprenticeships Office. The courses are not offered outside of the Prior Learning Assessment process.

Admission Criteria:

Admission Criteria: Admission to the program by the Apprenticeship Coordinator.

Program Prerequisites: None

Required Courses (32-51 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR
FYE103 Exploration of College, Career and Personal Success (3) 1-3

+ BPC/CIS+++++ Any BPC Business-Personal Computers OR
CIS Computer Information Systems 100/200 level course(s) 3

Credits awarded through the Prior Learning Assessment (PLA) process: 28-45 credits

HFA101 Introduction to Insulation 5

HFA102 Insulation Tools and Equipment: Use and Care 3

HFA110 Math for Heat and Frost Technology 5

HFA115 Fundamental Insulation Skills: Piping I 5

HFA150 Shop Fabrication: Layout and Pattern-making for Insulators I 5

HFA204 Scaffolding for Insulators 2

HFA215 Fundamental Insulation Skills: Piping II 5

HFA250 Shop Fabrication: Layout and Pattern-making for Insulators II 5

HFA260 Blueprints and Firestopping 5

HFA270 Supervision for Foreman 5

Restricted Electives (0-7 Credits):

Students should select from zero (0) to seven (7) credits from the following courses to complete the minimum total program credits required for this degree based on their apprenticeship standing upon program enrollment and in consultation with Apprenticeship- Program Coordinator. Any 100/200 level prefixed courses may be selected, except courses used to satisfy the Required Courses area.

BLT+++++ Any BLT Building Safety and Construction technology course(s)

BPC+++++ Any BPC Business Personal Computers course(s)

CAD+++++ Any CAD Computer Aided Drafting course(s)

CNS+++++ Any CNS Construction course(s)

GBS+++++ Any GBS General Business course(s)

HFA+++++ Any HFA Heat and Frost Technology course(s)

IND+++++ Any IND Industry course(s)

MGT+++++ Any MGT Management course(s)

OSH+++++ Any OSH Occupational Safety and Health course(s)

SPA+++++ Any SPA Spanish course(s)

TDR+++++ Any TDR Trade related course(s)

WLD+++++ Any WLD Welding Technology course(s)

General Education Requirement - Credits: 22-27

General Education Core - Credits: 12-17

First-Year Composition - Credits: 6

- + ENG101 First-Year Composition (3) OR
- + ENG107 First-Year Composition for ESL (3) AND
- + ENG102 First-Year Composition (3) OR
- + ENG108 First-Year Composition for ESL (3) OR
- + ENG111 Technical and Professional Writing (3) 6

Oral Communication - Credits: 3

Any approved general education course from the Oral Communication area except COM225 Public Speaking.

Recommended courses are:

COM100 Introduction to Human Communication (3) OR

COM110 Interpersonal Communication (3) OR

+ COM230 Small Group Communication (3) 3

Critical Reading - Credits: 0-3

- + CRE101 College Critical Reading and Critical Thinking (3) OR
- Equivalent by assessment on District Placement Exam. 0-3

Mathematics - Credits: 3-5

+ MAT120 Intermediate Algebra (5) OR

+ MAT121 Intermediate Algebra (4) OR

+ MAT122 Intermediate Algebra (3) OR

Equivalent course or satisfactory completion of a higher level mathematics course. 3-5

General Education Distribution - Credits: 10

Humanities, Arts and Design - Credits: 3

Any approved general education course from the Humanities, Arts and Design area. 3

Social-Behavioral Sciences - Credits: 3

Any approved general education course from the Social-Behavioral Sciences area. 3

Natural Sciences - Credits: 4

Any approved general education course from the Natural Sciences area. 4

MCCCD Governing Board Approval Date: June 28, 2022

Construction Trades: Ironworking

3436 - Associate in Applied Science (AAS) - (61-83 Credits)

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/ironworking-journeymen>

Description:

The Associate in Applied Science (AAS) in Construction Trades: Ironworking degree is designed to provide apprentices and journeymen with a broadened educational background and leadership skills so that students completing the associate degree program may be better equipped to enter supervisory managerial positions.

Program Notes:

Students must earn a grade of C or better for all courses within the program.

Students pursuing this degree must be graduates of a Registered Apprenticeship program in Ironworking with journeyman status. The 45 credits of core subject matter courses are awarded through a Prior Learning Assessment (PLA) application to the GateWay Apprenticeships Office. The courses are not offered outside of the prior learning assessment process.

Admission Criteria:

Admission Criteria: Admission to the program by the Apprenticeship Coordinator.

Program Prerequisites: None

Required Courses (29-56 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

+ BPC/CIS+++++ Any BPC Business-Personal Computers or CIS Computer Information Systems course(s) 3

(25-50) credits awarded through the Prior Learning Assessment (PLA) process:

CNS110 Green Construction Overview 0.5

IRW101 Ironworking: Orientation 3

IRW102 Safety and Health for Ironworking 3

IRW103 Science, Rigging, and Hoisting 6

IRW104 Ironworking: Blueprint Reading 1.5

IRW105 Ironworking III: History 3

IRW112 Lead Hazard Training 3

IRW120 Structural Steel Erection I 3

IRW121 Structural Steel Erection II 3

IRW122 Cranes 3

IRW130 Reinforcing: Rebar 3
IRW131 Reinforcing: Post Tensioning Monostrand 3
IRW142 Conveyors and Industrial Maintenance 3
IRW150 Rigging I 3
+ IRW151 Rigging II 3
IRW160 Architectural Ironworking I 3
+ IRW161 Architectural Ironworking II 3
IRW175 Precast Concrete, Metal Buildings, and Scaffolding 3
IND/PNT150 Construction Foreman 2
ABC/MEC/PNT120 Basic Calculations for Construction 1.5
WLD101 Introduction to Welding 3
+ WLD201 Advanced Welding Concepts 3
TDR/WLD202 Construction Welding III 3

Restricted Electives (0-10 Credits):

Students should choose 0-10 credits from the following list of courses to complete the minimum total program credits required for this degree. Any 100-200 level prefixed courses may be selected, except courses used to satisfy the Required Courses area.

BLT+++++ Any BLT Building Safety and Construction Technology course(s)
BPC+++++ Any BPC Business-Personal Computers course(s)
CAD+++++ Any CAD Computer-Aided Drafting course(s)
CNS+++++ Any CNS Construction course(s)
GBS+++++ Any GBS General Business course(s)
IND+++++ Any IND Industry course(s)
IRW+++++ Any IRW Ironworking: Apprenticeship course(s)
MGT+++++ Any MGT Management course(s)
OSH+++++ Any OSH Occupational Safety and Health course(s)
SPA+++++ Any SPA Spanish course(s)
TDR+++++ Any TDR Trade Related course(s)
WLD+++++ Any WLD Welding Technology course(s)

General Education Requirement - Credits: 22-27

General Education Core - Credits: 12-17

First-Year Composition -Credits: 6

+ ENG101 First-Year Composition (3) OR
+ ENG107 First-Year Composition for ESL (3) AND
+ ENG102 First-Year Composition (3) OR
+ ENG108 First-Year Composition for ESL (3) OR
+ ENG111 Technical and Professional Writing (3) 6

Oral Communication - Credits: 3

COM100 Introduction to Human Communication (3) OR
COM110 Interpersonal Communication (3) OR
COM230 Small Group Communication (3) 3

Critical Reading - Credits: 0-3

+ CRE101 College Critical Reading and Critical Thinking (3) OR
Equivalent as indicated by assessment 0-3

Mathematics - Credits: 3-5

+ MAT120 Intermediate Algebra (5) OR
+ MAT121 Intermediate Algebra (4) OR
+ MAT122 Intermediate Algebra (3) OR
Equivalent course OR Satisfactory completion of a higher level mathematics course 3-5

General Education Distribution - Credits: 10

Humanities, Arts and Design - Credits: 3

Any approved general education course from the Humanities and Fine Arts area. 3

Social-Behavioral Sciences - Credits: 3

Any approved general education course from the Social and Behavioral Sciences area. 3

Natural Sciences - Credits: 4

Any approved general education course from the Natural Sciences area. 4

MCCCD Governing Board Approval Date: June 28, 2022

Construction Trades: Millwrighting

3440 - Associate in Applied Science (AAS) - (60-88 Credits)

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/millwright-journeymen>

Description:

The Associate in Applied Science (AAS) in Construction Trades: Millwrighting degree is designed to provide apprentices and journeymen with a broadened educational background and leadership skills so that students completing the associate degree program may be better equipped to enter supervisory and managerial positions.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Admission Criteria:

Registered apprentice status in the state of Arizona with a trade-specific sponsoring organization OR approved Prior Learning Assessment (PLA) application through GateWay Apprenticeships Office.

Program Prerequisites: None

Required Courses (20-42 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

+ BPC/CIS+++++ Any BPC Business-Personal Computers OR

CIS Computer Information Systems course(s) 3

Option 1: 16-36 Credits

CCL earned through simultaneous enrollment option with Southwest Carpenters Training Fund.

Students should select from sixteen (16) to thirty-six (36) credits from the following courses based on their apprenticeship standing upon program enrollment and in consultation with the Apprenticeship Program Coordinator.

+ MWR101 Introduction to Millwrighting 2

+ MWR102 Millwrighting Safety and Health Certifications 2

+ MWR103 Machinery Installation and Erection I 2

+ MWR104 Machinery Installation and Erection II 2

+ MWR105 Millwrighting General Skills 2

+ MWR107 Drives, Pulleys and Belts 2

+ MWR108 Reading Mechanical Prints 2

+ MWR109 Turbine Familiarization 2

- + MWR110 Cutting and Burning 2
- + MWR111 Tools and Equipment Applications 2
- + MWR201 Shaft Alignment I 2
- + MWR202 Conveyor Systems 2
- + MWR205 Shaft Alignment II 2
- + MWR206 Rigging Hardware and Procedures 2
- + MWR208 Compressor Theory and Maintenance 2
- + MWR210 Solar Installer 2
- + WLD215AA Weld Fabrication I for Millwrighting 2
- + WLD215AB Weld Fabrication II for Millwrighting 2

Option 2: 16-36 Credits

Core courses/credit awarded through prior learning assessment (PLA) process. PLA award is for the courses listed below, equalling 36 credit hours. The award is not given as a CCL, but rather toward the AAS degree. (Students must be degree seeking for PLA award, and meet criteria set forth by GateWay Apprenticeships Office and MCCCPLA policy guidelines.)

- MWR101 Introduction to Millwrighting 2
- MWR102 Millwrighting Safety and Health Certifications 2
- MWR103 Machinery Installation and Erection I 2
- MWR104 Machinery Installation and Erection II 2
- MWR105 Millwrighting General Skills 2
- MWR107 Drives, Pulleys and Belts 2
- MWR108 Reading Mechanical Prints 2
- MWR109 Turbine Familiarization 2
- MWR110 Cutting and Burning 2
- MWR111 Tools and Equipment Applications 2
- MWR201 Shaft Alignment I 2
- MWR202 Conveyor Systems 2
- MWR205 Shaft Alignment II 2
- MWR206 Rigging Hardware and Procedures 2
- MWR208 Compressor Theory and Maintenance 2
- MWR210 Solar Installer 2
- WLD215AA Weld Fabrication I for Millwrighting 2
- WLD215AB Weld Fabrication II for Millwrighting 2

Restricted Electives (0-19 Credits):

Students should choose zero (0) to nineteen (19) credits from the following list of courses to complete the minimum total program credits required for this degree based on their apprenticeship standing upon program enrollment and in consultation with Apprenticeship- Program Coordinator. Any 100-200 level prefixed courses may be selected, except courses used to satisfy the Required Courses area.

- BLT+++++ Any BLT Building Safety and Construction Technology course(s)
- BPC+++++ Any BPC Business Personal Computers course(s)
- CAD+++++ Any CAD Computer Aided Drafting course(s)

CNS+++++ Any CNS Construction course(s)
GBS+++++ Any GBS General Business course(s)
IND+++++ Any IND Industry course(s)
MGT+++++ Any MGT Management course(s)
MWR+++++ Any MWR Millwright: Apprenticeship course(s)
OSH+++++ Any OSH Occupational Safety and Health course(s)
SPA+++++ Any SPA Spanish course(s)
TDR+++++ Any TDR Trade Related course(s)
WLD+++++ Any WLD Welding Technology course(s)

General Education Requirement - Credits: 22-27

General Education Core - Credits: 12-17

First-Year Composition - Credits: 6

+ ENG101 First-Year Composition (3) OR
+ ENG107 First-Year Composition for ESL (3) AND
+ ENG102 First-Year Composition (3) OR
+ ENG108 First-Year Composition for ESL (3) OR
+ ENG111 Technical and Professional Writing (3) 6

Oral Communication - Credits: 3

COM100 Introduction to Human Communication (3) OR
COM110 Interpersonal Communication (3) OR
COM230 Small Group Communication (3) 3

Critical Reading - Credits: 0-3

+ CRE101 College Critical Reading and Critical Thinking (3) OR
Equivalent by assessment on District Placement Exam. 0-3

Mathematics - Credits: 3-5

+ MAT120 Intermediate Algebra (5) OR
+ MAT121 Intermediate Algebra (4) OR
+ MAT122 Intermediate Algebra (3) OR
Equivalent course or satisfactory completion of a higher level mathematics course. 3-5

General Education Distribution - Credits: 10

Humanities, Arts and Design - Credits: 3

Any approved general education course from the Humanities and Fine Arts area. 3

Social-Behavioral Sciences - Credits: 3

Any approved general education course from the Social and Behavioral Sciences area. 3

Natural Sciences - Credits: 4

Any approved general education course from the Natural Sciences area. 4

MCCCD Governing Board Approval Date: May 23, 2023

Construction Trades: Painting and Drywalling

3444 - Associate in Applied Science (AAS) - (61-63 Credits)

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/paint-and-drywall-journeymen>

Description:

The Associate in Applied Science (AAS) in Construction Trades: Painting and Drywalling degree is designed to provide apprentices and journeymen with a broadened educational background and leadership skills so that students completing the associate degree program may be better equipped to enter supervisory and managerial positions.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Students pursuing this degree must be graduates of a Registered Apprenticeship program in Painting and Drywalling with journeyman status. The credits of core subject matter courses are awarded through a Prior Learning Assessment (PLA) application to the GateWay Apprenticeships Office. The courses are not offered outside of the prior learning assessment process.

Admission Criteria:

Admission to the program by the Apprenticeship Coordinator.

Program Prerequisites: None

Required Courses (20-36.5 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

BPC/CIS+++++ Any BPC Business-Personal Computers or CIS Computer Information Systems course
3

Credits awarded through PLA application process. Journeyman status should align to one of two specializations:

Students need to complete sixteen (16) to thirty and one-half (30.5) credits from the courses below based on their apprenticeship standing upon program enrollment and in consultation with the Apprenticeship Program Coordinator.

Specialization 1: Painter-Decorator

(16-30.5 credits) awarded through PLA process:

ABC120 Basic Calculations for Construction 1.5

ABC/MEC121 Introduction to Hand and Power Tools 1

BPC100AB Business-Personal Computers II 0.5

IND150 Construction Foreman 2

PNT123 Introduction to Blueprints 1

GTC/MIT/OSH106 Industrial Safety 2
PNT105 Painting and Drywalling Orientation 1
ABC/PNT118 OSHA Standards and Regulations 1.5
PNT101 Introduction to Painting-Decorating Trade 4
PNT102 Surface Preparation and Cleaning 4
PNT104 Wood and Decorative Finishes 2
PNT201 Coverings and Blasting 2
PNT202 Spray Painting 3
PNT203 Non-spray Application of Coatings 3
PNT205 Paints, Coatings, and Materials 2

Students need to complete sixteen (16) to thirty and one-half (30.5) credits from the courses below based on their apprenticeship standing upon program enrollment and in consultation with the Apprenticeship Program Coordinator.

Specialization 2: Drywalling

(16-30.5 credits) awarded through PLA process:

ABC120 Basic Calculations for Construction 1.5
ABC/MEC121 Introduction to Hand and Power Tools 1
BPC100AB Business-Personal Computers II 0.5
IND150 Construction Foreman 2
PNT123 Introduction to Blueprints 1
GTC/MIT/OSH106 Industrial Safety 2
PNT105 Painting and Drywalling Orientation 1
PNT106 Health and Safety for Drywall Finishers 3
PNT107 Introduction to the Drywall Trade 2
PNT108 Materials of the Drywall Trade 2
PNT109 Tools of the Drywall Trade 2
PNT208 Filling, Taping, and Sanding Applications 4
PNT209 Automatic Taping Tools of the Drywall Trade 3
PNT210 Advanced Drywall Applications and Systems 3

Restricted Electives (6-19 Credits):

Students should choose six (6) to nineteen (19) credits from the following list of courses to complete the minimum total program credits required for this degree based on their apprenticeship standing upon program enrollment and in consultation with Apprenticeship- Program Coordinator. Any 100-200 level prefixed courses may be selected, except courses used to satisfy the Required Courses area

BLT+++++ Any BLT Building Safety and Construction technology course(s)
BPC+++++ Any BPC Business Personal Computers course(s)
CAD+++++ Any CAD Computer Aided Drafting course(s)
CNS+++++ Any CNS Construction course(s)
GBS+++++ Any GBS General Business course(s)
PNT+++++ Any PNT Painting and Drywalling course(s)
IND+++++ Any IND Industry course(s)
MGT+++++ Any MGT Management course(s)

OSH+++++ Any OSH Occupational Safety and Health course(s)

SPA+++++ Any SPA Spanish course(s)

TDR+++++ Any TDR Trade related course(s)

WLD+++++ Any WLD Welding Technology course(s)

General Education Requirement - Credits: 22-27

General Education Core - Credits: 12-17

First-Year Composition - Credits: 6

+ ENG101 First-Year Composition (3) OR

+ ENG107 First-Year Composition for ESL (3) AND

+ ENG102 First-Year Composition (3) OR

+ ENG108 First-Year Composition for ESL (3) OR

+ ENG111 Technical and Professional Writing (3) 6

Oral Communication - Credits: 3

COM100 Introduction to Human Communication (3) OR

COM110 Interpersonal Communication (3) OR

+ COM230 Small Group Communication (3) 3

Critical Reading - Credits: 0-3

+ CRE101 College Critical Reading and Critical Thinking (3) OR

Equivalent by assessment on District Placement Exam. 0-3

Mathematics - Credits: 3-5

+ MAT120 Intermediate Algebra (5) OR

+ MAT121 Intermediate Algebra (4) OR

+ MAT122 Intermediate Algebra (3) OR

Equivalent course or satisfactory completion of a higher level mathematics course. 3-5

General Education Distribution - Credits: 10

Humanities, Arts and Design - Credits: 3

Any approved general education course from the Humanities and Fine Arts area. 3

Social-Behavioral Sciences - Credits: 3

Any approved general education course from the Social and Behavioral Sciences area. 3

Natural Sciences - Credits: 4

Any approved general education course from the Natural Sciences area. 4

MCCCD Governing Board Approval Date: June 28, 2022

Cybersecurity

3197 - Associate in Applied Science (AAS) - (62-77 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/cybersecurity-3197-aas>

Description:

The Associate in Applied Science (AAS) in Cybersecurity is designed to focus on the necessary skills required to secure, protect and identify vulnerabilities in a network, including various operating systems and network devices. Emphasis is placed on developing the theoretical, legal, ethical and practical skills needed to maintain security on mission-critical networking and server systems. The program is designed to meet the training needs of government and industry employees. The program covers a variety of information security technologies and structured languages. The Cybersecurity program also focuses on the skills needed for internationally recognized IT certifications and high demands in business, industry, and government. Certificates of Completion (CCLs) are also available in the following areas: Cybersecurity Fundamentals, Cyber Operations, Linux System Administration, Microsoft, Cisco Networking CCNA Security, Cyber Engineering, and Critical Infrastructure.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

This program replaces:

AAS/3097 Information Technology: Network and Cyber Security

AAS/3160 IT and Power Systems Security

Program Prerequisites: None

Required Courses (25-31 Credits):

+ BPC270 A+ Exam Prep: Operating System Configuration and Support (3) OR

MST150++ Any Microsoft Windows course (3) 3

(MST150++ required for Cloud System Administration specialization and Critical Infrastructure specialization)

CIS105 Survey of Computer Information Systems 3

CIS111 Ethics in Information Technology (3) OR

ITS120 Legal, Ethical and Regulatory Issues (3) 3

CIS126DL Linux Operating System (3) OR

CIS126RH Red Hat System Administration I (3) 3

- + CIS156 Python Programming: Level I 3
- + CIS190 Introduction to Networking (3) OR
CNT140AB Introduction to Networks (4) 3-4
(CNT140AB required for Cisco Network Administration and Security specialization and Critical Infrastructure specialization)
- + CIS271DB Information Security Essentials (3) AND
+ CIS272DB Information Security Principles (3) OR
+ CIS270 Essentials of Network and Information Security (3) OR
+ ITS110 Information Security Fundamentals (3) 3-6
(ITS110 required for Cyber Operations specialization; CIS271DB AND CIS272DB required for Critical Infrastructure specialization)
- FYE101 Introduction to College, Career and Personal Success (1) OR
FYE103 Exploration of College, Career and Personal Success (3) 1-3
- + ITS240 Ethical Hacking and Network Defense 3

Restricted Electives (12-18 Credits):

Students must complete 12-18 credits from the following list of courses. Courses that are required for a specialization in Cyber Operations, Linux System Administration, Cloud System Administration, Cisco Network Administration and Security, Cyber Engineering, and/or Critical Infrastructure are noted. Courses cannot be repeated for credit.

Specialization I: Cyber Operations

Credits: 17

BPC170 A+ Exam Prep: Computer Hardware Configuration and Support 3

- + CIS238DL Linux System Administration (3) OR
+ CIS238RH Red Hat System Administration II (3) 3
- + CIS290AC Computer Information Systems Internship (3) OR
+ CIS298AC Special Projects (3) 3
- + ITS291 Computer Forensics Foundations 4
+ ITS292 Advanced Computer Forensics 4

Specialization II: Linux System Administration

Credits: 15

- + CIS238DL Linux System Administration (3) OR
+ CIS238RH Red Hat System Administration II (3) 3
- + CIS239DL Linux Shell Scripting 3
- + CIS240DL Linux Network Administration (3) OR
+ CIS240RH Red Hat System Administration III (3) 3
- + CIS271DL Linux Security (3) OR

+ CIS271RH Red Hat System Administration IV (3) 3

+ CIS275DL Linux Capstone 3

Specialization III: Cloud System Administration

Credits: 15-16

+ BPC274 Advanced Server Computer Maintenance: Server+ Prep 3

CIS121AH Microsoft PowerShell/Command Line Operations 3

+ CIS239DL Linux Shell Scripting 3

+ MST160 Azure Administrator (4), OR

+ CLD110 Amazon Web Services Cloud Foundations (3) 3-4

+ MST260 Microsoft Azure Cloud Development and Operations (3), OR

+ CLD120 Amazon Web Services Cloud Architect Associate (3) 3

Specialization IV: Cisco Network Administration and Security

Credits: 12

+ CNT150AB Switching, Routing, and Wireless Essentials 4

+ CNT160AB Enterprise Networking, Security, and Automation 4

+ CNT202 Cisco Secure Firewall Appliance Configuration (4) OR

+ CNT205 Cisco Certified Network Associate Security (4) 4

Specialization V: Cyber Engineering

Credits: 18

+ CIS119DO Introduction to Oracle: SQL (3) OR

+ CIS276++ Any SQL Database course (3) 3

+ CIS162++ Any C Programming: Level I course 3

(Students intending to transfer to U of A South should take CIS162 C Programming)

+ CIS227 Assembler Language 3

+ CIS238DL Linux System Administration (3) OR

+ CIS238RH Red Hat System Administration II (3) 3

+ CIS250 Management of Information Systems 3

+ CIS262++ Any C Programming: Level II course 3

Specialization VI: Critical Infrastructure

Credits: 16

+ CIS143 Introduction to Critical Infrastructure Protection 3

+ CIS201 Introduction to Operational Technology 3

+ CIS202 Introduction to Smart Grid Security 3

+ CIS203 Principles of the Risk Management Framework 3

+ CNT150AB Switching, Routing, and Wireless Essentials 4

General Electives (0-3 Credits):

Select additional courses 100-level or higher to complete the minimum total program credits required for this degree. It is recommended to select from the Restricted Elective options. Consult with a faculty advisor, program director, and/or academic advisor to identify coursework that best aligns with academic and professional goals.

General Education Requirement - Credits: 22-28

General Education Core - Credits: 12-18

First-Year Composition - Credits: 6

- + ENG101 First-Year Composition (3) OR
- + ENG107 First-Year Composition for ESL (3) AND
- + ENG102 First-Year Composition (3) OR
- + ENG108 First-Year Composition for ESL (3) 6

Oral Communication - Credits: 3

- COM100 Introduction to Human Communication (3) OR
- COM110 Interpersonal Communication (3) OR
- + COM225 Public Speaking (3) OR
- COM230 Small Group Communication (3) 3

COM100 required for students intending to transfer to ASU West to earn a Bachelor of Science in Applied Computing (Cybersecurity).

Critical Reading - Credits: 0-3

- + CRE101 College Critical Reading and Critical Thinking (3) OR
- Equivalent as indicated by assessment (0) 0-3

Mathematics - Credits: 3-6

Any approved general education course in the Mathematics area. 3-6

General Education Distribution - Credits: 10

Humanities, Arts and Design - Credits: 3

Any approved general education course(s) in the Humanities, Arts and Design area.

Social-Behavioral Sciences - Credits: 3

Any approved general education course(s) in the Social-Behavioral Sciences area.

Natural Sciences - Credits: 4

Any approved general education course(s) from the Natural Sciences area.

MCCCD Governing Board Approval Date: June 28, 2022

Diagnostic Medical Sonography

3656 - Associate in Applied Science (AAS) - (89-102 Credits)

Field of Interest: **Health Sciences**

For Information: Bryan Dodd

Phone: 602-286-8486

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/diagnostic-medical-sonography-3656-aas>

Description:

The Associate in Applied Science (AAS) in Diagnostic Medical Sonography (DMS) program is designed for students who wish to explore the field of sonography, as well as those who have made a career decision to seek certification from the American Registry of Diagnostic Medical Sonographers (ARDMS). Diagnostic medical sonographers are highly specialized members of the health care team who provide patient services using ultrasound under the direction of a physician. Sonographers provide care essential to diagnostic ultrasound imaging by operating equipment and performing examinations for medical diagnosis. Sonographers have an in-depth knowledge of physics, disease processes, physiology, cross-sectional anatomy, positioning and sonographic techniques necessary to create ultrasound images. Knowledge of darkroom techniques, equipment maintenance, record keeping, and film processing are also part of the job.

Careers in the field of diagnostic sonography can be found in hospitals, clinics, doctors' offices, and mobile imaging centers. Research, applications, teaching, and marketing may be available to sonographers who wish to explore careers in business or industry.

Educational information: Clinical affiliations include a cooperative effort with a number of area hospitals, clinics, and doctors' offices. Clinical training is required by the ARDMS prior to sitting for the registry examination. This program will prepare students for the American Registry of Diagnostic Medical Sonographer examinations in abdomen, obstetrics, and vascular technology.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

Students must complete the following general education and introductory courses with a 3.0 GPA to be added to the queue of those waiting for an available cohort space to begin the core curriculum. BIO160 or (BIO201 and BIO202); ENG101 or ENG107, MAT150 or MAT151 or MAT152 or MAT155 or MAT156; and (PHY101 or PHY111).

Due to the requirements of the program accrediting body, this course of study requires many hours of classroom and clinical time. Full-time day students must submit application materials and be accepted prior to registering for the courses in the core curriculum. The full-time program is 22 months in length.

Admission Criteria:

1. Formal application and admission to the program.
2. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check

Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Background Check Policy and drug testing protocols.

3. Clinical health and safety requirements must be met. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy.
4. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes may result in cancellation of enrollment.
5. There are limited spaces available in the DMS program. Only students who have completed all of the general education and introductory courses noted above may have their name added to the queue of those waiting for an available space in a cohort.

Program Prerequisites: None

Required Courses (63 Credits):

- + DMI/DMS/ICE220 Sectional Anatomy 3
- + DMS110 Introduction to Diagnostic Sonography 3
- + DMS120 Ultrasound Imaging: Abdominal Procedures I 3
- + DMS120LL Ultrasound Imaging: Abdominal Procedures I Laboratory 1
- + DMS121 Ultrasound Imaging: Abdominal Procedures II 3
- + DMS130 Ultrasound Imaging: OB/GYN Procedures 3
- + DMS130LL Ultrasound Imaging: OB/GYN Procedures Laboratory 1
- + DMS140 Ultrasound Case Studies: Part I 2
- + DMS150 Sonographic Principles and Instrumentation I 3
- + DMS150LL Sonographic Principles and Instrumentation Laboratory 1
- + DMS155 Introduction to Clinical Care for Sonography 1
- + DMS161 Clinical Practicum II-AA 2
- + DMS162 Clinical Practicum II-AB 2
- + DMS171 Clinical Practicum III-AA 2
- + DMS172 Clinical Practicum III-AB 2
- + DMS210 Concepts of Vascular Imaging 2
- + DMS210LL Concepts of Vascular Imaging Laboratory 1
- + DMS225 High Risk Obstetric/Gynecology Sonography 1
- + DMS240 Ultrasound Case Studies: Part II 2
- + DMS241 Ultrasound Case Studies: Part III 2
- + DMS255 Pediatric Sonography 3
- + DMS261 Clinical Practicum IV-AA 2
- + DMS262 Clinical Practicum IV-AB 2
- + DMS263 Vascular Clinical Practicum I 2
- + DMS270 Clinical Practicum V-AA 2
- + DMS271 Clinical Practicum V-AB 2
- + DMS272 Clinical Practicum V-AC 2
- + DMS281 Ultrasound Registry Preparation Seminar: Physics and Instrumentation 1
- + DMS282 Ultrasound Registry Preparation Seminar: Abdominal and Small Parts Imaging 1
- + DMS283 Ultrasound Registry Preparation Seminar: Obstetrics and Gynecology 1
- + DMS284 Ultrasound Registry Preparation: Vascular Imaging 1
- + DMS286 Advanced Vascular Technology 2

- + DMS286LL Advanced Vascular Technology Laboratory 1
- + RES118 Vascular Access for Clinical Practice 1

Restricted Electives (0-3 Credits):

Optional: Students seeking a specialty area in sonography may select zero (0) to three (3) credits from courses below.

- + DMS235 Ultrasound Breast Imaging 1
- + DMS250 Musculoskeletal Sonography and Small Parts 2

General Education Requirement - Credits: 26-36

General Education Core - Credits: 12-18

First-Year Composition - Credits: 6

- + ENG101 First-Year Composition (3) OR
- + ENG107 First-Year Composition for ESL (3) AND
- + ENG102 First-Year Composition (3) OR
- + ENG108 First-Year Composition for ESL (3) 3

Oral Communication - Credits: 3

Any approved general education course from the Oral Communication area 3

Critical Reading - Credits: 0-3

- + CRE101 College Critical Reading and Critical Thinking (3) OR
- Equivalent as indicated by assessment 0-3

Mathematics - Credits: 3-6

- + MAT150 College Algebra/Functions (5) OR
- + MAT151 College Algebra/Functions (4) OR
- + MAT152 College Algebra/Functions (3) OR
- + MAT155 College Algebra/Functions with Review (5) OR
- + MAT156 College Algebra/Functions with Review (6) OR

Any approved general education course in the Mathematical Applications [MA] area for which MAT15+ is a prerequisite (3-6) 3-6

General Education Distribution - Credits: 14-18

Humanities, Arts and Design - Credits: 3

Any approved general education course from the Humanities, Arts and Design 3

Social-Behavioral Sciences - Credits: 3

Any approved general education course from the Social-Behavioral Sciences area 3

Natural Sciences - Credits: 8-12

- BIO160 Introduction to Human Anatomy and Physiology (4) OR
- + BIO201 Human Anatomy and Physiology I (4) AND
- + BIO202 Human Anatomy and Physiology II (4) 4-8

- + PHY101 Introduction to Physics (4) OR
- + PHY111 General Physics I (4) 4

MCCCD Governing Board Approval Date: October 25, 2022

Electroneurodiagnostic (END) Technology

3136 - Associate in Applied Science (AAS) - (62.5-83.5 Credits)

Field of Interest: **Health Sciences**

For Information: Baljeet Gill

Email: baljeet.gill@gatewaycc.edu

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/electroneurodiagnostic-end-technology-3136-aas>

Description:

The Associate in Applied Science (AAS) in Electroneurodiagnostic (END) Technology is designed to prepare students to use electroneurodiagnostic techniques to evaluate activity of the brain, spinal cord and nervous system to perform electroencephalograms (EEGs), evoked potentials (EPs), and nerve conduction velocity studies (NCVs) in hospitals and other healthcare facilities. The program focuses on the general area of biomedical electronics with specific instruction in the theory and use of END instruments and factors influencing testing outcomes and reporting. Upon successful completion of the program, the student will be prepared to sit for the American Board of Registered Electroneurodiagnostic Technologists (ABRET) examination to become a Registered Electroneurodiagnostic Technologist (R. EEG T.).

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

Students may opt to transfer from the Electroneurodiagnostic (END) Technology to the Polysomnography program while in the first semester of the program. A seat in the Polysomnography program will be granted if there is no waitlist and Program Director approval is granted at the time of transfer.

HCC courses may be taken prior to admission or concurrently during enrollment in the program.

Admission Criteria:

1. Formal application can be made at any time.
2. Formal admission to the Electroneurodiagnostic (END) Technology or the Polysomnography program is required.
3. Background Check Requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC background check policy.
4. Clinical Health and Safety requirements must be met. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC clinical health and safety policy.
5. Inability to comply with Background Check requirements and/or Clinical Health and Safety requirements at the start of classes may result in cancellation of enrollment.

Program Prerequisites (12.5-28.5 Credits):

BIO160 Introduction to Human Anatomy and Physiology (4) OR

- + BIO201 Human Anatomy and Physiology I (4) AND
- + BIO202 Human Anatomy and Physiology II (4) 4-8

Students selecting BIO201 must complete the prerequisite courses BIO156 or BIO181.

- + BIO156 Introductory Biology for Allied Health (4) OR
- + BIO181 General Biology (Majors) I (4) OR

One year of high school biology with a grade of C or better (0) 0-4

- + ENG101 First-Year Composition (3) OR
- + ENG107 First-Year Composition for ESL (3) 3

- + MAT120 Intermediate Algebra (5) OR
- + MAT121 Intermediate Algebra (4) OR
- + MAT122 Intermediate Algebra (3) OR

Equivalent course OR satisfactory completion of a higher level mathematics course. 3-6

HCC/RES109 CPR for Health Care Provider (0.5) OR
Proof of Current Health Care Provider CPR Certification (0) 0-0.5

HCC130 Fundamentals in Health Care Delivery (3)
OR

HCC130AA Health Care Today (0.5) AND
HCC130AB Workplace Behaviors in Health Care (0.5) AND
HCC130AC Personal Wellness and Safety (0.5) AND
HCC130AD Communication and Teamwork in Health Care Organizations (0.5) AND
HCC130AE Legal Issues in Health Care (0.5) AND
HCC130AF Decision Making in the Health Care Setting (0.5)

OR

Work experience or equivalent course education as evaluated by the GateWay Health Core Curriculum Coordinator (0) 0-3

HCC145 Medical Terminology for Health Care Professionals (3) OR
HCC146 Common Medical Terminology for Health Care Professionals (2) 2-3

+ HCC164 Pharmacology for Allied Health 0.5

+ HCC200 Basic Client Care for Allied Health (0.5) OR
Work experience or equivalent course education as evaluated by the GateWay Health Core Curriculum Coordinator (0) 0-0.5

Required Courses (38-40 Credits):

- + EEG115 Biomedical Electronic Technology I 2
- + EEG116 Biomedical Electronic Technology II 3
- + EEG130 Introduction to EEG 4
- + EEG140 Basic Electroneurodiagnostic Skills 1
- + EEG140LL Basic Electroneurodiagnostic Skills Laboratory 1
- + EEG200 Clinical Rotation I 3
- + EEG201 Intermediate EEG 3

- + EEG201LL Intermediate EEG Laboratory 1
- + EEG205 Applied Evoked Potentials and Nerve Conduction Studies 1
- + EEG205LL Applied Evoked Potentials and Nerve Conduction Studies Laboratory 1
- + EEG206 Advanced EEG 1
- + EEG206LL Advanced EEG Laboratory 1
- + EEG207 Electroneurodiagnostic Record Review 4
- + EEG210 Applied Neurophysiology 3
- + EEG211 Clinical Rotation II 3
- + EEG220 Clinical Rotation III 3
- + EEG282AA Volunteerism for Electroneurodiagnostic Technology: Service Learning Experience 1

FYE101 Introduction to College, Career and Personal Success (1) OR
 FYE103 Exploration of College, Career and Personal Success (3) 1-3

HRC101 Overview of Healthcare Compliance 1

General Education Requirement - Credits: 12-15

General Education Core - Credits: 6-9

First-Year Composition - Credits: 3

Three (3) credits of First Year Composition are met by ENG101 or ENG107 in Program Prerequisites area.

- + ENG102 First-Year Composition (3) OR
- + ENG108 First-Year Composition for ESL (3) OR
- + ENG111 Technical and Professional Writing (3) 3

Oral Communication - Credits: 3

Any approved general education course from the Oral Communication area 3

Critical Reading - Credits: 0-3

+ CRE101 College Critical Reading and Critical Thinking (3) OR
 Equivalent as indicated by assessment (0) 0-3

Mathematics - Credits: 0

Met by MAT120 or MAT121 or MAT122 or equivalent course or higher level mathematics course in Program Prerequisites area.

General Education Distribution - Credits: 6

Humanities, Arts and Design - Credits: 3

Any approved general education course from the Humanities, Arts and Design area. 3

Social-Behavioral Sciences - Credits: 3

PSY101 Introduction to Psychology 3

Natural Sciences - Credits: 0

Met by BIO160 or BIO201 and BIO202 in Program Prerequisite area.

MCCCD Governing Board Approval Date: June 28, 2022

Environmental Science and Water Resources Technologies

3830 - Associate in Applied Science (AAS) - (62-83 Credits)

Field of Interest: **Applied Technology**

For Information: Craig Urbanski

Phone: 602-286-8616

<https://www.gatewaycc.edu/degrees-certificates/applied-technology/environmental-science-and-water-resources-technologies-3830-aas>

Description:

The Associate in Applied Science (AAS) in Environmental Science and Water Resources Technologies program is designed to prepare students in theoretical and practical hands-on training in the monitoring of water quality and quantity as well as in water, wastewater, and industrial wastewater treatment. The emphasis is on federal, state, county, and city regulations affecting water quality and quantity management in addition to water/wastewater treatment. The students take part in the operation, calibration, and maintenance of water monitoring field instruments and water and wastewater treatment monitor field equipment. The program assists students in their preparation for ADEQ examinations in both water and wastewater treatment.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

Admission Criteria:

Formal application and admission to the program is required. Placement into MAT120, MAT121, MAT122, MAT150, MAT151, MAT152 or higher level mathematics course for which College Algebra is a prerequisite.

Program Prerequisites: None

Required Courses (40-50 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

Students must select one (1) of two (2) specializations:

Specialization I: Environmental Science Technology - Credits: 39

BIO105 Environmental Biology 4

BPC110 Computer Usage and Applications (3) OR

CIS105 Survey of Computer Information Systems (3) 3

+ WRT100 Introduction to Water Resources 3

+ WRT108 Fundamentals of Environmental Science Technology 3

+ WRT117 Geographic Information Systems (GIS) 3

+ WRT125 Surveying for Water Resources 2

+ WRT130 Groundwater Hydrology 3

- + WRT150 Introduction to Surface Water Data Collection 3
- + WRT152 Water Resources Field Investigations I: Groundwater and Surface Water 3
- + WRT153 Environmental Law and Regulations 3
- + WRT180 Environmental Sampling and Analysis 5
- WRT190AA Water Resources Technologies Seminar 1
- + WRT252 Water Resources Field Investigations II: Surveying and Surface Water 3

Specialization II: Water and Wastewater Treatment - Credits: 47

BIO105 Environmental Biology 4

BPC110 Computer Usage and Applications (3) OR
 CIS105 Survey of Computer Information Systems (3) 3

- + WRT100 Introduction to Water Resources 3
- + WRT110 Principles of Water Treatment Plant Operations 3
- + WRT115 Water Technology Calculations 3
- + WRT121 Operation of Wastewater Treatment Plants 3
- + WRT131 Wastewater Collection Systems Operation and Maintenance 3
- + WRT134 Water Distribution System Operation and Maintenance 3
- + WRT140 Water Quality for Treatment Industry 5
- + WRT153 Environmental Law and Regulations 3
- WRT190AA Water Resources Technologies Seminar 1
- + WRT200 Industrial Pretreatment 3
- + WRT204 Water/Wastewater Mechanical Systems, Power, and Instrumentation 3
- + WRT221 Water and Wastewater Treatment Plants Administration 3
- + WRT240 Water Quality 3
- + WRT240LL Water Quality Field Techniques 1

Restricted Electives (0-6 Credits):

Students preparing to enhance their skill set in the water industry may complete zero (0) to six (6) credits with permission of the Water Resources Program Director. Credits: 0-6

WRT+++++ Any WRT Water Resource Technology course(s)

Students may select only ONE of the three internship courses below for a restricted elective. Internship courses may not be taken more than once.

- + WRT270AA Water Resources Internship (1) OR
- + WRT270AB Water Resources Internship (2) OR
- + WRT270AC Water Resources Internship (3) 1-3

General Education Requirement - Credits: 22-27

General Education Core - Credits: 12-17

First-Year Composition - Credits: 6

- + ENG101 First-Year Composition (3) OR

- + ENG107 First-Year Composition for ESL (3) AND
- + ENG102 First-Year Composition (3) OR
- + ENG108 First-Year Composition for ESL (3) OR
- + ENG111 Technical and Professional Writing (3) 6

Oral Communication - Credits: 3

Any approved general education course in the Oral Communication area.

Critical Reading - Credits: 0-3

- + CRE101 College Critical Reading and Critical Thinking (3) OR
- Equivalent by Assessment 0-3

Mathematics - Credits: 3-5

- + MAT120 Intermediate Algebra (5) OR
- + MAT121 Intermediate Algebra (4) OR
- + MAT122 Intermediate Algebra (3) OR
- + MAT150 College Algebra/Functions (5) OR
- + MAT151 College Algebra/Functions (4) OR
- + MAT152 College Algebra/Functions (3) OR

Satisfactory completion of a higher level mathematics course for which College Algebra is a prerequisite 3-5

For students intending to transfer to a university, MAT15+ is recommended.

General Education Distribution - Credits: 10

Humanities, Arts and Design - Credits: 3

Any approved general education course from the Humanities, Arts and Design area 3

Social-Behavioral Sciences - Credits: 3

Any approved general education course from the Social-Behavioral Sciences area. 3

Natural Sciences - Credits: 4

- + CHM130 Fundamental Chemistry (3) AND
- + CHM130LL Fundamental Chemistry Laboratory (1) OR

- + CHM130AA Fundamental Chemistry with Lab (4) OR

- GLG110 Geological Disasters and the Environment (3) AND
- GLG111 Geological Disasters and the Environment Lab (1) 4

MCCCD Governing Board Approval Date: May 23, 2023

General Business

3148 - Associate in Applied Science (AAS) - (62-69 Credits)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Tina Wixom

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/general-business-3148-aas>

Description:

The Associate in Applied Science (AAS) in General Business program is designed to meet the needs of students who wish a broad overview of business and desire not to enroll in a specialized curriculum in business. The program is designed to acquaint students with major subject areas of business, to improve the student's business vocabulary, and to provide students with an understanding of influencing factors in business decision making and activities. In addition, this program may aid a student in recognizing a specific business field to be pursued in future studies. A Certificate of Completion (CCL) in General Business is available.

Program Notes:

Students must earn a grade of C or better in all courses in the program.

This program replaces: AAS/3051 General Business Specialized

Program Prerequisites: None

Required Courses (22-24 Credits):

ACC111 Accounting Principles I 3

CIS105 Survey of Computer Information Systems 3

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

GBS120 Workplace Communication Skills (3) OR

+ GBS233 Business Communication (3) 3

GBS151 Introduction to Business 3

GBS205 Legal, Ethical and Regulatory Issues in Business 3

MGT175 Business Organization and Management (3) OR

MGT251 Human Relations in Business (3) 3

MKT271 Principles of Marketing 3

Restricted Electives (18 Credits):

Students should select 18 credits from the following courses/subjects. Any 100/200 level courses in the following subjects can be used, except courses used to satisfy the Required Courses area.

ACC+++ Any ACC Accounting course(s)

CIS114DE Excel Spreadsheet 3
CIS117DM Microsoft Access: Database Management 3
CIS133DA Internet/Web Development Level I 3
EPS+++ Any EPS Entrepreneurial Studies course(s)
GBS+++ Any GBS General Business course(s)
IBS+++ Any IBS International Business course(s)
MGT+++ Any MGT Management course(s)
MKT+++ Any MKT Marketing course(s)
REA+++ Any REA Real Estate course(s)
SBS+++ Any SBS Small Business Management course(s)
TQM+++ Any TQM Total Quality Management course(s)

General Education Requirement - Credits: 22-27

General Education Core - Credits: 12-17

First-Year Composition - Credits: 6

+ ENG101 First-Year Composition (3) OR
+ ENG107 First-Year Composition for ESL (3) AND
+ ENG102 First-Year Composition (3) OR
+ ENG108 First-Year Composition for ESL (3)

Oral Communication - Credits: 3

COM100 Introduction to Human Communication (3)
COM110 Interpersonal Communication (3)
+ COM225 Public Speaking (3) OR
COM230 Small Group Communication (3) 3

Critical Reading - Credits: 0-3

+ CRE101 College Critical Reading and Critical Thinking (3) OR
Equivalent by assessment 0-3

Mathematics - Credits: 3-5

Any approved general education course from the Mathematics area.

General Education Distribution - Credits: 10

Humanities, Arts and Design - Credits: 3

Any approved general education course in the Humanities, Arts and Design area.

Social-Behavioral Sciences - Credits: 3

ECN211 Macroeconomic Principles (3) OR
ECN212 Microeconomic Principles (3) OR
SBU200 Society and Business (3) 3

Natural Sciences - Credits: 4

Any approved general education course in the Natural Sciences area.

MCCCD Governing Board Approval Date: June 28, 2022

Health Services Management

3336 - Associate in Applied Science (AAS) - (66-94.5 Credits)

Field of Interest: **Health Sciences**

For Information: Ahmad Pardazi

Phone: 480-620-0681

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/health-services-management-3336-aas>

Description:

The Associate in Applied Science (AAS) in Health Services Management program prepares students to become supervisors and managers in all types of varied health care settings. Classroom experiences focus on the development of skills to be an effective leader and planner, capable of directing, coaching and developing motivated employees and employee teams. This is a program for current supervisors and managers who would like to enhance their skills as well as other employees currently working in a health care discipline who would like to take on more responsibilities. It is also appropriate for individuals planning to enter healthcare fields who may wish to be candidates for promotional opportunities.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

HCC courses may be taken prior to admission or concurrently during enrollment in the program.

Program Prerequisites: None

Required Courses (44-66.5 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

Two (2) options are available for students to enter the Health Services Management Program.

Option I: For entry level students with no prior healthcare experience.

Option II: For students who have completed the Certificate of Completion (CCL) Health Unit Coordinator/Patient Care Associate (5307).

Option I

Credits: 43-49

ACC111 Accounting Principles I 3

CIS105 Survey of Computer Information Systems 3

CSM/TQM101 Quality Customer Service 3

+ GBS233 Business Communication 3

HCC130 Fundamentals in Health Care Delivery (3)

Industrial Design Technology

3204 - Associate in Applied Science (AAS) - (61-69 Credits)

Field of Interest: **Applied Technology**

For Information: David Zamora

Phone: 602-286-8656

<https://www.gatewaycc.edu/degrees-certificates/applied-technology/industrial-design-technology-3204-aas>

Description:

The Associate in Applied Science (AAS) in Industrial Design Technology program prepares students for careers in the field of Industrial Design. This expertise will allow employment in a variety of hi-tech product development and medical device, consumer product, aerospace, and automotive manufacturing companies. The program includes courses designed to provide students with a working knowledge in the field of product design, product development and rapid part production. Competency and technical expertise will be learned on industry specific three-dimensional (3D) Solid Design software and 3D printers. The core specialty of the program is hands-on experience with Computer Aided Design (CAD), and 3D printing. A Certificate of Completion (CCL) in Industrial Design Technology: Design Specialist is also available.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

This program replaces: AAS/3116 Industrial Design Technology

Program Prerequisites: None

Required Courses (33-35 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

MPT101 Technical Documentation 3

MPT110 Inspection Techniques 3

MPT111 Geometric Dimensioning and Tolerance (GDT) 3

+ MPT113 Coordinate Measuring Machines I 3

+ MPT151 Solid Design I: Solidworks 3

+ MPT152 Solid Design: Certified SolidWorks Associate/Certified SolidWorks Professional Test Preparation (1) OR

MPT298AA Special Projects (1) 1

+ MPT214 3D Scanning and Reverse Engineering: Geomagic 3

+ MPT250 Solid Design II: Advanced Part Modeling: SolidWorks 3

+ MPT251 Solid Design: Documentation/GD&T: Solidworks 3

+ MPT252 Solid Design: Simulation: SolidWorks 3

+ MPT255 Solid Design 3D Printing 4

Restricted Electives (6 Credits):

Students should select 6 credits from the following courses.

- + MPT213 Coordinate Measuring Machines II 3
- + MPT218 Advanced Quality Process Methods 3
- + MPT253 Solid Design: Surface Modeling: SolidWorks 3
- + MPT254 Solid Design: Sheet Metal: SolidWorks 3
- + MPT298AC Special Projects 3

General Education Requirement - Credits: 22-28**General Education Core - Credits: 12-18****First-Year Composition - Credits: 6**

- + ENG101 First-Year Composition (3) OR
- + ENG107 First-Year Composition for ESL (3) 3 AND

Information Technology

3196 - Associate in Applied Science (AAS) - (61-68 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/information-technology-3196-aas>

Description:

The Associate in Applied Science (AAS) in Information Technology (IT) program is designed to provide students with skills to meet information technology needs across industries. This program includes instruction in the principles of computer hardware components and business software, programming, databases, networking, customer service, web development, and information systems and project management. Coursework helps prepare students for a variety of industry-recognized examinations and certifications. Students will earn one or more of the following Certificates of Completion (CCLs):

CCL/5154 Cybersecurity Fundamentals
CCL/5083 Database Development
CCL/5043 Desktop Support
CCL/5793 Foundations of Mobile App Development
CCL/5132 Microsoft Office Professional
CCL/5031 Microsoft System Administration
CCL/5048 Programming and Systems Analysis Level I
CCL/5183N Oracle Database Operations
CCL/5050N Red Hat Linux Engineer
CCL/5984 Web Foundations

Program Notes:

Students must earn a grade of C or better in all courses required within the program.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

This program replaces:

AAS/3023 Information Technology
AAS/3098 Information Technology: Computer Applications Specialist
AAS/3152 Computer Information Systems
AAS/3162 Computer Information Systems Technologies
AAS/3167 Computer and Information Technologies
AAS/3217 Computer Technology
AAS/3546 Business Office Computer Applications
AAS/3547 Computer Applications Technology
AAS/3548 Business Applications
AAS/3786 Computer Information Technology

Program Prerequisites: None

Required Courses (33-41 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR
FYE103 Exploration of College, Career and Personal Success (3) 1-3

Complete all courses in the specialization below that best aligns with your academic and professional goals. Consult with an academic, faculty, or program advisor.

Specialization 1: Cybersecurity Fundamentals Credits: 33-38

Information Technology Core Credits: 24-25

+ BPC270 A+ Exam Prep: Operating System Configuration and Support (3) OR
MST150++ Any Microsoft Windows course (3) 3

CIS105 Survey of Computer Information Systems 3

CIS117DM Microsoft Access: Database Management (3) OR

+ CIS119DO Introduction to Oracle: SQL (3) OR

+ CIS276DA MySQL Database (3) OR

+ CIS276DB SQL Server Database (3) 3

CIS126DL Linux Operating System (3) OR

CIS126RH Red Hat System Administration I (3) 3

CIS133DA Internet/Web Development Level I 3

+ CIS156 Python Programming: Level I 3

+ CIS190 Introduction to Networking (3) OR

CNT140AB Introduction to Networks (4) 3-4

CIS224 Project Management Microsoft Project for Windows (3) OR

+ CIS250 Management of Information Systems (3) 3

Students taking CIS271DB would be required to take CIS250.

Cybersecurity Fundamentals Credits: 9-12

CIS111 Ethics in Information Technology (3) OR

+ ITS120 Legal, Ethical and Regulatory Issues (3) 3

+ CIS270 Essentials of Network and Information Security (3) OR

+ CIS271DB Information Security Essentials (3) AND

+ CIS272DB Information Security Principles (3) OR

+ ITS110 Information Security Fundamentals (3) 3-6

+ ITS240 Ethical Hacking and Network Defense 3

Related Area Credits: 0-5

Select courses with one of the following prefixes to complete the minimum total program credits required for this degree:

BPC+++++ Any BPC Business-Personal Computers courses

CIS+++++ Any CIS Computer Information Systems courses

CLD+++++ Any CLD Cloud Computing courses
CNT+++++ Any CNT Cisco Network Technology courses
ITS+++++ Any ITS Information Technology Security courses
MST+++++ Any MST Microsoft Technology courses

Specialization 2: Database Development 36-38

Information Technology Core Credits: 21-22

+ BPC270 A+ Exam Prep: Operating System Configuration and Support (3) OR
CIS126DL Linux Operating System (3) OR
CIS126RH Red Hat System Administration I (3) OR
MST150++ Microsoft Windows (3) 3

CIS105 Survey of Computer Information Systems 3
+ CIS119DO Introduction to Oracle: SQL 3
CIS133DA Internet/Web Development Level I 3

+ CIS156 Python Programming: Level I (3) OR
+ CIS162++ Any C Programming: Level I course (3) OR
+ CIS163AA Java Programming: Level I (3) 3

+ CIS190 Introduction to Networking (3) OR
CNT140AB Introduction to Networks (4) 3-4

CIS224 Project Management Microsoft Project for Windows (3) OR
CIS250 Management of Information Systems (3) 3

Database Development Credits: 15

CIS117DM Microsoft Access: Database Management (3) OR
+ CIS154 Database Modeling and Design (3) 3

+ CIS150++ Programming Fundamentals 3

+ CIS164AB Oracle: PL/SQL Programming (3) OR
+ CIS276DA MySQL Database (3) OR
+ CIS276DB SQL Server Database (3) 3

+ CIS217AM Advanced Microsoft Access: Database Management (3) OR
+ CIS276DB SQL Server Database (3) 3

+ CIS225AB Object-Oriented Analysis and Design 3

Related Area Credits : 0-2

Select courses with one of the following prefixes to complete the minimum total program credits required for this degree:

BPC+++++ Any BPC Business-Personal Computers courses
CIS+++++ Any CIS Computer Information Systems courses
CLD+++++ Any CLD Cloud Computing courses
CNT+++++ Any CNT Cisco Network Technology courses

ITS+++++ Any ITS Information Technology Security courses

MST+++++ Any MST Microsoft Technology courses

Specialization 3: Desktop Support Credits: 32-38

Information Technology Core Credits: 24-25

+ BPC270 A+ Exam Prep: Operating System Configuration and Support 3

CIS105 Survey of Computer Information Systems 3

CIS117DM Microsoft Access: Database Management (3) OR

+ CIS119DO Introduction to Oracle: SQL (3) OR

+ CIS276DA MySQL Database (3) OR

+ CIS276DB SQL Server Database (3) 3

CIS126DL Linux Operating System (3) OR

CIS126RH Red Hat System Administration I (3) 3

CIS133DA Internet/Web Development Level I 3

+ CIS150AB Object-Oriented Programming Fundamentals (3) OR

+ CIS156 Python Programming: Level I (3) OR

+ CIS162++ Any C Programming: Level I course (3) OR

+ CIS163AA Java Programming: Level I (3) 3

+ CIS190 Introduction to Networking (3) OR

CNT140AB Introduction to Networks (4) 3-4

CIS224 Project Management Microsoft Project for Windows (3) OR

+ CIS250 Management of Information Systems (3) 3

Desktop Support Credits: 6

+ BPC170 A+ Exam Prep: Computer Hardware Configuration and Support 3

CIS102DA Customer User Support 3

Related Area Credits: 2-8

Select courses with one of the following prefixes to complete the minimum total program credits required for this degree:

BPC+++++ Any BPC Business-Personal Computers courses

CIS+++++ Any CIS Computer Information Systems courses

CLD+++++ Any CLD Cloud Computing courses

CNT+++++ Any CNT Cisco Network Technology courses

ITS+++++ Any ITS Information Technology Security courses

MST+++++ Any MST Microsoft Technology courses

Specialization 4: Foundations of Mobile App Development Credits: 33-38

Information Technology Core Credits: 21-22

CIS105 Survey of Computer Information Systems 3

+ BPC270 A+ Exam Prep: Operating System Configuration and Support (3) OR

CIS126DL Linux Operating System (3) OR
CIS126RH Red Hat System Administration I (3) OR
MST150++ Microsoft Windows (3) 3

CIS117DM Microsoft Access: Database Management (3) OR
+ CIS119DO Introduction to Oracle: SQL (3) OR
+ CIS276DA MySQL Database (3) OR
+ CIS276DB SQL Server Database (3) 3

CIS133DA Internet/Web Development Level I 3
+ CIS162++ Any C Programming: Level I course 3

+ CIS190 Introduction to Networking (3) OR
CNT140AB Introduction to Networks (4) 3-4

CIS224 Project Management Microsoft Project for Windows (3) OR
+ CIS250 Management of Information Systems (3) 3

Foundations of Mobile App Development Credits: 12

CIS120DF Introduction to Adobe Photoshop 3
+ CIS165 Introduction to IOS Application Development 3
+ CIS165DA Introduction to Android Application Development 3

+ CIS165DB C#/VB.NET: Windows 8 App Development (3) OR
+ CIS165DC Xamarin/C# Cross Platform Development (3) 3

Related Area Credits: 0-5

Select courses with one of the following prefixes to complete the minimum total program credits required for this degree:

BPC+++++ Any BPC Business-Personal Computers courses
CIS+++++ Any CIS Computer Information Systems courses
CLD+++++ Any CLD Cloud Computing courses
CNT+++++ Any CNT Cisco Network Technology courses
ITS+++++ Any ITS Information Technology Security courses
MST+++++ Any MST Microsoft Technology courses

Specialization 5: Microsoft Office Professional Credits: 31-38

Information Technology Core Credits: 18-19

CIS105 Survey of Computer Information Systems 3
CIS117DM Microsoft Access: Database Management 3
CIS133DA Internet/Web Development Level I 3

+ CIS150AB Object-Oriented Programming Fundamentals (3) OR
+ CIS156 Python Programming: Level I (3) OR
+ CIS162++ Any C Programming: Level I course (3) OR
+ CIS163AA Java Programming: Level I (3) 3

+ CIS190 Introduction to Networking (3) OR

MCCCD Governing Board Approval Date: June 28, 2022

Marketing and Sales

3094 - Associate in Applied Science (AAS) - (62-69 Credits)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Tina Wixom

Phone: 602-286-8945

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/marketing-and-sales-3094-aas>

Description:

The Associate in Applied Science (AAS) in Marketing and Sales program is designed to develop competencies essential for success in marketing and personal selling. By completing this program, students will be better equipped for successful performance in a variety of marketing/management occupations, including wholesaling, retailing, professional sales, and entrepreneurship. Certificates of Completion (CCL) in Marketing and Social Media Marketing are available.

Program Notes:

Students must earn a grade of C or better for all courses in the program.

Program Prerequisites: None

Required Courses (25-27 Credits):

ACC111 Accounting Principles I 3

BPC110 Computer Usage and Applications (3) OR

CIS105 Survey of Computer Information Systems (3) 3

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

GBS151 Introduction to Business 3

GBS120 Workplace Communication Skills (3) OR

+ GBS233 Business Communication (3) 3

MKT110 Marketing and Social Networking 3

MKT263 Advertising Principles 3

MKT267 Principles of Sales 3

MKT271 Principles of Marketing 3

Restricted Electives (15 Credits):

Students should select 15 credits from the following courses in consultation with a Department Advisor.

CIS103 Introduction to Social Media 3

GBS205 Legal, Ethical, and Regulatory Issues in Business 3

IBS101 Introduction to International Business 3

MGT126 Customer Service Skills and Strategies 3

MGT251 Human Relations in Business 3

MKT+++ Any MKT Marketing courses except courses used to satisfy the Required Courses area. 3-15

General Education Requirement - Credits: 22-27

General Education Core - Credits: 12-17

First-Year Composition - Credits: 6

Any approved general education courses from the First-Year Composition area.

Oral Communication - Credits: 3

COM100 Introduction to Human Communication (3) OR

COM110 Interpersonal Communication (3) OR

+ COM225 Public Speaking (3) OR

COM230 Small Group Communication (3) 3

Critical Reading - Credits: 0-3

+ CRE101 College Critical Reading and Critical Thinking (3) OR

Equivalent as indicated by assessment (0) 0-3

Mathematics - Credits: 3-5

Any approved general education course from the Mathematics area.

General Education Distribution - Credits: 10

Humanities, Arts and Design - Credits: 3

Any approved general education course from the Humanities, Arts and Design area.

Social-Behavioral Sciences - Credits: 3

SBU200 Society and Business 3

Natural Sciences - Credits: 4

Any approved general education course from the Natural Sciences area. 4

MCCCD Governing Board Approval Date: June 28, 2022

Network and Systems Administration

3189 - Associate in Applied Science (AAS) - (61-74 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/network-and-systems-administration-3189-aas>

Description:

The Associate in Applied Science (AAS) in Network and Systems Administration program provides students with a solid, hands-on skill set of computer, networking, and internetworking systems technology principles and desktop support. Students gain an understanding of the interaction between microcomputer software and hardware, network and internetworking operating systems software and hardware, local area network administration and management, the use of troubleshooting techniques, troubleshooting hardware and software tools, as well as interpersonal/customer service skills. Students have the opportunity to specialize in specific information technology areas based on their interests and professional goals and leading to industry recognized certifications through an embedded Certificate of Completion (CCL) including, but not limited to, Desktop (Desktop Support, Computer System Configuration and Support, Computer System Configuration and Support, Network, Computer System Configuration and Support, Security, Computer System Configuration and Support, Linux), Cisco (Cisco Network CCNA, Cisco Network CCNP, Cisco Network CCNA Security), Linux (Red Hat Linux Engineer, Linux Associate, Red Hat Linux Administrator, Linux System Administration), Microsoft (Microsoft System Administration, Microsoft Desktop Associate), and VMware (VMware Network Administrator, VMware Foundations, VMware System Administrator). Graduates may pursue employment in a variety of information technology environments and/or transfer to a university.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Students may receive credit for courses within the program based on current industry certifications.

This program replaces:

AAS/3013 Linux Networking Administration

AAS/3095 Information Technology: Cisco Networking

AAS/3096 Information Technology: Network Server

AAS/3208 Networking System Administration

AAS/3312 Computer and Networking Technology

AAS/3778 Microsoft Networking Technology

AAS/3794 Network Administration

AAS/3816 Networking Technology: Cisco

Program Prerequisites: None

Required Courses (31-46 Credits):

BPC170 A+ Exam Prep: Computer Hardware Configuration and Support 3

+ BPC270 A+ Exam Prep: Operating System Configuration and Support 3

CIS102DA Customer User Support 3

CIS105 Survey of Computer Information Systems 3

CIS126DL Linux Operating System (3) OR

CIS126RH Red Hat System Administration I (3) 3

+ CIS190 Introduction to Networking (3) OR

CNT140AB Introduction to Networks (4) 3-4

(CNT140AB is required for students on the Cisco specialization)

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

Students must also select from one of the following specializations based on their career goals.

Specialization 1: Cisco System Administration (CCNA) and Security

Credits: 12

+ CNT150AB Switching, Routing, and Wireless Essentials 4

+ CNT160AB Enterprise Networking, Security, and Automation 4

+ CNT202 Cisco Secure Firewall Appliance Configuration (4) OR

+ CNT205 Cisco Certified Network Associate Security (4) 4

Specialization 2: Cisco System Administration (CCNP)

Credits: 24

+ CNT150AB Switching, Routing, and Wireless Essentials 4

+ CNT160AB Enterprise Networking, Security, and Automation 4

+ CNT240 Cisco Certified Network Professional: Enterprise Core (8) OR

+ CNT240AA Cisco Certified Network Professional: Enterprise Core I (4) AND

+ CNT240AB Cisco Certified Network Professional: Enterprise Core II (4) 8

+ CNT250 Cisco Certified Network Professional: Enterprise Advanced Routing and Services (8) OR

+ CNT250AA Cisco Certified Network Professional: Enterprise Advanced Routing and Services I (4)
AND

+ CNT250AB Cisco Certified Network Professional: Enterprise Advanced Routing and Services II (4) 8

Specialization 3: Linux System Administration

Credits: 15

+ CIS238DL Linux System Administration 3

+ CIS239DL Linux Shell Scripting 3

+ CIS240DL Linux Network Administration 3

+ CIS271DL Linux Security 3

+ CIS275DL Linux Capstone 3

Specialization 4: Red Hat Enterprise Linux Administration

Credits: 15

- + CIS238RH Red Hat System Administration II 3
- + CIS239DL Linux Shell Scripting 3
- + CIS240RH Red Hat System Administration III 3
- + CIS271RH Red Hat System Administration IV 3
- + CIS275DL Linux Capstone 3

Specialization 5: Cloud System Administration

Credits: 15-16

- + BPC274 Advanced Server Computer Maintenance: Server+ Prep 3
- CIS121AH Microsoft PowerShell/Command Line Operations 3
- + CIS239DL Linux Shell Scripting 3

- + MST160 Azure Administrator (4), OR
- + CLD110 Amazon Web Services Cloud Foundations (3) 3-4

- + MST260 Microsoft Azure Cloud Development and Operations (3), OR
- + CLD120 Amazon Web Services Cloud Architect Associate (3) 3

Specialization 6: VMware Network Administrator

Credits: 12

- CIS189 Virtualization and IT Solutions for Digital Businesses 3
- + CIS197 VMware ESXI Server Enterprise 3
- + CIS198 VMware vSphere: Optimize and Scale 3
- + CIS200 VMware NSX: Install, Configure, Manage 3

Restricted Electives (0-8 Credits):

Students must select enough Restricted Elective credits to meet the minimum total program credits. Students may not select the same courses used to satisfy Required Courses or specializations within the Required Courses. Consult with an Academic, Program, or Faculty Advisor to pick courses that align with your career goals.

Cisco Electives

- CNT140AB Introduction to Networks 4
- + CNT150AB Switching, Routing, and Wireless Essentials 4
- + CNT160AB Enterprise Networking, Security, and Automation 4
- + CNT171 CCNA Exam Prep 1
- + CNT202 Cisco Secure Firewall Appliance Configuration (4) OR
- + CNT205 Cisco Certified Network Associate Security (4) 4
- + CNT206 Cisco Certified Network Associate Wireless 4

Linux Electives

- + CIS238DL Linux System Administration (3) OR
- + CIS238RH Red Hat System Administration II (3) 3
- + CIS239DL Linux Shell Scripting 3
- + CIS240DL Linux Network Administration (3) OR
- + CIS240RH Red Hat System Administration III (3) 3

+ CIS275DL Linux Capstone 3

Microsoft Electives

MST+++++ Any MST Microsoft Technology course

MAT145 College Mathematics with Review (5) OR
MAT146 College Mathematics with Review (6) OR
Equivalent or higher level mathematics course in the Mathematical Applications area. 3-6

General Education Distribution - Credits: 10

Humanities, Arts and Design - Credits: 3

Any approved general education course from the Humanities, Arts and Design area. 3

Social-Behavioral Sciences - Credits: 3

Any approved general education course from the Social-Behavioral Sciences area. 3

Natural Sciences - Credits: 4

Any approved general education course from the Natural Sciences area. 4

MCCCD Governing Board Approval Date: June 28, 2022

Nuclear Medicine Technology

3688 - Associate in Applied Science (AAS) - (110-123 Credits)

Field of Interest: **Health Sciences**

For Information: Julie Bolin

Email: julie.bolin@gatewaycc.edu

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/nuclear-medicine-technology-3688-aas>

Description:

The Associate in Applied Science (AAS) in Nuclear Medicine Technology (NMT) program is designed to develop competent entry-level nuclear technologists through a variety of didactic, clinical, and laboratory experiences. Upon successful completion, students are eligible to sit for board certification and may pursue stackable post-primary certifications. The curriculum is structured to provide appropriate didactic and lab instruction, as well as ample supervised clinical exposure, to ensure sufficient opportunity to achieve all didactic and clinical requirements.

Program Notes:

Students must complete the following general education and introductory courses with a 3.0 GPA to be added to the queue of those waiting for an available cohort space to begin the core curriculum: BIO201, BIO202, [(CHM130 and CHM130LL) or CHM130AA or (CHM138 and CHM138LL)], (CRE101 or equivalent as indicated by assessment), (ENG101 or ENG107), (ENG102 or ENG108), (MAT15+ or equivalent course or satisfactory completion of a higher-level algebra mathematics course), NUC100, [PHY101 or (PHY111 and PHY112)].

Admission Criteria:

1. Formal application and admission to the program.
2. Background Check Requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Background Check Policy.
3. Clinical health and safety requirements must be met prior to enrollment in any program of study course. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy and drug testing protocols.
4. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes or during the program may result in cancellation of enrollment.
5. There are limited spaces available in the NMT program. Only students who have completed all the general education and introductory courses noted above may have their name added to the queue of those waiting for an available space in a cohort.
6. As long as all general education and introductory courses have been completed, potential students residing outside of the state of Arizona can seek permission from the Program Director to be placed on the waitlist, granted a position number, and agree to take NUC100 in the semester prior to formal program admission.

Readmission Criteria:

The Program reserves the right to deny acceptance of an admission application if the applicant was dismissed from any program for issues relating to academic integrity and/or unsafe patient care.

Program Prerequisites: None**Required Courses (88-94 Credits):**

- + BIO201 Human Anatomy and Physiology I 4
- + BIO202 Human Anatomy and Physiology II 4

FYE101 Introduction to College, Career and Personal Success (1) OR

MCCCD Governing Board Approval Date: June 28, 2022

Nursing

3812 - Associate in Applied Science (AAS) - (62-75 Credits)

Field of Interest: **Health Sciences**

For Information: Jeri Lastine

Phone: 602-286-8560

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/nursing-3812-aas>

Description:

The Associate in Applied Science (AAS) in Nursing Program is available at eight of the Maricopa Community Colleges. Clinical experiences are provided in a variety of healthcare settings. Nursing Program graduates are eligible to apply for the national exam for the registered nurse license. Licensing requirements are the exclusive responsibility of the State Board of Nursing.

The Associate in Applied Science (AAS) Nursing Program is approved by the Arizona State Board of Nursing and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3390 Peachtree Road NE, Suite 1400, Atlanta, GA 30326; (404.975.5000); email: info@acennursing.org.

Program offerings:

This program is offered at the following sites:

Chandler-Gilbert Community College

Estrella Mountain Community College

GateWay Community College

Glendale Community College

Mesa Community College

Paradise Valley Community College

Phoenix College

Scottsdale Community College

Waiver of Licensure/Certification Guarantee:

Admission or graduation from the Nursing Program does not guarantee obtaining a license to practice nursing. Licensure requirements and the subsequent procedures are the exclusive right and responsibility of the Arizona State Board of Nursing. Students must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college or school requirements for graduation.

Pursuant to A.R.S. 32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot process your application.

Level One Fingerprint Clearance is required for admission into the program. Applicants must present a Level One Fingerprint Clearance Card to be copied by the advisor or designee. For a Department of Public Safety Fingerprint Clearance Card application, contact MCCC HealthCare/Nursing Advisor. If

there is any question about eligibility for licensure or certification, contact the nursing education consultant at the Arizona State Board of Nursing (602.771.7800).

Health Declaration:

It is essential that nursing students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. Students who have a chronic illness or condition must be maintained on current treatment and be able to implement direct patient care. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients` lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application. All must provide documentation of compliance with all health and safety requirements required to protect patient safety. Only students in compliance are permitted to enroll in nursing courses. Students will meet these requirements by providing the required documentation for the Health/Safety Requirements Documentation Checklist and the signed Health Declaration Form.

Health and Safety Requirements for the MaricopaNursing Program:

1. Students must submit a Health and Safety Documentation Checklist verifying completion of all requirements and maintain current status throughout the program.
2. Students must submit the Health Declaration Form signed by a licensed health care provider.
3. Students must test negative on a timed urine drug screen.
4. Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Supplemental Background Check policy. Program applications will not be accepted without a copy of an Arizona Department of Public Safety Level One Fingerprint Clearance Card. Upon conditional program admission, the student must comply with all requirements of the current MCCCDCD background check policy.

University Transfer Students:

Students who are planning to earn the Bachelor of Science in Nursing may obtain their prerequisite courses at the Maricopa Community Colleges. For information on courses that meet requirements for admission into a baccalaureate program, please contact a program advisor.

REGISTERED NURSE PATHWAY

Associate in Applied Science Degree in Nursing Program

The Associate in Applied Science (AAS) degree in Nursing graduate is eligible to apply for licensure as a Registered Nurse (RN). The RN is educated as a generalist who delivers health care to clients and family groups and has competencies related to the art and science of nursing. The RN may be employed in a variety of acute, long term, and community-based healthcare settings. The AAS degree in Nursing provides the graduate with an educational foundation for articulation into the university setting.

Program Notes:

Students must earn a grade of C or better in all courses required within the program.

Students must complete the following general education and introductory courses with a 2.0 GPA to be added to the queue of those waiting for an available cohort space to begin the core curriculum. BIO156

or BIO181, BIO201, CHM130 and CHM130LL, CHM130AA, ENG101 or ENG107, MAT140 or MAT141 or MAT142.

Course Fee Information:

Please see class schedule for information regarding course fees.

Maricopa Nursing is aligned with Nurse of the Future Competencies: Person-Centered Care, Professionalism, Leadership, Systems-Based Practice, Informatics and Technology, Communication, Teamwork and Collaboration, Safety, Quality Improvement, and Evidence-Based Practice. These competencies focus on key stakeholders of healthcare clients, colleagues and communities. Demonstration of the competencies will signify preparation for successful transition into nursing practice and further professional development.

Admission Criteria:

High school diploma or GED is required for the Associate in Applied Science degree in Nursing. Applicants must signify that they meet this requirement by providing high school diploma/transcripts or GED completion OR by signing the nursing application page containing the 'Declaration of High School Graduation or GED Completion.' In some instances, high school diploma/transcripts or proof of GED completion may be required.

Formal application and admission to the program is required. There are limited spaces available in the Nursing program. Only students who have completed all of the general education and introductory courses noted above may have their name added to the queue of those waiting for an available space in a cohort. A passing score on a nursing program admission test is required to complete an application.

Successful completion of a nurse assistant course (course must include an in-person clinical component) or certification or licensure as a Nurse Assistant is required to complete an application. The Nurse Assistant course does not have to be completed at a Maricopa college and certification or licensure is not required to apply. There is currently no time limit on when the Nurse Assistant course was taken.

Applicants for Advanced Placement must receive a passing score on a practical nursing content exam for placement into Block 3. The final placement decision rests with the Nursing Program Chair at the college to which the student is accepted. Advanced placement applications are maintained for two years from the date of application. After two years, the applicant is required to review, update, and resubmit the application.

The Nursing Program Chair reserves the right to deny acceptance of an admission application if the applicant was previously dismissed for issues relating to academic integrity, unsafe patient care, and/or two (2) or more failures from any nursing program.

All applicants holding or receiving a certificate or license as a Nursing Assistant and/or license as a Practical Nurse must remain in good standing with the Regulatory Board. Once enrolled, students receiving any disciplinary actions against their certificate or license must notify the Nursing Program Chair within five (5) school days. The Nursing Program Chair reserves the right to restrict the student's participation in clinical experiences and involvement in patient care until the certificate and/or license is valid and unrestricted.

Program Prerequisites: None

Required Courses (40-48 Credits):

+ BIO156 Introductory Biology for Allied Health (4) OR

+ BIO181 General Biology (Majors) I (4) OR

One year of high school biology (0) 0-4

+ BIO201 Human Anatomy and Physiology I 4

+ CHM130 Fundamental Chemistry (3) AND

+ CHM130LL Fundamental Chemistry Laboratory (1) OR

+ CHM130AA Fundamental Chemistry with Lab (4) OR

MCCCD Governing Board Approval Date: December 13, 2022

Occupational Therapy Assistant

3176 - Associate in Applied Science (AAS) - (70.5-80.5 Credits)

Field of Interest: **Health Sciences**

For Information: Marla Pomeranz

Phone: 602-286-8020

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/occupational-therapy-assistant-3176-aas>

Description:

The Associate in Applied Science (AAS) in Occupational Therapy Assistant (OTA) program prepares students to use therapeutic modalities and procedures under the direction and supervision of an occupational therapist. The OTA provides rehabilitative services to people with physical, psycho-social and developmental impairments as well as helps people of all ages regain independence and participate in daily activities. Occupational therapy assistants blend science, creativity, and compassion to help their clients develop skills and strategies to participate fully in meaningful life activities.

Occupational therapy assistants are skilled health care workers who provide direct patient care under the supervision of an occupational therapist (OT). Work locations include but are not limited to rehabilitation centers, home health agencies, schools, skilled nursing facilities, hospitals, and outpatient clinics.

Program graduates will be eligible to take the National Occupational Therapy Certification Examination administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of the examination, graduates are certified as occupational therapy assistants and are eligible to apply for state licensure.

Program Notes:

Students must obtain a B or better in all courses required within the program.

Where selected as part of program completion, the following general education and introductory courses must be completed with a 3.0 GPA to be added to the queue of those waiting for an available cohort space to begin the core curriculum: BIO201, BIO202, CRE101, COM100, COM110, COM230, ENG101, ENG107, HCC146, OTA100, PSY101.

Admission Criteria:

1. Formal application for admission to the program.
2. Completion of 20 observation hours, 10 in pediatrics and 10 with adults as noted in the program information packet. Completion of observation hour form filled out and signed by supervisor and turned in with program application.

Students with other related health care experiences not listed on the following program preparatory options may request an evaluation for course competency equivalence for work experience or equivalent education as evaluated by the GateWay Health Core Curriculum Coordinator.

3. Background check requirements: Admission to an Allied Health program requires that students comply with the Maricopa County Community College District Background Check Standards.

Upon program enrollment, the student must comply with all requirements of the MCCCDC Background Check Policy.

4. Clinical health and safety requirements must be met prior to enrollment in any program of study course. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy and drug testing protocols.
5. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes may result in cancellation of enrollment.
6. Current American Heart Association HealthCare Provider CPR Certificate.
7. There are limited spaces available in the OTA program. Only students who have completed all of the general education and introductory courses noted above may have their name added to the queue of those waiting for an available space in a cohort.

Program Prerequisites: None

Required Courses (48.5-52.5 Credits):

+ BIO202 Human Anatomy and Physiology II 4

FYE101 Introduction to College, Career and Personal Success (1) OR

Organizational Management

3727 - Associate in Applied Science (AAS) - (61-68 Credits)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Tina Wixom

Phone: 602-286-8945

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/organizational-management-3727-aas>

Description:

The Associate in Applied Science (AAS) in Organizational Management program is designed with a customized curriculum specific to the student's individual needs in addition to the knowledge and skills needed in today's changing workplace. The program provides leadership and communication skills and techniques for planning, organizing, leading and controlling business situations. This program also emphasizes procedures for effective resource allocation. A Certificate of Completion (CCL) in Organizational Leadership is fully embedded in this AAS.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

Program Prerequisites: None

Required Courses (19-22 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

Certificate of Completion in Organizational Leadership (5731) - Requirements listed below

BPC110 Computer Usage and Applications (3) OR

CIS105 Survey of Computer Information Systems (3) 3

GBS110 Human Relations in Business and Industry (3) OR

MGT251 Human Relations in Business (3) 3

GBS120 Workplace Communication Skills 3

GBS151 Introduction to Business 3

MGT175 Business Organization and Management (3) OR

TQM240 Project Management in Quality Organizations (3) 3

MGT101 Techniques of Supervision (3) OR

MGT229 Management and Leadership I (3) 3

Restricted Electives (20 Credits):

Students must choose 20 industry/job related course credits from any MCCCDC occupational program and/or Academic Certificate.

Industry/job related course credits must include a minimum of 9 credits with a common subject or theme. Program of study must be approved by the business department chair or designee.

General Education Requirement - Credits: 22-27

General Education Core - Credits: 12-17

First-Year Composition - Credits: 6

- + ENG101 First-Year Composition (3) OR
- + ENG107 First-Year Composition for ESL (3) AND
- + ENG102 First-Year Composition (3) OR
- + ENG108 First-Year Composition for ESL (3) 6

Oral Communication - Credits: 3

Any approved general education course from the Oral Communication area.

Critical Reading - Credits: 0-3

- + CRE101 College Critical Reading and Critical Thinking (3) OR
- Equivalent by assessment 0-3

Mathematics - Credits: 3-5

Any approved general education course from the Mathematics area. 3-5

General Education Distribution - Credits: 10

Humanities, Arts and Design - Credits: 3

Any approved general education course from the Humanities, Arts and Design area. 3

Social-Behavioral Sciences - Credits: 3

Any approved general education course from the Social-Behavioral Sciences [SB] area. 3

Natural Sciences - Credits: 4

Any approved general education course in the Natural Sciences (Quantitative) [SQ] area or the Natural Sciences (General) [SG] area. 4

MCCCD Governing Board Approval Date: June 28, 2022

Physical Therapist Assisting

3675 - Associate in Applied Science (AAS) - (75-82 Credits)

Field of Interest: **Health Sciences**

For Information: Laura Safa

Email: laura.safa@gatewaycc.edu

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/physical-therapist-assisting-3675-aas>

Description:

The Associate in Applied Science (AAS) in the Physical Therapist Assisting program prepares students to use therapeutic modalities and procedures under the direction and supervision of a physical therapist. The physical therapist assistant works with patients who have physical impairments requiring physical therapy services to relieve pain and heal damaged tissue; and to improve range of motion, strength, and functional mobility. Physical therapy treatments include but are not limited to the application of therapeutic modalities; therapeutic exercise including stretching, range of motion, and strengthening; mobility skills including ambulation, transfers, and wheelchair mobility activities; balance exercises; and wound care management.

The Physical Therapist Assisting program is accredited by the Commission on Accreditation in Physical Therapy Education. Only graduates of an accredited training program may practice as a physical therapist assistant in the state of Arizona. Program graduates are eligible to apply for the certification examination administered by the Federation of State Boards of Physical Therapy. A passing score on this examination is required for licensure/certification to practice as a physical therapist assistant in Arizona and in many other states.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

If selected as part of program completion, the following general education courses must be completed with a B or higher to apply for an available space to begin the core curriculum: BIO160 or BIO201; ENG101 or ENG107; and ENG102 or ENG108.

Students with other related health care experiences not listed on the following program preparatory options may request an evaluation for course competency equivalence for work experience or equivalent education as evaluated by the GateWay Health Core Curriculum Coordinator. Once admitted to the program, students should plan to attend full time.

Required HCC courses may be taken prior to program admission or concurrent with required courses. HCC courses must be completed prior to clinical placement if taken concurrent with required courses.

Admission Criteria:

1. Formal application and admission to begin the core curriculum is determined by a point system. See point system description in Physical Therapist Assisting (PTA) program packet in the Health Sciences Division of college.
2. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District background check

standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC background check policy and drug testing protocols.

3. Clinical health and safety requirements: Prior to placement in the clinical setting, the student must comply with all requirements of the MCCCDC clinical health and safety policy.
4. Inability to comply with background check requirements and/or clinical health and safety requirements prior to placement in the clinical setting may result in cancellation of enrollment.
5. Forty (40) hours of volunteer/work/observation in physical therapy practice settings supervised by a licensed physical therapist or physical therapist assistant are required to apply for admission into the PTA program. A minimum of 10 hours in an inpatient (hospital, skilled nursing facility, rehabilitation hospital) setting is required.

Program Prerequisites: None

Required Courses (53-54 Credits):

HCC145 Medical Terminology for Health Care Professionals (3) OR

HCC146 Common Medical Terminology for Health Care Professionals (2) 2-3

- + PTA101 Survey of Physical Therapy 1.5
- + PTA103 Kinesiology 3
- + PTA104 Musculo-Skeletal Assessment Techniques 1.5
- + PTA200 Patient Mobility Techniques 4
- + PTA202 Therapeutic Modalities 5
- + PTA203 Clinical Pathology 3
- + PTA204 Preclinical Practicum I 0.5
- + PTA205 Communication in Physical Therapy 1.5
- + PTA206 Clinical Practicum I 3
- + PTA207 Clinical Practicum Seminar I 1
- + PTA208 Rehabilitation of Special Populations 5
- + PTA210 Orthopedic Physical Therapy 4
- + PTA214 Electromodalities 2.5
- + PTA215 Wound Care for the Physical Therapist Assistant 1
- + PTA217 Clinical Neurology 2
- + PTA230 Physical Therapy Seminar 2
- + PTA279 Preclinical Practicum II 0.5
- + PTA280 Clinical Practicum II 3
- + PTA281 Clinical Practicum Seminar II 1
- + PTA290 Clinical Practicum III 3
- + PTA292 Clinical Practicum Seminar III 1
- + PTA295 Physical Therapist Assistant Examination Review 2

General Education Requirement - Credits: 22-28

General Education Core - Credits: 12-18

First-Year Composition - Credits: 6

+ ENG101 First-Year Composition (3) OR

+ ENG107 First-Year Composition for ESL (3) 3

- + ENG102 First-Year Composition (3) OR
- + ENG108 First-Year Composition for ESL (3) 3

Oral Communication - Credits: 3

Any approved general education course from the Oral Communication area 3

Critical Reading - Credits: 0-3

- + CRE101 College Critical Reading and Critical Thinking (3) OR
- Equivalent as indicated by assessment 0-3

Mathematics - Credits: 3-6

Any approved general education course from the Mathematics area 3-6

Recommend the following courses for students who are interested in transferring to university:

- + MAT140 College Mathematics (5) OR
 - + MAT141 College Mathematics (4) OR
 - + MAT142 College Mathematics (3) OR
- MAT145 College Mathematics with Review (5) OR
MAT146 College Mathematics with Review (6) 3-6

Humanities, Arts and Design - Credits: 3

Any approved general education course from the Humanities, Arts and Design area 3

Social-Behavioral Sciences - Credits: 3

PSY101 Introduction to Psychology 3

Natural Sciences - Credits: 4

- BIO160 Introduction to Human Anatomy and Physiology (4) OR
- + BIO201 Human Anatomy and Physiology I (4) 4

MCCCD Governing Board Approval Date: February 28, 2023

Radiologic Technology

3582 - Associate in Applied Science (AAS) - (84-93.5 Credits)

Field of Interest: **Health Sciences**

For Information: Brad Johnson

Phone: 602-286-8502

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/radiologic-technology-3582-aas>

Description:

The Associate in Applied Science (AAS) in Radiologic Technology is a full-time program providing educational activities preparing its graduates for certification, licensure, and employment as radiographers in the healthcare community. Graduates may also advance in their profession by pursuing continuing education, additional certifications, or a bachelor's and/or master's degree in a related field.

Radiologic technologists are the health care professionals who use medical imaging equipment to perform x-ray examinations in a variety of settings including, but not limited to, hospitals, physician's offices, clinics, medical imaging centers, surgical centers, and mobile imaging agencies. Technologists work in collaboration with other medical professionals to ensure high quality outcomes for the patient experience.

The Radiologic Technology program is an intensive, rigorous course of study with hands-on clinical experiences. Students will perform patient care and are educated in anatomy, physiology, math, physics, patient positioning, examination techniques, equipment protocols, radiation safety, and radiation protection. Students in the program will be exposed to blood-borne pathogens and infectious diseases.

The Radiologic Technology program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT) and graduates are eligible to apply for admission to the certification exam administered by the American Registry of Radiologic Technologists (ARRT). Visit www.jrcert.org for more information. Joint Review Committee on Education in Radiologic Technology 20 N. Wacker Drive, Suite 2850 Chicago, IL 60606-3182 Phone: 312-704-5300 | Fax: 312-704-5304 | mail@jrcert.org | www.jrcert.org.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

Students must complete the following general education and introductory courses with a 3.0 GPA to be added to the queue of those waiting for an available cohort space to begin the core curriculum: BIO201, BIO202, (COM100 or COM110 or COM230), (CRE101 or equivalent by assessment), (ENG101 or ENG107), (ENG102 or ENG108), any approved general education course in the Social-Behavioral Sciences area, any approved general education course in the Humanities, Arts, and Design area, (MAT15+ or any approved general education course in the Mathematics area for which MAT15+ is a prerequisite).

After acceptance into the program and before the start of required courses in the Fall semester, students must complete the following courses in the Spring:

- + RAD100 Introduction to Radiologic Science and Health Care 3
- + RAD101 Ethics and Law in the Radiologic Sciences 1

Admission Criteria:

1. Formal application and admission to the program.
2. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Background Check Policy.
3. Clinical Health and Safety Requirements must be met prior to enrollment in any program of study course. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy and drug testing protocols.
4. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes may result in cancellation of enrollment.
5. There are limited spaces available in the Radiologic Technology program. Only students who have completed all of the general education courses noted above may have their name added to the queue of those waiting for an available space in a cohort.

Program Prerequisites: None.

Required Courses (62-62.5 Credits):

- + BIO202 Human Anatomy and Physiology II 4

HCC/RES109 CPR for Health Care Provider (0.5) OR

Proof of Current American Heart Association Health Care Provider CPR Certification (0) 0-0.5

Students must maintain a current CPR certification throughout the program. Specific requirements for this certification will be shared as part of the program orientation.

- + RAD100 Introduction to Radiologic Science and Health Care 3
- + RAD101 Ethics and Law in the Radiologic Sciences 1
- + RAD102 Structured Diagnostic Medical Imaging Skills Enhancement I 1
- + RAD103 Radiation Protection in Radiologic Technology 2
- + RAD104 Imaging Equipment 2
- + RAD105 Radiation Production and Principles of Exposure 2.5
- + RAD106 Patient Care in Radiologic Sciences I 2.5
- + RAD107 Radiographic Procedures I 3
- + RAD109 Radiography Practicum I 3.5
- + RAD112 Structured Diagnostic Medical Imaging Skills Enhancement II 1
- + RAD114 Digital Image Acquisition and Display I 2
- + RAD116 Patient Care in Radiologic Sciences II 2.5
- + RAD117 Radiographic Procedures II 3
- + RAD119 Radiography Practicum II 6
- + RAD203 Radiation Biology 2
- + RAD206 Pharmacology and Venipuncture 1

- + RAD207 Radiographic Procedures III 3
- + RAD208 Image Analysis I 1
- + RAD209 Radiography Practicum III 5
- + RAD212 Structured Diagnostic Medical Imaging Skills Enhancement III 1
- + RAD214 Digital Image Acquisition and Display II 2
- + RAD217 Radiographic Pathology and Additional Modalities 2
- + RAD218 Image Analysis II 1
- + RAD219 Radiography Practicum IV 5

General Electives (0-3 Credits):

Students have the option of taking one of the following courses during their last semester. Speak to the Program Director for more information.

- + DMI/DMS/ICE220 Sectional Anatomy 3
- + DMI/ICE223 Introduction to Computed Tomography (1) OR
- + ICE233 Fundamentals of Magnetic Resonance Imaging (MRI) (1) 1
- + ICE250 Mammography 3

General Education Requirement - Credits: 22-28

General Education Core - Credits: 12-18

First-Year Composition - Credits: 6

- + ENG101 First-Year Composition (3) OR
- + ENG107 First-Year Composition for ESL (3) AND
- + ENG102 First-Year Composition (3) OR
- + ENG108 First-Year Composition for ESL (3) 6

Oral Communication - Credits: 3

- COM100 Introduction to Human Communication (3) OR
- COM110 Interpersonal Communication (3) OR
- COM230 Small Group Communication (3) 3

Critical Reading - Credits: 0-3

- + CRE101 College Critical Reading and Critical Thinking (3) OR
- Equivalent by assessment (0) 0-3

Mathematics - Credits: 3-6

- MAT150 College Algebra/Functions (5) OR
- MAT151 College Algebra/Functions (4) OR
- MAT152 College Algebra/Functions (3) OR
- MAT155 College Algebra/Functions with Review (5) OR
- MAT156 College Algebra/Functions with Review (6) OR
- Any approved general education course in the Mathematics area for which MAT15+ is a prerequisite (3-6) 3-6

General Education Distribution - Credits: 10

Humanities, Arts and Design - Credits: 3

Any approved general education course in the Humanities, Arts, and Design area. 3

Social-Behavioral Sciences - Credits: 3

Any approved general education course in the Social-Behavioral Sciences area. 3

Natural Sciences - Credits: 4

+ BIO201 Human Anatomy and Physiology I 4

MCCCD Governing Board Approval Date: February 22, 2022

Respiratory Care

3284 - Associate in Applied Science (AAS) - (80.5-96 Credits)

Field of Interest: **Health Sciences**

For Information: Tracey Schartz

Phone: 602-286-8523

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/respiratory-care-3284-aas>

Description:

The Associate in Applied Science (AAS) in Respiratory Care degree provides education in patient services in the cardiovascular and pulmonary fields. Students will learn how to assess, provide treatment, and perform diagnostic procedures. The program focuses on principles for respiratory therapists to utilize advanced technology in life support systems, administer medications, and perform many techniques to assist patients in the healing process. Curriculum includes experiences in the hospital critical care, trauma, emergency departments, and operating rooms, patient's home, physicians' offices, and out-patient clinics in preparation for employment.

Successful completion of the AAS degree in Respiratory Care enables the program graduates to take the National Board of Respiratory Care (NBRC) Therapist Multiple-Choice (TMC) Examination and Clinical Simulation Examination (CSE). Passing both of these exams is required to earn the RRT credential and make the graduate eligible to obtain their license to practice professionally.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

Where selected as part of program completion, the following general education and introductory courses must be completed with a 3.0 GPA to be added to the queue of those waiting for an available cohort space to begin the core curriculum: BIO160, BIO201, BIO202, CHM130, CHM130LL, CRE101, ENG101, ENG107, HCC/RES109, and MAT15+ or any approved general education course from the Mathematics area for which MAT15+ is a prerequisite.

Admission Criteria:

1. Formal application and admission to the program.
2. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Background Check Policy.
3. Clinical health and safety requirements must be met prior to enrollment in any program of study course. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy and drug testing protocols.
4. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes or during the program may result in cancellation of enrollment.
5. There are limited spaces available in the Respiratory Care program. Only students who have completed all of the general education and introductory courses noted above may have their name added to the queue of those waiting for an available space in a cohort.

Program Prerequisites: None

Required Courses (58.5-61 Credits):

CHM130 Fundamental Chemistry 3

CHM130LL Fundamental Chemistry Laboratory 1

HCC/RES109 CPR for Health Care Provider (0.5) OR

American Heart Association Health Care Provider CPR certification (0) 0-0.5

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

+ RES118 Vascular Access for Clinical Practice 1

+ RES130 Respiratory Care Fundamentals I 4.5

+ RES131 Infection Control for Respiratory Care 1

+ RES133 Respiratory Care Clinical Seminar 2

+ RES134 Respiratory Care Pharmacology I 2

+ RES136 Applied Biophysics for Respiratory Care 3

+ RES140 Respiratory Care Fundamentals II 5

+ RES142 Respiratory Care Clinical I 4

General Education Distribution - Credits: 10-14**Humanities, Arts and Design - Credits: 3**

Any approved general education course in the Humanities, Arts and Design area. 3

Social-Behavioral Sciences - Credits: 3

PSY101 Introduction to Psychology 3

Natural Sciences - Credits: 4-8

BIO160 Introduction to Human Anatomy and Physiology (4) OR

+ BIO201 Human Anatomy and Physiology I (4) AND

+ BIO202 Human Anatomy and Physiology II (4) 4-8

MCCCD Governing Board Approval Date: June 28, 2022

Sleep Medicine (Polysomnographic) Technology

3135 - Certificate of Competency (CCT) - (65-87 Credits)

Field of Interest: **Health Sciences**

For Information: Baljeet Gill

Phone: 602-286-8482

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/sleep-medicine-polysomnographic-technology-3135-aas>

Description:

The Associate in Applied Science (AAS) in Sleep Medicine (Polysomnographic) Technology includes parallel clinical training in various Valley hospitals and free-standing sleep centers. The Sleep Medicine (Polysomnographic) Technology program prepares sleep (polysomnographic) technologists to assist physicians specializing in sleep medicine in the clinical assessment, physiological monitoring and testing, diagnosis, management, and treatment of sleep-related disorders with the use of various diagnostic and therapeutic tools providing care to patients of all ages. Upon successful completion of the program, the student will be prepared to sit for the Board of Registered Polysomnographic Technologists examination to become a Registered Polysomnographic Technologist (RPSGT).

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

Students may opt to transfer from the Sleep Medicine (Polysomnographic) Technology program into the Electroneurodiagnostic (END) Technology while in the first semester of the program. A seat in the END program will be granted if there is no waitlist and Program Director approval is granted at the time of transfer.

HCC courses may be taken prior to admission or concurrently during enrollment in the program.

Admission Criteria:

1. Formal admission to the Sleep Medicine (Polysomnographic) Technology or Electroneurodiagnostic (END) Technology program is required.
2. Formal application can be made at any time.
3. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Background Check Policy.
4. Clinical health and safety requirements must be met. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy.
5. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes may result in cancellation of enrollment.
6. Proof of current American Heart Association Healthcare Provider CPR Certification.

Program Prerequisites (10-21 Credits):

Students selecting BIO201 and BIO202 must complete the prerequisite courses BIO156 or BIO181. BIO160 Introduction to Human Anatomy and Physiology (4) OR

+ BIO201 Human Anatomy and Physiology I (4) AND
+ BIO202 Human Anatomy and Physiology II (4) 4-8

+ BIO156 Introductory Biology for Allied Health (4) OR
+ BIO181 General Biology (Majors) I (4) OR
One year of high school biology with a grade of C or better (0) 0-4

+ ENG101 First-Year Composition (3) OR
+ ENG107 First-Year Composition for ESL (3) 3

+ MAT120 Intermediate Algebra (5) OR
+ MAT121 Intermediate Algebra (4) OR
+ MAT122 Intermediate Algebra (3) OR
Equivalent course OR satisfactory completion of a higher level mathematics course. 3-6

Required Courses (43-51 Credits):

+ EEG115 Biomedical Electronic Technology I 2
+ EEG116 Biomedical Electronic Technology II 3
+ EEG130 Introduction to EEG 4
+ EEG210 Applied Neurophysiology 3

Met by BIO160 or BIO201 and BIO202 in Program Prerequisites area.

MCCCD Governing Board Approval Date: February 28, 2023

Surgical Technology

3673 - Associate in Applied Science (AAS) - (70.5-97 Credits)

Field of Interest: **Health Sciences**

For Information: Brandy Thompson

Phone: 602-286-8516

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/surgical-technology-3673-aas>

Description:

The Associate in Applied Science (AAS) in Surgical Technology is designed for students with an interest in working in the surgical setting and caring for patients that are undergoing a surgical procedure. Students will apply manual dexterity and knowledge of surgical technology under the direction of a surgeon and in conjunction with the surgical team. At the completion of the program, graduates may seek employment in a hospital, surgical center, other outpatient settings, or surgical equipment industry and veterinary services. In addition, the AAS degree includes common core classes with the Hospital Central Services certificate program. Upon completion of the Surgical Technology program, students take the national Certified Surgical Technologist exam (CST). Students also have the option within the program to complete the 400-hour Hospital Central Service Technology practicum to be eligible to sit for the Certified Registered Central Service Technician (CRCST) certification examination from the Healthcare Sterile Processing Association (HSPA).

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

If selected as part of program completion, the following general education and introductory courses must be completed with a 2.0 GPA to be added to the queue of those waiting for an available cohort space to begin the core curriculum: BIO201, BIO202, BIO205, (ENG101 or ENG107), (ENG102 or ENG108), (MAT150 or MAT151 or MAT152 or MAT155 or MAT156), and PHY101.

Admission Criteria:

1. Formal application and admission to the program.
2. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Background Check Policy.
3. Clinical health and safety requirements must be met prior to enrollment in any program of study course. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy and drug testing protocols.
4. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes or during the program may result in cancellation of enrollment.
5. There are limited spaces available in the Surgical Technology program. Only students who have completed all the general education and introductory courses noted above may have their name added to the queue of those waiting for an available space in a cohort.

Program Prerequisites: None

Required Courses (44.5-58 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

There are two options available to students to enter the Surgical Technology program after completing the program courses. Option I is for students who do NOT have a Certified Registered Central Service Technician (CRCST) certification through the HSPA. Option II is for students who hold a current CRCST certification through HSPA and current proof of employment of working in the field. A graduate of the GWCC HCS program 2018 or later will have priority on the waitlist.

Option I

Credits: 48.5-55

Certificates of Completion

Accounting

5665 - Certificate of Completion (CCL) - (24-27 Credits)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Tina Wixom

Phone: 602-286-8945

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/accounting-5665-ccl>

Description:

The Certificate of Completion (CCL) in Accounting program is designed for students seeking to gain skills and knowledge in the field of accounting and tax. Possible entry-level positions for this program include accounting clerk, accounts payable/receivable clerk, claims clerk, credit clerk, bookkeeper, accounting intern, or comparable positions. An Associate in Applied Science (AAS) in Accounting and a Certificate of Completion (CCL) in Enrolled Agent are also available.

Program Notes:

Students must earn a grade of C or better in all courses in the program.

+ indicates course has prerequisites and/or corequisites

Consultation with an Academic Advisor is recommended for course selection.

Program Prerequisites: None.

Required Courses (24-27 Credits):

ACC111 Accounting Principles I (3) AND

+ ACC230 Uses of Accounting Information I (3) AND

+ ACC240 Uses of Accounting Information II (3)

OR

ACC111 Accounting Principles I (3) AND

+ ACC112 Accounting Principles II (3) AND

+ ACC212 Managerial Accounting (3)

OR

ACC211 Financial Accounting (3) AND

+ ACC212 Managerial Accounting (3) 6-9

ACC105 Payroll, Sales and Property Taxes (3) OR

+ ACC222 Payroll Accounting (3) 3

ACC121 Individual Tax Preparation (3) OR

+ ACC221 Tax Accounting (3) 3

ACC115 Computerized Accounting 3

CIS114DE Excel Spreadsheet 3
CIS105 Survey of Computer Information Systems 3
GBS151 Introduction to Business 3

MCCCD Governing Board Approval Date: November 26, 2019

Air Conditioning and Electrical Accessories

5435 - Certificate of Completion (CCL) - (18 Credits)

Field of Interest: **Applied Technology**

For Information: Larry Bruce Martz

Phone: 602-286-8643

<https://www.gatewaycc.edu/degrees-certificates/applied-technology/air-conditioning-and-electrical-accessories-5435-ccl>

Description:

The Certificate of Completion (CCL) in Air Conditioning and Electrical Accessories should prepare students to enter the automotive air conditioning/electrical service areas of the industry. Modern laboratory facilities, fully equipped with the latest equipment, may provide students with excellent opportunities for pre-employment experience.

Program Notes:

Students must earn a grade of "C" or better in all courses within the program.

+ indicates course has prerequisites and/or corequisites.

Program Prerequisites: None

Required Courses (18 Credits):

AUT103AA Automotive Electrical Systems 6

+ AUT107AD Automotive Air Conditioning 4

AUT130 Automotive Quick Service 4

+ AUT215AA Automotive and Electrical/Electronic Systems II 4

MCCCD Governing Board Approval Date: October 25, 2016

Amazon Web Services Cloud Associate

5330N - Certificate of Completion (CCL) - (3-6 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/amazon-web-services-cloud-associate-5330n-ccl>

Description:

The Certificate of Completion (CCL) in Amazon Web Services (AWS) Cloud Associate builds the knowledge and skills to design, plan, and implement a cloud solution architecture. Students will be introduced to concepts and hands-on opportunities to manage cloud systems/architectures for real world-applications. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the AWS Certified Solutions Architect – Associate examination, which is the second level of the AWS certifications.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience such as database, Linux, information security, networking, programming, and DevOps who are interested in expanding their knowledge in the area of cloud computing to enhance their employment opportunities. Speak to a program director for additional information.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: BPC, CIS, CLD, CNT, ITS, and MST.

Students must earn a grade of C or better for all courses required within the program.

Program Prerequisites: None

Required Courses (3-6 Credits):

CLD110 Amazon Web Services Cloud Foundations (3)

OR

Certificate of Completion in Amazon Web Services Cloud Practitioner (5141N) (3)

OR

AWS Certified Cloud Practitioner certification badge (0)

OR

Permission of Program Director (0) 0-3

+ CLD120 Amazon Web Services Cloud Architect Associate 3

MCCCD Governing Board Approval Date: June 22, 2021

[Amazon Web Services Cloud Practitioner](#)

5141N - Certificate of Completion (CCL) - (3 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/amazon-web-services-cloud-practitioner-5141n-ccl>

Description:

The Certificate of Completion (CCL) in Amazon Web Services Cloud Practitioner builds the practical knowledge and skills of cloud computing. Cloud computing provides reliable, scalable, secure, and flexible technology solutions for personal and business use. This CCL will introduce students new to or interested in cloud computing to the fundamental concepts of cloud services as well as hands-on opportunities to apply these concepts to real-world applications. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the Amazon Web Services (AWS) Certified Cloud Practitioner exam, which is the first level of the AWS certification.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience such as database, Linux, information security, networking, programming, and DevOps who are interested in expanding their knowledge in the area of cloud computing to enhance their employment opportunities. Speak to a program director for additional information.

Students must earn a grade of C or better for all courses required within the program.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Program Prerequisites: None

Required Courses (3 Credits):

CLD110 Amazon Web Services Cloud Foundations 3

MCCCD Governing Board Approval Date: February 23, 2021

[Amazon Web Services Cloud Specialist](#)

5331N - Certificate of Completion (CCL) - (3-9 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/amazon-web-services-cloud-specialist-5331n-ccl>

Description:

The Certificate of Completion (CCL) in Amazon Web Services (AWS) Cloud Specialist builds the requisite knowledge and skills to perform core Amazon Web Services (AWS) services in a manner that is based on compute, data, security and requirements as well as AWS best practices. Students select a specialization in either Developer or SysOps. Developer focuses on developing, deploying and debugging cloud based applications using AWS. SysOps focuses on deploying, managing and operating scalable, highly available, and fault tolerant systems on AWS.

Students will have hands-on opportunities to manage cloud systems/architectures for real world-scenarios. Students with the requisite prior experience in the field who complete this CCL can pursue employment in a variety of information technology jobs.

This CCL also helps to prepare students for industry-standard certification as either AWS Certified Developer - Associate or AWS Certified SysOps Administrator - Associate based on their emphasis.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience such as database, Linux, information security, networking, programming, and DevOps who are interested in expanding their knowledge in the area of cloud computing to enhance their employment opportunities. Speak to a program director for additional information.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the CCL to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Students must earn a grade of C or better for all courses required within the program.

Program Prerequisites: None

Required Courses (3-9 Credits):

CLD110 Amazon Web Services Cloud Foundations (3) OR

AWS Cloud Practitioner Certification (0) OR

Permission of Program Director (0) 0-3

+ CLD120 Amazon Web Services Cloud Architect Associate (3) OR

AWS Certified Solutions Architect - Associate certification (0) OR

Permission of Program Director (0) 0-3

Complete all courses in the specialization below that best aligns with your academic and professional goals. Consult with an academic, faculty, or program advisor.

Specialization 1: AWS Certified Developer - Associate

+ CLD130 Amazon Web Services Cloud Developing 3

Specialization 2: AWS Certified SysOps Administrator - Associate

+ CLD140 Amazon Web Services Cloud Operations 3

MCCCD Governing Board Approval Date: June 22, 2021

[Android App Development](#)

5834N - Certificate of Completion (CCL) - (9-12 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/android-app-development-5834n-ccl>

Description:

The Certificate of Completion (CCL) in Android App Development prepares students for employment in entry-level coding, programming, and software development positions with an emphasis on Android mobile apps. This CCL will help prepare students to take the Associate Android Developer industry certification. Courses in this certificate can apply toward the Associate in Applied Science (AAS) in Mobile App Development and Certificate of Completion (CCL) in Mobile App Development, and Certificate of Completion (CCL) in Native Mobile App Development.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better in all courses within the program.

Students should consult with a Department Advisor in arranging their schedules.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Program Prerequisites: None

Required Courses (9-12 Credits):

CIS105 Survey of Computer Information Systems (3) OR

Permission of Program Director, Department or Division Chair (0) 0-3

+ CIS150 Programming Fundamentals (3) OR

+ CIS150AB Object-Oriented Programming Fundamentals (3) OR

+ CIS156 Python Programming: Level I (3) OR

+ CIS159 Visual Basic Programming I (3) OR

+ CIS162AD C# Level I (3) OR

+ CIS163AA Java Programming: Level I (3) 3

CIS150 or CIS150AB recommended for students with no programming experience or who plan to complete the AAS 3099 or CCL 5193 in Mobile App Development.

+ CIS165DA Introduction to Android Application Development 3

+ CIS265DA Advanced Android Application Development 3

Description:

The Certificate of Completion (CCL) in Automotive Service prepares individuals to apply technical knowledge and skills to repair, service, and maintain automobiles. Instruction is in both the theoretical

and practical aspects of automotive repair, service and maintenance, and includes brake systems, electrical systems, engine performance, engine repair, suspension and steering, automatic and manual transmissions and drivetrains, and heating and air conditioning systems. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile Certification Tests (A1 - A8).

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service is also available.

Program Notes:

Students must earn a grade of C or better for each course listed in the Required Courses area.

Program Prerequisites: None

Required Courses (42 Credits):

ASE100 Introduction to Automotive Service 2

ASE110 Engine Fundamentals (4) OR
ASE110AU Engine Fundamentals (4) 4

ASE120 Automatic Transmission and Transaxle (4) OR
ASE120AU Automatic Transmission and Transaxle (4) 4

ASE130 Manual Drive Trains and Axles (4) OR
ASE130AU Manual Drive Trains and Axles (4) 4

ASE140 Automotive Steering, Suspension and Alignment (4) OR
ASE140AU Automotive Steering, Suspension and Alignment (4) 4

ASE150 Automotive Brake Systems (4) OR
ASE150AU Automotive Brake Systems (4) 4

ASE160 Introduction to Automotive Electrical (4) OR
ASE160AU Introduction to Automotive Electrical (4) 4

ASE170 Automotive Heating, Ventilation and Air Conditioning Systems (4) OR
ASE170AU Automotive Heating, Ventilation and Air Conditioning Systems (4) 4

ASE180 Introduction to Engine Management (4) OR
ASE180AU Introduction to Engine Management (4) 4

+ ASE260 Advanced Automotive Electrical (4) OR
+ ASE260AU Advanced Automotive Electrical (4) 4

ASE280 Engine Management (4) OR
ASE280AU Engine Management (4) 4

Restricted Electives (3-8 Credits):

+ ASE240 Advanced Driver Assistance Systems 2
+ ASE265 Introduction to Electric and Hybrid Vehicles 2

ASE290++ Automotive Service Internship (any suffixed courses) 1-4
ASE296++ Cooperative Education (any suffixed courses) 1-4
ASE298++ Special Projects (any suffixed courses) 1-3

MCCCD Governing Board Approval Date: February 28, 2023

Automotive Steering and Suspension

5934N - Certificate of Completion (CCL) - (4 Credits)

Field of Interest: **Applied Technology**

For Information: Jason Cooper

Phone: 602-286-8629

<https://www.gatewaycc.edu/degrees-certificates/applied-technology/automotive-steering-and-suspension-5934n-cc/>

Description:

The Certificate of Completion (CCL) in Automotive Steering and Suspension provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of steering and suspension. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A4 Test.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service is also available.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better for each course listed in the Required Courses area.

Program Prerequisites: None

Required Courses (4 Credits):

ASE140 Automotive Steering, Suspension and Alignment (4) OR
ASE140AU Automotive Steering, Suspension and Alignment (4) 4

MCCCD Governing Board Approval Date: February 28, 2023

Banking and Finance

5627 - Certificate of Completion (CCL) - (27 Credits)

Field of Interest: **Business, Entrepreneurialism and Management**

For Information: Tina Wixom

Phone: 602-286-8945

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/banking-and-finance-5627-cc/>

Description:

The Certificate of Completion (CCL) in Banking and Finance program has been developed for entry or advancement in the banking profession. The program is designed to prepare students for the many challenges of the world of finance, since the role of the modern banker today demands specialized knowledge, flexible job performance, and customer service expertise. An Associate in Applied Science (AAS) in Banking and Finance is available.

Program Notes:

+ indicates course has prerequisite and/or corequisite.

Students must earn a grade of C or better in all courses within the program.

Program Prerequisites: None

Required Courses (27 Credits):

ACC111 Accounting Principles I 3

+ ACC112 Accounting Principles II 3

CIS105 Survey of Computer Information Systems 3

GBS103 Principles of Banking 3

GBS131 Business Calculations 3

GBS151 Introduction to Business 3

GBS205 Legal, Ethical, and Regulatory Issues in Business 3

GBS294 Consumer Credit 3

MGT126 Customer Service Skills and Strategies 3

MCCCD Governing Board Approval Date: October 22, 2019

Business Technology Specialist

5762 - Associate in Applied Science (AAS) - (22.5-23 Credits)

Field of Interest: **Business, Entrepreneurialism and Management**

For Information: Tina Wixom

Phone: 602-286-8945

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management>

Description:

The Certificate of Completion (CCL) in Business Technology Specialist emphasizes training on word processing, spreadsheet, database, and presentation software for business purposes. Completion of this certificate program which has as a prerequisite completion of the Office Technology Certificate would qualify an individual for secretarial, administrative assistant, or executive assistant positions.

Program Notes:

Students must earn a grade of "C" or better for all courses required within the program.

Program Prerequisites: None

Required Courses (19.5-20 Credits):

Certificate of Completion in Office Technology (5261) 18

+ BPC131DK Intermediate Word 1

CIS100 Internet: A Tool for Learning (0.5) OR

CIS133AA Internet/Web Development Level I-A (1) 0.5-1

Restricted Electives (3 Credits):

Student should select 3 credits from any BPC or CIS prefixed course. 3

MCCCD Governing Board Approval Date: 6-26-07

Carpenter Apprenticeship

5395 - Certificate of Completion (CCL) - (48-49 Credits)

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/programs/journeymen>

Description:

The Certificate of Completion (CCL) in Carpenter Apprenticeship program is designed to provide knowledge and skills in the carpentry trade. These include concrete formwork, framing, exterior finish, interior finish, interior system, roof and basic metal framing, stair forms, bridge construction, and transit levels and lasers.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

This CCL is awarded ONLY to apprentices who have simultaneously enrolled with Southwest Carpenters Training Fund and GateWay Community College.

There is also a Prior Learning Assessment (PLA) option for journeymen who have completed any registered apprenticeship program in Carpentry. However, PLA will be awarded for degree-seeking students only, with verification of journeymen status and additional criteria. The credits will be awarded toward the AAS degree. The CCL will not be awarded for those pursuing PLA.

Admission Criteria: Admission to the program by the Apprenticeship Coordinator.

Program Prerequisites: None

Required Courses (36 Credits):

- + CRP101 Orientation - Carpenter Apprenticeship 3
- + CRP102 Safety/Health Certifications for Carpentry - Carpenter Apprenticeship 3
- + CRP103 Tool and Equipment Applications - Carpenter Apprenticeship 3
- + CRP104 Basic Wall Framing - Carpenter Apprenticeship 3
- + CRP108 Moldings and Trim - Carpenter Apprenticeship 3
- + CRP113 Basic Roof Framing - Carpenter Apprenticeship 3
- + CRP121 Print Reading for Carpenters - Carpenter Apprenticeship 3
- + CRP123 Wall Forming - Carpenter Apprenticeship 3

- + CRP124 Foundations and Flatwork - Carpenter Apprenticeship 3
- + CRP131 Commercial Floor Framing - Carpenter Apprenticeship 3
- + CRP232 Stair and Ramp Forming - Carpenter Apprenticeship 3
- + CRP234 Transit Level/Laser - Carpenter Apprenticeship 3

Credits: 36

Restricted Electives

Students should select twelve (12) to thirteen (13) credits from the following courses in consultation with the Apprenticeship Program Coordinator:

- + CRP102AJ Tilt Up Construction I - Carpenter Apprenticeship 1
- + CRP106AK Interior Systems: Suspended Lay-In Ceilings - Carpenter Apprenticeship 3
- + CRP130 Basic Commercial Framing - Carpenter Apprenticeship 3
- + CRP150 Acoustical Ceilings - Carpenter Apprenticeship 3
- + CRP151 Standard Acoustical Grids - Carpenter Apprenticeship 3
- + CRP152 Acoustical Soffits - Carpenter Apprenticeship 3
- + CRP153 Concealed Glue-Up/Staple-Up Systems - Carpenter Apprenticeship 3
- + CRP154 Metal Pan and Security Systems - Carpenter Apprenticeship 3
- + CRP160 Basic Lathing - Carpenter Apprenticeship 3
- + CRP163 Framing Ceilings and Soffits - Carpenter Apprenticeship 3
- + CRP164 Basic Hand Finishing - Carpenter Apprenticeship 3
- + CRP165 Framing Curves and Arches - Carpenter Apprenticeship 3
- + CRP166 Automatic Finishing Tools - Carpenter Apprenticeship 3
- + CRP167 Exterior Insulation Finish Systems - Carpenter Apprenticeship 3
- + CRP202 Basic Stairs - Carpenter Apprenticeship 3
- + CRP207 Solar Installer Level I - Carpenter Apprenticeship 2
- + CRP211 Storefront Installations - Carpenter Apprenticeship 3
- + CRP212AC Rigging - Carpenter Apprenticeship 2
- + CRP214AA Drywall Applications - Carpenter Apprenticeship 2
- + CRP215 Drywall/Acoustical Ceilings - Carpenter Apprenticeship 3
- + CRP216 Designer and Specialty Trims - Carpenter Apprenticeship 3
- + CRP217 Drywall Installation/Finish Trims - Carpenter Apprenticeship 3
- + CRP221 Advanced Print Reading - Carpenter Apprenticeship 2
- + CRP222 Bridge Construction - Carpenter Apprenticeship 3
- + CRP226 Air, Moisture, and Thermal Barriers - Carpenter Apprenticeship 3
- + CRP227 Green Building and Weatherization - Carpenter Apprenticeship 2
- + CRP228 Water Treatment Facilities - Carpenter Apprenticeship 3
- + CRP233 Basic Metal Framing - Carpenter Apprenticeship 3
- + CRP235 Advanced Metal Framing - Carpenter Apprenticeship 3
- + CRP242 Doors/Door Hardware - Carpenter Apprenticeship 3
- + CRP244 Cabinet Installation - Carpenter Apprenticeship 3
- + CRP250 Pre-Fab/Sound Panels - Carpenter Apprenticeship 3
- + CRP251 Advanced Acoustical Ceilings Layout - Carpenter Apprenticeship 3
- + CRP252 Advanced Acoustical Ceiling Installations - Carpenter Apprenticeship 3
- + CRP253 Framing Curves and Arches - Carpenter Apprenticeship 3

- + CRP255 Fire Stopping/Fire Proofing Procedures - Carpenter Apprenticeship 3
- + CRP260 Advanced Lathing - Carpenter Apprenticeship 3
- + CRP261 Free-Form Lathing - Carpenter Apprenticeship 3
- + CRP263 Ceiling and Soffit Finishing - Carpenter Apprenticeship 3
- + CRP264 Advanced Hand Finishing - Carpenter Apprenticeship 3
- + CRP267 Wet Wall Finishes - Carpenter Apprenticeship 3
- + CRP268 Decorative Trims - Carpenter Apprenticeship 3
- + CRP280 Total Station (Robotics) - Carpenter Apprenticeship 3
- + WLD215 Welding Fabrication 3
- + WLD215AA Weld Fabrication I for Millwrighting 2
- + WLD215AB Weld Fabrication II for Millwrighting 2

MCCCD Governing Board Approval Date: May 23, 2023

Cisco Certified Network Professional: Enterprise 5190 - Certificate of Completion (CCL) - (16 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/cisco-certified-network-professional-enterprise-5190-ccl>

Description:

The Certificate of Completion (CCL) in Cisco Certified Network Professional: Enterprise builds the advanced knowledge and skills needed for professional-level networking technologies and architecture. This CCL includes fundamental concepts of virtualization, network assurance, security, automation, and the implementation and troubleshooting of advanced routing technologies, as well as hands-on opportunities to apply these concepts to real-world applications. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the Cisco Enterprise Network Core Technologies (ENCOR) certification and Implementing Cisco Enterprise Network Advanced Routing and Services (ENARSI) exams aligned with the CCNP Enterprise, CCIE Enterprise Infrastructure, CCIE Enterprise Wireless, and Cisco Certified Specialist - Enterprise core, CCNP Enterprise, Cisco Certified Specialist - Advanced Infrastructure Implementation certifications.

Additional Certificates of Completion (CCLs) in Cisco Certified Network Security (CCNA Security), Cisco Certified Network Professional: Enterprise Core, Cisco Certified Network Professional: Enterprise Advanced Routing and Services, Cisco Network Administration: CCNP, as well as an Associate in Applied Science (AAS) in Network and Systems Administration, are also available.

Program Notes:

This Certificate of Completion (CCL) is intended for industry professionals with the requisite skills aligned with the Cisco Certified Network Associate (CCNA) industry certification who are interested in expanding their knowledge in the area in professional-level networking or to enhance their employment opportunities. Speak to a program director for additional information.

Students must earn a grade of C or better for all courses required within the program.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Admission Criteria:

This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience. To pursue this CCL, students must complete the following prerequisites to the courses within the Required Course area as follows with a C or better OR have a Cisco Certified Network Associate (CCNA) industry certification OR receive permission of the Program Director:

CNT140AB Introduction to Networks 4

+ CNT150AB Switching, Routing, and Wireless Essentials 4

+ CNT160AB Enterprise Networking, Security, and Automation 4

Students also have the option to complete the full CCL in this program, Cisco Network Administration: CCNP (major code 5037), that includes the prerequisites and required courses.

Program Prerequisites: None

Required Courses (16 Credits):

+ CNT240 Cisco Certified Network Professional: Enterprise Core (8) OR

+ CNT240AA Cisco Certified Network Professional: Enterprise Core I (4) AND

+ CNT240AB Cisco Certified Network Professional: Enterprise Core II (4) 8

+ CNT250 Cisco Certified Network Professional: Enterprise Advanced Routing and Services (8) OR

+ CNT250AA Cisco Certified Network Professional: Enterprise Advanced Routing and Services I (4)
AND

+ CNT250AB Cisco Certified Network Professional: Enterprise Advanced Routing and Services II (4) 8

MCCCD Governing Board Approval Date: June 23, 2020

Cisco Network Administration and Security

5036 - Certificate of Completion (CCL) - (16-19 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/cisco-network-administration-and-security-5036-ccl>

Description:

The Certificate of Completion (CCL) in Cisco Network Administration and Security provides training for those interested in working with Cisco network and Internet hardware with a particular emphasis on securing networks from threats and vulnerabilities. Knowledge and skills are developed to install, configure, and maintain Cisco routers and switches; configure routing protocols, and Local Area Networks (LANs); troubleshoot problems with various hardware and software configurations; perform administrative tasks in a network. Specific skills in maintaining integrity, accountability, and confidentiality of data are also developed. Taught by Cisco Certified professionals using the Cisco Network Academy program curriculum, courses are designed to help prepare students for the Cisco Certified Network Associate (CCNA) and Security examinations. Students who complete this program may seek employment in a variety of environments. An additional Certificate of Completion (CCL) in Cisco Certified Network Professional (CCNP), as well as an Associate in Applied Science (AAS) in Network and Systems Administration, are also available.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

CNC Machine Operator

5103N - Certificate of Completion (CCL) - (6 Credits)

Field of Interest: **Applied Technology**

For Information: David Zamora

Phone: 602-286-8656

<https://www.gatewaycc.edu/degrees-certificates/applied-technology/cnc-machine-operator-5103n-cc>

Description:

The Certificate of Completion (CCL) in CNC Machine Operator prepares students for employment as entry level operators and technicians in the manufacturing industry. The program provides applied skills in the operation of manual/Computer Numeric Control (CNC) machines for current and future needs of the manufacturing industry. Certificates of Completion (CCLs) in CNC Machining I and CNC Machining II and an Associate in Applied Science (AAS) in Manufacturing Production Technology are also available.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better in all courses within the program.

Program Prerequisites: None

Required Courses (6 Credits):

MPT130 CNC Machine Operator (6) OR

MPT130MP CNC Machine Operator (6) 6

MCCCD Governing Board Approval Date: November 26, 2019

CNC Machining I

5100 - Certificate of Completion (CCL) - (25 Credits)

Field of Interest: **Applied Technology**

For Information: David Zamora

Phone: 602-286-8656

<https://www.gatewaycc.edu/degrees-certificates/manufacturing>

Description:

The Certificate of Completion (CCL) in CNC Machining I prepares students for employment as entry-level operators and technicians in the manufacturing industry. The program provides applied skills in process planning, quality control, set-up and operation of manual/Computer Numeric Control (CNC) machines for current and future needs of the manufacturing industry. This program introduces students to manual data programming and Computer-Aided Design/Computer-Aided Manufacturing (CAD/CAM). A CCL in CNC Machining II and an Associate in Applied Science (AAS) in Manufacturing Production Technology are also available.

Program Notes:

The Certificate of Completion in CNC Machining I is currently not Title IV Federal Financial Aid eligible.

Students must earn a grade of C or better in all courses within the program.

This program replaces:

CCL/5440 Production Technology: CNC Technology

CCL/5616 CNC Machining I

Program Prerequisites: None

Required Courses (25 Credits):

MPT101 Technical Documentation (3) OR

MPT101MP Technical Documentation (3) 3

MPT110 Inspection Techniques (3) OR

MPT110MP Inspection Techniques (3) 3

MPT111 Geometric Dimensioning and Tolerance (GDT) (3) OR

MPT111MP Geometric Dimensioning and Tolerance (GDT) (3) 3

+ MPT113 Coordinate Measuring Machines I (3) OR

+ MPT140 Manual CNC Programming (3) 3

MPT120 Introduction to Manual Machining (4) OR

MPT120MP Introduction to Manual Machining (4) 4

MPT130 CNC Machine Operator (6) OR

MPT130MP CNC Machine Operator (6) OR

MPT131 CNC Machining Level I (6) 6

MPT131MP CNC Machining Level I (6) 6

+ MPT132 CNC Machining Level II (3) OR

+ MPT132MP CNC Machining Level II (3) 3

MCCCD Governing Board Approval Date: November 26, 2019

[CNC Machining II](#)

5102 - Certificate of Completion (CCL) - (43-44 Credits)

Field of Interest: **Applied Technology**

For Information: David Zamora

Phone: 602-286-8656

<https://www.gatewaycc.edu/degrees-certificates/manufacturing>

Description:

The Certificate of Completion (CCL) in CNC Machining II prepares students for advanced employment opportunities as operators and technicians in the manufacturing industry. The program provides applied skills in process design as well as advanced knowledge in quality control, Computer Numeric Control (CNC), and Computer Aided-Design/Computer-Aided Manufacturing (CAD/CAM) programming for current and future needs of the manufacturing industry. An Associate in Applied Science (AAS) in Manufacturing Production Technology is also available.

Program Notes:

The Certificate of Completion in CNC Machining II is currently not Title IV Federal Financial Aid eligible.

Students must earn a grade of C or better in all courses within the program.

This program replaces:

CCL/5647 CNC Machining II

CCL/5795 CAM Systems Programming

Program Prerequisites: None

Required Courses (37 Credits):

Required Courses for CCL in CNC Machining I - Credits: 25

MPT101 Technical Documentation (3) OR

MPT101MP Technical Documentation (3) 3

MPT110 Inspection Techniques (3) OR

MPT110MP Inspection Techniques (3) 3

MPT111 Geometric Dimensioning and Tolerance (3) OR

MPT111MP Geometric Dimensioning and Tolerance (3) 3

MPT113 Coordinate Measuring Machines I (3) OR

MPT140 Manual CNC Programming (3) 3

MPT120 Introduction to Manual Machining (4) OR

MPT131 CNC Machining Level I (6) OR

MPT131MP CNC Machining Level I (6) 6

+ MPT132 CNC Machining Level II (3) OR

+ MPT132MP CNC Machining Level II (3) OR 3

Required Courses for CCL in CNC Machining II - Credits: 12

Students interested in taking MPT250 are advised to take MPT151

MPT150 Introduction to SolidWorks (3) OR

+ MPT151 Solid Design I: SolidWorks (3) 3

+ MPT260 Computer Aided Manufacturing (CAM) I (3) OR

+ MPT260MP Computer Aided Manufacturing (CAM) I (3) 3

+ MPT262 Computer Aided Manufacturing (CAM) II (3) OR

+ MPT262MP Computer Aided Manufacturing (CAM) II (3) 3

+ MPT270 Tooling, Fixtures, and Gauges 3

Restricted Electives (6-7 Credits):

Students should complete 6-7 credits from the category below that best aligns with their academic and professional goals.

Quality and Inspection:

MPT215 Workplace Quality Systems 3

+ MPT216 Applied Statistical Process Control Methods 3

+ MPT217 Lean and Six Sigma Applied Concepts 3

Industrial Design:

+ MPT152 Solid Design: Certified SolidWorks Associate/Certified SolidWorks Professional Test Preparation 1

+ MPT250 Solid Design II: Advanced Part Modeling: SolidWorks 3

+ MPT255 Solid Design 3D Printing 4

+ MPT261 MasterCam Certified Programmer Mill Level I: Test Preparation: CPgM1 1

Manual Machining:

MPT220 Manual Machining: NIMS Level I Certification 3

MPT221 Manual Machining: NIMS Level II Certification 3

Related Experience:

MCCCD Governing Board Approval Date: November 26, 2019

[Computed Tomography](#)

5461 - Certificate of Completion (CCL) - (19-21 Credits)

Field of Interest: **Health Sciences**

For Information: Tabatha Hatfield

Phone: 602-286-8483

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/computed-tomography-5461-ccl>

Description:

The Certificate of Completion (CCL) in Computed Tomography program offers graduate Radiologic Technologists, Radiation Therapists, and graduate Nuclear Medicine Technologists the opportunity to complete both didactic coursework and clinical skills experience necessary to prepare to meet eligibility for the professional certification in this field. The program focuses on specific skills and knowledge necessary to become proficient in this field.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

When selected as part of program completion, the following introductory courses must be completed, to be added to the queue of those waiting for an available cohort space to begin the core curriculum: DMI/DMS/ICE220, NUC220, DMI/ICE223, NUC250

Admission Criteria:

1. Certified by American Registry of Radiologic Technologists (ARRT) in Radiography or in Radiation Therapy, OR Certified by ARRT or the Nuclear Medicine Technology Certification Board (NMTCB) in Nuclear Medicine.
2. Formal application and admission to the program by the Program Coordinator.
3. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Background Check Policy.
4. Clinical health and safety requirements must be met prior to enrollment in any program of study course. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy and drug testing protocols.
5. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes or during the program may result in cancellation of enrollment.
6. There are limited spaces available in the Computed Tomography program. Only students who have completed all of the introductory courses noted above may have their name added to the queue of those waiting for an available space in a cohort.

Program Prerequisites: None

Required Courses (19-21 Credits):

+ DMI/DMS/ICE220 Sectional Anatomy (3) OR

+ NUC220 Sectional Anatomy for Nuclear Medicine (3) 3

+ DMI/ICE223 Introduction to Computed Tomography (1) OR

+ NUC250 Fundamentals of Computed Tomography and Elements of Magnetic Resonance Imaging (3) 1-3

- + ICE248 Computed Tomography (CT) Multi-Planar Sectional Anatomy 2
- + ICE254 Advanced Imaging Practicum 1
- + ICE263 Computed Tomography Physics and Instrumentation 3
- + ICE265 Computed Tomography Procedure Protocols 3
- + ICE267 Computed Tomography Advanced Imaging Practicum 2
- + ICE273 Computed Tomography Pathology 3
- + ICE291 Computed Tomography Registry and Board Exam Preparation 1

MCCCD Governing Board Approval Date: December 14, 2021

Computer Information Systems

5671 - Certificate of Completion (CCL) - (21 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/computer-information-systems-5671-ccl>

Description:

The Certificate of Completion (CCL) in Computer Information Systems program is designed to meet the needs of students who are planning to find employment using current computer applications. It is intended for students who may later want to pursue an Associate's Degree in Computer Information Systems, but who do not expect to go beyond the community college program. Students will get experience with a variety of operating systems, database management, and popular programming languages. An Associate in Applied Science (AAS) is also available.

Program Notes:

Students must earn a grade of C or better in all courses required within the program.

Consultation with an Academic Advisor is recommended for course selection.

Program Prerequisites: None

Required Courses (12 Credits):

CIS105 Survey of Computer Information Systems 3

CIS133DA Internet/Web Development Level I 3

CIS126DA UNIX Operating System (3) OR

CIS126DL Linux Operating System (3) OR

+ MST150++ Any Microsoft Windows course (3) 3

+ CIS150 Programming Fundamentals (3) OR

+ CIS150AB Object-Oriented Programming Fundamentals (3) 3

Restricted Electives (9 Credits):

CIS+++ Any CIS Computer Information Systems course(s) except courses used to satisfy Required Courses area.

MCCCD Governing Board Approval Date: June 27, 2017

Computer System Configuration and Support **5038N - Certificate of Completion (CCL) - (6-9 Credits)**

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/computer-system-configuration-and-support-5038n-cc>

Description:

The Certificate of Completion (CCL) in Computer System Configuration and Support program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs. The classes focus on the development of knowledge and skills in computer technologies including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis is placed on hardware installation, maintenance, mobile devices, hardware troubleshooting, proper use of tools, safety procedures, and professionalism. This program helps prepare students for the CompTIA A+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCL) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better in all courses within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Program Prerequisites: None

Required Courses (6-9 Credits):

CIS105 Survey of Computer Information Systems (3) OR

Permission of program director (0) 0-3

+ BPC170 A+ Exam Prep: Computer Hardware Configuration and Support 3

+ BPC270 A+ Exam Prep: Operating System Configuration and Support 3

MCCCD Governing Board Approval Date: November 26, 2019

Computer System Configuration and Support, Linux

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/computer-system-configuration-and-support-linux-5039n-ccl>

Description:

The Certificate of Completion (CCL) in Computer System Configuration and Support, Linux program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs with an emphasis on Linux. The classes focus on the development of knowledge and skills in computer and network technologies including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis is placed on the Linux Operating system including knowledge and skills required to install, configure and troubleshoot a Linux-based workstation. This program helps prepare students for the CompTIA A+ and Linux+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Program Notes

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better in all courses within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Program Prerequisites: None

Required Courses (9-12 Credits):

CIS105 Survey of Computer Information Systems (3) OR
Permission of program director (0) 0-3

+ BPC170 A+ Exam Prep: Computer Hardware Configuration and Support 3
+ BPC270 A+ Exam Prep: Operating System Configuration and Support 3

CIS126DL Linux Operating System (3) OR

MCCCD Governing Board Approval Date: February 25, 2020

MCCCD Governing Board Approval Date: February 25, 2020

Construction Trades - Mechanical Trades: Pipefitting

5716 - Certificate of Completion (CCL) - (24-48 Credits)

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/pipefitting-journeymen>

Description:

The Certificate of Completion (CCL) in Construction Trades - Mechanical Trades: Pipefitting program is designed to provide knowledge and skills in the residential, commercial, industrial, and institutional pipefitting trade. Course work includes safety, material selection, basic and advanced pipefitting calculations and principles of science. Students will also be competent in sources and treatment of public, private, and individual gas, water, heating, waste, and specialized pipefitting systems, cross connection protection, pipe identification, and blueprint reading. Course work also includes rigging, basic and advanced fabrication, pipe cutting, valves and specialized piping systems, cross connection protection, pipe identification, blueprint reading and pipefitting code. Additional related training will include basic electricity and troubleshooting.

Program Notes:

Students must earn a grade of "C" or better in all courses within the program.

+ indicates course has prerequisites and/or corequisites.

Program Accreditation/Certification or Licensure Information: Journeyman status through the Arizona Department of Commerce, Apprenticeship Services Division, U.S. Department of Labor, Bureau of Apprenticeship and Training.

Admission Criteria: Admission to the program by the following registered apprenticeship program: Interstate Mechanical Contractors, Inc.

Program Prerequisites: None

Required Courses (24-48 Credits):

Students should select from twenty-four (24) to forty-eight (48) credits from the following courses based on their apprenticeship standing upon program enrollment and in consultation with Apprenticeship Program Coordinator.

- + IMC112 Introduction to Mechanical Trades Construction 6
- + IMC114 Overview of Mechanical Trades: Sheet Metal, Pipefitting, Plumbing 6
- + IMC122 Multiple Trades cross Training: Tubes, Fittings and Piping Systems 6
- + IMC124 Multiple Trades Cross Training: Standards 6
- + IMC235 Mechanical Trades Construction: Pipefitting Intermediate Principles and Concepts 6
- + IMC238 Mechanical Trades Construction: Pipefitting Advanced Principles and Concepts 6
- + IMC245 Mechanical Trades Construction: Pipefitting Advanced Skill Building 6
- + IMC248 Mechanical Trades Construction: Pipefitting Advanced Applications and Techniques 6

MCCCD Governing Board Approval Date: November 24, 2015

Construction Trades - Mechanical Trades: Plumbing

5536 - Certificate of Completion (CCL) - (20-48 Credits)

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/plumbing-journeymen>

Description:

The Certificate of Completion (CCL) in Construction Trades - Mechanical Trades: Plumbing program is designed to provide knowledge and skills in the residential, commercial, industrial, and institutional plumbing trade. Course work includes safety, material selection, installation of plumbing systems, basic and advanced plumbing calculations and principles of science. Students will also be competent in sources and treatment of public, private, and individual gas, water, heating, waste, and specialized piping systems, cross connection protection, blueprint reading and plumbing code. Additional related training will include basic electricity and troubleshooting related to the plumbing trade.

Program Notes:

Students must earn a grade of "C" or better in all courses within the program.

+ indicates course has prerequisites and/or corequisites.

Program Accreditation/Certification or Licensure Information:

Journeyman status through the Arizona Department of Commerce, Apprenticeship Services Division, U.S. Department of Labor, Bureau of Apprenticeship and Training.

Admission Criteria:

Registered apprentice status in the state of Arizona with a trade-specific sponsoring organization.

Program Prerequisites: None

Required Courses (20-48 Credits):

Students need to select the appropriate apprenticeship program option:

Option 1: Students should select from twenty-four (24) to forty-eight (48) credits from the following courses based on their apprenticeship standing upon program enrollment and in consultation with Interstate Mechanical Contractors, Inc. Apprenticeship Program Coordinator.

- +IMC112 Introduction to Mechanical Trades Construction 6
- +IMC114 Overview of Mechanical Trades: Sheet Metal, Pipefitting, Plumbing 6
- +IMC122 Multiple Trades cross Training: Tubes, Fittings and Piping Systems 6
- +IMC124 Multiple Trades Cross Training: Standards 6
- +IMC231 Mechanical Trades Construction: Plumbing Intermediate Principles and Concepts 6
- +IMC236 Mechanical Trades Construction: Plumbing Advanced Principles and Concepts 6
- +IMC241 Mechanical Trades Construction: Plumbing Advanced Skill Building 6
- +IMC246 Mechanical Trades Construction: Plumbing Advanced Applications and Techniques 6

Option 2: Students should select from twenty (20) to forty (40) credits from the following courses based on their apprenticeship standing upon program enrollment and in consultation with Metro Phoenix Plumbing, Heating and Cooling Contractors (MPHCC) Apprenticeship Program Coordinator.

- + MEC105 Residential and Industrial Plumbing I 5
- + MEC107 Residential and Industrial Plumbing II 5
- + MEC108 Residential and Industrial Plumbing III 5
- + MEC118 Residential and Industrial Plumbing IV 5
- + MEC205 Residential and Industrial Plumbing V 5
- + MEC207 Residential and Industrial Plumbing VI 5
- + MEC208 Residential and Industrial Plumbing VII 5
- + MEC218 Residential and Industrial Plumbing VIII 5

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/sheet-metal-journeymen>

Description:

The Certificate of Completion (CCL) in Construction Trades - Mechanical Trades: Sheet Metal program is designed to provide knowledge in the Sheet Metal trade which will enable the student to apply master skills as a sheet metal worker. Course work will include: safety, basic sheet metal principles, trade calculations, piping practices, blueprint reading, refrigeration fundamentals, mechanical systems and heat pumps. Students will be competent in fabrication, triangulation, gutters, downspouts, chimneys, insulation and moisture prevention. The Sheet Metal and Air Conditioning Contractors National Association's (SMACNA) manuals and standards will be supplemental materials used in the classroom. Additionally students will examine factors involved in estimating labor and materials, equipment and delivery.

Program Notes:

Students must earn a grade of "C" or better for all courses required within the program.

+ indicates course has prerequisites and/or corequisites.

Program Accreditation/Certification or Licensure Information:

Journeyman status through the Arizona Department of Commerce, Apprenticeship Services Division, U.S. Department of Labor, Bureau of Apprenticeship and Training.

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/cross-platform-app-development-5067-cc/>

Description:

The Certificate of Completion (CCL) in Cross-Platform App Development prepares students for employment in entry-level coding, programming, and software development positions with an emphasis on Windows Mobile apps and web apps. This CCL will help students prepare to take the Microsoft Technology Associate (MTA) Software Development Fundamentals C# certification. Courses in this certificate can apply toward the Associate in Applied Science (AAS) in Mobile App Development and Certificate of Completion (CCL) in Mobile App Development.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Program requirements for CCL/5833N Windows App Development and CCL/5835N Web App Development may be taken in the CCL/5067 Cross-Platform App Development.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Program Prerequisites: None

Required Courses (18-21 Credits):

CIS105 Survey of Computer Information Systems (3) OR
Permission of Program Director, Department or Division Chair (0) 0-3

Data Analytics

5884 - Certificate of Completion (CCL) - (18-24 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/data-analytics-5884-ccl>

Description:

The Certificate of Completion (CCL) in Data Analytics is designed to prepare students to model, synthesize, analyze, and present large data sets for business decision making. Courses will focus on the techniques and computer software used in industry to extract data from various data sources, model and integrate that data, and then visualize this data for business decision making and intelligence gathering. This program prepares students for industry certification and is embedded (can be used to fulfill requirements) in the Associate of Applied Science (AAS) in Data Analytics available at MCCCD.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

CIS214DE is not equivalent to CIS214DA for the purposes of this certificate and should not be used to complete program requirements. Students who have completed GBS221 can use this course in lieu of GBS220.

Computer Information System (CIS) courses required by this program are not applicable if taken more than eight (8) years prior to the completion of the program of study. Consult with an Academic Advisor for complete information.

Program Prerequisites: None

Required Courses (18-24 Credits):

CIS114DE Excel Spreadsheet 3
CIS117DM Microsoft Access: Database Management 3
+ CIS214DA Advanced Excel for Data Analytics 3

+ CIS217AM Advanced Microsoft Access: Database Management (3) OR
+ CIS276DA MySQL Database (3) OR
+ CIS276DB SQL Server Database (3) 3

GBS151 Introduction to Business 3

+ GBS220 Quantitative Methods in Business (3) OR
+ GBS221 Business Statistics (3) 3

+ MAT150 College Algebra/Functions (5) OR
+ MAT151 College Algebra/Functions (4) OR
+ MAT152 College Algebra/Functions (3) OR
+ MAT155 College Algebra/Functions with Review (5) OR
+ MAT156 College Algebra/Functions with Review (6) OR
Satisfactory District math placement (0) 0-6

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/desktop-support-5043-ccl>

Description:

The Certificate of Completion (CCL) in Desktop Support program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs. The classes focus on the development of knowledge and skills in computer, network, and security technologies, as well as the interpersonal skills in customer service/technical support needed to be successful within the industry. Depending on course selection, this program helps prepare students for the CompTIA A+, CompTIA Network+, and/or CompTIA Linux+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

This program replaces CCL/5841 Microsoft Technical Specialist

Program Prerequisites: None

Required Courses (18-19 Credits):

+ BPC170 A+ Exam Prep: Computer Hardware Configuration and Support 3

+ BPC270 A+ Exam Prep: Operating System Configuration and Support 3

CIS102DA Customer User Support 3

CIS105 Survey of Computer Information Systems 3

CIS126DL Linux Operating System (3) OR

CIS126RH Red Hat System Administration I (3) 3

+ CIS190 Introduction to Networking (3) OR

CNT140AB Introduction to Networks (4) 3-4

(Note: CNT140AB is recommended for students interested in pursuing their Cisco Network Administration Certification)

Restricted Electives (1-3 Credits):

Students must select one to three (1-3) credits from the following:

BPC171 Recycling Used Computer Technology 1

+ CIS290AA Computer Information Systems Internship 1

+ CIS290AB Computer Information Systems Internship 2

+ CIS290AC Computer Information Systems Internship 3

+ CIS296WB Cooperative Education 2

+ CIS296WC Cooperative Education 3

+ CIS298AA Special Projects 1

+ CIS298AB Special Projects 2

+ CIS298AC Special Projects 3

MCCCD Governing Board Approval Date: December 10, 2019

Diagnostic Medical Sonography

5656 - Certificate of Completion (CCL) - (77-87 Credits)

Field of Interest: **Health Sciences**

For Information: Bryan Dodd

Phone: 602-286-8486

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/diagnostic-medical-sonography-5656-ccl>

Description:

The Certificate of Completion (CCL) in Diagnostic Medical Sonography (DMS) program is designed for students who wish to explore the field of sonography, as well as those who have made a career decision to seek certification from the American Registry of Diagnostic Medical Sonographers (ARDMS). Diagnostic medical sonographers are highly specialized members of the health care team who provide patient services using ultrasound under the direction of a physician. Sonographers provide

care essential to diagnostic ultrasound imaging by operating equipment and performing examinations for medical diagnosis. Sonographers have an in-depth knowledge of physics, disease processes, physiology, cross-sectional anatomy, positioning and sonographic techniques necessary to create ultrasound images. Knowledge of darkroom techniques, equipment maintenance, record keeping, and film processing are also part of the job.

Careers in the field of diagnostic sonography can be found in hospitals, clinics, doctors' offices, and mobile imaging centers. Research, applications, teaching, and marketing may be available to sonographers who wish to explore careers in business or industry.

Educational information: Clinical affiliations include a cooperative effort with a number of area hospitals, clinics, and doctors' offices. Clinical training is required by the ARDMS prior to sitting for the registry examination. This program will prepare students for the American Registry of Diagnostic Medical Sonographer examinations in abdomen, obstetrics, and vascular technology.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

Students must complete the following general education and introductory courses with a 3.0 GPA to be added to the queue of those waiting for an available cohort space to begin the core curriculum. BIO160 or (BIO201 and BIO202); ENG101 or ENG107, MAT150 or MAT151 or MAT152 or MAT155 or MAT156; and (PHY101 or PHY111).

Due to the requirements of the program accrediting body, this course of study requires many hours of classroom and clinical time. Full-time day students must submit application materials and be accepted prior to registering for the courses in the core curriculum. The full-time program is 22 months in length.

Admission Criteria:

1. Formal application and admission to the program.
2. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Background Check Policy and drug testing protocols.
3. Clinical health and safety requirements must be met. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy.
4. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes may result in cancellation of enrollment.
5. There are limited spaces available in the DMS program. Only students who have completed all the general education and introductory courses noted above may have their name added to the queue of those waiting for an available space in a cohort.

Program Prerequisites: None

Required Courses (77-84 Credits):

BIO160 Introduction to Human Anatomy and Physiology (4) OR
+ BIO201 Human Anatomy and Physiology I (4) AND
+ BIO202 Human Anatomy and Physiology II (4) 4-8

- + DMI/DMS/ICE220 Sectional Anatomy 3
- + DMS110 Introduction to Diagnostic Sonography 3
- + DMS120 Ultrasound Imaging: Abdominal Procedures I 3
- + DMS120LL Ultrasound Imaging: Abdominal Procedures I Laboratory 1
- + DMS121 Ultrasound Imaging: Abdominal Procedures II 3
- + DMS130 Ultrasound Imaging: OB/GYN Procedures 3
- + DMS130LL Ultrasound Imaging: OB/GYN Procedures Laboratory 1
- + DMS140 Ultrasound Case Studies: Part I 2
- + DMS150 Sonographic Principles and Instrumentation I 3
- + DMS150LL Sonographic Principles and Instrumentation Laboratory 1
- + DMS155 Introduction to Clinical Care for Sonography 1
- + DMS161 Clinical Practicum II-AA 2
- + DMS162 Clinical Practicum II-AB 2
- + DMS171 Clinical Practicum III-AA 2
- + DMS172 Clinical Practicum III-AB 2
- + DMS210 Concepts of Vascular Imaging 2
- + DMS210LL Concepts of Vascular Imaging Laboratory 1
- + DMS225 High Risk Obstetric/Gynecology Sonography 1
- + DMS240 Ultrasound Case Studies: Part II 2
- + DMS241 Ultrasound Case Studies: Part III 2
- + DMS255 Pediatric Sonography 3
- + DMS261 Clinical Practicum IV-AA 2
- + DMS262 Clinical Practicum IV-AB 2
- + DMS263 Vascular Clinical Practicum I 2
- + DMS270 Clinical Practicum V-AA 2
- + DMS271 Clinical Practicum V-AB 2
- + DMS272 Clinical Practicum V-AC 2
- + DMS281 Ultrasound Registry Preparation Seminar: Physics and Instrumentation 1
- + DMS282 Ultrasound Registry Preparation Seminar: Abdominal and Small Parts Imaging 1
- + DMS283 Ultrasound Registry Preparation Seminar: Obstetrics and Gynecology 1
- + DMS284 Ultrasound Registry Preparation: Vascular Imaging 1
- + DMS286 Advanced Vascular Technology 2
- + DMS286LL Advanced Vascular Technology Laboratory 1

- + ENG101 First-Year Composition (3) OR
- + ENG107 First-Year Composition for ESL (3) 3

- + MAT150 College Algebra/Functions (5) OR
- + MAT151 College Algebra/Functions (4) OR
- + MAT152 College Algebra/Functions (3) OR
- + MAT155 College Algebra/Functions with Review (5) OR
- + MAT156 College Algebra/Functions with Review (6) 3-6

- + PHY101 Introduction to Physics (4) OR
- + PHY111 General Physics I (4) 4

+ RES118 Vascular Access for Clinical Practice 1

Restricted Electives (0-3 Credits):

Optional: Students seeking a specialty area in sonography may select zero (0) to three (3) credits from the courses below.

+ DMS235 Ultrasound Breast Imaging 1

+ DMS250 Musculoskeletal Sonography and Small Parts 2

MCCCD Governing Board Approval Date: October 25, 2022

[Electrical Technology](#)

3767 - Associate in Applied Science (AAS) - (62-69 Credits)

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/applied-technology/electrical-technology-3767-aas>

Description:

The Associate in Applied Science (AAS) in Electrical Technology is designed to provide students with a broadened educational background and leadership skills in electrical technology. This expertise will allow employment within the industry in the areas of management, sales, field service, business ownership or instruction. Students are admitted to the AAS in Electrical Technology only through the Electric League of Arizona.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Admission Criteria:

Formal application and admission to the program by the Electric League of Arizona and a high school diploma, GED, or 6 months electrical industry or related experience.

Program Prerequisites: None

Required Courses (40-42 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

Residential Wiring 15

ELC103 Electrical/Mechanical Calculations 3

ELC119 Concepts of Electricity and Electronics 3

ELC123 Residential Electrical Wiring and Codes 3

+ ELC160 Applied Electrical Codes I 3

ELC164 Grounding and Bonding 3

Commercial Wiring 12

ELC120 Solid State Fundamentals 3

- + ELC125 Commercial Electrical Wiring and Codes 3
- + ELC161 Applied Electrical Codes II 3
- + ELC217 Motor Controls 3

Industrial Wiring 12

- + ELC124 Industrial Electrical Wiring and Codes 3
- + ELC144 Basic Automated Systems Using Programmable Controllers 3
- + ELC210 AC Machinery and DC Machinery 3
- + ELC218 Variable Frequency Drives 3

General Education Requirement - Credits: 22-27

General Education Core - Credits: 12-17

First-Year Composition - Credits: 6

- + ENG101 First-Year Composition (3) OR
- + ENG107 First-Year Composition for ESL (3) AND
- + ENG102 First-Year Composition (3) OR
- + ENG108 First-Year Composition for ESL (3) OR
- + ENG111 Technical and Professional Writing (3) 6

Oral Communication - Credits: 3

Any approved general education course from the Oral Communication area except COM225 Public Speaking.

Critical Reading - Credits: 0-3

- + CRE101 College Critical Reading and Critical Thinking (3) OR
Equivalent as indicated by assessment 0-3

Mathematics - Credits: 3-5

- + MAT120 Intermediate Algebra (5) OR
- + MAT121 Intermediate Algebra (4) OR
- + MAT122 Intermediate Algebra (3) OR
equivalent course or satisfactory completion of a higher level mathematics course 3-5

General Education Distribution - Credits: 10

Humanities, Arts and Design - Credits: 3

Any approved general education course from the Humanities, Arts and Design area. 3

Social-Behavioral Sciences - Credits: 3

Any approved general education course from the Social-Behavioral Sciences area. 3

Natural Sciences - Credits: 4

- + CHM130 Fundamental Chemistry (3) AND
- + CHM130LL Fundamental Chemistry Laboratory (1) 4

MCCCD Governing Board Approval Date: June 28, 2022

Electrical Technology - Commercial Wiring

5904N - Certificate of Completion (CCL) - (12 Credits)

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/electrical-journeymen>

Description:

The Certificate of Completion (CCL) in Electrical Technology - Commercial Wiring is specifically designed to build upon knowledge and skills in residential electrical applications and provide greater depth in skills and commercial electrical applications. The Certificate of Completion (CCL) lays the framework for the International Code Council (ICC) and International Association of Electrical Inspectors (IAEI) certification exams. Students are admitted to the Certificate of Completion in Electrical Technology - Commercial Wiring program only through the Electric League of Arizona.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

This program is not eligible for Title IV Federal Financial Aid.

Admission Criteria:

Formal application and admission to the program by the Electric League of Arizona and a high school diploma, GED, or 6 months electrical industry or related experience.

Program Prerequisites: None

Required Courses (12 Credits):

ELC120 Solid State Fundamentals 3

+ ELC125 Commercial Electrical Wiring and Codes 3

+ ELC161 Applied Electrical Codes II 3

+ ELC217 Motor Controls 3

MCCCD Governing Board Approval Date: February 27, 2018

Electrical Technology - Industrial Wiring

5906N - Certificate of Completion (CCL) - (12 Credits)

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/electrical-journeymen>

Description:

The Certificate of Completion (CCL) in Electrical Technology - Industrial Wiring is specifically designed to develop knowledge of advanced electrical skills typical of industrial applications. The Certificate of Completion (CCL) lays the framework for the International Code Council (ICC) and International Association of Electrical Inspectors (IAEI) certification exams. Students are admitted to the Certificate

of Completion in Electrical Technology - Commercial Wiring program only through the Electric League of Arizona.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of "C" or better in all courses within the program.

+ indicates course has prerequisites and/or corequisites.

Admission Criteria:

Formal application and admission to the program by the Electric League of Arizona and a high school diploma, GED, or 6 months electrical industry or related experience.

Program Prerequisites: None

Required Courses (12 Credits):

- + ELC124 Industrial Electrical Wiring and Codes 3
- + ELC144 Basic Automated Systems Using Programmable Controllers 3
- + ELC210 AC Machinery and DC Machinery 3
- + ELC218 Variable Frequency Drives 3

MCCCD Governing Board Approval Date: February 27, 2018

Electrical Technology - Residential Wiring

5756N - Certificate of Completion (CCL) - (15 Credits)

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/electrical-journeymen>

Description:

The Certificate of Completion (CCL) in Electrical Technology: Residential Wiring is specifically designed to provide a foundation of fundamental electrical knowledge and skills in residential electrical applications. These include use of tools, applied calculations, theories and concepts of electricity and electronics, residential wiring and codes. The Certificate of Completion lays the framework for the International Code Council (ICC) and International Association of Electrical Inspectors (IAEI) certification exams. Students are admitted to the Certificate of Completion in Electrical Technology-Residential Wiring program only through the Electric League of Arizona.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of "C" or better in all courses within the program.

+ indicates course has prerequisites and/or corequisites.

Admission Criteria:

Formal application and admission to the program by the Electric League of Arizona and a high school diploma, GED, or 6 months electrical industry or related experience.

Program Prerequisites: None

Required Courses (15 Credits):

ELC103 Electrical/Mechanical Calculations 3
+ ELC119 Concepts of Electricity and Electronics 3
ELC123 Residential Electrical Wiring and Codes 3
+ ELC160 Applied Electrical Codes I 3
ELC164 Grounding and Bonding 3

MCCCD Governing Board Approval Date: April 25, 2017

Endoscopy

5246 - Certificate of Completion (CCL) - (27-40.5 Credits)

Field of Interest: **Health Sciences**

For Information: Baljeet Gill

Email: baljeet.gill@gatewaycc.edu

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/endoscopy-5246-ccl>

Description:

The Certificate of Completion (CCL) in Endoscopy program is for individuals interested in assisting physicians and nurses with various endoscopic procedures, as well as providing basic care for the endoscopy patient. The endoscopy technician is responsible for preparing, maintaining, and cleaning medical instrumentation and equipment. Students will learn how to handle endoscopes and accessories during various types of endoscopy procedures.

Program Notes:

Students must earn a grade of C or better in all courses in the program.

Where selected as part of program completion, the following general education and introductory courses must be completed with a 3.0 GPA to be added to the queue of those waiting for an available cohort space to begin the core curriculum: [BIO160 or (BIO201 and BIO202)]; (ENG101 or ENG107); (ENG102 or ENG108); HCC/RES109 or proof of current American Heart Association Health Care Provider CPR Certification; [HCC130 or (HCC130AA and HCC130AB and HCC130AC and HCC130AD and HCC130AE and HCC130AF) or permission of GateWay Health Core Curriculum Coordinator]; (HCC145 or HCC146 or permission of GateWay Health Core Curriculum Coordinator); MAT15+ or equivalent course or satisfactory completion of a higher-level algebra mathematics course.

Admission Criteria:

1. Formal application and admission to the program.
2. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCD Background Check Policy.

3. Clinical health and safety requirements must be met prior to enrollment in any program of study course. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy and drug testing protocols.
4. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes or during the program may result in cancellation of enrollment.
5. There are limited spaces available in the Endoscopy program. Only students who have completed all of the general education and introductory courses noted above may have their name added to the queue of those waiting for an available space in a cohort.

Program Prerequisites: None

Required Courses (27-40.5 Credits):

BIO160 Introduction to Human Anatomy and Physiology (4) OR

+ BIO201 Human Anatomy and Physiology I (4) AND

+ BIO202 Human Anatomy and Physiology II (4) 4-8

+ ENG101 First-Year Composition (3) OR

Engine Performance and Diagnosis

5479N - Certificate of Completion (CCL) - (15 Credits)

Field of Interest: **Applied Technology**

For Information: Jason Cooper

Phone: 602-286-8629

<https://www.gatewaycc.edu/degrees-certificates/applied-technology/engine-performance-and-diagnosis-5479n-ccl>

Description:

Students can obtain a Certificate of Completion by successfully completing the following courses with a grade of "C" or better. This course grouping should prepare the student to enter the automotive engine service area.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of "C" or better in all courses within the program.

+ indicates course has prerequisites and/or corequisites.

Program Prerequisites: None

Required Courses (15 Credits):

AUT103AA Automotive Electrical Systems 6

AUT104AA Automotive Fuel Systems 3

AUT105AA Engine Performance and Diagnosis 3

+ AUT233 Computerized Engine Control Systems (3) OR

+ AUT210AA Automotive Emission Systems (3) 3

MCCCD Governing Board Approval Date: 10-24-95

Entrepreneurial Studies Level I

5819N - Certificate of Completion (CCL) - (10-11 Credits)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Tina Wixom

Phone: 602-286-8945

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/entrepreneurial-studies-level-i-5819n-ccl>

Description:

The Certificate of Completion (CCL) in Entrepreneurial Studies Level I program is designed to provide students with an introduction to the entrepreneurial process. Courses include a history of entrepreneurship, current research into its impacts on society, types of business start-up opportunities, and creating a preliminary business plan, as well as securing a healthy financial future. A Certificate of Completion (CCL) in Entrepreneurial Studies Level II is also available.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better for all courses within the program.

This program replaces:

CCL/5192N Small Business Entrepreneurship

CCL/5706N Small Business Start-Up

CCL/5892 Business Micro Finance

Program Prerequisites: None

Required Courses (10-11 Credits):

EPS150 Introduction to Entrepreneurship 3

EPS160 New Venture Creation 2

EPS162 Introduction to Social Entrepreneurship (3) OR

EPS195 Business Start-Up and Planning (2) 2-3

GBS/HEC132 Personal and Family Financial Security 3

MCCCD Governing Board Approval Date: May 28, 2019

[Entrepreneurial Studies Level II](#)

5820 - Certificate of Completion (CCL) - (18-19 Credits)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Tina Wixom

Phone: 602-286-8945

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/entrepreneurial-studies-level-ii-5820-ccl>

Description:

The Certificate of Completion (CCL) in Entrepreneurial Studies Level II program is designed to prepare students to acquire additional skills, tools and knowledge necessary for successful venture opportunities. A Certificate of Completion (CCL) in Entrepreneurial Studies Level I is also available and fully embedded in this program.

Program Notes:

Students must earn a grade of C or better for all courses within the program.

This program replaces: CCL/5892 Business Micro Finance

Program Prerequisites: None

Required Courses (18-19 Credits):

EPS150 Introduction to Entrepreneurship 3

EPS160 New Venture Creation 2

EPS162 Introduction to Social Entrepreneurship (3) OR

EPS195 Business Start-Up and Planning (2) 2-3

GBS/HEC132 Personal and Family Financial Security 3

EPS161 New Venture Law and Finance (3) OR

EPS180 Technology Business Planning (3) 3

EPS165 New Venture Feasibility Analysis 2

MGT253 Owning and Operating a Small Business 3

MCCCD Governing Board Approval Date: May 28, 2019

Environmental Science Technology

5553 - Certificate of Completion (CCL) - (30 Credits)

Field of Interest: **Applied Technology**

For Information: Craig Urbanski

Phone: 602-286-8616

<https://www.gatewaycc.edu/degrees-certificates/applied-technology/environmental-science-technology-5553-ccl>

Description:

The Certificate of Completion (CCL) in Environmental Science Technology provides education in environmental research and investigation for the purpose of identifying, abating, or eliminating sources of pollutants or hazards that affect either the environment or the health of the population. Using knowledge of various scientific disciplines, may collect, synthesize, study, report, and recommend action based on data derived from measurements or observations of air, soil, and water in preparation for employment.

Laboratory activities are an integral part of this program. These activities include instruction in the use of safety procedures, tools, equipment, materials, and processes related to these occupations.

Program Notes:

Students must earn a grade of C or better for all courses within the program.

+ indicates course has prerequisites and/or corequisites.

Admission Criteria:

Formal application and admission to the program is required. A high school diploma OR GED equivalency is required. Student must be eligible to enroll in MAT12+ by satisfactory District placement OR satisfactory completion of a higher level mathematics course.

Program Prerequisites:

Admission into the Environmental Science Technology Program or permission of the Program Director.

Required Courses (30 Credits):

BIO105 Environmental Biology 4

BPC110 Computer Usage and Applications (3) 0

CIS105 Survey of Computer Information Systems (3) 3

+ WRT100 Introduction to Water Resources 3

+ WRT108 Fundamentals of Environmental Science Technology 3

+ WRT117 Geographic Information Systems (GIS) 3

+ WRT130 Groundwater Hydrology 3

+ WRT150 Introduction to Surface Water Data Collection 3

+ WRT153 Environmental Law and Regulations 3

+ WRT180 Environmental Sampling and Analysis 5

Credits: 30

MCCCD Governing Board Approval Date: June 25, 2019

Fast Track Practical Nursing

5114 - Certificate of Completion (CCL) - (22-27.5 Credits)

Field of Interest: **Health Sciences**

For Information: Jeri Lastine

Phone: 602-286-8560

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/fast-track-practical-nursing-5114-ccl>

Description:

The Certificate of Completion (CCL) in Fast Track Practical Nursing program provides students with the theory and skills required to practice as a practical nurse in acute care, extended care, and intermediate care settings. The program of study combines nursing theory lectures with planned patient care learning experiences in hospitals, nursing homes and health care agencies. Graduates are eligible to take the National Council Licensure Examination (NCLEX-PN) to become a licensed practical nurse (LPN). Licensing requirements are the exclusive responsibility of the Arizona State Board of Nursing.

The Fast Track Practical Nursing Program is approved by the Arizona State Board of Nursing.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Waiver of Licensure/Certification Guarantee:

Admission or graduation from the Nursing Program does not guarantee obtaining a license to practice nursing. Licensure requirements and the subsequent procedures are the exclusive right and responsibility of the Arizona State Board of Nursing. Students must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college or school requirements for graduation.

Pursuant to A.R.S. 32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot process your application.

Level One Fingerprint Clearance is required for admission into the program. Applicants must present a Level One Fingerprint Clearance Card to be copied by the advisor or designee. If there is any question about eligibility for licensure or certification, contact the nursing education consultant at the Arizona State Board of Nursing (602.771.7800).

Health Declaration:

It is essential that nursing students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. Students who have a chronic illness or condition must be maintained on current treatment and be able to implement direct patient care. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients' lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application. All students must provide documentation of compliance with all health and safety requirements. Only students in compliance with the mandatory health and safety requirements are permitted to remain enrolled in nursing courses.

Health and Safety Requirements for the Fast Track Nursing Program:

1. Students must submit a Health and Safety Documentation Checklist verifying completion of all requirements and maintain current status throughout the program.
2. Students must submit the Health Declaration Form signed by a licensed health care provider.
3. Students must test negative on a timed urine drug screen.
4. Admission to a nursing program requires that students be in compliance with the Maricopa County Community College District Supplemental Background Check policy. Program applications will not be accepted without a copy of an Arizona Department of Public Safety Level One Fingerprint Clearance Card. Upon conditional program admission, the student must comply with all requirements of the current MCCCDCD background check policy.

Admission Criteria:

1. Application and acceptance into Fast-Track Practical Nursing Program.
2. A passing score on a nursing program admission test is required to complete an application.
3. Documentation of Health and Safety Requirements.
4. Fingerprint Clearance Card.
5. High school diploma or GED is required. Applicants must signify that they meet this requirement by providing high school diploma/transcripts or GED completion OR by signing the nursing

application page containing the `Declaration of High School Graduation or GED completion.` In some instances, high school diploma/transcripts or proof of GED completion may be required.

Program Prerequisites (0-4.5 Credits):

Current Certified Nurse Assistant (CNA) (0) OR

Licensed Nurse Assistant (LNA) (0) OR

+ NCE150 Advanced Placement: Nurse Assisting (2) OR

+ NUR158 Nurse Assisting (4.5) OR

Equivalent (0-4.5) OR

Waived by Nursing Program Director for Military Veterans demonstrating equivalent work experience (0) 0-4.5

Required Courses (22-23 Credits):

Students should meet with Nursing Program Director to make appropriate course selection for NUR150 or NUR180PN.

+ NUR160PN Practical Nursing Theory and Science I 11

+ NUR150 Practical Nurse Bridge Course (12) OR

+ NUR180PN Practical Nursing Theory and Science II (11) 11-12

[Financial Industry](#)

5223 - Certificate of Completion (CCL) - (18 Credits)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Tina Wixom

Phone: 602-286-8945

<https://www.gatewaycc.edu/degrees-certificates/accounting-banking-and-finance>

Description:

The Certificate of Completion (CCL) in Financial Industry provides an introduction to the banking and financial industry with emphasis on the role of financial institutions, investments, consumer lending, and related terminology. This program leads to a Certificate of Completion (CCL) and/or Associate in Applied Science (AAS) in Banking and Finance.

Program Notes:

Students must earn a grade of C or better in all courses required within the program.

Program Prerequisites: None

Required Courses (18 Credits):

CIS105 Survey of Computer Information Systems 3

CIS114DE Excel Spreadsheet 3

GBS103 Principles of Banking 3
GBS151 Introduction to Business 3
GBS261 Investments I 3
GBS294 Consumer Credit 3

MCCCD Governing Board Approval Date: May 25, 2021

General Business

Hospital Central Service Technology

5311 - Certificate of Completion (CCL) - (18-26.5 Credits)

Field of Interest: **Health Sciences**

For Information: Brandy Thompson

Phone: 602-286-8516

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/hospital-central-service-technology-5311-ccl>

Description:

The Certificate of Completion (CCL) in Hospital Central Service Technology program focuses on the types and names of instrumentation and equipment, decontamination of instrumentation, processing of instruments, a firm foundation in the process of sterilization of instrumentation, storage, quality assurance, instrument tracking systems and methods of delivery. Students will have hands-on skill labs to learn techniques used for building instrument trays, wrapping surgical supplies and familiarizing themselves with care and handling of instrumentation, operating sterilization machines, customer service, and communication techniques. Clinical experience is arranged to give the student working experience in all of the practical areas of this department and delivery to hospital floors, intensive care units, the emergency room, specialty clinics, labs and operating rooms.

Hospital Central Service students with the Certificate of Completion (CCL) are eligible to complete the Certified Registered Central Service Technician (CRCST) certification from the Healthcare Sterile Processing Association (HSPA) that prepares them for employment in hospitals, clinics, veterinary hospitals, out-patient hospital settings, endoscopy, manufacturing companies of surgical supplies, or bone and tissue banks.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

Admission Criteria:

1. Formal application and admission to the program.
2. Background Check Requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCD background check policy.
3. Clinical Health and Safety requirements must be met. Upon conditional program enrollment, the student must comply with all requirements of the MCCCD clinical health and safety policy.
4. Inability to comply with Background Check requirements and/or Clinical Health and Safety requirements at the start of classes or at any time during the program will result in cancellation of enrollment.

Program Prerequisites: None

Required Courses (18-26.5 Credits):

FYE101 Introduction to College, Career and Personal Success (1) OR

FYE103 Exploration of College, Career and Personal Success (3) 1-3

HCC130 Fundamentals in Health Care Delivery (3) OR

HCC130AA Health Care Today (0.5) AND

HCC130AB Workplace Behaviors in Health Care (0.5) AND

HCC130AC Personal Wellness and Safety (0.5) AND

HCC130AD Communication and Teamwork in Health Care Organizations (0.5) AND

Industrial Design Technology: Design Specialist

5184 - Certificate of Completion (CCL) - (26 Credits)

Field of Interest: **Applied Technology**

For Information: David Zamora

Phone: 602-286-8656

<https://www.gatewaycc.edu/degrees-and-certificates/center-industrial-technology>

Description:

The Certificate of Completion (CCL) in Industrial Design Technology: Design Specialist provides foundational industrial design skills. The foundational skills gained will allow employment in a variety of hi-tech product development and medical device, consumer product, aerospace, and automotive manufacturing companies. The program includes courses designed to provide students with a working knowledge in the field of product design, product development and rapid part manufacturing. The core specialty of the program is hands-on experience with solid design. There is also an Associate in Applied Science (AAS) in Industrial Design available.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

+ indicates course has prerequisites and/or corequisites.

This program replaces: CCL/5642 Industrial Design Technology: Design Specialist: SolidWorks

Program Prerequisites: None

Required Courses (26 Credits):

MPT101 Technical Documentation 3

MPT110 Inspection Techniques 3

MPT111 Geometric Dimensioning and Tolerance (GDT) 3

+ MPT113 Coordinate Measuring Machines I 3

MPT151 Solid Design I: SolidWorks 3

+ MPT152 Solid Design: Certified SolidWorks Associate/Certified SolidWorks Professional Test Preparation (1) OR

+ MPT298AA Special Projects (1) 1

+ MPT250 Solid Design II: Advanced Part Modeling: SolidWorks 3

+ MPT251 Solid Design: Documentation/GD&T: SolidWorks 3

+ MPT255 Solid Design 3D Printing 4

iOS App Development

5914N - Certificate of Completion (CCL) - (9-12 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/ios-app-development-5914n-ccl>

Description:

The Certificate of Completion (CCL) in iOS App Development prepares students for positions in app development for the Apple iPad, iPhone, and Apple Watch series. The program emphasizes knowledge and skills required to design, develop, test, and document structured and object-oriented programs utilizing Swift and Xcode. Courses in this certificate can apply toward the Associate in Applied Science (AAS) in Mobile App Development and Certificates of Completion (CCLs) in Native App Development and Mobile App Development.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better for all courses required within the program.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Program Prerequisites: None

Required Courses (9-12 Credits):

CIS105 Survey of Computer Information Systems (3) OR
Permission of Program Director, Department or Division Chair (0) 0-3

- + CIS150AB Object-Oriented Programming Fundamentals 3
- + CIS165 Introduction to IOS Application Development 3
- + CIS265 Advanced iOS Application Development 3

MCCCD Governing Board Approval Date: December 10, 2019

Linux Associate

5046N - Certificate of Completion (CCL) - (6-9 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/linux-associate-5046n-ccl>

Description:

The Certificate of Completion (CCL) in Linux Associate program is designed to help prepare students for employment or to improve current professional skills. The program includes Linux operating system basics and management including sophisticated manipulation of file structures, backup systems, printing processes, troubleshooting, user account management, hard disk maintenance and configuration, process monitoring and prioritizing, kernel customization, and system resource control. This program helps prepare students for the Linux Professional Institute Certification (LPIC-1) and CompTIA Linux+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better in all courses within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

This program replaces: CCL/5219 Linux Associate

Program Prerequisites: None

Required Courses (6-9 Credits):

CIS105 Survey of Computer Information Systems (3) OR
Permission of program director (0) 0-3

CIS126DL Linux Operating System 3
+ CIS238DL Linux System Administration 3

Magnetic Resonance Imaging

5626 - Certificate of Completion (CCL) - (19 Credits)

Field of Interest: **Health Sciences**

For Information: Tabatha Hatfield

Phone: 602-286-8483

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/magnetic-resonance-imaging-5626-ccl>

Description:

The Certificate of Completion (CCL) in Magnetic Resonance Imaging program offers graduate radiologic technologists, radiation therapists, nuclear medicine technologists, and diagnostic medical sonographers the opportunity to complete both didactic coursework and clinical skills experience necessary to prepare to meet eligibility for the professional certification in this field. The program focuses on specific skills and knowledge necessary to become proficient in this field.

Program Notes:

Students must earn a grade of C or better for all courses within the program.

Where selected as part of program completion, the following introductory courses must be completed, to be added to the queue of those waiting for an available cohort space to begin the core curriculum: DMI/DMS/ICE220, ICE233, NUC220.

Admission Criteria:

1. Certified by American Registry of Radiologic Technologists (ARRT) in Radiography or in Radiation Therapy, OR Certified by ARRT or the Nuclear Medicine Technology Certification Board (NMTCB) in Nuclear Medicine, OR Certified by American Registry of Diagnostic Medical Sonography (ARDMS) or ARRT in Diagnostic Medical Sonography.
2. Formal application and admission to the program by the Program Coordinator.
3. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDCD background check policy.
4. Clinical health and safety requirements must be met prior to enrollment in any program of study course. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDCD Clinical Health and Safety Policy and drug testing protocols.
5. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes or during the program may result in cancellation of enrollment.
6. There are limited spaces available in the Magnetic Resonance Imaging program. Only students who have completed all of the introductory courses noted above may have their name added to the queue of those waiting for an available space in a cohort.

Program Prerequisites: None

Required Courses (19 Credits):

- + DMI/DMS/ICE220 Sectional Anatomy (3) OR
- + NUC220 Sectional Anatomy for Nuclear Medicine (3) 3

- + ICE229 Magnetic Resonance (MR) Multi-Planar Sectional Anatomy 2
- + ICE233 Fundamentals of Magnetic Resonance Imaging (MRI) 1
- + ICE254 Advanced Imaging Practicum 1
- + ICE264 MRI Physics, Instrumentation and Safety 3
- + ICE268 MRI Advanced Imaging Practicum 2
- + ICE269 Magnetic Resonance Procedure Protocols 3
- + ICE272 Magnetic Resonance Pathology 3
- + ICE292 MRI Board Exam Review Preparation 1

Microsoft Desktop Associate

5030N - Certificate of Completion (CCL) - (3 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/microsoft-desktop-associate-5030n-ccl>

Description:

The Certificate of Completion (CCL) in Microsoft Desktop Associate program is designed to provide students with background knowledge and skills required for learning the specific tasks and industry

recognized standards associated with how to effectively install and configure Windows operating systems. The course includes basic features of the Windows operating system, virtualization improvements, network connectivity, access to resources, monitor and maintain Windows clients and backup and recovery. It is designed to prepare students for the Microsoft 365 Certified: Modern Desktop Administrator Associate certification exam. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCL) in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification exams. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better in all courses within the program.

Students are encouraged, but not required, to complete CIS105, or CIS190, or CNT140AB prior to beginning this CCL. Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Program Prerequisites: None

Required Courses (3 Credits):

MST150WT Installing and Configuring Microsoft Windows 10 3

MCCCD Governing Board Approval Date: November 26, 2019

[Millwrighting](#)

5415 - Certificate of Completion (CCL) - (16-36 Credits)

Field of Interest: **Applied Technology**

For Information: Stephanie Stewart

Phone: 602-238-0072

<https://www.gatewaycc.edu/degrees-certificates/millwright-journeymen>

Description:

The Certificate of Completion (CCL) in Millwrighting program is designed to provide knowledge and skills in the millwrighting trade. Coursework includes courses in millwrighting and welding. Specifically, the courses train apprentices to safely handle both shop and field jobs, to lay out and erect industrial machinery, to operate welding equipment, and to design, install, turbines, optics, conveyor systems, solar installation, and operate systems inherent to the millwrighting trade. Upon the completion of this apprenticeship program, students are considered journeymen in the millwrighting trade.

Program Notes:

Students must earn a grade of C or better for each course listed in the program.

The CCL is awarded ONLY to apprentices who have simultaneously enrolled with Southwest Carpenters Training Fund and GateWay Community College.

There is also a Prior Learning Assessment (PLA) option for journeymen who have completed any registered apprenticeship program in Millwrighting. However, PLA will be awarded for degree-seeking students only, with verification of journeymen status and additional criteria. The credits will be awarded toward the AAS degree. The CCL will not be awarded for those pursuing PLA.

Admission Criteria:

Registered apprentice status in the state of Arizona with a trade-specific sponsoring organization.

Program Prerequisites: None

Required Courses (16-36 Credits):

Students should select from sixteen (16) to thirty-six (36) credits from the following courses based on their apprenticeship standing upon program enrollment and in consultation with Apprenticeship Program Coordinator.

- + MWR101 Introduction to Millwrighting 2
- + MWR102 Millwrighting Safety and Health Certifications 2
- + MWR103 Machinery Installation and Erection I 2
- + MWR104 Machinery Installation and Erection II 2
- + MWR105 Millwrighting General Skills 2
- + MWR107 Drives, Pulleys and Belts 2
- + MWR108 Reading Mechanical Prints 2
- + MWR109 Turbine Familiarization 2
- + MWR110 Cutting and Burning 2
- + MWR111 Tools and Equipment Applications 2
- + MWR201 Shaft Alignment I 2
- + MWR202 Conveyor Systems 2
- + MWR205 Shaft Alignment II 2
- + MWR206 Rigging Hardware and Procedures 2
- + MWR208 Compressor Theory and Maintenance 2
- + MWR210 Solar Installer 2
- + WLD215AA Weld Fabrication I for Millwrighting 2
- + WLD215AB Weld Fabrication II for Millwrighting 2

MCCCD Governing Board Approval Date: April 27, 2021

Musculoskeletal Sonography

5916N - Certificate of Completion (CCL) - (20 Credits)

Field of Interest: **Health Sciences**

For Information: Bryan Dodd

Phone: 602-286-8486

Description:

The Certificate of Completion (CCL) in Musculoskeletal Sonography program is designed for students who wish to explore the field of sonography, as well as those who have made a career decision to seek certification from the American Registry of Diagnostic Medical Sonographers (ARDMS) or the Alliance for Physician Certification and Advancement (APCA). Diagnostic medical sonographers are highly specialized members of the health care team who provide patient services using ultrasound under the direction of a physician. Sonographers provide care essential to diagnostic ultrasound imaging by operating equipment and performing examinations for medical diagnosis. Sonographers have an in-depth knowledge of physics, disease processes, physiology, cross-sectional anatomy, positioning and sonographic techniques necessary to create ultrasound images. Knowledge of darkroom techniques, equipment maintenance, record keeping, and film processing are also part of the job.

Careers utilizing musculoskeletal diagnostic ultrasound include physicians, physician assistants, nurse practitioners, physical therapists, and sonographers among others. Research, applications, teaching, and marketing may be available to those who wish to explore careers in business or industry.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better for all courses required within the program.

+ indicates course has prerequisites and/or corequisites.

++ indicates any suffixed courses.

Admission Criteria:

1. Formal application and admission to the program.
2. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Background Check Policy.
3. Clinical health and safety requirements must be met. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy.
4. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes may result in cancellation of enrollment.
5. This program is open to credentialed physicians, physical therapists, physician assistants, sonographers, and practitioners working in the musculoskeletal field.

Program Prerequisites: None

Required Courses (20 Credits):

- + DMS148 Introduction to Musculoskeletal Sonographic Imaging 1
- + DMS250 Musculoskeletal Sonography and Small Parts 2
- + DMS252 Musculoskeletal Procedures I 4
- + DMS254 Musculoskeletal Procedures II 4

- + DMS265 Musculoskeletal Clinical Practicum 4
- + DMS267 Musculoskeletal Case Studies 1
- + PTA152 Musculoskeletal Kinesiology and Assessment Techniques in Sonographic Imaging 4

MCCCD Governing Board Approval Date: June 26, 2018

Network and Cyber Fundamentals

5908 - Certificate of Completion (CCL) - (17 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/network-and-cyber-fundamentals-5908-ccl>

Description:

The Certificate of Completion (CCL) in Network and Cyber Fundamentals program is designed to focus on the necessary skills required to design and secure a network including the security of various systems and network devices. Emphasis is placed on developing the theoretical and practical skills needed to maintain security on mission-critical networking and server systems. The program is designed to meet the training needs of government and industry employees. The program covers a variety of essential security disciplines. The Network and Cyber Fundamentals program also focuses on the skills needed for internationally recognized IT certifications and high demands in business, industry and government. An Associate in Applied Science (AAS) is also available in this area.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Students should select from the following courses in consultation with a department advisor.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Program Prerequisites: None

Required Courses (17 Credits):

CIS126DL Linux Operating System 3

- + CIS270 Essentials of Network and Information Security (3) OR
- + ITS110 Information Security Fundamentals (3) 3

CNT140AB Introduction to Networks 4

+ CNT150AB Switching, Routing, and Wireless Essentials 4

MST150++ Any Microsoft Windows suffixed course 3

MCCCD Governing Board Approval Date: April 26, 2022

Nurse Assisting

5963N - Certificate of Completion (CCL) - (2-4.5 Credits)

Field of Interest: **Health Sciences**

For Information: Kristen Woods

Phone: 602-286-8568

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/nurse-assisting-5963n-ccl>

Description:

The Certificate of Completion (CCL) in Nurse Assisting prepares students for employment as a nurse assistant. The program combines classroom instruction with clinical laboratory practice and long-term care and/or acute care experiences. Students who complete the program are eligible to take a written and practical certification examination if desired to meet employment requirements to be a nurse assistant. Certification/licensing requirements are the exclusive responsibility of the Arizona State Board of Nursing.

The MCCC CD Nurse Assisting program is approved by the Arizona State Board of Nursing.

Waiver of Licensure/Certification Guarantee:

Admission or completion from the MCCC CD Nurse Assisting program does not guarantee obtaining a license or certificate to practice as a nurse assistant. Licensure and certification requirements and the subsequent procedures are the exclusive right and responsibility of the Arizona State Board of Nursing. Students must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college or school requirements for graduation.

Pursuant to A.R.S. §32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot process your application.

All nurse assistant applicants for certification will be fingerprinted to permit the Department of Public Safety to obtain state and federal criminal history information. All applicants with a positive history are investigated. If there is any question about eligibility for licensure or certification, contact the nursing education consultant at the Arizona State Board of Nursing (602-899-5150).

Health Declaration:

It is essential that students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients' lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application.

Health and Safety Requirements for MCCC CD Nurse Assisting Program:

1. Students must meet and maintain health and safety requirements throughout the program.

2. Admission to a Maricopa County Community College District health program requires that students be in compliance with the MCCCDC Supplemental Background Check Policy. Evidence of a current Arizona Department of Public Safety Level One Fingerprint Clearance Card is required for program application.
3. Negative urine drug screen.

Grade Requirements:

Student must obtain a C grade or better in all courses.

University Transfer Students:

For students planning a university program:

Students who are planning to earn the Bachelor of Science in Nursing may obtain their prerequisite courses at Maricopa Community Colleges. For information on courses that meet requirements for admission into a baccalaureate program, please contact a program advisor.

THE NURSE ASSISTING PATHWAY

The nurse assisting pathway is designed to prepare students to complete the Nurse Assistant certification/licensure through the Arizona State Board of Nursing to practice in a health care agency as a nurse assistant. Completion of the Nurse Assistant program of study provides job ready skills as a nurse assistant.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better in all courses within the program.

Admission Criteria:

Application and acceptance into the program, high school graduate or GED, and meet current health and safety course requirements.

Program Prerequisites: None

Required Courses (2-4.5 Credits):

+ NUR158 Nurse Assisting (4.5) OR

Advanced Placement course:

+ NCE150 Advanced Placement: Nurse Assisting (2) 2-4.5

MCCCDC Governing Board Approval Date: May 24, 2022

[Nursing Refresher](#)

5739N - Certificate of Completion (CCL) - (10 Credits)

Field of Interest: **Health Sciences**

For Information: Jeanette Peterson

Phone: 602-286-8484

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/nursing-refresher-5739n-ccl>

Description:

The Certificate of Completion (CCL) in Nursing Refresher program provides registered nurses with a review and update of nursing theory and practice. The goal of the program is to update and refine theoretical and practical nursing knowledge and facilitate the nurse's transition back into professional practice. The Nursing Refresher program is approved by the Arizona State Board of Nursing. Successful program completion satisfies the Arizona State Board of Nursing RN license renewal requirement for applicants who do not meet the practice mandate as stated in The Nurse Practice Act, R4-19312 (B).

Health Declaration: It is essential that Nursing Refresher students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients' lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of "C" or better for all courses within the program.

Massachusetts Nurse of the Future Core Competencies are integrated into the student learning outcomes/program competencies.

Course Fee Information: Please see class schedule for information regarding course fees.

Admission Criteria:

Formal application and admission to the program is required.

All applicants must have an active or inactive Registered Nurse (RN) license that is eligible for renewal per Regulatory Board requirements or has successfully passed the RN licensing examination, but has never worked as a registered nurse.

All applicants must be eligible for issuance of an active or temporary registered nurse license.

All applicants must be in good standing with the Regulatory Board. RN's with restricted licenses are not eligible for the program. Once enrolled, students receiving any disciplinary actions against their license must notify the Nursing Program Chair within five (5) school days. The Nursing Program Chair reserves the right to restrict the student's participation in clinical experiences and involvement in patient care until the license is valid and unrestricted.

Health and Safety Requirements for the Nursing Refresher Program:

1. Students must submit a Health and Safety Documentation verifying completion of all requirements and maintain current status throughout the program.
2. Students must submit the Health Declaration Form signed by a licensed health care provider.
3. Students must test negative on a timed urine drug screen.
4. Students must provide a copy of their current and valid Level One Fingerprint Clearance Card upon application.

Program Prerequisites: None

Required Courses (10 Credits):

NUR295 Registered Nurse Refresher 10

MCCCD Governing Board Approval Date: December 9, 2014

Operating Room Nursing**5338 - Certificate of Completion (CCL) - (16 Credits)**

Field of Interest: **Health Sciences**

For Information: Brandy Thompson

Phone: 602-286-8516

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/operating-room-nursing-5338-ccl>

Description:

The Certificate of Completion (CCL) in Operating Room Nursing program is designed to provide a basic foundation of knowledge for the registered nurse interested in working in the operating room setting. Based on safety of patient care, the registered nurse will become knowledgeable of the "Association of Operating Room Nurses (AORN) Standards of Practice," perform operating room techniques in the scrub and circulator role and gain exposure to the general surgery arena. Clinical experience will allow the student to gain experience in the scrub and circulating role and learn the circulator's role in caring for the patient in pre-op holding, the operating room, and post-operative care environments. Upon meeting eligibility of the Competency & Credentialing Institute (CCI), students have the option to sit for CNOR certification.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

+ indicates course has prerequisites and/or corequisites.

Admission Criteria:

1. Current unencumbered Arizona Registered Nurse (RN) license.
2. Formal application and admission to the program.
3. Background Check Requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCD background check policy.
4. Clinical Health and Safety requirements must be met. Upon conditional program enrollment, the student must comply with all requirements of the MCCCD clinical health and safety policy.
5. Inability to comply with Background Check requirements and/or Clinical Health and Safety requirements at the start of classes may result in cancellation of enrollment.

Program Prerequisites: None**Required Courses (16 Credits):**

+ PON210 PeriOperative Principles I 3

+ PON212 PeriOperative Principles II 3

+ PON214 PeriOperative Laboratory 4

- + PON218 PeriOperative Clinical Practice I 3
- + PON220 PeriOperative Clinical Practice II 3

Organizational Leadership

5731 - Certificate of Completion (CCL) - (18 Credits)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Tina Wixom

Phone: 602-286-8945

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/organizational-leadership-5731-ccl>

Description:

The Certificate of Completion (CCL) in Organizational Leadership is designed to prepare students with knowledge and skills needed in today's changing workplace. The program provides leadership and communication skills and techniques for planning, organizing, leading and controlling business situations. This program also emphasizes procedures for effective resource allocation. The CCL in Organizational Leadership is fully embedded in an Associate in Applied Science (AAS) in Organizational Management.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

+ indicates course has prerequisites and/or corequisites.

Program Prerequisites: None

Required Courses (18 Credits):

BPC110 Computer Usage and Applications (3) OR

CIS105 Survey of Computer Information Systems (3) 3

GBS110 Human Relations in Business and Industry (3) OR

MGT251 Human Relations in Business (3) 3

GBS120 Workplace Communication Skills 3

GBS151 Introduction to Business 3

MGT175 Business Organization and Management (3) OR

TQM240 Project Management in Quality Organizations (3) 3

MGT101 Techniques of Supervision (3) OR

MCCCD Governing Board Approval Date: April 23, 2019

Pharmacy Technology

5248 - Certificate of Completion (CCL) - (16 Credits)

Field of Interest: **Health Sciences**

For Information: Jennifer Kline

Phone: 602-392-5381

<https://www.gatewaycc.edu/degrees-certificates/health-sciences>

Description:

The Certificate of Completion (CCL) in Pharmacy Technology prepares students for entry-level pharmacy practice in retail, hospital, and institutional settings. Students will process and prepare medications, dispense medications, and learn inventory and quality control practices. The program includes instruction in medical and pharmaceutical terminology, legal and regulatory standard, customer service, prescription analysis and interpretation, mathematical calculations for dosing and solution preparation, safety procedures, and billing practices. The curriculum for this program includes a 200-hour externship and meets the Pharmacy Technician Certification Board (PTCB) requirement for students to take the Pharmacy Technician Certification Exam (PTCE) or the National Healthcareer Association (NHA) Exam for the Certification of Pharmacy Technicians (ExCPT).

Program Notes:

The Certificate of Completion in Pharmacy Technology is currently not Title IV Federal Financial Aid eligible.

Students must earn a grade of C or better in each course in the program.

Admission Criteria:

1. Formal application and admission to the program.
2. Background Check Requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDCD background check policy.
3. Clinical Health and Safety Requirements must be met. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDCD clinical health and safety policy.
4. Inability to comply with Background Check Requirements and/or Clinical Health and Safety Requirements at the start of classes may result in cancellation of enrollment.

Program Prerequisites: None

Required Courses (16 Credits):

- + PHT150 Introduction to Pharmacy Practice 3
- + PHT153 Basic Pharmacy Practice 5
- + PHT155 Advanced Pharmacy Practice 5
- + PHT250 Pharmacy Technician Certification Review 1
- + PHT253 Pharmacy Technician Externship 2

MCCCDCD Governing Board Approval Date: March 22, 2022

Practical Nursing

5957 - Certificate of Completion (CCL) - (35-45 Credits)

Field of Interest: **Health Sciences**

For Information: Jeri Lastine

Phone: 602-286-8560

<https://www.gatewaycc.edu/degrees-certificates/nursing>

Description:

The Certificate of Completion (CCL) in Practical Nursing Program is available at seven of the Maricopa Community Colleges. Clinical experiences are provided in a variety of healthcare settings. Practical Nursing Program graduates are eligible to apply for the national exam for the practical nurse license. Licensing requirements are the exclusive responsibility of the State Board of Nursing.

The Certificate of Completion Practical Nursing Program is approved by the Arizona State Board of Nursing.

Program offerings:

This program is offered at the following sites:

Chandler Gilbert Community College

Estrella Mountain Community College

GateWay Community College

Glendale Community College

Mesa Community College

Paradise Valley Community College

Phoenix College

Scottsdale Community College

Waiver of Licensure/Certification Guarantee:

Admission or graduation from the Nursing Program does not guarantee obtaining a license to practice nursing. Licensure requirements and the subsequent procedures are the exclusive right and responsibility of the Arizona State Board of Nursing. Students must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college or school requirements for graduation.

Pursuant to A.R.S. 32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot process your application.

Level One Fingerprint Clearance is required for admission into the program. Applicants must present a Level One Fingerprint Clearance Card to be copied by the advisor or designee. For a Department of Public Safety Fingerprint Clearance Card application, contact MCCCDC Healthcare/Nursing Advisor. If there is any question about eligibility for licensure or certification, contact the nursing education consultant at the Arizona State Board of Nursing (602.771.7800).

Health Declaration:

It is essential that nursing students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. Students who have a chronic illness or condition must be maintained on current treatment and be able to implement direct patient care. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients' lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application. All must provide documentation of compliance with all health and safety requirements required to protect patient safety. Only students in compliance are permitted to enroll in nursing courses. Students will meet these requirements by providing the required documentation for the Health/Safety Requirements Documentation Checklist and the signed Health Declaration Form.

Health and Safety Requirements for the Nursing Program:

1. Students must submit a Health and Safety Documentation Checklist verifying completion of all requirements and maintain current status throughout the program.
2. Students must submit the Health Declaration Form signed by a licensed health care provider.
3. Students must test negative on a timed urine drug screen.
4. Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Supplemental Background Check policy. Program applications will not be accepted without a copy of an Arizona Department of Public Safety Level One Fingerprint Clearance Card. Upon conditional program admission, the student must comply with all requirements of the current MCCCDCD background check policy.

University Transfer Students:

Students who are planning to earn the Bachelor of Science in Nursing may obtain their prerequisite courses at the Maricopa Community Colleges. For information on courses that meet requirements for admission into a baccalaureate program, please contact a program advisor.

PRACTICAL NURSE EXIT OPTION

Following completion of the practical nurse level program of study, the student is eligible to apply for licensure as a practical nurse. Licensed Practical Nurses (LPN) may be employed in acute, long-term, and community-based health care settings under the direction of a registered nurse. Practical Nurses function within their legal scope of practice and use professional standards of care in illness care and health promotion activities for clients and families across the life span.

The Associate in Applied Science (AAS) Nursing Program is approved by the Arizona State Board of Nursing and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326; (404.975.5000); email: info@acennursing.org.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Course Fee Information:

Please see class schedule for information regarding course fees.

MaricopaNursing is aligned with Nurse of the Future Competencies: Patient-Centered Care, Professionalism, Leadership, Systems-Based Practice, Informatics and Technology, Communication, Teamwork and Collaboration, Safety, Quality Improvement, and Evidence-Based Practice. These competencies focus on key stakeholders of healthcare clients, colleagues and communities. Demonstration of the competencies will signify preparation for successful transition into nursing practice and further professional development.

Admission Criteria:

High School diploma or GED is required for the Certificate of Completion in Practical Nursing. Applicants must signify that they meet this requirement by providing high school diploma/transcripts or GED completion OR by signing the nursing application page containing the `Declaration of High School Graduation or GED completion`. In some instances, high school diploma/transcripts or proof of GED completion may be required.

Formal application and admission to the program is required; all program prerequisites must be completed prior to submission.

A passing score on a nursing program admission test is required to complete an application.

The Nursing Program Chair reserves the right to deny acceptance of an admission application if the applicant was previously dismissed for issues relating to academic integrity, unsafe patient care, and/or two (2) or more failures from any nursing program.

All applicants holding or receiving a certificate as a Nursing Assistant and/or license as a Practical Nurse must remain in good standing with the Board of Nursing. Once enrolled, students receiving any disciplinary actions against their certificate or license must notify the Nursing Program Chair within five (5) school days. The Nursing Program Chair reserves the right to restrict the student's participation in clinical experiences and involvement in patient care until the certificate and/or license is valid and unrestricted.

Program Prerequisites (10-20 Credits):

The credit-hour range is subject to change depending on the student's educational experience.

- + BIO156 Introductory Biology for Allied Health (4) OR
- + BIO181 General Biology (Majors) I (4) OR
- One year of high school biology 0-4

- + BIO201 Human Anatomy and Physiology I 4

- + CHM130 Fundamental Chemistry (3) AND
- + CHM130LL Fundamental Chemistry Laboratory (1) OR
- + CHM130AA Fundamental Chemistry with Lab (4) OR
- One year of high school chemistry 0-4

- + ENG101 First-Year Composition (3) OR
- + ENG107 First-Year Composition for ESL (3) 3

- + MAT140 College Mathematics (5) OR
- + MAT141 College Mathematics (4) OR

+ MAT142 College Mathematics (3) OR
Satisfactory completion of higher level mathematics course 3-5

Students that are admitted into the MaricopaNursing Program for Fall 2015 and Spring 2016, AND completed MAT120, MAT121, or MAT122 prior to Fall 2015 as an admission requirement, may complete the program without completing MAT140, MAT141, or MAT142 as a graduation requirement, by waiver of the program director.

Required Courses (25 Credits):

- + BIO202 Human Anatomy and Physiology II 4
- + NUR152 Nursing Theory and Science I 9
- + NUR172 Nursing Theory and Science II 9
- + NUR191 Practical Nursing Transition 3

MCCCD Governing Board Approval Date: November 20, 2018

Red Hat Linux Administrator

5049N - Certificate of Completion (CCL) - (6-9 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/red-hat-linux-administrator-5049n-ccl>

Description:

The Certificate of Completion (CCL) in Red Hat Linux Administrator program is designed to help prepare students for employment or to improve current professional skills. The program includes Red Hat Enterprise Linux system basics and management including sophisticated manipulation of file structures, backup systems, troubleshooting, user account management, hard disk maintenance and configuration, process monitoring and prioritizing, and system resource control. This program helps prepare students for the Red Hat Certified System Administrator (RHCSA) certification exam. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better in all courses within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Program Prerequisites: None

Required Courses (6-9 Credits):

CIS105 Survey of Computer Information Systems (3) OR
Permission of program director (0) 0-3

CIS126RH Red Hat System Administration I 3
+ CIS238RH Red Hat System Administration II 3

MCCCD Governing Board Approval Date: November 26, 2019

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management>

Description:

The Certificate of Completion (CCL) in Retail Management is designed to prepare individuals working in the retail industry, and related fields, for the industry training needs in supervision and management, marketing, financial management, and business planning. The curriculum encompasses several business essentials and also emphasizes the skill sets needed for effective management and communication in the work environment. An Associate in Applied Science (AAS) in Retail Management is also available.

Program Notes:

Students must earn a grade of C or better required for all courses within the program.

Program Prerequisites: None

Required Courses (24 Credits):

ACC111 Accounting Principles I (3) OR
ACC211 Financial Accounting (3) 3

BPC110 Computer Usage and Applications (3) OR
CIS105 Survey of Computer Information Systems (3) 3

COM100 Introduction to Human Communication 3

MGT101 Techniques of Supervision (3) OR
MGT229 Management and Leadership I (3) 3

MGT251 Human Relations in Business 3
MGT180 Retail Management 3

MGT276 Human Resources Management 3
MKT271 Principles of Marketing 3

MCCCD Governing Board Approval Date: June 22, 2021

Securities Industry Essentials

5907 - Certificate of Completion (CCL) - (16 Credits)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Tina Wixom

Phone: 602-286-8945

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management>

Description:

The Certificate of Completion (CCL) in Securities Industry Essentials builds the industry knowledge and skills for individuals to prepare for careers in Financial Services. This CCL will introduce students new to or interested in financial services to the fundamental concepts of capital markets, types of products and their risks, trading, customer accounts, prohibited activities, and regulatory agencies and their functions. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of security industry jobs. This CCL also helps to prepare students for the Financial Industry Regulatory Authority (FINRA) Securities Industry Essentials (SIE). A Certificate of Completion (CCL) and Associate in Applied Science (AAS) in Banking and Finance are also available.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

This Certificate of Completion (CCL) is intended for current or prospective securities industry professionals who are interested in expanding their knowledge in the area of financial securities to enhance their employment opportunities.

Program Prerequisites: None

Required Courses (16 Credits):

GBS120 Workplace Communication Skills 3

GBS151 Introduction to Business 3

GBS261 Investments I 3

GBS261LL Securities Industry Essentials (SIE) Exam Prep 1

MGT126 Customer Service Skills and Strategies 3

MKT267 Principles of Sales (3) OR

MKT271 Principles of Marketing (3) 3

Recommend MKT267 if career goal in the field of finance is sales.

MCCCD Governing Board Approval Date: March 22, 2022

Security Industry Essentials: Pre-licensure

5931N - Certificate of Completion (CCL) - (4 Credits)

This program is offered through an educational partnership. Employment by the partnership organization is required for admission and approval from the GateWay Apprenticeship Office.

Program Prerequisites: None

Required Courses (12 Credits):

MGT290 Leadership Through Continuous Improvement: Leading Self 3

MGT291 Supervisor Essentials: Aspire to Lead 3

MGT292 Employee Coaching and Development: Leading Others 3

MGT293 Collaborative Leadership: Leading Teams 3

MCCCD Governing Board Approval Date: November 23, 2021

[VMware Foundations](#)

5035N - Certificate of Completion (CCL) - (4 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/vmware-foundations-5035n-ccl>

Description:

The Certificate of Completion (CCL) in VMware Foundations program is designed to help students prepare for VMware industry certifications and work in a variety of information technology environments including software defined data centers. The program introduces vSphere and VMware ESXi server in the enterprise and covers many aspects of virtualization for VMware ESXi server administration. It is designed to prepare students for the VMware Foundations (VCA) certification exam. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better in all courses within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Admission Criteria:

This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience. To pursue this CCL, students must complete the prerequisites to the courses within the Required Courses area as follows OR receive permission of the Program Director:

CIS105 Survey of Computer Information Systems 3

+ BPC170 A+ Exam Prep: Computer Hardware Configuration and Support (3) AND
+ BPC270 A+ Exam Prep: Operating System Configuration and Support (3) OR
MST150++ Any Windows Operation Course (3) 3-6

CIS126DL Linux Operating System (3) OR
CIS126RH Red Hat System Administration I (3) 3

+ CIS190 Introduction to Networking (3) OR
CNT140AB Introduction to Networks (3) 3

Students also have the option to complete the full CCL in this program, VMware Network Administrator (major code 5032), that includes the prerequisites and required courses.

Program Prerequisites: None

Required Courses (3 Credits):

+ CIS197 VMware ESXi Server Enterprise 3

MCCCD Governing Board Approval Date: February 25, 2020

Water and Wastewater Treatment

5136 - Certificate of Completion (CCL) - (27-32 Credits)

Field of Interest: **Applied Technology**

For Information: Craig Urbanski

Phone: 602-286-8616

Description:

The Certificate of Completion (CCL) in Water and Wastewater Treatment program is designed to provide students with knowledge and skills to meet the challenges of working in a wastewater plant. Students will understand the effective operation and maintenance of wastewater treatment, wastewater collection systems, and wastewater labs. The program assists students in their preparation for Arizona Department of Environmental Quality (ADEQ) examinations.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

+ indicates course has prerequisite and/or corequisites.

This program replaces: CCL/5142 Water Treatment

Admission Criteria:

A high school diploma OR GED equivalency is required. Placement into MAT120, MAT121, MAT122, MAT150, MAT151, MAT152, or higher level mathematics course for which College Algebra is a prerequisite.

Program Prerequisites: None

Required Courses (27-32 Credits):

- + MAT120 Intermediate Algebra (5) OR
 - + MAT121 Intermediate Algebra (4) OR
 - + MAT122 Intermediate Algebra (3) OR
 - + MAT150 College Algebra/Functions (5) OR
 - + MAT151 College Algebra/Functions (4) OR
 - + MAT152 College Algebra/Functions (3) OR
- Higher-level course with an [MA] general designation for which College Algebra is a prerequisite (3-5)
OR
Waiver of the math requirement by the Program Director. (0) 0-5

- + WRT100 Introduction to Water Resources 3
- + WRT110 Principles of Water Treatment Plant Operations 3
- + WRT115 Water Technology Calculations 3
- + WRT121 Operation of Wastewater Treatment Plants 3
- + WRT131 Wastewater Collection Systems Operation and Maintenance 3
- + WRT134 Water Distribution System Operation and Maintenance 3
- + WRT140 Water Quality for Treatment Industry 5
- WRT190AA Water Resources Technologies Seminar 1
- + WRT204 Water/Wastewater Mechanical Systems, Power, and Instrumentation 3

MCCCD Governing Board Approval Date: November 26, 2019

Web App Development

5835N - Certificate of Completion (CCL) - (9-12 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/web-app-development-5835n-ccl>

Description:

The Certificate of Completion (CCL) in Web App Development prepares students for employment in entry-level coding, programming, and software development positions with an emphasis on web apps. Courses in this certificate can apply toward the Associate in Applied Science (AAS) in Mobile App Development and Certificates of Completion (CCL) in Mobile App Development and Cross-Platform App Development.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better for all courses within the program.

Students should consult with a Department Advisor in arranging their schedules.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

Program Prerequisites: None

Required Courses (9-12 Credits):

CIS105 Survey of Computer Information Systems (3) OR

Permission of Program Director, Department or Division Chair (0) 0-3

+ CIS133DA Internet/Web Development Level I 3

+ CIS166AA Introduction to JavaScript 3

+ CIS233DA Internet/Web Development Level II 3

MCCCD Governing Board Approval Date: December 10, 2019

Web Development

5988 - Certificate of Completion (CCL) - (39 Credits)

Field of Interest: **Computer and Information Technology**

For Information: Wyatt Johnson

Phone: 602-286-8587

<https://www.gatewaycc.edu/degrees-certificates/computer-and-information-technology/web-development-5988-ccl>

Description:

The Certificate of Completion (CCL) in Web Development prepares students to create and administer interactive and professional websites. The program provides students with knowledge and skills in developing dynamic websites, client and server side programs, database structures, and object-oriented design. A Certificate of Completion (CCL) in Web Design and an Associate in Applied Science (AAS) in Web Design/Development are also available.

Program Notes:

Students must earn a grade of C or better in each course in the program.

Courses within any of the following prefixes must be taken within five (5) years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

This program replaces:

CCL/5051 Web Developer

CCL/5060 Web Developer

CCL/5168 Web Development and Graphic Design

CCL/5346 Web Development

Program Prerequisites: None

Required Courses (36 Credits):

The following courses are required and included in the CCL in Web Foundations:

- CIS105 Survey of Computer Information Systems 3
- CIS120DF Introduction to Adobe Photoshop 3
- CIS133DA Internet/Web Development Level I 3
- CIS136 Content Management Systems: WordPress 3
- + CIS166AA Introduction to Javascript 3
- + CIS233DA Internet/Web Development Level II 3
- + CIS235 e-Commerce 3

The following courses are required for the CCL in Web Development:

- + CIS166AE Web Scripting with PHP: Hypertext Preprocessor (PHP) 3
- + CIS119DO Introduction to Oracle: SQL (3) OR
- + CIS276++ Any Database Management Systems course (3) 3

- CIS126DL Linux Operating System (3) OR
- CIS126RH Red Hat System Administration I (3) 3

Programming Language: Select two courses for a total of 6 credits

- + CIS150AB Object-Oriented Programming Fundamentals 3
- + CIS156 Python Programming: Level I 3
- + CIS159 Visual Basic Programming I 3
- + CIS162++ Any C Programming course 3
- + CIS163AA Java Programming: Level I 3
- + CIS165++ Any Mobile Application Development course 3
- + CIS256 Python Programming: Level II 3

- + CIS262AD C# Level II 3
- + CIS263AA Java Programming: Level II 3
- + CIS265++ Any Advanced Application Development course 3

Restricted Electives (3 Credits):

Students should select any course with a CIS prefix in consultation with their program advisor to further develop skills in the areas of Databases, Information Systems, Programming, and/or Operating Systems. 3

Certificates of Competency

Accelerated Basic Phlebotomy (Day) ⓘ

1409N - Certificate of Competency (CCT) - (180 Clock Hours)

Field of Interest: **Health Sciences**

For Information: Jennifer Kline

Phone: 602-392-5381

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/accelerated-basic-phlebotomy-day-1409n-cct>

Description:

The Certificate of Competency (CCT) in Accelerated Basic Phlebotomy program is designed to prepare a person to obtain blood specimens by skin puncture and venipuncture. The phlebotomist may find employment in hospitals, patient service centers, life insurance companies, doctors` offices, outreach services, and donor centers. Students in the Phlebotomy program will be in contact with potentially infectious blood, tissues, and body fluids. During this program, eligible students will have the opportunity to take the national certification exam.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students will be required to have a minimum of 50 successful live draws to sit for the national certification examination. The expense of the examination is the student's responsibility.

Students wishing to attend a clinical site rotation should enroll in the Clinical Phlebotomy program or enroll in PLC122 upon completion of the Accelerated Basic Phlebotomy program.

Students must meet all required program competencies in order to receive a passing grade. This program is a P (pass) or Z (no pass) graded program.

Admission Criteria:

18 years of age to enroll.

Program Prerequisites: None

Required Courses (180 Clock Hours):

+ PLC109 Phlebotomy Basic Skills 90

+ PLC111 Specimen Processing and Advanced Techniques in Phlebotomy 90

Clock Curriculum Committee Approval Date: 12-9-2022

[Accelerated Ophthalmic Medical Assistant](#) 

1510N - Certificate of Competency (CCT) - (360 Clock Hours)

Field of Interest: **Health Sciences**

For Information: Jennifer Kline

Phone: 602-392-5381

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/accelerated-ophthalmic-medical-assistant-1510n-cct>

Description:

The Certificate of Competency (CCT) in Accelerated Ophthalmic Medical Assisting is a 360-hour program that will introduce students to learning and understanding the core level of care for entry into the fascinating world of eye care in a clinical setting. The program will focus on learning how to assist and work with ophthalmologists and opticians.

The program content includes a variety of skills associated with patient services and assisting with minor surgical procedures, instrument care and maintenance. Special attention will be given to complete comprehensive eye examinations, including chief complaints, history taking, anatomy and physiology of the visual system, eye terminology, general medical knowledge, and hands-on skill instruction.

This program serves as a pathway to excellent job opportunities and a lifelong and challenging career in ophthalmology. Students will also participate in a 200-hour unpaid clinical externship at the conclusion of the program.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students will be required to take a randomized urine drug screen and submit a negative result prior to being eligible to participate in the 120-hour clinical externship. The expense of the urine drug screen is the student's responsibility.

Externship hours are site specific and may require attendance any day of the week, including during unscheduled days and times.

The Ophthalmic Medical Assistant program serves as a pathway to excellent job opportunities and a lifelong and challenging career with the future opportunity of becoming a Certified Ophthalmic Assistant (COA).

Students must earn a grade of C or better in each course in the program.

Admission Criteria:

1. Background check requirements:
Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCD Background Check Policy.
2. Clinical health and safety requirements must be met. Upon conditional program enrollment, the student must comply with all requirements of the MCCCD Clinical Health and Safety Policy.
3. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes may result in cancellation of enrollment.
4. 18 years of age to enroll.

Program Prerequisites: Program admission

Required Courses (360 Clock Hours):

+ OPH105 Ocular and Refractive Clinical Assessment, Skills, and Procedures 240

+ OPH190 Ophthalmic Assisting Externship 120

Clock Curriculum Committee Approval Date: 3-10-2023

Accelerated Pharmacy Technician

1407N - Certificate of Competency (CCT) - (424 Clock Hours)

Field of Interest: **Health Sciences**

For Information: Jennifer Kline

Phone: 602-392-5381

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/accelerated-pharmacy-technician-1407n-cct>

Description:

The Certificate of Competency (CCT) in Accelerated Pharmacy Technician prepares students for entry-level pharmacy practice in retail, hospital, and institutional settings. Students will process and prepare medications, dispense medications, and learn inventory and quality control practices. The program includes instruction in medical and pharmaceutical terminology, legal and regulatory standard, customer service, prescription analysis and interpretation, mathematical calculations for dosing and solution preparation, safety procedures, and billing practices. The curriculum for this program includes a 160-hour externship and meets the Pharmacy Technician Certification Board (PTCB) requirement for students to take the Pharmacy Technician Certification Exam (PTCE) or the National Healthcareer Association (NHA) Exam for the Certification of Pharmacy Technicians (ExCPT).

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must earn a grade of C or better in each course in the program.

Admission Criteria:

1. 18 years of age to enroll.
2. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Background Check Policy.
3. Clinical health and safety requirements must be met. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy.
4. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes may result in cancellation of enrollment.

Program Prerequisites: Program admission

Required Courses (425 Clock Hours):

+ PHC150 Introduction to Pharmacy Practice 60

+ PHC153 Basic Pharmacy Practice 90

+ PHC155 Advanced Pharmacy Practice 90

- + PHC122 Pharmacy Technician Certification Review 24
- + PHC253 Pharmacy Technician Practicum 160

Clock Curriculum Committee Approval Date: 4-14-2023

Aesthetician (24 Hours Per Week)

1180 - Certificate of Competency (CCT) - (600 Clock Hours)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Jennifer Swan

Phone: 602-392-5250

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/aesthetician-24-hours-week-1180-cct>

Description:

The Certificate of Competency (CCT) in Aesthetician provides students with theoretical knowledge and practical skills needed to perform comprehensive professional aesthetics treatments including facial treatments, body treatments, skin resurfacing, and hair removal. The program also provides training in safety and infection control procedures and an overview of career and business planning. This program meets the requirements to apply for the Arizona State Board of Barbering and Cosmetology (AZBOC) aesthetics licensing exam.

Program Notes:

Students must successfully pass each course with a minimum grade of 80% and complete 100% of the course hours required in order to continue on to the next course.

Students may apply for graduation from the Aesthetics program upon successful completion of their program hours and a score of 80% or higher.

Completion of the program does not guarantee students an aesthetician license (in any state).

The Arizona State Board of Barbering and Cosmetology may deny a student's application if it is determined that they do not meet citizenship and/or high school education requirements if under the age of 18. If students have concerns about their citizenship status and/or high school education requirements, they are strongly encouraged to immediately contact the Arizona State Board of Barbering and Cosmetology via its website: [HTTPS://BOC.AZ.GOV](https://BOC.AZ.GOV), give full disclosure of their situation, and save any written response.

GateWay Community College will not give refunds or be held liable for graduates who do not receive an Arizona aesthetician license.

Admission Criteria: None

Program Prerequisites: None

Required Courses (600 Clock Hours):

EST102 Aesthetics Fundamentals 200

EST110 Advanced Aesthetics 200

Clock Curriculum Committee Approval Date: 5-12-2023

Aesthetics Instructor ⓘ

1195N - Certificate of Competency (CCT) - (350 Clock Hours)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Jennifer Swan

Phone: 602-392-5250

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/aesthetics-instructor-1195n-cct>

Description:

The Certificate of Competency (CCT) in Aesthetics Instructor program will prepare students to provide instruction for the Aesthetician program students. Additionally, students will learn how to write and deliver a successful lesson plan, and will graduate from the program with the skills necessary for establishing and maintaining an effective classroom. Topics also include knowledge of laws pertaining to the Arizona State Board of Cosmetology, safety and sanitation, and state board regulations. Upon completing the Aesthetics Instructor program, students will be prepared to take the Arizona State Board of Barbering and Cosmetology's Instructor licensing exam.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must complete all required competencies and clock hours as well as receive a score of 80% or higher in the Aesthetics Instructor program in order to be eligible to apply for a certificate of competency. However, a certificate of competency does not guarantee graduates are an instructor in any state. Students must pass the Arizona state board licensing exam in order to teach in Arizona. The Arizona State Board of Barbering and Cosmetology can deny an application should it be determined that a candidate does not meet the requirements for citizenship and/or high school education requirements. If students have any concerns meeting these requirements, students are strongly encouraged to contact the Arizona State Board of Barbering and Cosmetology directly via its website: [HTTPS://BOC.AZ.GOV](https://BOC.AZ.GOV), give full disclosure of the situation and save any written response. GateWay Community College is not liable for graduates who do not receive an Arizona instructor license and will not give refunds for tuition and fees. Completion of this program is not a guarantee of employment.

Admission Criteria:

1. Must hold current Arizona Aesthetician license in good standing.
2. Must have one year of industry work experience.

Program Prerequisites: None

Required Courses (350 Clock Hours):

- + COS250 Instructor In Training Orientation 80
- + COS251 Instructor In Training I 135
- + COS252 Instructor In Training II 135

Clock Curriculum Committee Approval Date: 5-12-2023

Apprentice Meat Cutter ⌚

1720 - Certificate of Competency (CCT) - (644 Clock Hours)

Field of Interest: **Business, Entrepreneurialism and Management**

For Information: James (Jay) Hernandez

Phone: 602-238-4374

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/apprentice-meat-cutter-1720-cct>

Description:

The Certificate of Competency (CCT) for Apprentice Meat Cutter explores proper safety and maintenance of hand tools and all power equipment used in the meat cutting industry, including a variety of knives, meat saws, meat grinders, meat tenderizers and meat slicers. Identify, cut, wrap, weigh and display all retail cuts of meat for sale in a retail environment. Maintain and merchandise a retail meat case and manage inventory. Gain experience filling customer orders. Break down and process a variety of meats like elk, deer, antelope and javelina, whole cattle, hogs and lamb. Perform tasks while maintaining industry safety and sanitation standards.

Program Notes:

Food Handlers Card is completed in class and required before working in the lab.

Admission Criteria:

Must be able to lift 50 pounds.

Must be able to stand for extended periods of time.

Must be able to work in cold/freezing temperatures.

Program Prerequisites: None

Required Courses (644 Clock Hours):

MCP100 Basics of Meat Cutting 146

MCP101 Introduction to Meat Clerk 146

MCP103 Meat Fabrication 176

MCP104 Merchandising 176

Clock Curriculum Committee Approval Date: 2-11-2022

CNC Machining I (Day) ⌚

1101 - Certificate of Competency (CCT) - (798 Clock Hours)

Field of Interest: **Applied Technology**

For Information: James (Jimbo) Smith

Phone: 602-238-4383

<https://www.gatewaycc.edu/degrees-certificates/applied-technology/cnc-machining-i-day-1101-cct>

Description:

The Level I Certificate of Competency (CCT) in CNC Machining I prepares students for employment as entry-level operators and technicians in the manufacturing industry. The program provides applied skills in process planning, quality control, setup and operation of manual/computer numeric control (CNC) machines for current and future needs of the manufacturing industry. This program introduces students to manual data programming and CAD/CAM. A CCL in Machining II and an Associate of Applied Science (AAS) in Manufacturing and Production Technology are also available.

Program Notes:

Students must earn a grade of C or better in all courses within the program.

Admission Criteria: None

Program Prerequisites: None

Required Courses (798 Clock Hours):

MFC101 Technical Documentation 84

MFC110 Inspection Techniques 72

MFC111 Geometric Dimensioning and Tolerance 102

MFC113 Coordinate Measuring Machines I (CMM) 84

MFC120 Introduction to Manual Machining 168

MFC131DC CNC Machining Level I 216

MFC140DC Manual CNC Programming 72

Clock Curriculum Committee Approval Date: 3-10-2023

Collision Repair Technician (Day) ⓘ

1606 - Certificate of Competency (CCT) - (624 Clock Hours)

Field of Interest: **Applied Technology**

For Information: Brent Cooper

Phone: 602-238-4388

<https://www.maricopa.edu/degrees-certificates/applied-technology/collision-repair-technician-day-1606-cct>

Description:

The Certificate of Competency (CCT) in Collision Repair Technician gives students the knowledge and hands-on experience to start a career in the automotive collision repair industry. Learn about metal and plastic repair, metal inert gas (MIG) welding, vehicle disassembly, refinishing, reassembly, estimate reading, coolant removal/replacement, and air conditioning (A/C) discharge/recharge and industry terminology.

Program Notes:

National certifications are obtained through the Inter-Industry Conference on Auto Collision Repair (I-CAR) for the following: Non-Structural Technician ProLevel 1, Refinish Technician ProLevel 1.

Admission Criteria:

Must be able to lift 50 pounds.

Program Prerequisites: None

Required Courses (624 Clock Hours):

ABO103 Introduction to Auto Body Repair 156

ABO104 Introduction to Automotive Refinishing 156

ABO203 Advanced Automotive Body Repair 156

ABO204 Advanced Refinishing Fundamentals 156

[Electrocardiogram \(ECG\) Technician](#) ⓘ

1119N - Certificate of Competency (CCT) - (325 Clock Hours)

Field of Interest: **Health Sciences**

For Information: Jennifer Kline

Phone: 602-392-5381

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/electrocardiogram-ecg-technician-1119n-cct>

Description:

The Certificate of Competency in ECG Technician is a 300-hour program that prepares students to perform the daily duties and responsibilities related to cardiac monitoring and telemetry. This program introduces students to keyboarding, electronic patient records, record keeping, patient assessment, basic knowledge of medical terminology, anatomy and physiology of the cardiovascular system, cardiac conduction system, 12-lead ECG acquisition and rhythm interpretation, basic life support and advanced cardiac life support skills, telemetry, holter monitoring, conducting stress tests and artificial pacemaker evaluation.

This program also serves as a stackable credential for students who have completed a Medical Assisting, Phlebotomy, EMT or CNA program and wish to acquire additional skills that may be suited for positions such as a patient monitor technician, ECG/cardiac technician, telemetry technician, and stress test technician.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

The Electrocardiogram (ECG) Technician program tuition and fees includes CPR and ACLS certification through the American Heart Association (AHA), and the Certified ECG Technician (CET) exam by the National Healthcareer Association (NHA).

Admission Criteria:

1. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCCD Background Check Policy.
2. Clinical health and safety requirements must be met. Upon conditional program enrollment, the student must comply with all requirements of the MCCCCD Clinical Health and Safety Policy.
3. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes may result in cancellation of enrollment.
4. 18 years of age to enroll.

Program Prerequisites: None

Required Courses (325 Clock Hours):

- + ECG100 Introduction to Healthcare; Medical, Legal, Ethics 25
- + ECG101 The Cardiovascular System: Anatomy & Physiology and Pathophysiology of Cardiovascular Disease 30
- + ECG102 Introduction to ECG 40
- + ECG103 Applied ECG: Atrial, Junctional, Ventricular Rhythms and Heart Blocks 50
- + ECG104 Advanced Cardiac Life Support 20
- + ECG105 Advanced ECG: Diagnostic Procedures, Certification Prep and Exam 80
- + ECG106 Clinical Practicum 80

Emergency Medical Technology (EMT) **1300N - Certificate of Competency (CCT) - (220 Clock Hours)**

Field of Interest: **Health Sciences**

For Information: Jennifer Kline

Phone: 602-392-5381

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/emergency-medical-technology-emt-1300n-cct>

Description:

The Certificate of Competency (CCT) in Emergency Medical Technology (EMT) program includes techniques of emergency care, stabilization, and immobilization of a victim's illness and injuries. Recognition and documentation of signs and symptoms of illness and injury, intervention, and evaluation of the intervention are integrated into the program. Techniques for assessment, administration of oxygen, use of specific immobilization devices, and preparation for transportation are other areas of the program.

EMT students will be challenged daily in class as they learn the crucial skills needed to perform in emergency medicine. The EMT program will take students with minimal to zero medical knowledge and in 20 weeks have them trained and prepared to assist people in their most critical time of need. EMT's are trained to handle events such as heart attacks, strokes, internal bleeding, diabetic problems, and trauma patients.

The Emergency Medical Technology (EMT) program is the first step towards a career in emergency medical services. The techniques taught in the program are in accordance with the state and national curriculum. Successful completion of this program will make students eligible to sit for the National Registry of EMT's certification examination in order to gain state certification.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must successfully complete 10 simulated clinical scenarios, the final cognitive exam and the NREMT Psychomotor Skills exam in order to complete the program.

EMC101 and EMC104 must be taken as a cohort and are not offered independently.

Admission Criteria:

1. 17 1/2 years of age to enroll.

Program Prerequisites: Admitted to program.

Required Courses (220 Clock Hours):

+ EMC101 CPR/Basic Cardiac Life Support 6

+ EMC104 Basic Emergency Medical Technology 214

[Massage Therapy \(24 Hours Per Week\)](#) 

1184 - Certificate of Competency (CCT) - (700 Clock Hours)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Jackie Bauer

Phone: 602-238-4374

<https://www.gatewaycc.edu/degrees-certificates/massage-therapy-24-hours-week-1184-cct>

Description:

The Certificate of Competency (CCT) in Massage Therapy program builds strong foundational skills for students, equipping them with the tools necessary to succeed in the massage therapy industry. Massage therapists use the professional art of therapeutic touch to facilitate healing in the body. The Massage Therapy Focus is placed on structural massage - the ability to couple and apply a deep understanding of anatomy with powerful tissue sculpting techniques in order to create radical change in the body. Students learn how to use hands, fingers, forearms, knuckles, fists and elbows when working with the soft tissues of the body. While the program centers heavily on anatomy, Swedish massage, and deep tissue massage, it rounds out students' education with exposure to Asian modalities, sports massage, pregnancy massage and business classes. This program provides the training necessary for success in the massage therapy industry regardless of the setting: private practice, spas, fitness centers, sports teams, hospitals, rehabilitation centers and chiropractic offices.

Program Notes:

Students must successfully pass each course with a minimum grade of 80% and 100% of the course hours required in order to continue on to the next course. Students may apply for graduation from the Massage Therapy program upon successful completion of the program hours and a score of 80% or higher. Completion of the program does not guarantee a massage therapy license (in any state).

Students should visit The Arizona State Board of Massage Therapy website at <https://massagetherapy.az.gov> for more information regarding licensure eligibility and application requirements. GateWay Community College will not give refunds or be held liable for graduates who do not receive an Arizona Massage Therapy License.

Admission Criteria:

High school diploma or GED.

Program Prerequisites: None

Required Courses (700 Clock Hours):

PMP120 Massage Therapy Basics 175
+ PMP121 Massage Therapy Advanced 175
+ PMP220 Massage Therapy Mastery I 175
+ PMP221 Massage Therapy Mastery II 175

Clock Curriculum Committee Approval Date: 4-14-2021

Medical Assisting 

1804 - Certificate of Competency (CCT) - (830 Clock Hours)

Field of Interest: **Health Sciences**

For Information: Jennifer Kline

Phone: 602-392-5381

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/medical-assisting-1804-cct>

Description:

The Certificate of Competency (CCT) in Medical Assisting explores how Medical assistants are integral members of the administrative and clinical healthcare team in various healthcare settings. Medical assistants act as liaisons between the healthcare providers and patients, and are of vital importance to the success of the medical practice. The Certificate of Competency (CCT) in Medical Assisting provides education and training for employment as medical assistants. Upon successful completion of the program, students are eligible to take the national certification exam.

Program Notes:

Practicum hours are site specific and may require attendance any day of the week, including during unscheduled days and times.

Students must earn a grade of C or better for all courses required within the program. This program is delivered in a fast-track format and the need for college-level skills in English, Reading, and Math is critical to successful completion of the program.

Admission Criteria:

1. Formal application and admission to the program is required. Students must be at least 18 years of age to apply for admission.
2. Must be a high school graduate or equivalent.

3. Submit current CPR/BLS Provider card (American Heart Association approved) and maintain current status throughout the externship(s).
4. Complete and submit the Allied Health Student Health and Safety Documentation Checklist, with included documentation, signed by a licensed healthcare provider.
5. Background Check Requirements:
Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Supplemental Background Check policy. Program applications will not be accepted without a copy of an Arizona Department of Public Safety Level One Fingerprint Clearance Card. Students must maintain current fingerprint clearance throughout the externship(s). Upon conditional program admission, the student must comply with all requirements of the current MCCCDC background check policy.
6. Students must have multiple measures assessment results or course placement test results that qualify students for entry into the following courses OR have completed the following courses with a C or better: English 101/107, CRE101, and MAT095.

Program Prerequisites: Admission to the program.

Required Courses (830 Clock Hours):

MDC103 Introduction to Medical Assisting 156
MDC104 Fundamentals of Administrative Medical Assisting 159
MDC105 Fundamentals of Clinical Medical Assisting I 141
MDC106DC Fundamentals of Clinical Medical Assisting II 174
MDC130 Medical Assisting Practicum 200

Clock Curriculum Committee Approval Date: 3-11-2022

Medical Billing and Coding: Physician Based (Day) 

1850 - Certificate of Competency (CCT) - (804 Clock Hours)

Field of Interest: **Health Sciences**

For Information: Jennifer Kline

Phone: 602-392-5381

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/medical-billing-and-coding-physician-based-day-1850-cct>

Description:

The Certificate of Competency (CCT) in Medical Billing and Coding: Physician-Based program is designed to prepare individuals for entry-level medical billing and coding positions in ambulatory care treatment centers such as clinics, physician practices, managed care organizations, private billing services, and insurance companies.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

Admission Criteria: None

Program Prerequisites: None.

Required Courses (804 Clock Hours):

- + HLC130 Fundamentals in Health Care Delivery 30
- + HLC145 Medical Terminology for Health Care Professionals 102
- + HMC200 Human Pathophysiology and Pharmacology for HMC 180
- + HMC180 Introduction to Medical Billing and Reimbursement 48
- + HMC181 Medical Claims Processing 54
- + HMC208 ICD-CM Diagnostic Coding 90
- + HMC213 CPT and HCPCS Coding 216
- + HMC100 Medical Billing and Coding Examination Review 48
- + HMC105 Computers in Healthcare and Health Record Systems 36

Clock Curriculum Committee Approval Date: 3-10-2023

Nail Technician

1123 - Certificate of Competency (CCT) - (600 Clock Hours)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Robin Diehl

Phone: 602-392-5246

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/nail-technician-1123-cct>

Description:

The Certificate of Competency (CCT) in Nail Technician prepares individuals to understand and apply techniques needed to successfully complete competencies in accordance with the Arizona State Board of Barbering and Cosmetology as a nail technician, under the supervision of a licensed instructor. Students will learn proper steps in safety, sanitation, shaping of the fingernails and toenails with various nail files, remove unwanted cuticle skin, calluses, product application and use, massage, nail sculpture, nail enhancements, design art, customer service skills, laws and regulations, marketing, and business practices.

Program Notes:

Students must successfully pass each course with a minimum grade of 80% and 100% of the course hours required in order to continue on to the next course. Students may apply for graduation from the Nail Technician program upon successful completion of the program hours and a score of 80% or higher. Completion of the program does not guarantee a nail technician license (in any state). The Arizona State Board of Barbering and Cosmetology may deny an application if it's determined that the student does not meet citizenship and/or high school education requirements if under the age of 18. If students have concerns about their citizenship status and/or high school education requirements, they are strongly encouraged to immediately contact the Arizona State Board of Barbering and Cosmetology via its website: [HTTPS://BOC.AZ.GOV](https://BOC.AZ.GOV), give full disclosure of their situation, and save any written response. GateWay Community College will not give refunds or be held liable for graduates who do not receive an Arizona nail technician license.

Admission Criteria: None

Program Prerequisites: None

Required Courses (600 Clock Hours):

NLT100 Nail Technology I 200
+ NLT105 Nail Technology II 200
+ NLT110 Nail Technology III 200

Clock Curriculum Committee Approval Date: 5-12-2023

Nail Technician Instructor 

1137N - Certificate of Competency (CCT) - (350 Clock Hours)

Field of Interest: **Business, Entrepreneurialism, and Management**

For Information: Jennifer Swan

Phone: 602-392-5250

<https://www.gatewaycc.edu/degrees-certificates/business-entrepreneurialism-and-management/nail-technician-instructor-1137n-cct>

Description:

The Certificate of Competency (CCT) in Nail Technician Instructor will prepare students to provide instruction for Nail Technician program students. Additionally, students will learn how to write and deliver a successful lesson plan, and will graduate from the program with the skills necessary for establishing and maintaining an effective classroom. Topics also include knowledge of laws pertaining to the Arizona State Board of Cosmetology, safety and sanitation, and state board regulations. Upon completing the Nail Technician Instructor program, students will be prepared to take the Arizona State Board of Barbering and Cosmetology's Instructor Licensing Exam.

Program Notes:

This program is not eligible for Title IV Federal Financial Aid.

Students must complete all required competencies and clock hours as well as receive a score of 80% or higher in the Cosmetology Instructor Program in order to be eligible to apply for a certificate of competency. However, a certificate of competency does not guarantee graduates are an instructor in any state. Students must pass the Arizona state board licensing exam in order to teach in Arizona. The Arizona State Board of Barbering and Cosmetology can deny an application should it be determined that a candidate does not meet the requirements for citizenship and/or high school education requirements. If students have any concerns about meeting these requirements, students are strongly encouraged to contact the Arizona State Board of Barbering and Cosmetology directly via its website: <https://boc.az.gov>, give full disclosure of the situation, and save any written response. GateWay Community College is not liable for graduates who do not receive an Arizona instructor license and will not give refunds for tuition and fees. Completion of this program is not a guarantee of employment.

Admission Criteria:

1. Must hold current Arizona Cosmetologist or Nail Technician license in good standing.
2. Must have one year of industry work experience.

Program Prerequisites: None.

Required Courses (350 Clock Hours):

+ COS250 Instructor In Training Orientation 80

+ COS251 Instructor In Training I 135

+ COS252 Instructor In Training II 135

Clock Curriculum Committee Approval Date: 5-12-2023

Ophthalmic Medical Assistant

1501 - Certificate of Competency (CCT) - (606 Clock Hours)

Field of Interest: **Health Sciences**

For Information: Jennifer Kline

Phone: 602-392-5381

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/ophthalmic-medical-assistant-1501-cct>

Description:

The Certificate of Competency (CCT) for Ophthalmic Medical Assistant will serve as the initial education program for learning and understanding the core level of care for entry into the fascinating world of eye care in a clinical/office setting. The program will focus on learning how to assist and work with ophthalmologists. Included will be an overview of patient services and even assisting with minor surgical procedures, instrument care and maintenance. Special attention will be given to complete comprehensive eye examinations, including chief complaints and history taking, anatomy and physiology of the visual system, eye terminology, general medical knowledge as well as hands-on skill instruction.

Program Notes:

Students will be required to take a randomized urine drug screen and submit a negative result prior to being eligible to participate in the clinical externship. The expense of the urine drug screen is the student's responsibility.

Externship hours are site specific and may require attendance any day of the week, including during unscheduled days and times.

The Ophthalmic Medical Assistant program serves as a pathway to excellent job opportunities and a lifelong and challenging career with the future opportunity of becoming a Certified Ophthalmic Assistant (COA).

Admission Criteria:

1. Background check requirements:

Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCD Background Check Policy.

2. Clinical health and safety requirements must be met. Upon conditional program enrollment, the student must comply with all requirements of the MCCCD Clinical Health and Safety Policy.

3. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes may result in cancellation of enrollment.
4. 18 years of age to enroll.

Program Prerequisites: Admission to the program.

Required Courses (628 Clock Hours):

- + HLC130 Fundamentals in Health Care Delivery 30
- + OPH101 Introduction to Eye Care 54
- + OPH110 Medical Terminology/Abbreviations and Disease Processes for Ophthalmic Medical Assistant 42
- + OPH112 Clinical Theory and Skills 177
- + OPH114 Basic Skills and Ocular Assessment 183
- + OPH190 Ophthalmic Assisting Externship 120

Clock Curriculum Committee Approval Date: 5-12-2023

Pharmacy Technician

1405 - Certificate of Competency (CCT) - (622 Clock Hours)

Field of Interest: **Health Sciences**

For Information: Jennifer Kline

Phone: 602-392-5381

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/pharmacy-technician-1405-cct>

Description:

The Certificate of Competency (CCT) in Pharmacy Technician program meets Pharmacy Technician Certification Board requirements for students to sit for the Pharmacy Technician Certification Exam. Students will learn interpersonal skills and regulatory standards required of pharmacy technicians. Includes roles and responsibilities of the technician in a variety of entry-level pharmacy operations, responses to regulatory issues, adherence to quality assurance procedures, patient and medication-safety procedures, the procedures for handling of medications and filling medication orders, procurement, billing, reimbursement, and inventory management procedures, and use of pharmacy technology and informatics database software. Students must complete 200 hours of in-person externship in order to complete this program.

Program Notes:

Students are required to apply and receive their temporary pharmacy technician trainee license through the Arizona State Board of Pharmacy during the first few weeks of class in order to attend job shadowing and clinical externship. This program has a 200-hour clinical externship requirement with a scheduled meeting pattern that varies from the class schedule. Clinical externship is off campus at an industry partner (hospital or retail pharmacy). Students are responsible for their own travel. Clinical externship is unpaid. Students must complete all 200 hours of clinical externship and pass each course with a grade of 75% or greater to pass the program.

Admission Criteria:

1. 18 years of age to enroll.
2. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Background Check Policy.
3. Clinical health and safety requirements must be met. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy.
4. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes may result in cancellation of enrollment.

Program Prerequisites: Program admission.**Required Courses (622 Clock Hours):**

- + PHC101 Pharmacology for Pharmacy Technicians 60
- + PHC102 Pharmacy Tech I 120
- + PHC102AB Pharmacy Tech II 128
- + PHC107 Math and Dosages 90
- + PHC122 Pharmacy Tech Certification Review 24
- + PHC114 Pharmacy Tech Externship 200

Clock Curriculum Committee Approval Date: 5-12-2023**Phlebotomy Practicum** ⓘ**1408N - Certificate of Competency (CCT) - (120 Clock Hours)**

Field of Interest: **Health Sciences**

For Information: Jennifer Kline

Phone: 602-392-5381

<https://www.gatewaycc.edu/degrees-certificates/health-sciences/phlebotomy-practicum-1408n-cct>

Description:

The Certificate of Competency in Phlebotomy Practicum provides an opportunity for students to apply fundamental Phlebotomy and specimen processing skills in a clinical laboratory or healthcare environment, learn advanced procedures in a real-work setting, and connect students to employment opportunities.

Admission Criteria:

1. Background check requirements: Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Background Check Standards. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Background Check Policy.
2. Clinical health and safety requirements must be met. Upon conditional program enrollment, the student must comply with all requirements of the MCCCDC Clinical Health and Safety Policy.
3. Inability to comply with background check requirements and/or clinical health and safety requirements at the start of classes may result in cancellation of enrollment.

4. 18 years of age to enroll.

Program Prerequisites:

PLC111 or PLB111 with grade C or better, or program manager's approval.

Required Courses (120 Clock Hours):

+ PHC122 Phlebotomy Practicum 120

[Welding: Fundamentals \(20 Hours Per Week\)](#) 

1111 - Certificate of Competency (CCT) - (720 Clock Hours)

Field of Interest: **Applied Technology**

For Information: Alan (Al) Gaiser

Phone: 602-238-2374

<https://www.gatewaycc.edu/degrees-certificates/applied-technology/welding-fundamentals-20-hours-week-1111-cct>

Description:

The Certificate of Competency (CCT) in Welding: Fundamentals prepares students to work in industry using oxy-fuel welding and cutting (OFW) (OFC) and shielded metal arc welding (SMAW) processes. This certificate provides an introduction to the knowledge and skills required to work with modern industrial welding equipment using advanced welding techniques including gas metal arc welding (GMAW), flux core arc welding (FCAW) and gas tungsten arc welding (GTAW). An AAS in Welding as well as certificates in the following areas of specialization are also available: Welding: Gas Metal/Flux Cored Arc Welding (GMAW)/(FCAW), Welding: Gas Tungsten Arc Welding (GTAW) Ferrous, Welding: Gas Tungsten Arc Welding (GTAW) Non-Ferrous, Welding: Shielded Metal Arc Welding (SMAW) Plate, and Welding: Shielded Metal Arc Welding (SMAW) Pipe.

Program Notes:

Students must earn a grade of C or better for all courses required within the program.

Admission Criteria: None

Program Prerequisites: None

Required Courses (720 Clock Hours):

WTO106AA Introduction to SMAW 180

WTO206DA Introduction to GMAW/FCAW and GTAW 180

WTO206DB Advanced GMAW/FCAW 180

WTO208DB GMAW Code Welding 180

Ornelas, Linda - B.S.N. in Nursing, University of North Dakota; M.S., Arizona State University

Pardazi, Ahmad - B.S. in Biochemistry, University of Washington; M.H.S.M., Graduate Certificate in Engineering, Arizona State University

Permoda, Linda - B.S.N. in Nursing, D'Youville College; M.S.N. in Nursing, University of Phoenix

Peterson, Jeanette - Program Director, Nursing Continuing Education; A.S., Mesa Community College; B.S., University of Hawaii at Manoa; M.S.N.Ed., University of Phoenix

Pomeranz, Marla - Program Director, Occupational Therapy Assisting; B.A. in Education, University of South Florida; Master and Doctorate in Occupational Therapy, A.T. Still University; M.Ed., Northern Arizona University; Master in Elementary Education; Endorsements in Special Education and Middle Level Education; OTO, OTR/L

Romero, Michele - A.A.S., GateWay Community College; B.A., Truman State University; M.Ed., Northern Arizona University; CST, CRCST, CIS

Rozell, Marie - Clinical Nursing Coordinator; A.S., Loma Linda University; B.S., Regents College of the University of New York; M.C.C., Christian International University; M.S.N., Grand Canyon University

Ruth, Shannon - Program Director; B.S. in Math, Gonzaga University; M.A., Northern Arizona University

Safa, Laura - Division Chair, Allied Health; A.A.S. in Physical Therapist Assisting, GateWay Community College; B.A. in Healthcare Management, Ottawa University; M.S. in Positive Psychology/Coaching, Life University

Schartz, Tracey - Director of Clinical Education, Respiratory; B.S., M.Ed. in Educational Leadership, Northern Arizona University; RRT, VA-BC

Swaba, Joseph - B.A. in Communication, Metropolitan State University; M.A.Ed., University of Phoenix; M.A., Ed.D., Northern Arizona University

Terveen, Danielle - A.S. in Sonography; North Memorial School of X-Ray Technique; B.S. in Health Arts, University of St. Francis; M.B.A. in Healthcare Administration, College of St. Scholastica; Certificate in Radiology

Thimsen, Tyler - A.S. in Nuclear Medicine Technology; Nuclear Medicine Certificate, University of Findlay; B.S. in Diagnostic Medical Imaging & Therapy, Northern Arizona University; M.S. in Healthcare, Grand Canyon University; D.H.Ed, A.T. Still University

Thompson, Brandy - Program Director/Clinical Coordinator, Surgical Services (Surgical Technology, Hospital Central Service & Operating Room Nursing); A.A.S., GateWay Community College; B.S.N., Arizona State University; M.Ed., Northern Arizona University; R.N., CST, CNOR

Torrey-Banks, Annette - Division Chair, Business & Information Technologies; Program Director, Accounting and Business; B.A., Capital University; M.Ed., University of Dayton

Urbanski, Craig - Division Chair, Industrial Technology; B.S., M.S. in Water Resource Technology, University of Central Missouri; Ph.D., Capella University

Vingochea, Danny - B.S. in Mathematics, M.Ed., Arizona State University

Walker, Douglas - Division Chair, Math and Sciences; B.A. in Mathematics, Saint Olaf College; M.S., Iowa State University

Washington, James - A.A.S. in Physical Therapist Assisting, Pima Medical Institute; B.S. in Advanced Patient Care, Grand Canyon University

Watson, Jennifer - B.A. in Elementary Education; B.S.N., Northern Arizona University; M.S.N., Northern Arizona University; M.Ed. in Educational Administration and Supervision

Wenzel, Darren - A.S. in Individual Studies, B.S. in Nuclear Medicine Technology, University of Findlay

Wiesner, Angelita - A.A.S. in Occupational Therapy Assisting, Pima Medical Institute; B.A., Arizona State University

Wildey, Herbert - B.S., M.S. in Biology, Northern Arizona University

Wilding, Gina - B.S.N., M.S.N., D.N.P., P.M.C., Frontier Nursing University

Wilt, Michelle - B.S. in Biology, Minnesota State University, Mankato; M.H.A. in Health Administration, University of Phoenix; RT (R)(M)

Wixom, Tina - M.B.A. in Business, Baker Center for Graduate Studies; D.B.A., California Southern University

Woods, Kristen - Program Director, Nursing Assistant; B.S.N., Methodist College of Nursing; M.N., University of Phoenix

Yena, Lauren - Division Chair, Literacy, Language and Literature; B.A. in English, University of Miami; M.A., University of Florida; Ph.D., Arizona State University

Zamora, David - Program Director, Manufacturing Production and Design Technology; A.A.S., Albuquerque Technical Vocational Institute; A.A.S., Mesa Community College; B.S., M.S. in Manufacturing Engineering, Arizona State University

Zygowicz, Sharon - B.A., M.C., Ph.D. in Counseling, Arizona State University

GateWay Faculty Emeritus

Backus, Alex S. (1972-2005) - Medical Radiography B.S., Alderson-Broaddus College; M.S., State University of New York at Buffalo

Bienert, Martha (1999-2019) - Communication/Sociology A.A., San Joaquin Delta Community College B.A., Sonoma State University M.A., Sacramento State University Ph.D., Arizona State University

Borze, Ilene (1994-2018) - Nursing Continuing Education B.S.N., M.S., Arizona State University

Carrillo, Mary (2003-2017) - Medical Radiography A.A., DeAnza College; A.S., Foothill College; B.S., M.B.A., University of Phoenix

Counts, Willie R. (1978-2008) - Psychology B.S., University of Arizona; Ph.D., Arizona State University

Fenske, Marie A. (1986-2009) - Respiratory Care A.A.S., Kirkwood Community College; B.S., M.S., Ed.D., Arizona State University

Garcia, Yvette - B.A., M.Ed., Arizona State University

Hall, Donald (1996-2020) - GateWay to the Arts Coordinator

Hoskins, Edward (1995-2017) - Respiratory Care/Health Sciences A.A., Maricopa Technical Community College; B.A., Ottawa University; M.Ed., Northern Arizona University

Huffman, Vincent (1981-2016) - Anthropology/Social Work M.A., Ball State University

Lampignano, John (1982-2016) - Teaching and Learning A.A., GateWay Community College; B.S., Weber State College; M.Ed, Arizona State University

Lucius, Catherine (1982-2008) - Nursing B.S.N., M.S., Arizona State University

Perry, Clyde (1990-2012) - HVAC/Facilities B.S., University of Southern Maine; M.Ed., Ed.D., Northern Arizona University

Rasmussen, Geraldine A. (1980-2008) - Liberal Arts A.A., GateWay Community College; B.A., M.Ed., Arizona State University

Rodriguez, Toni (1982-2018) - Respiratory Care A.S., Allegheny Community College; B.S., University of Pittsburgh; M.Ed., Ed.D., Arizona State University; FAARC, Fellow American Association/Respiratory Care

Shay, Gail (1987-2008) - Spanish/ESL/Communication B.A., College of Wooster; M.A., Arizona State University

Stover, Dean (1996-2016) - English B.A., M.F.A., Arizona State University

Thiessen, Charlene (1997-2017) - Medical Transcription/Health Sciences M.Ed., Northern Arizona University

Vrabel, Kerry S (2001-2017) - English, ESOL B.S., Benedictine University, Illinois; M.A., Hunter College of the City University of New York

GateWay Trade & Technology Training / Clock-Hour Instructors

Bauer, Jackie - Licensed Massage Therapist

Barnes, Heather - COA, OSC, A.A. in General Studies, Coconino Community College -

Berberian, Janeen - B.S. in Environmental Science - Biology, Northern Arizona University; Doctorate of Chiropractic, Life Chiropractic College West

Bismuth, Leia - Certified EMS Instructor; NREMT; AZDHS Certified Emergency Advanced EMT; AHA Instructor for BLS for Healthcare Providers; B.S. in Professional Studies, West Chester University of Pennsylvania

Blackman, Aimee - Licensed Cosmetology Instructor; A.A.S. in Beauty and Wellness, GateWay Community College

Blesh, Martin - Diploma in Air Conditioning Services, RSI; Certificate in Electrical Technologies, Mechanical Principles, RSI; Trane Certified HACI Mechanical Contractor; Certified Master Heat Pump Technician

Bowman, Angelica - NCMA: C.C.L. in X-Ray Technician/Medical Assistant, Modern Technology School; C.C.L., in Medical Assistant, Downey Adult School

Brusuelas, Miguel - Licensed Cosmetology Instructor, A.A.S. in Beauty & Wellness, GateWay Community College

Castillo, Kia - C.P.C.; A.A.S. in Organizational Management, Rio Salado Community College; B.S.Ed. in Career & Technical Education (CTE), Northern Arizona University

Cazares, Monica - R.M.A.; R.P.T., Bryman College; NCPT; NCMA; B.S.Ed., in CTE Northern Arizona University

Cooper, Brent - ICAR Structural Gold; AZDoE Teaching Certificate - CTE, K-12; A.A. in LPN, Phoenix College

Davis, Daniel - NREMT Paramedic; AZDHS Certified Emergency Paramedic; AZDHS EMS Training Program Director, NREMT EMT Training Program Director, AHA Instructor, BLS; NAEMSE Instructor I; Firefighter 1 & 2; ACLS; PALS; NRP

Diehl, Robin - Licensed Cosmetology Instructor

Discua, Jessica - NREMT; NRP

Escoto, Kelly - Certified Electrocardiogram Technician; CCT with Cardiovascular Credentialing International; A.A. in General Studies, Glendale Community College; Medical Assisting Certification, Sanford Brown College

Gaiser, Alan - O.S.H.A. Trainer; N.C.C.E.R.

Gould, Tricia - Licensed Aesthetics Instructor

Hayes, Timeka - Licensed Cosmetology Instructor

Hernandez, James (Jay) - C.C.T. in Meat Cutting Apprentice, Maricopa Skill Center

Hernandez, Michael - P.P.G. - Waterborne; P.P.G. - Solvent

Hutchison, Lisa - Medical Assisting Certification, M.Ed. in Secondary Education, Northern Arizona University

Kline, Jennifer - NREMT, CCEMTP, NAEMSE Instructor I & II, AHA Training Faculty BLS, ACLS, PALS, A.A. in General Studies, Glendale Community College; A.A.S. in Emergency Response and Operations, Glendale Community College; B.S.Ed. in CTE, Northern Arizona University; M.Ed. in CTE, Northern Arizona University

Longoria, Erika - Certified Medical Assistant, International Institute of Americas; R.M.A., American Medical Technologists, BLS instructor

Little, Kelly - Licensed Cosmetology Instructor; A.A.S. in Beauty & Wellness, GateWay Community College

Majcher, Teri - Licensed Aesthetics Instructor; Licensed Massage Therapist

Miller, Sharon - CPhT

Moreno, Alejandra - Certified Phlebotomy Technician

Moreno, Paul - AWS Certified Welder, AWS Section Officer

Navarro, Oscar - A.A.S. in Fire Science, Estrella Mountain Community College, AZEMT, Firefighter I & II, Hazmat Operations, Fire Instructor I, Wildland Firefighter Instructor

Peoples, Toni - Licensed Cosmetology Instructor

Rios, Courtney - B.S. in Health Sciences, Arizona State University, AZEMT, AHA BLS Instructor, ASHI BLS Instructor

Rodriguez, Maria (Mary) - Licensed Cosmetology Instructor

Smith, James (Jimbo) - NIMS Machining Level 1

Swan, Jennifer - Licensed Cosmetology Instructor; Licensed Aesthetics Instructor

Tapscott, Michael - Licensed Massage Therapist

Valdivia, Vivian - A.O.S., The Bryman School; R.M.A., American Medical Technologists; CM.A. American Association of Medical Assistants; B.L.S. Instructor, American Safety & Health Institute

Vallarta, Jessica - Certified Pharmacy Technician Advanced (CPhT-Adv); Certified Medication Requisition Technician, A.A. in General Studies, South Mountain Community College

Waite, Amy - Licensed Massage Therapist; B.S.Ed in Elementary Education, Northern Arizona University.

Ybarra, Mark Anthony - Licensed Massage Therapist

Yohe, Christina - B.S. in Exercise Physiology, University of Arizona; Firefighter I & II; Fire Instructor 1; Hazmat Technician; Fire Inspector 1; NREMT Paramedic; AZDHS Certified Emergency Paramedic; ASHI; BLS Instructor; NRP

GateWay Early College High School Administration

Guillien, Blas - Interim Principal

Penmar, Elisa - Assistant Principal

Gaiser, Maria - Registrar/Administrative Coordinator

Machado, Jessalin - Grant Officer

Frump, Jonathan - Counselor Academic

Carrol, Teri - Social Worker

GateWay Early College High School Instructors

Blevins, Eric - Science

Bracamontes, Maria - English

Brock, Chris - English

Cisneros, Juan - Science

Fair, Darnetta - Social Studies

Hawkes, Karen - Capstone

Hoffman, Lyndsey - English

Jackson, Lenzie - Elective

Jimenez, Abel - English Language Learners (ELL)

Meza, Carol - Science

Montanaro, Blaine - English

Paserk, Rachel - Math

Quick, Stephany - Science

Ray, Michelle - Freshmen Success

Smith, Marcus - English

Tuxtla, Yair - Special Education (SPED)

Wiersum, Roger - Social Studies

Courses

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
AAA104	Visualization in Activated Learning		Techniques for using mental imagery in the activated learning process. Processes include mental rehearsal, relaxation, and affirmation during self-instruction, test taking, interpersonal relationships, and sports	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
AAA105	Peak Performance in Activated Learning		Techniques which enable the individual to achieve levels of peak performance using the activated learning process. Includes methods for developing a high level of motivation and self-discipline to achieve peak performance in areas such as sports, public speaking, and job productivity	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
AAA115	Creating College Success	CPD115	Strategies to create success in college. Methods for selecting and developing effective academic strategies, increasing self-awareness and developing self-management strategies. Elements of college resources and relationships with others explored in support of students' educational experience	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
AAA150	Strategies for College Success	CPD150	Focus on increasing student success through college orientation and personal growth, study skills development, and educational and career planning.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
AAA150AC	Educational and Career Planning	CPD150A C	Emphasis on increasing student success through educational and career planning.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
AAA298AA	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized	Prerequisites: Permission of Program Director or Instructor.	Course Attribute(s): COMMON COMPETE NCY COURSE	Acad	LAB 1.0 1.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.				
AAA298AB	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	Course Attribute(s): COMMON COMPETE NCY COURSE	Acad	LAB 2.0 2.0 0.0
AAA298AC	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	Course Attribute(s): COMMON COMPETE NCY COURSE	Acad	LAB 3.0 3.0 0.0
ABA101	Hand and Power Tools		Selection, use, maintenance and safety	Prerequisites: Registered		Occ	L+L 1.0 1.0 1.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			procedures for common hand and power tools used in the construction industry.	apprentice status or permission of the Apprenticeship Coordinator.			
ABA102	Electrical Fundamentals		Fundamentals of electricity including electrical hazards, Occupational Safety and Health Administration (OSHA) regulations, units of measurements and using Ohm's law. Circuit characteristics and the use of Kirchoff's voltage and current laws to calculate voltage drop, current and resistance. Operation and use of specific meters. Includes an introduction to the National Electrical Code (NEC)	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
ABA103	Hand Bending of Electrical Conduit		Conduit bending and installation. Techniques for using hand operated and step conduit benders. Cutting, reaming and threading conduit	Prerequisites: None.		Occ	LEC 0.5 0.5 0.5
ABA104	Raceways, Boxes, Fittings, Anchors/Supports		Types and applications of conduit, raceways, wireways and ducts. Types, applications and wiring techniques for conductors. Hardware and systems used to mount and support boxes, receptacles and other electrical components	Prerequisites: Registered Apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 1.5 1.5 1.5
ABA106	Introduction to Materials Handling		Introduction to materials handling equipment and appropriate use for common job-site tasks. Recognize hazards associated with materials handling and proper techniques and procedures.	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 0.5 0.5 0.5
ABA112	Electrical I		Theories and concepts in electrical safety basics and OSHA 10 certification. Introductory	Prerequisites: Registered apprenticeship status or		Occ	L+L 6.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			concepts in construction math, hand and power tools, drawings, rigging, and materials handling. Emphasis on communication and employability skills.	permission of Apprenticeship Coordinator.			
ABA114	Electrical II		Fundamentals of the electrical trade, residential electrical services and test equipment. Emphasis on safety, electrical circuits, theory, National Electrical Code, device boxes. Use and selection of hand bending, raceways, fittings, conductors, cables. Interpretation of electrical drawings.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.		Occ	L+L 6.0 6.0 6.0
ABA120	Carpentry Fundamentals		Overview of the carpentry trade. Apprenticeship programs and responsibilities of the apprentice. Types and uses of nails, fasteners and adhesives. Types of wood, lumber and manufactured wood products	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 1.0 1.0 1.0
ABA121	Floor and Wall Systems		Framing systems, floor construction, center beam and post support systems. Construction of sills, joists and bridging. Subflooring, mechanical connectors and the use of prefabricated joists. Wall construction, stud walls, panelized walls, masonry walls, post and beam walls, use of metal studs and drywall construction.	Prerequisites: (Registered apprentice status and a grade of C or better in ABA120) or permission of the Apprenticeship Coordinator.		Occ	LEC 2.0 2.0 2.0
ABA122	Electrical III		Theory and application of alternating current, lighting, conduit bending, pull and junction boxes.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.		Occ	L+L 6.0 6.0 6.0
ABA124	Electrical IV		Principles of conductor installations, cable trays, conductor terminations	Prerequisites: Registered apprenticeship		Occ	L+L 6.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			and splices. Emphasis on grounding, bonding, circuit breakers, and fuses. Fundamental concepts of control systems.	p status or permission of Apprenticeship Coordinator.			
ABA130	Installation of Electric Services		Electric services for commercial and industrial installations. Blueprints, diagrams and electrical calculations. Grounding, connecting three phase services and the installation of panelboards, switches and load centers	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 1.0 1.0 1.0
ABA135	Cast-In-Place Stairs		Cast-In-Place and Precast stair installation techniques, forming, erecting and safety procedures. Review American Concrete Institute (ACI) Codes and standard specifications.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.		Occ	LEC 1.0 1.0 1.0
ABA136	Communications in Construction	IND136	Communication in the construction industry. Positive direct communication, written communication, active listening, understanding, negotiation, and dealing with difficult people. Communication skills at all organizational levels, with groups, combining oral and written communication for maximum effectiveness.	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
ABA150	Advanced Calculations for Electricians		Advanced mathematical calculations in the electrical industry. Powers and roots in watts, voltage, current and resistance. Metric and engineering units. English and metric systems for length, area, volume and mass, and energy and temperature measurements. Ratios, proportions, formulas, symbols and representation. Trigonometry and the Pythagorean theory.	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 1.5 1.5 1.5

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Plane and rotating vectors. Basic functions of the scientific calculator for electricians				
ABA179	Installing and Sizing Water Supply Piping		Connecting piping to a water main. Plumbing connections to buildings and air and hydrostatic testing of water supply piping. Operation and installation of water heaters. Types, operation and installation of water meters. Installation of water supply systems to given structures. Effects of valves, fittings and piping on water pressure. Calculations of pressure drop and sizing procedures for water supply piping. Principles of back siphonage and backflow prevention	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 3.0 3.0 3.0
ABA192	Plumbing Level I		History of plumbing, modern plumbing, safety, human relations, and construction career opportunities. Hand and power tool safety, use, and maintenance. Plumbing drawings, components, and symbols. Materials, schedules for plastic, copper, and cast-iron. Fittings, valves, hangers, and supports. Measuring, cutting, reaming, and joining pipe. Safety precautions for installation, operation and maintenance. Fixtures and faucets. Drain, waste, and vent systems. Water distribution systems.	Prerequisites: None.		Occ	L+L 3.0 3.0 3.0
ABA204	Contactors and Relays		Operating principals of contactors and relays. Function in an electrical system. Operation and installation of specific contactors and relays. Interpretation of wiring diagrams. Connect and	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			test a simple control circuit				
ABA207	Construction Trades: Green Environment		Daily activities at work and at home that affect green environment. Leadership in Energy and Environmental Design (LEED) rating process. Carbon footprint and ways to reduce it. Construction of buildings that affect green environment. Application of principles of green building rating system.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.		Occ	LEC 1.0 1.0 1.0
ABA222	Introduction to Welding, Brazing and Cutting		Arc welding theory and safety hazards. AC, DC and AC-DC welding machines. Use of electrodes and safety requirements for arc-welding. Basic welding techniques and gas metal-arc and gas tungsten-arc welding processes. Brazing and cutting using an oxyacetylene torch.	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 2.0 3.0 3.0
ABA232	Electrical V		The course content includes Load Calculations - Branch and Feeder Circuits, Conductor Selection and Calculations, Overcurrent Protection, Raceways/Wiring/Devices and Boxes, Voice/Data and Video.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.		Occ	L+L 6.0 6.0 6.0
ABA234	Electrical VI		Theories and concepts in distribution equipment, transformers, and commercial electrical services. Emphasis on motor calculations and voice/data and video. Operation of motor controls.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.		Occ	L+L 6.0 6.0 6.0
ABA242	Electrical VII		Principles of course load calculations, feeder and services and specialty transformers. Selection of standby and emergency systems. Emphasis on basic electronic theory, fire	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.		Occ	L+L 6.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			alarm systems and health care facilities.				
ABA244	Electrical VIII		Principles of heating, ventilation, and air conditioning (HVAC) controls and heat tracing. Use and control of freeze protection. Basics in motor operation and maintenance. Focus on medium-voltage terminations/splices and special locations. Fundamentals of Crew Leadership.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.		Occ	L+L 6.0 6.0 6.0
ABA251	High Voltage Termination and Splicing		Terminations and splices in high voltage systems (600+ volts). Identifying and splicing specific types of cables and making terminations. Includes using splicing kits and following manufacturer's specifications. Testing techniques and calculations	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 1.0 1.0 1.0
ABA255	Commercial, Industrial and Special Lighting		Operating characteristics of incandescent, fluorescent and high intensity discharge lamps. Lighting controls and fixture installations. Blueprint reading exercise for commercial and industrial installations. Lighting requirement calculations. National Electrical Code (NEC) requirements for specialty lighting fixtures	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 0.5 0.5 0.5
ABA298AA	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects	Prerequisites: Permission of Program Director or Instructor.	Course Attribute(s): COMMON COMPETENCY COURSE	Occ	LAB 1.0 1.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			of independent study and individualized learning to be combined to maximize student development.				
ABA298AB	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	Course Attribute(s): COMMON COMPETENCY COURSE	Occ	LAB 2.0 2.0 0.0
ABA298AC	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	Course Attribute(s): COMMON COMPETENCY COURSE	Occ	LAB 3.0 3.0 0.0
ABC118	OSHA Standards and Regulations	PNT118	Provisions of and implementation of Occupational Safety and Health Administration (OSHA) Act in the work place. Rights and responsibilities under the OSHA Act. Appeals process, record keeping, and voluntary protection programs. OSHA's construction and general industry standards.	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 1.5 1.5 1.5

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Overview of the requirements of the more frequently referenced standards.				
ABC119	Basic Safety	MEC119	Overview of safety rules and procedures for working on construction job sites	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 1.0 1.0 1.0
ABC120	Basic Calculations for Construction	MEC120 PNT120	Addition, subtraction, multiplication and division of whole, decimal, fraction and metric numbers. Percentage and fraction conversions. Metric units of length, weight, volume and temperature. Metric system as it relates to the construction trade. Basic algebra and geometry operations and equations. Area and volume calculations of shapes.	Prerequisites: None.		Occ	L+L 1.5 1.5 1.5
ABC121	Introduction to Hand and Power Tools	MEC121 PNT121	Overview of the use, maintenance and safety procedures for common hand and power tools.	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 1.0 1.0 1.0
ABC122	Rigging Safety and Equipment	MEC122	Rigging safety, equipment and inspection. Includes crane hand signals, common rope knots, types of derricks and cranes and safety procedures for rigging and moving materials and equipment.	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 1.0 1.0 1.0
ABC123	Introduction to Construction Drawings		Basic concepts of construction drawings, including terms and symbols. Drawing interpretation, use of drawing dimensions and recognition of drawing classifications.	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 0.5 0.5 0.5

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
				p Coordinator.			
ABC124	Conduit Bending		Types of conduit benders and bends. Conduit bending procedures and use of bends in conduit systems	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 1.0 1.0 1.0
ABC126	Electrical Test Equipment		Selection, inspection, use and maintenance of common electrical test equipment	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 1.0 1.0 1.0
ABC130	Conductor Installation/Termination		Transportation, storage and setup of cable reels, methods of rigging and procedures for installing conductors using cable pulls in raceways and cable trays. Also methods of terminating and splicing conductors	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 1.0 1.0 1.0
ABC131	Cable Tray Installation		National Electrical Manufacturer's Association (NEMA) and National Electrical Code (NEC) requirements for cable tray modified installation and cable installation procedures.	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 0.5 0.5 0.5
ABC132	Circuit Breakers and Fuses		National Electrical Code (NEC) requirements, Ground Fault Circuit Interrupters (GFCI), overcurrents, fuse sizing, safety techniques and short-circuit calculations.	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 1.0 1.0 1.0
ABC133	Basic Lighting		Principles of illumination and specific light sources. Includes practical applications for residential, commercial and industrial installations	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 1.0 1.0 1.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
ABC135	Fundamentals of Concrete		Materials used to make concrete, including specific types of cement, aggregate, admixtures and reinforcing materials. Handling procedures for concrete, conveying and placing concrete and finishing techniques for concrete slab. Construction of foundations and formwork	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 1.0 1.0 1.0
ABC136	Roof Systems		Defining roof terminology. Identifying and understanding specific roof systems. Using the framing square and essex scale to calculate and measure specific types of rafters. Transcribing and transferring measurements onto rafters. Using "speed square" to determine measurements for specific types of rafters. Defining unequal roof pitch. Identifying specific types of plank and beam roofs and roof trusses used in the industry today.	Prerequisites: (Registered apprentice status and a grade of C or better in ABC/MEC/P NT120) or permission of the Apprenticeship Coordinator.		Occ	LEC 1.0 1.0 1.0
ABC142	Alternating Current		Production of electricity, including; current, voltage, induction, mutual inductance and capacitance. Calculations using Ohms Law. Operation of a three phase system.	Prerequisites: (Registered apprentice status and a grade of C or better in ABC/MEC/P ED120) or permission of the Apprenticeship Director.		Occ	LEC 1.0 1.0 1.0
ABC143	Motors: Theory and Application		Overview of electric motors including types, operation, and applications. Assembly and disassembly. Mounting and connections according to National Electrical Code (NEC). Also	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 2.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			troubleshooting, installation and handling				
ABC144	Grounding		Types of grounding and proper installation of grounds and grounding. OSHA and National Electrical Code (NEC) requirements specific to grounding. Purpose and operation of Ground Fault Circuit Interrupters (GFCI). Effects of soils and environment. Selection of grounds and grounding material for specific situations. Testing grounds with a "megger"	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 1.0 1.0 1.0
ABC221	Motors and Motor Controls		Electrical symbols, line diagrams and logic. Contactors and starters, control devices, reversing circuits and power distribution systems. Electronic control devices, programmable controllers, reduced voltage starters, accelerating and decelerating methods and circuits. Preventive maintenance and trouble shooting	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 3.0 3.0 3.0
ABC222	Hazardous Locations-Electrical		Hazardous location classifications. Equipment approved for use in specific hazardous locations. Wiring methods	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 1.0 1.0 1.0
ABC226	Raceways, Wiring Devices, Boxes and Fittings		Sizing, selecting, and installing raceways, junction boxes, outlet boxes and wiring devices. Calculating fill requirements according to National Electrical Code (NEC) regulations. Calculating bending radii in boxes and cabinets. Types and purpose of wiring devices and	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.		Occ	LEC 1.5 1.5 1.5

Requires passing check ride similar to the Federal Aviation Administration Private Pilot check ride.	Prerequisites: FAA Private Pilot Airplane Single-Engine Land or advanced certification. Corequisites: AET107.	Flight and ground briefing time at student's expense required.	Occ	LAB 1.0 5.0 5.0
AET115	Aviation Meteorology		Meteorology for professional pilots. Includes atmosphere, air mass circulation, cloud type identification, weather hazards, and high altitude, Arctic, and tropical weather systems. Basic forecasting, use of Direct User Access Terminal	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			(DUAT) systems and reading and interpreting weather charts				
AET203	Basic Airplane Systems		Beginning commercial pilot ground course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot Certificate and Commercial written examination. Discussions will include, but not be limited to reciprocating engines, engine systems, airplane systems, altitude systems, and commercial regulations.	Prerequisites: A grade of C or better in (AET207, AET217, and AET210) or permission of Instructor. Corequisites: AET222.		Occ	LEC 3.0 3.0 3.0
AET203HH	Basic Helicopter Systems		Beginning commercial pilot ground course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot Certificate and Commercial written examination Discussions will include, but not be limited to reciprocating engines, engine systems, helicopter systems, altitude systems, and commercial regulations.	Prerequisites: A grade of C or better in AET207HH, AET217HH and AET210HH or permission of Instructor. Corequisites: AET220HH and AET213HH.		Occ	LEC 2.0 2.0 2.0
AET205	Aircraft Structures, Systems, and Maintenance		Survey of airframe structures, systems, and maintenance regulations for pilots. Includes aircraft and airfoil design and construction, and electrical, instrumentation, and automatic flight control systems. Maintenance privileges and limitations, and forms and records	Prerequisites: Private Pilot Certificate or permission of Instructor.		Occ	LEC 4.0 4.0 4.0
AET207	Attitude Instruments and Navigation		Beginning instrument pilot ground course in preparation for the Federal Aviation Administration (FAA) Instrument Pilot Rating and Instrument Rating written examinations.	Prerequisites: A grade of C or better in AET110 or permission of Instructor. Corequisites: AET210,		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Includes preflight preparation, flight instruments, basic attitude instrument flying, radio navigation systems, and technically advanced aircraft systems.	AET217 and AET220			
AET207HH	Attitude Instruments and Navigation: Helicopter		Beginning instrument pilot ground course in preparation for the Federal Aviation Administration (FAA) Instrument Pilot Rating and Instrument rating written examinations. Includes preflight preparation, flight instruments, basic attitude instrument flying, radio navigation systems, and technically advanced helicopter systems.	Prerequisites: A grade of C or better in AET110HH or permission of Instructor. Corequisites: AET210HH and AET217HH.		Occ	LEC 2.0 2.0 2.0
AET208	Aviation Safety		Introduction to aviation safety, including aviation safety programs, risk management, pilot psychology, physiology, human factors, and accident review and investigation.	Prerequisites: A grade of C or better in AET107 or permission of Instructor.		Occ	LEC 3.0 3.0 3.0
AET210	Commercial Flight Lab I		Initial flight course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot practical examination. Emphasis on instrument and technically advanced aircraft operations. Student must fly approximately 10 hours at own expense. Requires passing operational stage checks similar to the FAA check rides.	Prerequisites: A grade of C or better in AET110 or permission of Instructor. Corequisites: AET207, AET217 and AET220.		Occ	LAB 1.0 5.0 5.0
AET210HH	Instrument Flight: Helicopter		Initial helicopter flight course in preparation for the Federal Aviation Administration (FAA) Instrument rating practical examination. Emphasis on helicopter instrument operations.	Prerequisites: A grade of C or better in AET110HH or permission of Instructor. Corequisites: AET207HH		Occ	LAB 2.0 5.0 5.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Student must fly approximately 75 hours at own expense. Requires passing operational phase checks.	and AET217HH.			
AET213	Aerodynamics and Performance		Advanced commercial pilot ground course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot Certificate and Commercial written examinations. Includes discussion of aerodynamic factors including lift, weight, drag, and thrust. Discussions will include, but are not limited to aerodynamics, performance, safe and efficient airplane operations, airplane stability and control, stalls, and spins.	Prerequisites: A grade of C or better in AET207, AET217, and AET210. Corequisites: AET221.		Occ	LEC 3.0 3.0 3.0
AET213HH	Aerodynamics and Performance: Helicopter		Advance commercial pilot ground course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot Certificate and Commercial written examinations. Includes discussion of aerodynamic factors including lift, weight, drag, and thrust. Discussions will include, but are not limited to aerodynamics, performance, and safe and efficient helicopter operations.	Prerequisites: A grade of C or better in AET207HH, AET217HH, and AET210HH. Corequisites: AET220HH and AET203HH.		Occ	LEC 2.0 2.0 2.0
AET215	Aircraft Powerplants		Survey of engines and engine systems for pilots. Includes theory and analysis of reciprocating and turbine aircraft engines. Lubrication, ignition, fuel control, cooling, exhaust, and propellers.	Prerequisites: A grade of C or better in AET205 or permission of Instructor.		Occ	LEC 4.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
AET217	Instrument Procedures		Advanced instrument pilot ground school course in preparation for the Federal Aviation Administration (FAA) Instrument pilot rating and Instrument rating written examinations. Includes Federal Aviation Regulations, instrument approach procedures, and instrument enroute considerations. Requires passing written exam similar to the Instrument pilot rating and Instrument rating written exams.	Prerequisites: A grade of C or better in AET110 or permission of Instructor. Corequisites: AET207, AET210 and AET220.		Occ	LEC 3.0 3.0 3.0
AET217HH	Instrument Procedures: Helicopter		Advance helicopter instrument pilot ground school course in preparation for the Federal Aviation Administration (FAA) Instrument pilot rating and Instrument rating written examinations. Includes Federal Aviation Regulations, instrument approach procedures, and instrument enroute considerations. Requires passing written exams similar to the Instrument pilot rating and Instrument rating written exams.	Prerequisites: A grade of C or better in AET110HH or permission of Instructor. Corequisites: AET210HH and AET207HH.		Occ	LEC 2.0 2.0 2.0
AET220	Instrument Flight Lab		Flight course in preparation for the Federal Aviation Administration (FAA) Instrument rating practical examination. Emphasis on instrument operations. Student must fly approximately 40 hours at own expense. Requires passing of stage checks similar to the FAA check ride.	Prerequisites: A grade of C or better in AET110 or permission of Instructor. Corequisites: AET207, AET210 and AET217.		Occ	LAB 1.0 5.0 5.0
AET220HH	Commercial Flight: Helicopter		Advanced flight course in preparation for the Federal Aviation Administration (FAA)	Prerequisites: A grade of C or better in AET210HH,		Occ	LAB 2.0 5.0 5.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Commercial Pilot practical examination. Emphasis on commercial and high performance helicopter operations. Student must fly approximately 60 hours at own expense. Requires passing instrument rating and commercial pilot stage checks similar to the FAA check rides.	AET207HH and AET217HH. Corequisites: AET203HH and AET213HH.			
AET221	Commercial Flight Lab II		Intermediate flight course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot practical examination. Emphasis on commercial and solo cross-country flight operations. Student must fly approximately 45 hours at their own expense. Maneuvers and procedures during dual instruction are designed to be performed with flight instructor guidance. Requires passing commercial pilot stage checks similar to the FAA check ride.	Prerequisites: A grade of C or better in AET207 and AET210 or by permission of Instructor. Corequisites: AET213.		Occ	LAB 1.0 5.0 5.0
AET222	Commercial Flight Lab III		Advanced flight course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot practical examination. Emphasis on commercial operations. Student must fly approximately 45 hours at their own expense. Maneuvers and procedures are designed to be performed with little flight instructor guidance. Requires commercial pilot stage checks similar to the FAA check ride.	Prerequisites: A grade of C or better in AET221 and AET213. Corequisites: AET203.		Occ	LAB 1.0 5.0 5.0
AET225	Advanced Aircraft Systems		Survey of advanced aircraft systems to	Prerequisites: Private Pilot		Occ	LEC 4.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			include electrical, automatic flight control, pressurization, cabin atmosphere, ice control, rain control, fire detection and extinguishing. Includes theory and analysis of turbine aircraft engines. Introduction to turbine engine systems to include lubrication, ignition, fuel control, cooling, exhaust, and propellers. Includes overview of maintenance publications, forms and records.	Certificate or permission of Instructor.			
AET227	Certified Flight Instructor: Airplane, Single Engine Land Ground School		Ground school in preparation for the Federal Aviation Administration (FAA) Certified Flight Instructor and Fundamentals of Instruction written examinations. Includes fundamentals of instruction, aerodynamics, airplane performance, systems, operations, weight and balance, weather, federal regulations, navigation, maneuvers, pilot physiology, ethics, and aeronautical decision making. Requires passing written exams similar to the FAA Certified Flight Instructor: Airplane, and Fundamentals of Instruction written exams.	Prerequisites: A grade of C or better in AET240 or FAA Commercial Pilot Certificate with instrument rating. Corequisites: AET230.		Occ	LEC 5.0 5.0 5.0
AET227HH	Certified Flight Instructor: Helicopter Ground School		Ground school in preparation for the Federal Aviation Administration (FAA) Certified Flight Instructor and Fundamentals of Instruction written examinations. Includes fundamentals of instruction, aerodynamics, helicopter performance, systems,	Prerequisites: FAA Commercial Pilot Certificate. Corequisites: AET230HH.		Occ	LEC 4.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			operations, weight and balance, weather, federal regulations, navigation, maneuvers, pilot physiology, ethics, and aeronautical decision making. Requires passing written exams similar to the FAA Certified Flight Instructor: Helicopter, and Fundamentals of Instruction written exams.				
AET229	Crew Resource Management		Crew communications, teamwork, leadership, "followership," decision-making, and situational awareness; also the benefits of diversity, and the role diversity plays in the modern aerospace industry. Emphasis on utilization of all available resources in order to conduct a safe and efficient flight.	Prerequisites: A grade of C or better in AET217 or permission of Instructor.		Occ	LEC 3.0 3.0 3.0
AET230	Certified Flight Instructor: Airplane, Single Engine Land Flight Lab		Flight course in preparation for the Federal Aviation Administration (FAA) Certified Flight Instructor: Airplane practical examination. Emphasis on demonstration and analysis of flight maneuvers. Includes preflight, ground operations, airport operations, takeoffs, climbs, flight fundamentals, stalls, spins, slow flight, basic instrument operations, performance maneuvers, ground reference maneuvers, emergency operations, approaches, landings, and post-flight procedures. Requires approximately 25 hours of flight that includes high performance operations at student's expense. Also requires	Prerequisites: A grade of C or better in AET240 or FAA Commercial Pilot Certificate with instrument rating. Corequisites: AET227.		Occ	LAB 1.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			passing check ride similar to the FAA Certified Flight Instructor check ride.				
AET230HH	Certified Flight Instructor: Helicopter		Flight course in preparation for the Federal Aviation Administration (FAA) Certified Flight Instructor: Helicopter practical examination. Emphasis on demonstration and analysis of flight maneuvers. Includes preflight procedures, airport and heliport operations, hovering maneuvers, takeoffs, landings, and go-arounds, fundamentals of flight, performance maneuvers, emergency operations, special operations, and postflight procedures. Requires approximately 60 hours of flight at student's expense. Also requires passing check ride similar to the FAA Certified Flight Instructor check ride.	Prerequisites: FAA Commercial Pilot Certificate with instrument rating. Corequisites: AET227HH.		Occ	LAB 1.0 3.0 3.0
AET237	Multiengine Airplane Pilot Ground School		Aeronautical knowledge necessary to meet requirements for a multiengine airplane rating including orientation, aerodynamics, airplane systems, airplane performance, flight planning, and emergency procedures.	Prerequisites: A grade of C or better in AET220 or FAA Commercial Pilot Certificate with instrument rating. Corequisites: AET240.		Occ	LEC 2.0 2.0 2.0
AET239	Commercial Flight Lab IV		Final flight course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot practical examination. Emphasis on commercial operations. Student must fly approximately 20 hours	Prerequisites: A grade of C or better in (AET203 and AET222), or by permission of Instructor.		Occ	LAB 1.0 5.0 5.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			at their own expense. Maneuvers and procedures are designed to be performed without flight instructor guidance. Requires passing commercial pilot stage check similar to the FAA check ride.				
AET240	Multiengine Airplane Pilot Flight Lab		Flight course in preparation for the Federal Aviation Administration (FAA) Multi-engine Airplane practical examination. Approximately 18 hours of flight experience at the student's expense and passing check ride similar to the FAA Multi-engine check ride are required.	Prerequisites: A grade of C or better in AET239 or FAA Commercial Pilot Certificate with Single Engine Land and Instrument rating. Corequisites: AET237.		Occ	LAB 1.0 1.5 1.5
AET257	Readings in Aviation		Critical inquiry of a particular aviation theme from a wide variety of sources. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. International data communication facilities and equipment made available for student use.	Prerequisites: A grade of C or better in ENG102 or ENG111 and permission of Instructor.		Occ	L+L 3.0 4.0 4.0
AET258	Certified Flight Instructor: Instrument Airplane Ground School		Aeronautical knowledge and practical teaching ability necessary to obtain an Instrument Flight Instructor Certificate with an Airplane-Single-Engine rating and necessary to satisfactorily pass the Flight Instructor Instrument knowledge test.	Prerequisites: Valid FAA Commercial Pilot Certificate or Airline Transport Pilot Certificate with the appropriate category and class of airplane used in the course, instrument rating, and Flight		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
				Instructor Certificate-Airplane. Corequisites: AET270.			
AET270	Certified Flight Instructor: Instrument Airplane Flight Lab		Flight experience in an airplane to meet flight proficiency and aeronautical experience requirements necessary to add an Instrument Airplane Rating to an existing Flight Instructor-Airplane certificate.	Prerequisites: Valid FAA Commercial Pilot Certificate or Airline Transport Pilot Certificate with the appropriate category and class of airplane used in the course, instrument rating, and Flight Instructor Certificate-Airplane. Corequisites: AET258.		Occ	LAB 1.0 3.0 3.0
AET296WA	Cooperative Education		Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. COMMON COMPETENCY COURSE	Prerequisites: Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to		Occ	LAB 1.0 5.0 0.0

			technologies. Includes safety practices, quality measurement, print reading, machine operation, hand tool usage, and maintenance operations.				LAB 0.0 2.0 2.0
AIT105	Modern Maintenance Operations		Introductory course into the practice of modern maintenance operations. Includes: safely and correctly using maintenance tools (e.g., hand tools, power tools), measuring instrumentations (e.g., tape, caliper, micrometer) and reading various engineering documents (e.g., blueprints, flowcharts, parts diagrams). Use and convert units in System International (SI) and imperial. Basic discussion of industrial safety procedures, machine operations, troubleshooting, failure analysis, modern maintenance principles, rigging, workplace organization, and records keeping.	Prerequisites: None.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT110	Mechanical Power Transmission Systems		Introductory course in how to transmit, measure, calculate, and work safely with rotational mechanical equipment. Hands-on assembly, alignment, maintenance, and troubleshooting of mechanical power transmission systems and components e.g., belts, bearings, chains, dynamometers, gears, pulleys, couplings, bushings, and sprockets. Introduction to lubricant and grease types, their standards, safety, and application.	Prerequisite: None.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT115	Hydraulic Systems		Introductory course in the principles of	Prerequisites: None.		Occ	LEC 3.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			hydraulic system operation, components construction, maintenance, troubleshooting, and operation, as well as the role of the individual components in an operating hydraulic system. Includes hydraulic fitting and seals, accumulators, cylinders, directional control valves (DVC), relief valves, check valves, pumps, filters, hoses, and a variety of hydraulic control circuits.				LAB 0.0 3.0 3.0
AIT120	Pneumatic Systems		Introductory course in the principles of pneumatic system operation, components construction, maintenance, troubleshooting, and operation, as well as the role of the individual components of an operating pneumatic system. Includes pneumatic fitting, seals, accumulators, actuator/cylinders, Directional Control Valves (DCV), manifolds, relief valves, check valves, pumps, filters, regulators, dryers, and common pneumatic control circuits.	Prerequisites: None.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT123	J-STD Soldering Certification		This course will prepare the successful student to receive the "Certified IPC Specialist" (CIS) certification from The Institute for Interconnecting and Packaging Electronic Circuits (IPC) in "Requirements for Soldered Electrical and Electronic Assemblies" (IPC J-STD-001). Topics covered and skills to be demonstrated are: soldered wires and	Prerequisites: Permission of Instructor.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			terminals, through hole connections, surface mount components, and inspection. Certification is verified by a certified IPC trainer (CIT).				
AIT124	Composites		Basic composite materials, construction, and repair. Manufacturing methods and equipment. Assessment and repair of composite structures using vacuum bagging and other approved procedures. Corrosion control, electrical bonding, materials substitutions, machining of composite components, mold fabrication. Hot bond repair of composite components including complex shapes and varied materials.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
AIT125	DC and AC Components and Circuits		An introductory course in Alternating Current (AC) and Direct Current (DC) electric theory. Includes electric circuits using resistors, capacitors and inductors. Also includes solenoids, relays, transformers, basic DC and AC motors, circuit protection devices and a variety of switches.	Prerequisites: None.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT128	A-620 Cable and Wire Harness Assembly Certification		This course will prepare the successful student to receive the "Certified IPC Specialist" (CIS) certification from The Institute for Interconnecting and Packaging Electronic Circuits (IPC)/Wire Harness Manufacturer's Association (WHMA) in "Requirements and Acceptance for Cable and Wire Harness Assemblies" (IPC/WHMA-A-620 Certification). Topics covered and skills to be	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			demonstrated are: soldered terminations, crimp terminations, insulation displacement terminations (IDC), splices, connectorization, marking/labeling, coaxial cable assemblies, electrical shielding, wire marking and labeling, and testing methodologies. Certification is verified by a certified IPC trainer (CIT).				
AIT130	Maintenance Piping		Overview of the area of maintenance of piping systems for manufacturing or industrial facilities. Preparation to sit for the NIMS Duty Area 9: Maintenance Piping Certification Exam.	Prerequisites: None.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT132	Industrial Technology for the Semiconductor Industry		Introduction to semiconductor manufacturing concepts, processes, and hands-on application. Includes electrical theory, circuits, schematics, hand tools, safety, clean room protocols, model based problem solving, lean manufacturing, vacuum technology, and troubleshooting.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
AIT205	Power Electronics and Variable Frequency Drives		Introductory course in AC and DC power electronic theory. Includes power supplies, power conditioning, solid-state power devices, and power control circuits. Also includes proximity sensors, analog thermal sensors, control feedback loops, and the setup and operation of Variable Frequency Drives (VFDs).	Prerequisites: A grade of C or better in AIT125, or permission of Instructor.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT210	Programmable Logic Controller		Introductory course in Programmable Logic Controller (PLC) Ladder	Prerequisites: A grade of C or better in		Occ	LEC 3.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
	Programming and Troubleshooting		Logic programming and troubleshooting PLC connected components and systems. Also includes basic Human Machine Interface (HMI) navigation, connecting to a PLC, and program downloading.	AIT125, or permission of Instructor.			LAB 0.0 3.0 3.0
AIT215	Process Control Systems		Introductory course in Process Control Systems design, operation, and tuning of Proportional, Integral, Derivative (PID) controllers for regulating flow, temperature, pressure, and level of industrial process variables. Includes manual control, feedback control, automated controls, analysis process setup, operate, and troubleshooting processes of control systems. Also includes typical Pipe and Instrument Diagram (P&IDs) symbols and tags along with the development of a basic P&ID drawing.	Prerequisites: A grade of C or better in AIT125, or permission of Instructor.		Occ	LEC 4.0 2.0 2.0 LAB 0.0 4.0 4.0
AIT225	Industrial Motors and Motor Control		An introductory course in DC, single-phase AC, and 3-phase AC electric motors and motor control circuits. Includes electric motor control circuit components, motor control circuit applications, sequence circuits, and timer circuits.	Prerequisites: A grade of C or better in AIT125, or permission of Instructor.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT250	Automated Industrial Technology Capstone		An examination of the integration of mechanical, hydraulic, pneumatic, electrical, piping, electronic control, and process control systems. Experience in designing, building, maintaining, troubleshooting, and	Prerequisites: A grade of C or better in AIT225, or permission of Instructor or Corequisites: AIT225.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			repairing such integrated systems will be gained.				
AIT270	Robotics I		Fundamental principles of working safely with robots, and applications and trends in industrial robotics. Includes types of robots, axes and coordinate systems, programming and operating robots. Incorporates end effectors and collaborative robots.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: AIT100 or permission of Instructor.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 2.0 2.0
AIT275	Robotics II		Intermediate principles of working safely with robots; robot auxiliary, subsystems, and components. Includes robot maintenance, troubleshooting and repair. Integrates a basic robot design project.	Prerequisites: A grade of C or better in AIT270.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 2.0 2.0
AIT276	Robotics Operations and Programming		This course is intended for an operator, technician, or programmer who must setup, record and/or troubleshoot programs on a Handling Tool software package. The course covers the Robot Operations intermixed with the tasks required to set up the Handling Tool application, test run, and refine the program and production setup.	Prerequisites: A grade of C or better in (ATP190, ATP201, and ATP205) or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AIT280	Industry 4.0 and Industrial Control Systems		Introductory course in Industry 4.0, physical processes within factories, and the virtualization techniques and intelligent decision making capabilities. Includes Cyber-Physical Systems (CPS), Supervisory Control and Data Acquisition (SCADA), Distributed Control Systems (DCS), Smart Factories, lean manufacturing, and the Internet of Things (IOT). Also includes an	Prerequisites: A grade of C or better in AIT125, or permission of Instructor.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			introduction and setup of SCADA software.				
AIT285	Sensors and Data Acquisition		Introductory course in sensors and data acquisition. Includes sensor types, function, installation, adjustment, and maintenance. Also includes a brief overview of sensor signal conditioning, data acquisition configuration, chart recorder operation, and data storage.	Prerequisites: A grade of C or better in AIT125, or permission of Instructor.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT291	Automated Industrial Technology Internship		Supervised work experience in production environments. Includes experiences in maintenance, troubleshooting, repair of production environment and specific manufacturing processes. Also includes experiences in problem solving; working as a team; soft skills; time and resource management; and exposure to specific manufacturing processes.	Prerequisites: A grade of C or better in AIT225, or permission of Instructor or Corequisites: AIT225.		Occ	LAB 3.0 6.0 0.0
AIT298AA	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.		Occ	LAB 1.0 1.0 0.0
AIT298AB	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere	Prerequisites: Permission of Program Director or Instructor.		Occ	LAB 2.0 2.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.				
AIT298AC	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.		Occ	LAB 3.0 3.0 0.0
AJS100	Police Academy Preparation		Preparation for individuals entering a police academy as well for those who are in the beginning stages of preparing for a career in law enforcement. Includes principles of policing and job responsibilities. Covers expectations of recruits in the areas of academics, physical fitness, mental and emotional preparation. Emphasis on professional and ethical behavior.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
AJS101	Introduction to Criminal Justice		An introduction to crime and society's responses to it. Examines the nature and causes of crime, the criminal law,	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			constitutional safeguards, and the organization and operation of the criminal justice system including the police, courts, jails, prisons, probation and parole departments, and community corrections agencies. Covers the history of the criminal justice system, terminology and career opportunities.				
AJS107	Patrol Procedures		Specialized areas of the patrol function, including responding to crowds, riots, bomb threats, intoxication, hazardous materials, fires, and domestic disputes. Partially fulfills Arizona POST (Peace Officer Standards and Training) requirements for proficiency skills academy attendance	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS109	Substantive Criminal Law		Covers philosophy of legal sanctions and historical development from the common law to modern American criminal law, classifications of crimes, elements of and parties to crimes, general definition of crimes, common defenses utilized. Includes specific offenses and the essential elements of each offense.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS110	Law and Legal Review I		In-depth study of the Arizona laws governing arrest by peace officers, as well as, an intensive study of the Arizona substantive criminal law code (ARS Title 13). Focuses on specific sections of ARS Title 4 and ARS Title 8, as they apply to peace officers in Arizona. Partially fulfills the Arizona POST (Peace Officer Standard	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			and Training) Board requirements for Proficiency Skills Academy attendance				
AJS112	Wellness for Law Enforcement Officers		The value of physical fitness in law enforcement and the basic elements of strength training, aerobic conditioning, flexibility, nutrition, and back injury prevention	Prerequisites: None.		Occ	L+L 3.0 3.0 3.0
AJS113	Criminal Justice Crime Control Policies and Practices		Focus on changing the distribution of crime opportunities rather than offender motivation. Topics include application of situational crime prevention strategies, problem-oriented crime control approaches, hot spots policing, and crime prevention through environmental design.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS115	Community Emergency Response Team (CERT): Level I	FSC115	Basic skills, including instruction in teamwork and disaster simulations, needed to help oneself, family, and neighbors in the event of a community disaster in accordance with the Federal Emergency Management Agency (FEMA) guidelines.	Prerequisites: None.		Occ	LEC 1.5 1.5 1.5
AJS116	Crime Prevention		Examines the principles and skills associated with crime prevention. Analyzes the appropriate techniques and strategies police agencies use to operate crime prevention programs.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS119	Computer Applications in Justice Studies		Provides literacy in microcomputer applications in major areas of the criminal justice system. Examines availability and uses of current software packages in criminal justice work. Provides hands-on experience with	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			appropriate integrated software packages pertaining to justice studies.				
AJS123	Ethics and the Administration of Justice		Introduces and explores ethical issues and the justice system. Focuses on ethics and the law, the police, courts and corrections. Reviews ethical theory, concepts and practices as they relate to administration of justice. Explores issues of how media/social media shape ethics. Encourages critical thinking and value decision making in criminal justice system situations.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS124	Correctional Institutions		An examination of correctional institutions with an emphasis on personnel and security measures, care and treatment programs and institutional planning. The criminal justice system and matters of custody and treatment. Inmate subcultures, and organized crime in correctional institutions and jails	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS131	Police Management Techniques I		Police supervisory techniques for planning, organization, coordination, reporting, budgeting and handling related personnel problems	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS132	Police Management Techniques II		Management of police personnel including selections procedures, disciplinary practices, public relations, elements of supervision, service ratings, recruiting and probation, and related personnel problems	Prerequisites: A grade of C or better in AJS131 or permission of Instructor.		Occ	LEC 3.0 3.0 3.0
AJS137	Public Safety Dispatcher: Basic		Designed to provide in-depth orientation and standardized training of	Prerequisites: None.		Occ	LEC 5.0 5.0 5.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			public safety dispatchers within the law enforcement community and familiarize the student with the skills and information important to functioning in a competent, ethical, and professional manner.				
AJS139	Emergency Response to Terrorism	FSC139	Fundamentals of emergency response to suspected terrorist events. Historical perspective of terrorist activities and methods by which responders can identify and protect themselves and the public from these threats. Coordination of responding agencies.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS140AA	Patrol Rifle Concepts		Pre-law enforcement employment course relating to how rifles are used in the patrol function	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
AJS145	Criminal Justice System Experiences		Examines the purpose, organization, operation, and employment opportunities of various criminal justice agencies including police departments, crime labs, morgues, courts, juvenile detention facilities, jails, prisons, parole boards, and halfway houses. Includes tours of a variety of criminal justice facilities	Prerequisites: None.		Occ	L+L 3.0 3.0 3.0
AJS146	Disaster Recovery Operations	FSC146	Specialized knowledge and skills for the emergency manager in developing programs and activities associated with disaster recovery assistance and mitigation actions that reduce losses from future disasters.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS147	Emergency Preparedness	FSC147	Emergency preparedness related to natural and manmade disasters. Planning concepts and the	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			planning process; awareness and education programs and strategies for the general community as well as business and industries.				
AJS148	Fundamentals of Emergency Management	FSC148	Emergency management systems including career opportunities, function, tasks and responsibilities of the emergency management program manager, role of the emergency manager in mitigation, preparedness, response, and recovery. Past civil defense and current emergency management systems since evolution from World War II.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS149	Hazard Mitigation	FSC149	Knowledge and skills required to develop programs to reduce losses from future disasters, emergencies, and other extreme events caused by natural and man-made hazards.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS150	Defensive Tactics		Skills in the protection against persons armed with dangerous and deadly weapons, demonstration and drill in a limited number of holds and come-alongs, and restraint of prisoners and the mentally ill.	Prerequisites: None.	AJS150 may be repeated for a total of three (3) credit hours	Occ	LEC 1.0 1.0 1.0
AJS151	Firearms I		Moral aspects, legal provisions, safety precautions and restrictions covering the use of firearms, and the firing of sidearms.	Prerequisites: None.		Occ	L+L 1.0 1.0 1.0
AJS152	First Aid		Methods for providing emergency medical care to victims of accidents or illness and related safeguards. Includes legal and civil issues, basic functions and major organs of the human body, injury management,	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			resuscitation, movement and extrication of victims				
AJS153	Firearms II/Handguns		Advanced familiarization with handguns. Variations of basic shooting stance. Legal and moral repercussions of self-defense. Includes range practice.	Prerequisites: A grade of C or better in AJS151 or equivalent certified firearms training as reviewed by the Department.		Occ	L+L 1.0 1.0 1.0
AJS154	Firearms III/Long Weapons		Familiarization with different types of long weapons and associated ammunition. Emphasis on safety techniques for use and storage of weapons. Limited use of range for practice	Prerequisites: None.		Occ	L+L 1.0 1.0 1.0
AJS155	Concealed Weapons Carry		Training in safe handling and use of handguns. Examines legal provisions related to carrying a concealed weapon; legal and moral implications of self-defense	Prerequisites: None.		Occ	L+L 2.0 2.0 2.0
AJS156	Home and Vehicle Personal Defense		Development of personal safety plans, confrontation avoidance, and effective self-defense tactics. Legal and safe use of firearms. Includes range practice	Prerequisites: A grade of C or better in AJS151 or permission of Instructor.		Occ	L+L 1.0 1.0 1.0
AJS162	Domestic Violence		Explores domestic violence as a social problem within the United States from historical, cultural, political, legal, and law enforcement perspectives. Provides an overview of theories, definitions and causes of, and interventions for domestic violence involving spousal, elder and child abuse along with teen dating violence. Examines the dynamics and effects of domestic violence. Addresses research issues and	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			contemporary domestic violence policy				
AJS170	Fire and Arson Investigation for Law Enforcement		An examination of fire and arson investigative techniques along with the motives and pathology of the arsonist and the chemistry of fire. Other topics include documenting the scene, evidence, eliminating accidental causes and surveillance.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS191	Hate Crimes		Explores the causes, incidence rates and forms of hate crimes in the United States and other countries. Studies hate crime laws and the Constitution. Examines the impact of hate crimes on society, culture and the law. Considers societal responses to combat and prevent hate crimes	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS192	Serial Killers and Mass Murderers		The study of serial killers, mass murderers and their victims. Examines the history and frequency of these crimes, profiles the killers and their victims, explores theories of causation, and discusses the problems and techniques of investigation, prosecution, punishment, and prevention	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS195	International and Domestic Terrorism		An overview of the history, structure, goals, and activities of domestic and international terrorist groups. Explores theories explaining terrorism and reviews methods used to combat it	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS198AB	Special Topics in the Administration of Justice		Explores special topics related to the administration of justice with an emphasis on current issues.	Prerequisites: None.	AJS198AB may be repeated for a total of nine (9)	Occ	LEC 1.0 1.0 1.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
					credit hours.		
AJS198AF	Special Topics in the Administration of Justice		Explores special topics related to the administration of justice with an emphasis on current issues.	Prerequisites: None.	AJS198AF may be repeated for a total of nine (9) credit hours.	Occ	LEC 3.0 3.0 3.0
AJS200	Current Issues in Criminal Justice		Examines current issues, techniques and trends in the Criminal Justice System.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS201	Rules of Evidence		A practical insight into the rules of evidence to include how to recognize evidence: the general rules governing admissibility of evidence; the hearsay rule and its exceptions; the use of documentary evidence, written memoranda, photographs, recordings and electronic surveillance; corpus delicti; opinion evidence, circumstantial evidence, evidential privileges.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS205	Effective Communication and Report Writing in Criminal Justice		Overview of effective communication for criminal justice agencies. Covers the communication process and flow. Written communication emphasized with report writing, including characteristics of reports and field notes, and the importance and uses of each. Form, style, and procedures for writing various reports, including elements of composition, required substance, proper and improper conclusions, and descriptions of persons and property.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS210	Constitutional Law		An examination of the U.S. Constitution as it relates to the law enforcement function. Includes statutory law and judicial decisions	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			governing the areas of arrest, search and seizure, interrogations and confessions, self-incrimination and other constitutional guarantees. Required in AJS curriculum				
AJS211	Police Planning		An analysis of the process of planning, and a descriptive study of logical and systematic approaches to strategic, short-range, operational, organizational and tactical planning within a law enforcement organization	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS212	Juvenile Justice Procedures		Examines the nature and extent of juvenile delinquency to the present. Including but not limited to the history, jurisdictions, terminology, procedures, and institutions of the juvenile justice system.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS213	Evidence Technology: Fingerprints		Covers the fundamental principles of fingerprints, including the history of fingerprint classification, the biology of friction ridge skin, pattern analysis, comparison, and identification as well as their application in significant court cases. Also includes techniques for obtaining inked prints and developing and preserving latent prints.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS213AB	Fingerprint Classification I		Identification of typelines, deltas, and cores. Rules for classification of loops, whorls, and arches.	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
AJS214	Evidence Technology/Photography		The use of photography and other aids in identification and preservation of evidence such as fingerprints, footprints and impressions. Techniques in crime scene and traffic accident photography	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
AJS215	Criminalistics: Physical Evidence		The scientific analysis and examination of physical evidence with emphasis on scientific investigation, recognition, collection, and preservation of evidence. Topics include fingerprints, shoe prints, tool marks, firearms identification, paint chips and arson	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS216	Criminalistics: Biological Evidence		The scientific analysis and examination of biological evidence with emphasis on collection and preservation of evidence. Topics discussed include blood, drugs, blood alcohol, hairs and fibers, and topics of special interest in criminalistics	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS217	Court Procedures		Study of procedures practiced by courts of general and original jurisdiction. Extensive use of mock and moot trial methods used to prepare students in legal research, case preparation and presentation, and adversary hearings.	Prerequisites: None.		Occ	L+L 3.0 3.0 3.0
AJS218	Special Investigations: Drugs		Advanced course in the specialized investigation area of drug enforcement. Emphasis on the pharmacological propertiew of abused drugs, field testing, evidence requirements and specialized investigation techniques utilized in narcotic and dangerous drug investigations	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS219	Crime Scene Technology: Physical Evidence		Scientific analysis and examination of physical evidence with emphasis on scientific investigation, recognition, collection, and preservation of evidence. Fingerprints, shoe prints, tool marks,	Prerequisites: None.		Occ	L+L 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			firearms identification, paint chips and arson				
AJS220	Transnational Organized Crime		The study of organized crime on a domestic and global scale. Examines the history, structure, and activities of domestic and transnational organized crime groups. Explores domestic and global responses to transnational organized crime, along with accompanying challenges and future implications.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS223	Forensic Pathology: Death Investigation		An examination of the medical investigation of sudden, unnatural, unexplained or violent deaths. Explains the legal and medical roles of death investigators and medical examiners. Additional topics include the autopsy, documenting and evaluating the body, routine and special investigative techniques, and death event reconstruction.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS225	Criminology		Study of deviance, society's role in defining behavior; theories of criminality and the economic, social, and psychological impact of crime; relationships between statistics and crime trends. Examines crime victimization and the various types of crime and categories of offenders. Required in the AJS curriculum.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS230	The Police Function		Theories of procedures and methods of operations of public police with emphasis on discretionary powers available to the working police officer. Career opportunities and current	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			trends in law enforcement presented				
AJS240	The Correction Function		Examines the history and development of correctional theories and institutions.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS241	Police Photography		Emphasis on proper procedure for photographing crime scenes, accident scenes, and laboratory specimens. Discussion of photographic techniques, equipment, lighting techniques, aerial photography, video and motion pictures, macro and micro photography, filters, and preparation for court presentation using selected simulations	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS243	Crime Scene Reconstruction		Examines techniques used to reconstruct the physical actions that occurred at a crime or accident scene. Involves the use of physical, testimonial, and documentary evidence, knowledge of criminal modus operandi and the scientific method, including deductive and inductive logic. Includes analysis of case studies.	Prerequisites: A grade of C or better in AJS215 or AJS216 or AJS219 or AJS275 or FOR105 or permission of Instructor.		Occ	LEC 3.0 3.0 3.0
AJS255	The Criminal Justice System Handling of the Mentally Ill		An introduction to methods police, court and correctional personnel employ specific to the mentally ill. Covers various types of mental illnesses, police emergency responses, how criminal and civil courts deal with the mentally ill, diversion programs and the correctional response both within the community and under confinement.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS256	Law Enforcement Firearm Instructor	LET256	A train the trainer course for police firearm instructors. Covers	Prerequisites: AzPost (Peace	AJS/LET256 may be	Occ	LEC 5.0 5.0 5.0

			instructional techniques for the pistol, revolver, and shotgun.	Officer Standard and Training) Certified Police General Instructor or permission of Department or Division.	repeated for Credit.		
AJS256AA	Law Enforcement Patrol Rifle Instructor	LET256A A	Techniques on proper manipulation and marksmanship skills needed by a patrol officer/deputy in the use of the patrol rifle, and techniques of teaching those skills to other officers/deputies.	Prerequisites: AzPOST (Peace Officer Standard and Training) certified law enforcement firearms instructor or permission of Instructor.	AJS/LET25 6AA may be repeated for Credit.	Occ	LEC 3.0 3.0 3.0
AJS258	Victimology and Crisis Management in Public Safety	EMT/FSC 258	Victimology, the criminal justice system, techniques of crisis intervention and management, and the importance of a multicultural and global perspective. Includes violent crimes, sexual assault, family violence, post-traumatic stress disorder, the role of substance abuse, developing effective coping skills of victims and responders, appropriate community resources, and the cultural responsiveness of the justice system.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AJS260	Procedural Criminal Law		Concerned with the understanding of procedural criminal law. Examines the processes and procedures followed by law enforcement, attorneys, and the courts in the apprehension and prosecution of criminal offenders. Examines the rationale underlying major court holdings impacting the criminal justice process, the	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

			development. COMMON COMPETENCY COURSE				
ARC100	Introduction to Environmental Design		A survey of design through historical evaluation of built environments and works of well-known architects. Principles, concepts, and skills associated with designs of actual and imagined ideas and things. Emphasis on social, technical, environmental, and theoretical forces that impacts design	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0
ARC120	Design Fundamentals I		An introduction to architectural drawing and graphic representation methods. Using architectural drawings and graphic representations as visualization, and problem-solving methods. Emphasis on visual communication, and the application and development of the visual design via process as well as product.	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0
ARC121	Introduction to Architectural Drafting: Manual		Emphasis on basic techniques and principles of manual architectural drafting. Includes hand lettering, line work, dimensioning, multi-view projection, work in plan, section, and elevation views, design standards, wall details, office procedures, and portfolio development	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0
ARC140	Rendering and Portfolio Development		Two-dimensional and three-dimensional drawings and rendering methods, including freehand and/or use of drawing tools for presentation of ideas. Techniques for use of pencil, ink, and colors. Professional formatting of portfolios	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
ARC141	Architectural CAD I: Introduction		Introduction to Computer Aided Drafting (CAD) for Architecture, Interior Design, and related professions using AutoCAD software. Includes basic operational systems, drawing set-ups, architectural formats, and two-dimensional drawing. Editing commands, annotation, and plotting for the industry also included.	Prerequisites: None.	ARC141 may be repeated for a total of six (6) credit hours.	Occ	L+L 3.0 6.0 6.0
ARC142	Architectural CAD II: Plans and Elevations		Computer Aided Drafting (CAD) instruction directed to the creation of fully annotated plan, elevation, and schematic section views including dimensions, notes, symbols, and schedules. Introduction to three-dimensional (3D) CAD using SketchUp.	Prerequisites: A grade of C or better in ARC141 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
ARC143	Architectural CAD: Extended Study		Reinforcement and extended study of basic two-dimensional computer aided drafting (CAD) skills for Architecture, Interior Design, and related professions using AutoCAD software. Includes sending/receiving drawing files on web; templates/set-ups; dimension/text formats; sheet management; external referencing, design center, basic/extended drawing and editing commands, and plotting.	Prerequisites: A grade of C or better in ARC141 or permission of Instructor.	ARC143 may be repeated for a total of six (6) credit hours.	Occ	L+L 3.0 6.0 6.0
ARC146	Architectural Print Reading		Analysis and interpretation of architectural working drawings including written specifications and drawings prepared by consulting engineers.	Prerequisites: None.		Occ	L+L 3.0 3.0 3.0
ARC148	Methods and Materials of Construction		Modern methods of construction and materials for residential,	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			multiple, and commercial building, including the four types of structures used: wood, concrete, steel and masonry. Methods of assembly and how different materials can be used to create desired designs. Requirements of most recent building codes and the F.H.A. standards				
ARC150	Architectural Desktop I		Residential construction drawing using Architectural Desktop (ADT). Includes preliminary workspace setups, configuration procedures, modules operations, and on screen menus applicable for producing components of a building model.	Prerequisites: A grade of C or better in CON130 or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
ARC160	Site Planning		Emphasis on the basic art of site planning, using professional design techniques and principles of architecture to develop site plans. Selection of materials, awareness of problems, and emphasis on the production of site plan drawings using board and/or computer aided drafting (CAD) skills.	Prerequisites: A grade of C or better in DFT122 or permission of Program Director.		Occ	L+L 3.0 6.0 6.0
ARC161	Residential Architectural Drafting		Basics of residential drafting and documentation topics and techniques. Includes preliminary planning and preparation for residential documentation; use of the local building codes and standards; complete drawing and annotation of a floor plan, reflected ceiling plan, roof plan, a building sections, framing plan, and exterior elevations.	Prerequisites: A grade of C or better in CON130 or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
ARC162	Advanced Residential Architectural Drafting		Advanced residential drafting and documentation topics	Prerequisites: A grade of C or better in	Course Attribute(s): COMMON	Occ	L+L 3.0 6.0 6.0

			and techniques. Includes site orientation, layout and legal description; window and door schedules; interior elevation of kitchen and bath rooms; advanced instruction on framing and structural detail methods; foundation systems, support and layout; and other needed residential details and layouts.	ARC161 and CON230 or permission of Department or Division.	COMPETE NCY COURSE		
ARC163	Commercial Architectural Drafting		Fundamental commercial drafting and documentation topics and techniques. Includes preliminary planning and preparation for commercial documentation; use of the local building codes and standards; building methods and materials of commercial structures; complete drawing and annotation of a floor plan, reflected ceiling plan, roof plan, building sections, and exterior elevations.	Prerequisites: A grade of C or better in CON130 or permission of Department or Division.	Course Attribute(s): COMMON COMPETE NCY COURSE	Occ	L+L 3.0 6.0 6.0
ARC164	Advanced Commercial Architectural Drafting		Further development of advanced commercial drafting and documentation topics and techniques. Covers commercial building materials and methods, specifications, land drawings, foundation plans, interior elevations, and more details specific to commercial buildings.	Prerequisites: A grade of C or better in (ARC163 and CON130) or permission of Department or Division.	Course Attribute(s): COMMON COMPETE NCY COURSE	Occ	L+L 3.0 6.0 6.0
ARC165	Introduction to Architecture Professional Practice and Ethics		Professional, legal, and ethical issues in architecture practice and services. Includes marketing issues, communications, standards, insurance and bonds, agreements, contracts and contractors, standard American Institute of Architecture (AIA) forms	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			and conditions, selection of contractors, and bidding procedures				
ARC225	Fundamentals of Architectural Detailing		Introduction to construction /architecture detailing. Examines functional, construction-related, and aesthetic applications of detailing.	Prerequisites: A grade of C or better in CON130 or CON252 or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
ARC226	Advanced Architectural Detailing		Advanced methods of detailing major construction materials such as wood, steel, and concrete, ranging from simple residential to more complicated commercial structures. Includes detailing foundations, exterior and interior walls, roof and ceiling areas.	Prerequisites: A grade of C or better in CON130 or CON252 or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
ARC243	Architectural CAD III: Site Plans and Sections		Computer-aided drafting (CAD-based) instruction directed to the creation of fully annotated site plans and sectional views. Development of professional quality site plans, wall sections, and building sections working from given residential and commercial layouts. Assignments incorporate applicable codes, construction materials and methods and office practices typical to the local area.	Prerequisites: A grade of C or better in ARC142 or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
ARC244	Architectural CAD IV: Structural Systems		CAD-based(Computer-Aided Drafting) instruction for layout and completion of fully annotated structural drawings. Focuses on working from residential and commercial layouts to develop professional quality roof, roof framing, floor framing and foundation plans. Emphasis on the use of applicable codes, construction materials and methods, and office	Prerequisites: A grade of C or better in ARC142 or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			practices typical to the local area				
ARC245	Architectural CAD V: Mechanical and Electrical Systems		CAD-based(Computer-Aided Drafting) instruction for layout and completion of fully annotated building systems drawings. Focuses on working from residential and commercial layouts to develop professional quality Electrical, Mechanical(HVAC), Plumbing and Reflected Ceiling plans. Emphasis on the use of applicable codes, construction materials and methods, and office practices typical to the local area	Prerequisites: A grade of C or better in ARC142 or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
ARC246	Architectural CAD VI: Construction Details		Typical southwestern construction systems and details. Creation of personal standard detail files for wood frame, concrete masonry, and other specialized construction systems.	Prerequisites: A grade of C or better in ARC243 or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
ARC250	Basic Revit	INT250	Basic skills required to complete architectural drawings with Revit software; simplified overview of the software program and operations gained through completing typical plan, elevation, sectional, and 3D views, using generic walls and related components.	Prerequisites: None. ARC141, or previous AutoCAD/industry experience recommended.	ARC/INT250 may be repeated for a total of six (6) credit hours.	Occ	L+L 3.0 6.0 6.0
ARC251	Intermediate Revit		Comprehensive use of Revit Design Development tools through the development of 3-D model(s) in working drawing and rendered formats. Includes completing a set of construction documents from creating walls, incorporating doors, windows, floor, stairs, etc., to adding views and annotation to various sheets and	Prerequisites: None. ARC250 or previous architectural and CAD experience strongly recommended.	ARC251 may be repeated for a total of six (6) credit hours.	Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			coordinating those sheets within the finished set.				
ARC252	Advanced Revit		Advanced applications and use of REVIT architectural software in completing assigned projects; focus on customization of the Revit environment and developing Revit families.	Prerequisites: A grade of C or better in ARC251 or permission of Instructor.	ARC252 may be repeated for a total of six (6) credit hours.	Occ	L+L 3.0 6.0 6.0
ARC255	Introduction to Revit Structure		Introduction to Revit Structure software, addressing specialized options and processes used in structural engineering offices; includes project modeling, model analysis, reinforcement modeling, detailing, and documentation.	Prerequisites: None. Previous educational/p rofessional experience in architecture or structural engineering strongly recommende d.	ARC255 may be repeated for a total of six (6) credit hours.	Occ	L+L 3.0 6.0 6.0
ARC261	Architectural CAD 3D I: Introduction		Introduction to construction, manipulating, and rendering three-dimensional (3D) objects and architectural spaces on the computer using AutoCAD software.	Prerequisites: A grade of C or better in ARC141 or equivalent or permission of Department or Division. ARC142 suggested but not required.		Occ	L+L 3.0 6.0 6.0
ARC262	Architectural CAD 3D II: ADT and VIZ		Additional skill development in constructing, manipulating, and rendering three-dimensional (3D) architectural computer models using AutoCAD Architectural Desktop (ADT) and Viz Render (VIZ) software	Prerequisites: A grade of C or better in ARC261 or equivalent or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
ARC265	Sketchup I: Introduction to Sketchup	INT251	Provides students with introductory level instruction utilizing Sketchup rendering software for school and workplace applications. Addresses basic drawing/rendering commands, accessing	Prerequisites: None. Previous CAD experience recommende d but not required.	ARC265/INT251 may be repeated for a total of six (6) credit hours.	Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			external drawing files, and plotting through the creation of both three-dimensional schematic and rendered interior and exterior building views.				
ARC266	Sketchup II: Advanced Rendering Techniques	INT267	Provides students with advanced instruction utilizing Sketchup, Google Earth, Sandbox and Podium rendering software for school and workplace applications. Creation of photo-realistic rendered three-dimensional interior and exterior building/site views.	Prerequisites: A grade of C or better in ARC265/INT 251 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
ARC270	Architectural Technology Synthesis		Provides students an opportunity to integrate and synthesize knowledge and skills acquired in prerequisite courses. Includes completion of a full set of working drawings using AutoCAD under supervision comparable to workplace situations. Designed to provide practice in self-checking work, correcting and editing drawings, and assembling a portfolio.	Prerequisites: A grade of C or better in (ARC243 and ARC244 and ARC245) or permission of Instructor.	ARC270 may be repeated for a total of six (6) credit hours.	Occ	L+L 3.0 6.0 6.0
ARC282AA	Volunteerism for Architecture: A Service Learning Experience		Service-learning field experience within private/public agencies and citizen volunteer groups.	Prerequisites: Permission of Department or Division.	ARC282AA may be repeated for a total of three (3) credit hours. May not repeat specific assignment for more than three (3) credit hours. 			facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE				
ART105	Art Beyond the Classroom		Visual arts experience. Includes field trips to galleries, museums, and collections as well as art lectures, demonstrations, and varied studio experiences.	Prerequisites: None.	ART105 may be repeated for a total of four (4) credit hours.	Acad	L+L 1.0 2.0 2.0
ART106	Gallery Operations		Operation of an art gallery. Includes organization, publicity, evaluation of artwork, selection and installation of exhibits.	Prerequisites: Permission of Instructor.	ART106 may be repeated for a total of six (6) credit hours.	Acad	L+L 3.0 6.0 6.0
ART110	Experimental Chinese Painting		Explores ancient Chinese techniques with rice paper and Chinese ink to create traditional and nontraditional designs. Emphasis on use of Chinese techniques in mixed media works.	Prerequisites: None.	ART110 may be repeated for credit.	Acad	L+L 1.0 2.0 2.0
ART111	Drawing I		Fundamental principles of drawing. Emphasis on composition and facility in objective and expressive representation, using variety of drawing media	Prerequisites: None.	Course Attribute(s): Arizona Shared Unique Number SUN#: ART 1111	Acad	L+L 3.0 6.0 6.0
ART112	Two-Dimensional Design		Study of fundamental elements and principles of two-dimensional design.	Prerequisites: None.	Course Attribute(s): Arizona Shared Unique Number SUN#: ART 1112	Acad	L+L 3.0 6.0 6.0
ART113	Color		Investigation seeking visual solutions to a variety of problems concerning color in two and three dimensions and modes of color appearances, including	Prerequisites: None.		Acad	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			light and effects in design and theory of design.				
ART115	Three-Dimensional Design		Fundamental principles of three-dimensional design.	Prerequisites: None.	Course Attribute(s): Arizona Shared Unique Number SUN#: ART 1115	Acad	L+L 3.0 6.0 6.0
ART116	Life Drawing I		Use of form, structure and anatomy of draped and undraped human figure to develop basic principles of sound draftsmanship	Prerequisites: None.		Acad	L+L 3.0 6.0 6.0
ART117	Life Drawing II		Further study of form, structure, and anatomy of the draped and undraped human figure with emphasis on composition	Prerequisites: A grade of C or better in ART116.		Acad	L+L 3.0 6.0 6.0
ART118	Art Anatomy		Artistic study of the concept of anatomical unity. Principle skeletal and muscular structures affecting surface form of the human figure. Includes drawing project, portfolio, and tests.	Prerequisites: A grade of C or better in ART116 or permission of Instructor.		Acad	L+L 3.0 6.0 6.0
ART122	Drawing and Composition II		Emphasis on composition and exploration of drawing media	Prerequisites: A grade of C or better in ART111.		Acad	L+L 3.0 6.0 6.0
ART131	Photography I		Basic photographic principles and techniques. Basic camera functions and controls. Experience in the image-making process by creating and editing photographs for various display environments. Introduction to the photographic aesthetic and photography's role in society.	Prerequisites: None.	ART131 requires a Camera. Course Attribute(s): General Education Designation : Humanities, Arts and Design - [HU]	Acad	L+L 3.0 6.0 6.0
ART132	Photography II		Advanced camera and darkroom techniques. Aesthetic awareness with personal expression	Prerequisites: A grade of C or better in ART131 or permission of Instructor.		Acad	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
ART133	Photography III		Refinement of aesthetic and technical aspects producing convincing images of highest quality	Prerequisites: A grade of C or better in ART132 or permission of Instructor.		Acad	L+L 3.0 6.0 6.0
ART134	Photography IV		Emphasis on personal statement and style. Related graphic art forms explored. Development of portfolio	Prerequisites: A grade of C or better in ART133 or permission of Instructor.		Acad	L+L 3.0 6.0 6.0
ART136	Documentary Photography		Explore the history and contemporary trends of documentary photography. Students will learn how to research and define a topic, ethics of documentary photography, storytelling, production and post production techniques and distribution methods. Students will create a final documentary portfolio.	Prerequisites: A grade of C or better in ART131, or ART142, or permission of Instructor.		Acad	L+L 3.0 6.0 6.0
ART137	Alternative Photographic Processes		This course focuses on the 19th-century photographic processes including new picture-making technologies. Discussing the history of photography in relation with techniques taught in class. Students encouraged to explore historical processes in combination with contemporary technologies. Through technical demonstrations, hands-on workshops, and technical assignments, students develop a working knowledge of a range of processes while developing their own visual language.	Prerequisites: None.		Acad	L+L 3.0 6.0 6.0
ART145	Digital Storybook	COM145 STO145	Enables students to find and develop a narrative representing an aspect of their personal histories. Use of digital	Prerequisites: None.		Acad	L+L 1.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			technology to produce and archive a storybook.				
ART150	Digital Storytelling	COM150 STO150	Enables students to find and develop their personal stories. Emphasis on the use of digital technology to create, edit, produce and archive a digital story	Prerequisites: None.		Acad	L+L 3.0 6.0 6.0
ART151	Sculpture I		Exploration of sculptural form and expression in clay, plaster, stone, wood and metal.	Prerequisites: None.		Acad	L+L 3.0 6.0 6.0
ART152	Sculpture II		Emphasis on control of sculptural media	Prerequisites: A grade of C or better in ART151.		Acad	L+L 3.0 6.0 6.0
ART153	Woodworking I		Fundamental woodworking techniques to produce creative functional and sculptural, three-dimensional objects.	Prerequisites: None.		Acad	L+L 3.0 6.0 6.0
ART154	Woodworking II		Advanced design, joinery, fixture building, and woodworking techniques. Application of design principles.	Prerequisites: A grade of C or better in ART153.		Acad	L+L 3.0 6.0 6.0
ART155	Glass Fusing and Slumping I		Introduction to the basics involved in glass fusing and slumping. The concepts of glass, glass fusing, and glass slumping will be covered with hands-on experience using a variety of techniques to create finished glass projects such as jewelry, dishes, frames, and door bells.	Prerequisites: None.	ART155 may be repeated for a total of twelve (12) credits	Acad	L+L 3.0 6.0 6.0
ART156	Glass Fusing and Slumping II		Further study in the area of glass fusing and slumping. Advanced techniques including Pate-de-Verre, Pattern Bars, watchbands, bracelets, and patterned dishes.	Prerequisites: A grade of C or better in ART155.	ART156 may be repeated for a total of twelve (12) credits	Acad	L+L 3.0 6.0 6.0
ART158	Introduction to Glass Blowing		Introduction to the basics involved in free hand blowing glass. The concepts of hot glass, glass shaping, and glass blowing will be covered with hands-on	Prerequisites: None.	ART158 may be repeated for a total of twelve (12) credits.	Acad	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			experience using a variety of techniques to create finished glass projects such as spheres, cones, cups, and other hollow glass objects.				
ART159	Intermediate Glass Blowing		Further study in the area of glass blowing. Advanced techniques including traditional techniques as well as further investigation into color, form, and scale.	Prerequisites: A grade of C or better in ART158.	ART159 may be repeated for a total of twelve (12) credits.	Acad	L+L 3.0 6.0 6.0
ART160	Advanced Glass Blowing		Further study in the area of glass blowing with emphasis on advanced techniques and design considerations, such as sculpting, larger scale projects, working in multiples, and further refinement of technical skill.	Prerequisites: A grade of C or better in ART159.	ART160 may be repeated for a total of fifteen (15) credit hours.	Acad	L+L 3.0 6.0 6.0
ART161	Ceramics I		Introduction to ceramic materials and techniques of hand construction, decorating, glazing and throwing on potters' wheel	Prerequisites: None.		Acad	L+L 3.0 6.0 6.0
ART162	Ceramics II		Major emphasis on wheel throwing, glaze making and decorating techniques	Prerequisites: A grade of C or better in ART161.		Acad	L+L 3.0 6.0 6.0
ART165	Watercolor Painting I		Transparent and Gouache watercolor painting.	Prerequisites: A grade of C or better in (ART111 and ART112) or permission of Instructor.		Acad	L+L 3.0 6.0 6.0
ART166	Watercolor Painting II		Painting in water soluble media. Emphasis on individual techniques and design.	Prerequisites: A grade of C or better in ART165.		Acad	L+L 3.0 6.0 6.0
ART167	Painting I		Exploration of technical and expressive possibilities of various media in painting.	Prerequisites: A grade of C or better in (ART111 and ART112) or permission of Instructor.		Acad	L+L 3.0 6.0 6.0
ART168	Painting II		Continued refinement of painting skills and investigation of new possibilities in painting	Prerequisites: A grade of C or better in ART167 or		Acad	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
				permission of Instructor.			
ART171	Jewelry I		Fundamentals of jewelry making. Covers hand formed methods, including cutting, shaping, forging, soldering, and lost wax technique	Prerequisites: None.		Acad	L+L 3.0 6.0 6.0
ART172	Jewelry II		Further refinement of personal expression using techniques and design concepts of ART171	Prerequisites: A grade of C or better in ART171.		Acad	L+L 3.0 6.0 6.0
ART211	Drawing and Composition III		Advanced development of drawing skill with emphasis on compositional theory	Prerequisites: A grade of C or better in ART122 or permission of Instructor.		Acad	L+L 3.0 6.0 6.0
ART216	Life Drawing III		Advanced creative study from model in various painting and drawing media	Prerequisites: A grade of C or better in ART117 or permission of Instructor.		Acad	L+L 3.0 6.0 6.0
ART217	Life Drawing IV		Further development of skills in expressive drawing materials and techniques as applied to finished drawings of the human form	Prerequisites: A grade of C or better in ART216 or permission of Instructor.		Acad	L+L 3.0 6.0 6.0
ART222	Drawing and Composition IV		Further study of drawing techniques with emphasis on individual problems and techniques	Prerequisites: A grade of C or better in ART211 or permission of Instructor.		Acad	L+L 3.0 6.0 6.0
ART234	Color Photography		Basic principles of color theory, camera and input and output techniques using analog or digital photography.	Prerequisites: A grade of C or better in ART131, or AVC142, or permission of Instructor.	Film or digital camera is required.	Acad	L+L 3.0 6.0 6.0
ART241	Intaglio		Introduction to traditional concepts and techniques for Intaglio printmaking. Deals with black and white printing; includes brief introduction to color printing. Covers various tools and materials used in Intaglio	Prerequisites: A grade of C or better in ART111 and ART113.		Acad	L+L 3.0 6.0 6.0
ART242	Lithography		Provides introduction to concepts and techniques	Prerequisites: A grade of C		Acad	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			of Lithography, both in plate and stone methods. Focus on black and white Lithographic drawing techniques. Introduction in color printing given	or better in ART111 and ART113.			
ART250	Introduction to Printmaking		Introduction to concepts and techniques involved in Fine Art field of Printmaking. Deals with three most basic Printmaking modes of Serigraphy, Woodcut, and Monoprinting in first part of course. Overview of Etching, Lithography and Papermaking in second part of course.	Prerequisites: A grade of C or better in ART111 and ART113.		Acad	L+L 3.0 6.0 6.0
ART251	Sculpture III		With emphasis on attention to individual problems and techniques	Prerequisites: A grade of C or better in ART152.		Acad	L+L 3.0 6.0 6.0
ART252	Sculpture IV		Advanced sculpture problems and professional practices	Prerequisites: A grade of C or better in ART251.		Acad	L+L 3.0 6.0 6.0
ART253	Woodcut		Focuses on relief method of printing, utilizing the techniques of Woodcut. Deals specifically with black and white images. Study of printing materials and tools, papers and printing methods. Relief printing in color introduced. Traditional forms of Woodcut, also an overview of innovative techniques in the field	Prerequisites: A grade of C or better in ART111 and ART113.		Acad	L+L 3.0 6.0 6.0
ART255	Art Marketing		Career goals, presentation of artist and art work (portfolio, resume, business cards, catalog), pricing and selling works, networking, establishing a studio, promotion and publicity, writing press releases, proposal writing, business ethics, artist rights, copyright law, contracts and agreements, royalties,	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			record keeping, and communication skills				
ART255AA	Self Promotion		Career goals, presentation of artist, communication skills, keeping files and records, developing self-promotional materials	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
ART255AB	The Portfolio		Choosing the right pieces to include, presenting art work, developing the portfolio.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
ART255AC	Marketing Fine Art		Exhibitions and galleries, establishing a studio, alternative markets	Prerequisites: A grade of C or better in ART255AB or permission of Instructor.		Acad	LEC 1.0 1.0 1.0
ART256	Glass Fusing and Slumping III		Further study in the area of glass fusing and slumping with emphasis on advanced techniques and design considerations, such as, plates designed using different techniques, weaving or strip glass, and combining previous techniques to create projects.	Prerequisites: A grade of C or better in ART156.	ART256 may be repeated for a total of fifteen (15) credits.	Acad	L+L 3.0 6.0 6.0
ART257	Glass Fusing and Slumping IV		Further study of advanced glass fusing and slumping including problems, professional practices, personal expression and experimental research into various techniques.	Prerequisites: A grade of C or better in ART256.	ART257 may be repeated for a total of fifteen (15) credits.	Acad	L+L 3.0 6.0 6.0
ART258	Papermaking		Introduction to concepts and techniques of Fine Art Papermaking. Basic overview of historical origins of craft and importance of modern papermaking to fine arts	Prerequisites: A grade of C or better in ART111 and ART113.		Acad	L+L 3.0 6.0 6.0
ART259	Monoprinting		Introduction to concepts and techniques for Monoprintmaking. Deals with la prima technique used in painting in first part of course. Multi-plate printing and how method of printing relates to use of color and separation in second part of course	Prerequisites: A grade of C or better in ART111 and ART113.		Acad	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
ART261	Ceramics III		Emphasis on wheel throwing skill and individual style development	Prerequisites: A grade of C or better in ART162.		Acad	L+L 3.0 6.0 6.0
ART262	Ceramics IV		Experimental work in clays and glazes	Prerequisites: A grade of C or better in ART261.		Acad	L+L 3.0 6.0 6.0
ART263	Figure Painting		Study of the nude and clothed figure in painting with special attention upon relevant color palettes, direct and indirect figurative painting techniques, and development of anatomical knowledge and compositional structure. Students will draw upon both historical and contemporary modes of depicting the figure to develop a personalized approach to figure painting. Live models, photographs, drawings, "Planes of the Head" models, and the studio skeleton will be used as the basis of projects.	Prerequisites: A grade of C or better in ART167 or permission of Instructor.	Previous experience drawing from the live model recommended. Oil paint is the preferred medium but students may work in other painting media if they have previous experience. ART263 may be repeated for credit.	Acad	L+L 3.0 6.0 6.0
ART264	Glass Casting		Further study of glass art with a focus on casting and kiln working, including problems, professional practices, personal expression and experimental application of various techniques.	Prerequisites: A grade of C or better in ART160.	ART264 may be repeated for a total of fifteen (15) credits.	Acad	L+L 3.0 6.0 6.0
ART265	Watercolor Painting III		Continuation of watercolor painting with emphasis on control and expression	Prerequisites: A grade of C or better in ART166.		Acad	L+L 3.0 6.0 6.0
ART266	Watercolor Painting IV		Advanced problems directed toward more personal expression	Prerequisites: A grade of C or better in ART265.		Acad	L+L 3.0 6.0 6.0
ART267	Painting III		Development of materials and techniques of painting. Individual problem-solving	Prerequisites: A grade of C or better in ART168 or permission of Instructor.		Acad	L+L 3.0 6.0 6.0
ART268	Painting IV		Advanced problem in painting. Study with	Prerequisites: A grade of C or better in		Acad	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			greater emphasis on personal expression	ART267 or permission of Instructor.			
ART271	Jewelry III		Emphasis on advanced jewelry design techniques and practices.	Prerequisites: A grade of C or better in ART172.	Further refinement and mastery of the skills and techniques introduced in ART171 and ART172.	Acad	L+L 3.0 6.0 6.0
ART272	Jewelry IV		Emphasis on expanding repertoire of advanced jewelry design techniques and practices.	Prerequisites: A grade of C or better in ART271.	Further refinement and mastery of the skills and techniques introduced in ART271.	Acad	L+L 3.0 6.0 6.0
ART275	Lost Wax Casting I		Introduction to lost wax casting techniques for jewelry and small sculptures. Emphasis on design concepts as related to three-dimensional forms	Prerequisites: None.		Acad	L+L 3.0 6.0 6.0
ART276	Lost Wax Casting II		Advanced course in lost wax casting techniques for jewelry and small sculptures. Emphasis on the continuation of individual expression using the lost wax method	Prerequisites: A grade of C or better in ART275.		Acad	L+L 3.0 6.0 6.0
ART277	Textiles I		Introduction to exploration of textile media.	Prerequisites: A grade of C or better in ART112 or permission of Instructor.		Acad	L+L 3.0 6.0 6.0
ART282AA	Service-Learning Experience in Art		Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	ART282AA may be repeated for a total of six (6) credit hours. Standard grading available according to procedures	Acad	LAB 1.0 1.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
					outlined in catalog.		
ART282AB	Service-Learning Experience in Art		Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	ART282AB may be repeated for a total of six (6) credit hours. Standard grading available according to procedures outlined in catalog.	Acad	LAB 2.0 2.0 0.0
ART282AC	Service-Learning Experience in Art		Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	ART282AC may be repeated for a total of six (6) credit hours. Standard grading available according to procedures outlined in catalog.	Acad	LAB 3.0 3.0 0.0
ART290AA	Studio Art		Studio course for art majors allowing continuation in a subject field.	Prerequisites: Permission of Instructor.	ART290AA students must have completed advanced courses in the subject field. ART290AA may be repeated for credit.	Acad	L+L 1.0 2.0 2.0
ART290AB	Studio Art		Studio course for art majors allowing continuation in a subject field.	Prerequisites: Permission of Instructor.	ART290AB students must have completed advanced courses in the subject field. ART290AB may be repeated for credit.	Acad	L+L 2.0 4.0 4.0

			science behind workplace prevention interventions, and the application of such evidence-based approaches in work settings around the world.				
ASD155	Environment-Based Prevention Interventions		Overview of the science underlying evidence-based substance use prevention using environmental interventions, involving policy, and community-wide strategies.	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
ASD156	Media-Based Prevention Interventions		Overview of the science underlying the use of media for substance use prevention interventions.	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
ASD157	Community-Based Prevention Implementation Systems		Overview of the science underlying the systems approach to prevention interventions and guidance for developing such approaches, as well as exemplars of evidence-based drug use prevention systems.	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
ASD158	Gambling Disorders Prevention		Overview of gambling disorders prevention. Emphasis on current prevention research. Also includes information on gambling prevention resources.	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
ASD159	Adolescent Substance Use Prevention		Adolescent substance use prevention issues. Emphasis on current and developing adolescent prevention information. Covers common adolescent substance use characteristics and prevention strategies.	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
ASD160	Behavioral Addictions Prevention		Overview of behavioral addictions prevention issues. Emphasis on current research. Also includes community resources information.	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
ASD161	Beginning Clinical Documentation Skills		Overview of addictions and substance use disorders counseling, interviewing, and documentation. Includes	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			record keeping and documentation skills. Alcohol and drug abuse counselor core functions emphasized.				
ASD165	Theories and Techniques in the Treatment of Addictions		Overview of counseling theories including the application to addictions and substance use disorders groups. Recordkeeping skills and beginning counseling skills emphasized.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
ASD220	Family Dynamics and Addiction		Analysis of the impact of addictions on all the members of a family. Interviewing, assessment and therapeutic approaches particularly useful for these family members presented.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
ASD226	Counseling Multicultural and Diverse Populations		Exploration of influences of culture and diversity on addictions and substance abuse. Emphasis on recovery and therapeutic relationships.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
ASD236	Relapse, Recovery, and Addiction		Review of the bio-psycho-social processes of recovery and relapse in addictions. Exploration into those factors that both contribute to and inhibit recovery and relapse.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
ASD245	Co-Occurring Disorders		Examines co-occurring disorders from the bio-psycho-social model. Includes causes, consequences, assessment, and treatment, emphasizing the psychoeducational model of treatment.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
ASD250	Group Interventions		Focus on group dynamics and group process as they relate to addictions and substance use disorders. Exploration of group developmental stages, family intervention models, various counseling	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			approaches/techniques and their application to therapeutic, education and family groups.				
ASD275	Advanced Theory and Techniques in the Treatment of Addiction Disorders		Capstone course for level two certificate in addictions and substance use disorders program. Focus on counseling theories and techniques used by counselors as they relate to the client and family members.	Prerequisites: A grade of C or better in ASD220, ASD226, ASD245 and ASD250 or permission of Instructor.		Occ	LEC 3.0 3.0 3.0
ASD280	Addictions and Substance Use Disorders Practicum		Opportunity for advanced students to use his/her developed knowledge and skills in an applied setting with supervision.	Prerequisites: A grade of C or better in ASD275 or permission of Department or Division.	ASD280 may be repeated for a total of twelve (12) credit hours.	Occ	LAB 6.0 18.0 18.0
ASD285	Addictions Seminar		Special topics in addictions and substance use disorders with an emphasis on current issues not covered in other addictions and substance use disorders courses.	Prerequisites: None.	ASD285 may be repeated for a total of four (4) credit hours.	Occ	LEC 1.0 1.0 1.0
ASD285AA	Treatment for Stimulant Use Disorders Seminar		Stimulant use disorder treatment issues. Emphasis on current and developing treatment information. Covers common stimulant abuse characteristics and treatment strategies. Also includes community resource information.	Prerequisites: None.	ASD285AA may be repeated for a total of four (4) credit hours.	Occ	LEC 1.0 1.0 1.0
ASD285BB	Adolescent Substance Abuse Treatment Seminar		Adolescent substance abuse treatment issues. Emphasis on current and developing treatment information. Covers common adolescent substance abuse characteristics and treatment strategies. Also includes community resource information.	Prerequisites: None.	ASD285BB may be repeated for a total of four (4) credit hours.	Occ	LEC 1.0 1.0 1.0
ASD285CC	Addiction Review Seminar		A brief review of current addiction issues. Emphasis on current and developing treatment information. Covers	Prerequisites: None.	ASD285CC may be repeated for a total of four (4)	Occ	LEC 1.0 1.0 1.0

			and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE				
ATP100	Introduction to Manufacturing and Programmable Logic Controllers		Explores the origin and basic operation of programmable logic controllers (PLC) in manufacturing processes. Laboratory exercises include ladder logic programming, installation, adjustment, and testing of digital and analog sensors, signal conditioners, and basic troubleshooting concepts.	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0
ATP101	Introduction to Automated Systems and Robotics		An introduction to automation, distribution systems, Automated Storage and Retrieval Systems (ASRS), and the role of the manufacturing technician. Includes general manufacturing techniques, industry standards, and statistical process control.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
ATP105	Engineering Documentation		Analysis and interpretation of engineering documentation, common to manufacturing processes.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
ATP106	Industrial Electrical Systems		Safety for electrical power and control systems, DC & AC circuit analysis, DC power supplies, switches and proximity sensors, inductors and capacitors, electrical and engineering documentation & schematics, digital	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			multimeter & oscilloscope operation, solid state relays, and industrial control transformers.				
ATP111	Mechanical Systems and Maintenance		Examination of mechanical drive systems. Includes fundamentals of direct drives, belt and pulley drives, chain drives and gear drives. Explores calculating and measuring quantities such as power, speed, torque, speed and torque reduction/amplification, and backlash. Also includes hands-on experience assembling and aligning components, testing and troubleshooting systems.	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0
ATP115	Fluid Power		Fundamental industrial fluid power concepts including hydraulic and pneumatic installation, maintenance, and adjustments for the control of automated manufacturing systems.	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0
ATP130	DC Circuit Analysis		Direct current (DC) electric circuits. Ohm's law, Kirchoff's laws, series, parallel and series-parallel circuits, network theorems, fundamentals of magnetism in electric circuits.	Prerequisites: None.		Occ	L+L 2.0 2.0 2.0
ATP135	AC Circuit Analysis		Alternating Current (AC) circuits containing resistance and reactance. Detailed coverage of AC circuit parameters, including theorems, impedance matching, and resonance.	Prerequisites: A grade of C or better in ATP130 or ELE100 or approval of Instructor.		Occ	L+L 2.0 3.0 3.0
ATP150	Fluid Power 1 - Hydraulics, Pneumatics, and Vacuum Concepts		Fundamental fluid power and vacuum for industry. Pneumatic, hydraulic, and vacuum system technologies with emphasis on assembly,	Prerequisites: None.		Occ	L+L 2.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			integration, and measurement.				
ATP160	Programmable Logic Controllers 1 - Introduction to Ladder Logic		Introductory lecture and laboratory course explores the origin and basic operation of Programmable Logic Controllers (PLC) with laboratory exercises including wiring of hardware, ladder logic programming and basic troubleshooting concepts.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ATP135 or ELC119 or permission of Program Director.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 4.0 4.0
ATP175	Introduction to Motors and Motor Controls		Introduction to direct current and alternating current (AC) motors, types of direct current (DC) and alternation motors.	Prerequisites: A grade of C or better in (ATP130 and ATP135) or ELE111.		Occ	L+L 2.0 3.0 3.0
ATP180	Programmable Logic Controllers 2 - Human-Machine Interfaces and Function Block Programming		Advanced lecture and laboratory course builds upon the foundations covered in introductory course, covering development and documentation of advanced ladder logic and function block programming, Programmable Logic Controller (PLC) control of variable frequency devices, and the installation and programming of Human Machine Interfaces (HMI).	Prerequisites: A grade of C or better in ATP160 or permission of Program Director.		Occ	LEC 4.0 2.0 2.0 LAB 0.0 5.0 5.0
ATP190	Industrial Robotics		Introduction to industrial robotics covering topics such as safety, operation, control technology, and programming.	Prerequisites: A grade of C or better in GTC108 or higher level math course.		Occ	LEC 3.0 4.0 3.7
ATP201	Programmable Logic Controller (PLC) Systems		Advanced lecture and laboratory course builds upon the foundations covered in introductory course, including development and documentation of advanced ladder logic and function block programming, Programmable Logic Controller (PLC) control	Prerequisites: A grade of C or better in (ATP100 and ATP106) or permission of Instructor.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			of variable frequency devices, PLC Networks and the installation and programming of Human Machine Interfaces (HMI).				
ATP205	Electric Motors and Controls		Examination of electrical motor control, power, and protection systems. Includes fundamentals of single and three-phase power, power, control and protection circuits. Also includes variable frequency drive (VFD), silicon controlled rectifier (SCR) control, and programmable logic controller (PLC).	Prerequisites: A grade of C or better in (ATP100 and ATP106) or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
ATP210	Process Control		Introduction to instrumentation and control systems for wet type (continuous product) and dry type (discrete product) production systems. Includes process control concepts, instrumentation tag information, piping and instrumentation diagrams, level and flow sensing devices, Proportional-Integral-Derivative (PID) controllers, Programmable Logic Controllers (PLC), and final control elements.	Prerequisites: A grade of C or better in (ATP100 and ATP106) or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
ATP215	Automation System Integration		Capstone course regarding the implementation of the planning, construction, adjustment, and testing of an industrial control system needed for the development of a functional automated system.	Prerequisites: A grade of C or better in (ATP201 and ATP205 and ATP210) or permission of Instructor.		Occ	L+L 3.0 6.0 6.0

			electrical components as they relate to automobiles; the diagnosis, testing, service and repair of batteries, starting systems and charging systems, lighting systems and instrumentation				
AUT103BD	Ignition Systems		Diagnosis, service, and reconditioning procedures for automotive ignition systems	Prerequisites: Permission of Instructor.		Occ	LEC 1.0 1.0 1.0
AUT103DA	Basic Automotive Electrical Theory		Covers introductory level automotive electrical theory. This includes shop safety and procedures, Circuits, Ohm's Law, use of meters, oscilloscopes, and other basic test equipment, as well as diagnosis of problems in and caused by electrical circuits. Repair of these problems also covered	Prerequisites: None.		Occ	L+L 1.1 2.0 2.0
AUT103DB	Automotive Batteries		Study of automotive batteries. Diagnosis, testing, service, and repair of batteries and related circuits covered	Prerequisites: A grade of C or better in AUT103DA or permission of Instructor.		Occ	L+L 0.6 1.0 1.0
AUT103DC	Automotive Charging Systems		The diagnosis, testing, service, and repair of charging systems and related components	Prerequisites: A grade of C or better in AUT103DA or permission of Instructor.		Occ	L+L 0.9 1.5 1.5
AUT103DD	Automotive Starting Systems		Covers the starting motor systems used on modern automotive vehicles including light duty trucks. Diagnosis, testing, service, and repair of starting systems and related components covered.	Prerequisites: A grade of C or better in AUT103DA or permission of Instructor.		Occ	L+L 0.6 1.12 1.12
AUT103DE	Automotive Lighting, Indicator, and Warning Circuits		Covers the operation of, diagnosis and repair of common automotive lighting, instrumentation, and warning device circuits used on the automobile.	Prerequisites: A grade of C or better in AUT103DA or permission of Instructor.		Occ	L+L 0.8 1.37 1.37

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
AUT104AA	Automotive Fuel Systems		Theory and operation of fuel injection, engine control management, turbo charging and fuel systems, training in diagnosis, service and reconditioning procedures	Prerequisites: A grade of C or better in AUT103AA or AUT103AB or permission of Instructor.		Occ	L+L 3.0 5.0 5.0
AUT105AA	Engine Performance and Diagnosis		The theory and fundamentals of automotive engine management troubleshooting and oscilloscope testing as it pertains to diagnosis and tune-up of the modern day automobile. Emphasis on interpretation of oscilloscope patterns and Scantool Data as they relate to engine performance.	Prerequisites: A grade of C or better in (AUT103AA and AUT104AA) or permission of Instructor.		Occ	L+L 3.0 5.0 5.0
AUT106AA	Engine Overhaul and Reconditioning		Diagnostic and service skills essential to service and repair automotive internal combustion engines. Includes valve guide, seat reconditioning, cylinder block, piston, rod and crankshaft service	Prerequisites: None.		Occ	L+L 4.0 8.0 8.0
AUT106AC	Engine Overhaul and Reconditioning: Heads and Valves		Diagnostic and service skills essential to service and repair of the cylinder head and valve train of contemporary automotive engines. Includes valve, guide, and seat reconditioning and service. Does not include block and crankshaft service	Prerequisites: A grade of C or better in AUT103AA or permission of Instructor.		Occ	L+L 3.0 5.0 5.0
AUT106AD	Engine Overhaul and Reconditioning Block and Crankshaft		Diagnostic and service skills related to cylinder block, piston, rod and crankshaft service. Includes honing, boring and crankshaft reconditioning as well as piston and ring service. Does not include cylinder head and valve work.	Prerequisites: None.		Occ	L+L 3.0 5.0 5.0
AUT107AA	Automotive Air Conditioning		The theory and principles of refrigeration	Prerequisites: None.		Occ	L+L 3.0 5.0 5.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			and air conditioning. Training in diagnosis, servicing, and reconditioning procedures of automotive air conditioning systems				
AUT107AC	Automotive Air Conditioning		The theory and principles of refrigeration and air conditioning. Training in diagnosis, servicing, and reconditioning procedures of automotive air conditioning systems	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0
AUT107AD	Automotive Air Conditioning		The theory and principles of refrigeration and air conditioning. Training in diagnosis, servicing, and reconditioning procedures of automotive air conditioning systems including electronic system controls.	Prerequisites: A grade of C or better in AUT103AA.		Occ	L+L 4.0 7.0 7.0
AUT108AB	Front-End Suspension, Steering, and Alignment		The fundamentals and principles of suspension and steering systems. Diagnosis, service, and reconditioning procedures. Laboratory emphasis on front-end service and alignment	Prerequisites: None.		Occ	L+L 4.0 7.0 7.0
AUT109AA	Automotive Brake Systems		The fundamentals and principles of hydraulics and automotive braking systems. Diagnosis, service, and reconditioning procedures of automotive braking systems	Prerequisites: None.		Occ	L+L 3.0 5.0 5.0
AUT109AC	Automotive Brake Systems		Designed for beginning automotive students. Fundamentals of drum, disc, and ABS brakes. Includes training in diagnosis, testing, service, and repair	Prerequisites: None.		Occ	L+L 4.0 7.0 7.0
AUT110AC	Automotive Power Trains		Designed for beginning automotive students. Operation, diagnosis, service, and repair of the automotive power train.	Prerequisites: None.		Occ	L+L 4.0 7.0 7.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Includes clutches, torque converters, standard and automatic transmissions and transaxles, front and rear drive axles, drive shafts, differentials and transfer case				
AUT123	Automatic Transmissions		Theory of operation and servicing procedures for current automatic transmissions.	Prerequisites: A grade of C or better in (AUT103AA and AUT104AA) or permission of Instructor.		Occ	LEC 6.0 4.0 4.0 LAB 0.0 6.0 6.0
AUT123AA	Automatic Transmissions		Theory of operation and servicing procedures for current domestic automatic transmissions; includes diagnostics and testing of mechanical, electrical, and hydraulic components	Prerequisites: None.		Occ	L+L 4.0 8.0 8.0
AUT130	Automotive Quick Service		Use of standard service publications; performance of commonly used service operations following published service procedures; emphasis on good attitude development and safety habits about automotive service.	Prerequisites: None.		Occ	L+L 4.0 7.0 7.0
AUT203	Electrical Accessories		Theory and principles of wiring diagrams, accessories circuits, turn signals, and warning systems. Circuit trouble-shooting and service of gauges, indicators, power windows and seats, deck latches, and windshield wipers. Computerized electronic devices.	Prerequisites: A grade of C or better in AUT103AA or permission of Instructor.		Occ	L+L 3.0 5.0 5.0
AUT210	Automotive Emission Systems		Automotive emissions control systems and methods of emissions measurement. Diagnostic practices as suggested by the manufacturers and the related service of emissions control devices	Prerequisites: A grade of C or better in (AUT103AA and AUT104AA) or permission of Instructor.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
AUT210AA	Automotive Emission Systems		Automotive emissions control systems and methods of emissions measurement. Diagnostic practices as suggested by the manufacturers and the related service of emissions control devices	Prerequisites: A grade of C or better in (AUT103AA and AUT104AA) or permission of Instructor.		Occ	L+L 3.0 5.0 5.0
AUT215AA	Automotive and Electrical/Electronic Systems II		Electrical accessory circuits including horns, wipers, defoggers, automatic door locks, power mirrors, power windows and power seats. Focuses on introduction to body computers, advanced lighting circuits and instrumentation, and chassis electronic control systems. Includes training in diagnosis, testing, service, and repair.	Prerequisites: A grade of C or better in AUT103AA or AUT103AB or permission of Instructor.		Occ	L+L 4.0 7.0 7.0
AUT233	Computerized Engine Control Systems		Presents the reasons for developing and using computerized engine control systems. Explores system operation, examining each component. Emphasizes diagnosis and repair of system faults	Prerequisites: A grade of C or better in AUT103AB and AUT104AA or permission of Instructor.		Occ	L+L 3.0 5.0 5.0
AUT240	Hybrid Vehicle Overview		Automotive hybrid vehicle design and operation. Safety practices as suggested by manufacturers for servicing hybrid vehicles.	Prerequisites: A grade of C or better in AUT130.		Occ	L+L 2.0 3.0 3.0
AUT282AA	Service-Learning Experience in Automotive		Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	AUT282AA may be repeated for a total of six (6) credit hours. Standard grading available according to procedures outlined in catalog.	Occ	LAB 1.0 1.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
AUT282AB	Service-Learning Experience in Automotive		Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	AUT282AB may be repeated for a total of six (6) credit hours. Standard grading available according to procedures outlined in catalog.	Occ	LAB 2.0 2.0 0.0
AUT282AC	Service-Learning Experience in Automotive		Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	AUT282AC may be repeated for a total of six (6) credit hours. Standard grading available according to procedures outlined in catalog.	Occ	LAB 3.0 3.0 0.0
AVC100	Introduction to Digital Arts		Foundation course in digital arts and design, with emphasis in the production of art using the computer.	Prerequisites: None.		Occ	L+L 1.0 2.0 2.0
AVC103	Typography in the Digital Age		Survey of the history of typography and individual designers. Emphasis on the function of typography as an integral part of effective visual communication. Study of type anatomy, mechanics, characteristics, structure, and the principles of effective selection and the relation of copy and image in graphic design. Evaluate fonts both visually and technically and learn how to manage them.	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC104	Cross-Media Marketing for Designers		Role of graphic designer in business with an emphasis on using graphic design to	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			achieve marketing and sales objectives. Variety of communication channels explored, such as print and digital and including social media, web, and mobile media.				
AVC110	Survey of Graphic Design and Visual Communication		A survey of graphic design and visual communication with an emphasis on application, history, and design processes. Tracing connections between contemporary and historical design. Apply knowledge to assemble and produce projects.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
AVC114	Digital Color		Overview of how color is perceived and utilized in a digital environment and how to ensure consistent color from capture to final output in print or online. Investigate visual solutions utilizing electronic devices for color correction, manipulation and integrity.	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0
AVC119	Penciling for Sequential Art		Development of observational skills as they apply to sequential art. Emphasis on techniques that showcase how characters interact with their environment and manipulate props and cartooning anatomy. Includes techniques on composing page layouts, adapting scripts and reference gathering.	Prerequisites: None. ART111, or ART116, or previous drawing experience strongly recommende d.		Occ	L+L 3.0 6.0 6.0
AVC120	Inking for Sequential Art		Development of inking materials and techniques used in sequential art. Emphasis on the types of tools used in the industry and the various means of employing them. Understanding the duties of the inker and the process of computer finishing.	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
AVC135	Foundations of Photojournalism		Basic technical knowledge of photographic process as applied by mass media.	Prerequisites: A grade of C or better in ART131 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC138	Commercial Photography I		Basic techniques of lighting, camera work, and reproduction of commercial photography. Cooperation with commercial art community.	Prerequisites: A grade of C or better in (ART131 or AVC142) or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC139	Commercial Photography II		Advanced techniques with portfolio organization and presentation.	Prerequisites: A grade of C or better in AVC138.		Occ	L+L 3.0 6.0 6.0
AVC140	Portrait Photography		Fundamentals of portrait photography. Basic techniques of lighting, posing, design, and digital workflows applicable to the industry. Theory and practices of a portrait photography business.	Prerequisites: A grade of C or better in ART131, or AVC142, or permission of Instructor.	Digital camera with manual settings required.	Occ	L+L 3.0 6.0 6.0
AVC142	Introduction to Digital Photography		Fundamentals of digital photography. Includes camera operations, exposure techniques, introduction to digital output, and theory of digital photography.	Prerequisites: None.	Digital camera required.	Occ	L+L 3.0 6.0 6.0
AVC143	Intermediate Digital Photography		Intermediate theory and techniques of digital photography. Aesthetic awareness and personal expression from image capture through intermediate techniques in the digital darkroom. Introduction to high-resolution digital output.	Prerequisites: A grade of C or better in AVC142 or permission of Instructor.	Semi-adjustable, high-resolution digital camera is required.	Occ	L+L 3.0 6.0 6.0
AVC164	Introduction to Drawing and Digital Paint		Essential skills, concepts and use of digital media for drawing and painting. From concept to line-drawing; use of value, texture, color, lighting, space and scale elements to execute a finished rendering.	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC164AC	Introduction to Drawing and Digital Paint III		Essential skills, concepts and use of digital media for drawing and painting	Prerequisites: Permission of Instructor.		Occ	L+L 1.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			to execute a finished rendering and output formats.				
AVC169	2D Media Design		Generation of two-dimensional (2D) images, designs, and media using digital and traditional methods of visual problem solving. Understanding digital and design-based techniques and workflows.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: AVC100 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC170	3D Computer Design		Artistic manipulation of computer images. Emphasis on color and three-dimensional (3D) design in production of these images. Existing software used to generate three-dimensional art.	Prerequisites: A grade of C or better in AVC100 or AVC169 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC173	Computer Art		Introduction to the multiple elements of paint software programs using the microcomputer. Basic foundation in the use of computer techniques including color paint programs for the production of computer images. Use of electronic input and output devices.	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.	Prerequisite s: A grade of C or better in ART100 or permission of Instructor.	Occ	L+L 3.0 6.0 6.0
AVC174	Electronic Color Principles		Interactive use of color for graphic communication. Color theory, color relationships and electronic color manipulation for computer graphic art, animation and multimedia.	A grade of C or better required in all prerequisites. Prerequisites or Corequisites: AVC100.		Occ	L+L 1.0 2.0 2.0
AVC175	Electronic Publishing Design I		Introduction to the multiple elements of commercial publishing using the microcomputer. Basic foundation in the use of electronic page layout techniques. Emphasis on publication design layout and concepts.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: AVC100 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
AVC177	Digital Photographic Imaging I		Introduction to multiple elements of digital imaging. Basic foundation in photographic manipulation of images, with special attention to aesthetic foundations underlying photographic composition.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: AVC100 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC178	Digital Arts Studies		Designed for broad overview of the digital arts. Experience in digital based media, creative problem solving, design and aesthetics.	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC179	Electronic Presentation Design		Introduction to the multiple elements of commercial-graphic presentation materials using the microcomputer and other advanced technologies. Basic foundation in the use of computer presentation software programs using presentation techniques. Special attention to aesthetic foundations underlying all presentation materials.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: AVC100 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC180AC	Designer's Tools: Quark Express		Introduction to the multiple elements of Quark Express, a visual art adaptation software package using the Macintosh microcomputer. Basic foundation course in the use of electronic techniques, including appropriate input and output production devices.	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.		Occ	L+L 1.0 2.0 2.0
AVC180AD	Designer's Tools: Adobe Illustrator		Introduction to the multiple elements of Adobe Illustrator, a visual art adaptation software package using the Macintosh microcomputer. Basic foundation course in the use of electronic techniques, including appropriate input and	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.		Occ	L+L 1.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			output production devices.				
AVC180AE	Designer's Tools: Adobe Photoshop		Introduction to the multiple elements of Photoshop software package using the microcomputer. Basic foundation in the use of electronic techniques including appropriate input and output production devices.	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.		Occ	L+L 1.0 2.0 2.0
AVC180AI	Designer's Tools:3-D Studio Textures		Introduction to multiple elements of 3-D studio material using DOS microcomputers. Basic foundation in the use of electronic input and output production devices.	Prerequisites: A grade of C or better in AVC/MMT18 4 or AVC284 or permission of Instructor.		Occ	L+L 1.0 2.0 2.0
AVC180AJ	Designer's Tools:3-D Special Effects		Introduction to multiple elements of 3-D studio special effects software using DOS microcomputer. Basic foundation in the use of electronic input and output production devices.	Prerequisites: A grade of C or better in AVC/MMT18 4 or AVC284 or permission of Instructor.		Occ	L+L 1.0 2.0 2.0
AVC180AK	Designer's Tools: Adobe Premiere		Basic functions and use of Adobe Premiere video editing software. Applications for computer animation, multimedia, and digital video production.	Prerequisites: A grade of C or better in AVC100. AVC/MMT18 4 is strongly recommended but not required.		Occ	L+L 1.0 2.0 2.0
AVC180AL	Designer Tools: Character Studio		Character Studio 3D-Character Animation software. Character motion, editing and blending electronic with traditional techniques.	Prerequisites: A grade of C or better in AVC100 and AVC/MMT18 4. ART116 is recommended but not required.		Occ	L+L 2.0 5.0 5.0
AVC180AM	Designer's Tools: Dreamweaver		Introduction to Dreamweaver software and Web editing process. Developing sites, automating production, Web design integration using graphics, and graphics	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.		Occ	L+L 1.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			output. Learn powerful Web editing methods.				
AVC180AN	Designer's Tools: Flash		Introduction to Flash software. Basic foundation in Flash vector graphics, 2D and 3D animation and creation of full motion video with sound.	Prerequisites: A grade of C or better in (AVC180AD and AVC180AE) or permission of Instructor.		Occ	L+L 1.0 2.0 2.0
AVC180AP	Designer's Tools: Photoshop for Multimedia		Advanced Adobe Photoshop techniques for multimedia. Foundations in imaging for animation, Web, graphics, digital video and offset graphics.	Prerequisites: A grade of C or better in AVC180AE or permission of Instructor.		Occ	L+L 1.0 2.0 2.0
AVC180AR	Designer's Tools: Final Cut Pro		Introduction to non-linear editing using Final Cut Pro software for graphics, animation and the Web applications.	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.		Occ	L+L 1.0 2.0 2.0
AVC180AS	Designer's Tools: Adobe InDesign		Basic functions and operations of Adobe InDesign software. Application for graphic design, publishing, digital pre- press production and web layout.	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.		Occ	L+L 1.0 2.0 2.0
AVC180AT	Designer's Tools: Adobe After Effects		Introduction to Adobe After Effects software. Digital effects and motion graphics for the WEB, CD-ROM, DVD, video, film and animation.	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.		Occ	L+L 1.0 2.0 2.0
AVC181	Graphic Design I		Basic understanding of design principles and the stages of graphic design, with an emphasis on final product and presentation.	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC182	Graphic Design II		Utilizing graphic design essentials of typography, contrast and layout to develop design solutions to problems in consumer advertising, typography and structure.	Prerequisites: A grade of C or better in AVC181 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC183	Digital Graphic Arts I		Graphic design use in microcomputer; black and white graphics, standard and color brushes, lines, shapes,	A grade of C or better required in all Prerequisites. Prerequisites		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			area fills and fonts. Application to illustration, advertising graphics, typography, and video interaction.	or Corequisites: AVC100 or permission of Instructor.			
AVC184	Digital Animation I	MMT184	The art of animation (animated sequences, special effects, titles, etc.) using the computer. Construction characters, background graphics, color, scaling, storyboard, cells, timing, editing, and surface rendering. Screening and discussion of selected animated short films and videos.	Prerequisites: A grade of C or better in (ART111 or ART116) or permission of Instructor. Corequisites: AVC100 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC185	3D Modeling and Animation I	MMT185	Basic concepts of 3D modeling. Anatomy of computer geometry; basic elements that make computer models- curves, surfaces, non-uniform rational basis spline (NURBS), and polygons. 3D translation, shading, materials, and rendering.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: AVC100 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC187	Perspective Drawing for Animation		Perspective techniques for creating depth illusion as applied to principles of 3D modeling and animation. Study of size relationships, size and space variation, converging lines, vanishing points, overlapping planes. 3D lighting systems and light changes over distance.	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0
AVC190	Art of Web Site Design	MMT190	Introduction to design production for websites. Layout, typography and presentation style for HTML (Hyper Text Markup Language). Design of mock-ups using digital design software to produce artistic form and content for the Web using Hyper Text Markup Language (HTML), digital text, and graphics. Discussion of	Prerequisites: A grade of C or better in AVC100, or permission of Instructor. CIS133DA recommended.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			color, proportion, typography and Web-specific design principles. Emphasizes design of cross-browser compatible interfaces that optimize usability, accessibility and browser interoperability.				
AVC190AA	Art of Website Design I		Introduction to design production for websites. Layout, typography and presentation style for HTML (Hyper Text Markup Language). Design of mock-ups using digital design software to produce artistic form and content for the Web using Hyper Text Markup Language, digital text, and graphics.	Prerequisites: A grade of C or better in AVC100, or permission of Instructor. CIS133DA recommended.		Occ	L+L 1.0 2.0 2.0
AVC190AB	Art of Website Design II		Producing Web site pages, using design and Hyper Text digital text and graphics. Discussion of color, proportion, typography and Web-specific design principles.	Prerequisites: A grade of C or better in AVC100 and AVC190AA, or permission of Instructor. CIS133DA recommended.		Occ	L+L 1.0 2.0 2.0
AVC190AC	Art of Website Design III		Producing Web sites using artistic form and content. Emphasizes design of cross-browser compatible interfaces that optimize usability, accessibility and browser interoperability.	Prerequisites: A grade of C or better in AVC100 and AVC190AB, or permission of Instructor. CIS133DA recommended.		Occ	L+L 1.0 2.0 2.0
AVC191	Storyboarding and Layout		Introduction to story boarding, including film storytelling and scene presentation.	Prerequisites: A grade of C or better in ART111 or AVC187.		Acad	L+L 2.0 4.0 4.0
AVC192	Advanced Web Presentation Design		Advanced interactive application and training for Web designers and graphic artists using Quark, Illustrator, Photoshop, HTML Flash, Dreamweaver and Digital Video site optimization techniques.	Prerequisites: A grade of C or better in AVC/MMT190 or permission of instructor. AVC180AM and		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Development of design concepts for web pages that communicate and deliver Web content creatively	AVC180AN suggested but not required.			
AVC200	Animation and Interactivity		Animation and object-oriented programming concepts and techniques using industry standard authoring tools applied by the creative industry to animation productions, and interactive media. Introduction to animation and object- oriented programming concepts and techniques using industry standard authorizing tools. Includes tools used by the creative industry for animation productions and interactive media	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC201	Variable Data Printing		Understanding variable data and all areas including: design, utilizing data, cleaning and creating a database, file setup, prepress and press setup. Software used: Excel, Adobe InDesign, Acrobat.	Prerequisites: A grade of C or better in AVC175, or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC202	Media Productions I		Introduction to digital media production tools, equipment, and broadcast applications. Pre-production including script writing, storyboards, budgeting and copyright; studio and mobile production including the use of cameras, lighting, audio recording, and new media tools; post-production including media editing, transitions, titles, overlays and basic motion graphics.	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.	Prerequisite s: A grade of C or better in ART100 or permission of Instructor.	Occ	L+L 3.0 6.0 6.0
AVC203	Aesthetics of Web Design		Develop portfolio-level web design projects. Emphasis on advanced elements and principles of design. Continued	Prerequisites: A grade of C or better in AVC/MMT19 0 or		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			development of aesthetic awareness and personal expression. Evaluation of aesthetic principles throughout semester.	permission of Instructor.			
AVC204	Creative Design for Advertising		Focuses on the design and production of advertisement layouts and visual marketing campaigns for digital, mobile, and social channels which drive business objectives. Emphasis on terminology, analysis, and critique of advertising design, campaign methods, techniques, and the use of video across digital, mobile, and social channels.	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0
AVC210	Design Tools for Imagery, Production, and Publishing		Industry standard development of image manipulation, digital production, digital negatives, typography, and desktop publishing. New techniques using integrated software with multiple platform applications. Emphasis on alternative processes including: technique, aesthetics and creative imagery.	Prerequisites: A grade of C or better in AVC100 and [AVC169 or (AVC180AD, AVC180AE, and ART180AS)] and AVC181, or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC215	Advanced Electronic Publishing		Advanced use of electronic page layout techniques including in-depth styles; typography; technical documents and digital publishing interactivity.	Prerequisites: A grade of C or better in AVC175.		Occ	L+L 3.0 6.0 6.0
AVC219	Coloring, Toning and Lettering for Sequential Art		Understanding of the digital rules and programs used in coloring, toning and lettering comics, and the problems presented therein within the sequential narrative. Emphasis on rules and guidelines within the industry, and digital coloring and lettering.	Prerequisites: A grade of C or better in (AVC100 and AVC119) or permission of Instructor. AVC120 recommended.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
AVC220	Publishing for the Comic Industry		Understanding of the comics industry. Includes researching, marketing, packaging, and distributing comics. Emphasis on selling and submitting to comic publishers, how to develop comics for self-publishing, promotional materials, and understanding contracts and copyrights involved in the process of publishing comics.	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC221	Comics Creation		Development of a complete sequential comic, using all comics skills from beginning to end. Process includes scripting, penciling, inking, coloring or toning, lettering, and printing for publication.	Prerequisites: A grade of C or better in (AVC100 and AVC219) or permission of Instructor.		Occ	L+L 3.0 3.0 3.0
AVC227	Estimating for Digital Output		Introduction to estimating for digital output including job costing, labor/time, material and equipment costs. Focus on layout and imposition for press. Learn outside purchasing and vendor relationship management.	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0
AVC230	Visual Brand Design		Simulates an actual working environment which exposes students to the challenges and advantages of working in cross-functional teams. Topics include preparation for collaborative work environments, critical thinking and communication, messaging, and effectively employing marketing and design principles. Reviews logo creation and implementation, preparing online and offline collateral, creating marketing messaging	Prerequisites: A grade of C or better in (AVC100 and MKT110) or permission of Instructor.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			and campaigns, written and oral communication, and personal presentation skills.				
AVC232	Studio Lighting		This course covers the fundamentals of lighting techniques with studio strobes, speed lights, and continuous lighting systems. Teaches students to use different light modifiers according to situation, subject and personal vision.	Prerequisites: A grade of C or better in ART131, or AVC142, or permission of Instructor.	Camera with manual settings required of this course. AVC232 may be repeated for a total of six (6) credit hours.	Occ	L+L 3.0 6.0 6.0
AVC236	Photography Location Shooting		Practical application of camera techniques, use of lighting, and on-location shooting for post-production printing.	Prerequisites: A grade of C or better in (ART131 or AVC142) or permission of Instructor.	Film and/or Digital Single Lens Reflex (DSLR) camera is required. AVC236 may be repeated for credit.	Occ	L+L 3.0 6.0 6.0
AVC237	Fashion Photography		Practical application of photographic techniques within the fashion industry. Includes the photographing of models, garments, and accessories.	Prerequisites: A grade of C or better in (ART131 or AVC142) or permission of instructor.	Digital Single Lens Reflex (DSLR) camera is required. AVC237 may be repeated for credit.	Occ	L+L 3.0 6.0 6.0
AVC240	Cinematography and Directing for 2D/3D Animation		Essential skills, concepts and the use of virtual cameras in 2D and 3D animation environments: planning, pre-production, storyboards and pre-visualization using real-world camera principles is combined with rendering, sound and post-production in a nonlinear environment.	Prerequisites: A grade of C or better in (AVC/MMT18 4, or AVC/MMT18 5, or FMP108) or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC246	Digital Fabrication	THO246	Introduction to concepts and application of computer visualization, modeling, and rapid prototyping for interdisciplinary arts. Students will design sculptures applying 3D	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			computer modeling techniques, rapid prototyping, and other available digital output devices to produce solid models.				
AVC248	Design Self Promotion		Defining career goals, and developing a self-promotional marketing plan to enter the workplace, including a resume, business card, leave behind, social media presence, interactive portfolio and printed portfolio. Understand business ethics and etiquette, artist's rights, copyright laws and contractual agreements, and develop networking, interview and communication skills.	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0
AVC249	Visual Communication Project Management and Workflow		Communication and coordination of digital projects from inception through completion. Emphasis on job workflow including professional communication, time management, detailed follow through and conflict resolution with stakeholders.	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.	Working with Printing Industries of America and their iLearning Center, students will have the opportunity to become industry certified for the Customer Service Professional (CSP) Certification for a minimal additional cost.	Occ	L+L 3.0 6.0 6.0
AVC269AC	Digital Studio		Continued development of digital studio media with emphasis on advanced use of media techniques within a digital environment.	Prerequisites: A grade of C or better in (AVC169 or AVC170 or AVC173 or AVC179 or	AVC269AC students must have completed advanced courses in	Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
				AVC192 or AVC274 or AVC284 or AVC289 or AVC291) or permission of Instructor.	the subject field.		
AVC270	Digital Photographic Imaging II		Intermediate digital photographic imaging techniques. Refinement of aesthetic awareness and personal expression.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: AVC177.		Occ	L+L 3.0 6.0 6.0
AVC273AC	Special Topics: Multimedia Arts		Multimedia art studio course examining new and/or current topics in media and/or multimedia arts.	Prerequisites: Permission of Instructor.	AVC273AC is designed to offer special topics and/or specialized training for students in multimedia arts. Activities may also be appropriate for portfolio enhancement.	Occ	L+L 3.0 6.0 6.0
AVC274	Digital Photographic Imaging III		Advanced digital photographic imaging techniques. Advanced manipulation techniques of photographic images and time-based media. Continued development of aesthetic awareness and personal expression.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: AVC270.		Occ	L+L 3.0 6.0 6.0
AVC279	Media Productions II		Intermediate digital media production techniques. Continued pre-production, production, and post-production skills. Exploration of types of productions including interviews, informational/how-to, marketing/product, and documentary/artistic media productions. Refinement of aesthetic	Prerequisites: A grade of C or better in AVC202 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			awareness and personal expression.				
AVC280AA	Digital Media Arts and Design Capstone		Focus on design, art, and development skills for a problem taken from business or industry. Includes practice-based capstone project focusing on a specific issue or need in digital media arts and design.	Prerequisites: Permission of Program Director or Instructor.	AVC280AA requires 80 clock hours of designated work per credit hour.	Occ	L+L 1.0 2.0 2.0
AVC280AB	Digital Media Arts and Design Capstone		Focus on design, art, and development skills for a problem taken from business or industry. Includes practice-based capstone project focusing on a specific issue or need in digital media arts and design.	Prerequisites: Permission of Program Director or Instructor.	AVC280AB requires 80 clock hours of designated work per credit hour.	Occ	L+L 2.0 4.0 4.0
AVC280AC	Digital Media Arts and Design Capstone		Focus on design, art, and development skills for a problem taken from business or industry. Includes practice-based capstone project focusing on a specific issue or need in digital media arts and design.	Prerequisites: Permission of Program Director or Instructor.	AVC280AC requires 80 clock hours of designated work per credit hour.	Occ	L+L 3.0 6.0 6.0
AVC281	Graphic Design III		Advanced course in the process of graphic design and problem solving to meet customer specifications. Emphasis on steps needed to create and promote complex graphic design projects.	Prerequisites: A grade of C or better in AVC182 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC283	Digital Graphic Arts II		Advanced skill development of graphic design through use of microcomputer. Emphasis on computer design and techniques for producing all types of camera-ready advertising art for printed matter and package design. Includes illustration, typography, photo imaging, and color separation.	Prerequisites: A grade of C or better in AVC183 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC284	Digital Animation II		Elements of electronic animation with interactive text graphics, photography, sound,	Prerequisites: A grade of C or better in AVC/MMT18		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			film, and video construction.	4 or permission of Instructor.			
AVC285	3D Modeling and Animation II	MMT285	Advanced techniques for 3D modeling and computer animation. Creating and applying 2D background and 3D model textures, creating and applying special effects to models and animation, designing, modeling, and animating a digital 3D character from a character study.	Prerequisites: A grade of C or better in AVC/MMT185.		Occ	L+L 3.0 6.0 6.0
AVC286	Graphic Design IV		Continuing advanced course in the process of graphic design and problem solving to meet customer specifications. Emphasis on creating complex graphic design projects.	Prerequisites: A grade of C or better in AVC281 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC287	3D Character Animation		3D-Character modeling and animation for multimedia, film, broadcast, video games and interactive entertainment. Character motion, editing, and blending electronic with traditional techniques.	Prerequisites: A grade of C or better in AVC/MMT184 or AVC180AC. Corequisites: ART116 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC288	PDF Portable Document Format		Focuses on complexity, versatility and creation of a PDF file. Emphasis on the importance of the settings regarding color management, compression, and output. Includes fillable forms and interactive files with audio and video capabilities, editing functions, preflight abilities and security.	Prerequisites: A grade of C or better in AVC175 or permission of Instructor.	Emphasis will be on understanding how and why PDF is the most common workflow for printers.	Occ	L+L 3.0 6.0 6.0
AVC289	Computer Illustration		Introduction to the multiple elements of commercial illustration using the microcomputer. Basic foundation in the use of computer techniques including color paint and draw programs for the production of	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: AVC100 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			commercial illustrations for publications and printed matter. Use of and output devices.				
AVC291	Digital Prepress		Introduction to fundamental concepts of digital prepress necessary for the designer to create digital documents for accurate output and reproduction.	Prerequisites: A grade of C or better in AVC100 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC292	Digital Output Prepress		Introduction to prepress for digital output. Foundation of job costing and the functions of a job ticket for proper file preparation including trapping, color management, file transfers, workflow, RIPping, imposition and file proofing.	Prerequisites: A grade of C or better in AVC291 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC293	Digital Output		Emphasis on setup, operation, and maintenance of a digital press. Introduction to specialty and common substrates and inks. Instruction on quality control, troubleshooting techniques, and proper safety precautions for press, equipment, and consumables.	Prerequisites: Permission of Instructor.		Occ	L+L 3.0 6.0 6.0
AVC295KA	Art Workshop/Seminar: Graphics/Animation		Advanced level workshop/seminar in art disciplines.	Prerequisites: Minimum of three (3) credits introductory and three (3) credits intermediate level courses in specific field or permission of Department or Division Chair.		Occ	L+L 1.0 2.0 2.0
AVC295XA	Art Workshop/Seminar: Digital Photography		Advanced level workshop seminar in digital photography disciplines.	Prerequisites: A grade of C or better in AVC143 or permission of Instructor.	AVC295XA may be repeated for a total of four (4) credits.	Occ	L+L 1.0 2.0 2.0

Prepares students in the behavioral sciences to conceptualize clients through a developmental perspective. Overview of both normal human development and	Prerequisites: A grade of C or better in BHS262 or BHS272 or BHS275, or permission of Instructor.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			developmental psychopathology. Focus on child, adolescent, and adult development through the study of major theories and models, with implications for helping professionals.				
BHS340	Psychopathology Across Cultures		Overview of the scientific study of mental illness and substance use disorders (psychopathology). Evaluates theories of psychopathology from sociological, psychological, and behavioral perspectives. Examines the most prevalent categories of mental disorders from several different theoretical and treatment perspectives. Focus on diagnostic features, etiology, epidemiology, prognosis, and treatment issues related to various psychiatric disorders. Legal, ethical, and cultural issues pertaining to psychopathology also discussed, in addition to prevention and intervention strategies.	Prerequisites: A grade of C or better in (BHS150 and BHS185), or permission of Instructor.		Acad	LEC 3.0 3.0 3.0
BHS385	Multicultural Approaches to Behavioral Health Care		Advanced application of multicultural competencies, focusing on necessary awareness, knowledge, and skills needed in behavioral health settings. Examination of the dimensions of personal identities and intersectionality in the conceptualization, planning, and implementation of interventions in human services fields.	Prerequisites: A grade of C or better in BHS185, or permission of Instructor.		Acad	LEC 3.0 3.0 3.0
BHS400	Biological and Environmental Bases of Behavior		Examination of human behavior from biophysiological, psychosocial-cognitive, and social-cultural	Prerequisites: A grade of C or better in BIO160, or		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			perspectives using relevant theories. Focuses on the nervous system, brain function, and cognition, as well as the role of psychopharmacology in behavioral healthcare.	permission of Instructor.			
BHS410	Co-Occurring Substance Use and Mental Disorders		Advanced instruction in co-occurring behavioral health and substance use disorders from the bio-psycho-social model for application in the behavioral health field. Includes philosophies and practices of empirically supported models. Emphasis on causes, consequences, assessment, treatment, recovery, and harm reduction.	Prerequisites: A grade of C or better in (BHS210 and BHS340), or permission of Instructor.		Acad	LEC 3.0 3.0 3.0
BHS420	Relational Approach to Trauma		Exploration of the science of trauma and recovery within the family context. Includes the dynamic elements of trauma treatment with the integration of systemic and family treatment models. Examines the lifelong impact of traumatic stress and complex trauma during the early years of life. Focus on evidence-based treatment and interventions from a family theory perspective for individual, relational, and systematic traumatization.	Prerequisites: A grade of C or better in BHS175, or permission of Instructor or Department.		Acad	LEC 3.0 3.0 3.0
BHS430	Concepts and Principles of Applied Behavior Analysis		An in-depth consideration of the scientific theories, concepts, and principles of understanding and modifying behavior. Focus on applying behavior analysis for data-based decisions to resolve challenging behaviors and foster prosocial behaviors.	Prerequisites: A Grade of C or better in (BHS205 and BHS320), or permission of Instructor or Department.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Students will learn basic principles and procedures, such as functional behavior assessment, assessment of reinforcers, and implementation of a behavior intervention plan to reach socially meaningful outcomes.				
BHS490	Advanced Supervised Practice in Behavioral Health and Human Services		Advanced, supervised work experience in mental health, social service, or a related behavioral health care provider setting. 160 hours of designated volunteer or paid work-based learning.	Prerequisites: AAS in Behavioral Health Sciences or permission of Instructor.		Acad	LAB 2.0 2.0 0.0
BIO100	Biology Concepts		Introductory course covering basic principles and concepts of biology. Methods of scientific inquiry and behavior of matter and energy in biological systems are explored.	Prerequisites: None.	Course Attribute(s): General Education Designation : Natural Sciences (Quantitative) - [SQ]	Acad	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO101	Introduction to Human Genetics for Non-Majors		Study of inheritance in humans, at the organismal, cellular and molecular levels. Includes exploration of gene expression, isolation and manipulation of DNA, Mendelian genetics, pedigree analysis, as well as chromosomal abnormalities and genetic diseases.	Prerequisites: None.	Course Attribute(s): General Education Designation : Natural Sciences (Quantitative) - [SQ]	Acad	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO102	Cells to Systems: An Introduction to Biology for Non-Majors		Study of living things. Builds from basic molecular components to structure and physiology of cells and organ systems of animals and plants.	Prerequisites: None.	General Education Designation : Natural Sciences (Quantitative) - [SQ]	Acad	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO105	Environmental Biology		Fundamentals of ecology and their relevance to human impact on natural ecosystems.	Prerequisites: None.	Course Attribute(s): General Education Designation : Natural Sciences	Acad	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
					(Quantitative) - [SQ]		
BIO106	Biotechnology and Society I		Introduction to biotechnology and its impact on society. Covers applications, limitations, benefits, risks, and legal and moral issues associated with biotechnology	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
BIO107	Introduction to Biotechnology		Introduction to biotechnology and its global impact on society. Covers applications, laboratory techniques, limitations and the international economic benefits, risks, and legal and moral issues associated with biotechnology	Prerequisites: None.	Course Attribute(s): General Education Designation : Natural Sciences (Quantitative) - [SQ]	Acad	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO108	Plants and Society		A global study of plants in relation to humans; as a source of food, fiber, drugs, and other products; for aesthetic value, survival, and energy.	Prerequisites: None.	Course Attribute(s): General Education Designation : Natural Sciences (Quantitative) - [SQ]	Acad	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO109	Natural History of the Southwest		Study of the common plants and animals of the Southwest including their distribution, adaptation, behavior, and ecology. Introduction to basic field and laboratory techniques used in the study of natural history. Specific field problems presented dealing with plant and animal analysis and ecological interrelationships.	Prerequisites: None.		Acad	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO111	Microbes and Society		A study of microorganisms and the roles they play in everyday life.	Prerequisites: None.		Acad	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO116	Introduction to Animal Behavior		Scientific study of animal behavior for non-majors. Includes experimental exploration of current hypotheses for genetic and environmental influences, communication,	Prerequisites: None.		Acad	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0

			and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE				
BLT101	Introduction to Construction Trades		Introduction to trade and craft apprenticeships in Arizona, including concrete, carpentry, millwright, pipefitting, steamfitting and plumbing, sheet metal, painter, decorator and drywall taper, electrician and ironworker	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
BLT120	Techniques of Building Inspection		Theory and practice of zoning, foundation, structural, mechanical and electrical inspection in modern residential and commercial construction	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
BLT121	Electrical Codes		Principles of safe electrical installations and proper inspection procedures. Topics include conduit installation, transformer service, raceways, control circuits, grounding and bonding, hazardous occupancies and the National Electrical Code	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
BLT122	Basic Engineering for Building Inspectors and Contractors I		Basic engineering mechanics, gravity loads, shears, bending moments, wood frame construction, deck joints, beams, columns, bracing and shear walls.	Prerequisites: A grade of C or better in BLT120 and MAT187 or equivalent or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
BLT124	Designing for the Americans with Disabilities Act(ADA)		In-depth analysis of federal standards described in the Americans with Disabilities Act (ADA). Reviews the state of	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Arizona's enforcement document (AzDAAG). Focuses on helping designers, architects, and building officials create barrier-free buildings and facilities				
BLT125	Residential Electrical Codes		National Electrical Code requirements for safe electrical installations and proper inspection procedures in residential buildings. Topics include branch circuitry, feeder calculations, services grounding, overcurrent protection, wiring methods, types and proper usage of material, swimming pool installation	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
BLT126	Soil Mechanics		Soil conditions as related to modern building requirements. Topics include bearing value, classification and identification, exploration and samplings, behavior of fills, compaction, subsurface drainage, and field sampling.	Prerequisites: A grade of C or better in MAT150 or MAT151 or MAT152 or satisfactory score on District placement exam.		Occ	LEC 3.0 3.0 3.0
BLT127	Plumbing Codes		Code requirements and construction practices. Topics include underground and above ground plumbing, venting and finish plumbing	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
BLT128	Mechanical Codes		Code requirements and construction practices. Topics include duct work, conductors and fuel supply, insulation, and controls	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
BLT129	Materials of Construction		Fundamental characteristics of modern construction materials and the effective use of these materials in construction	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
BLT131	Applied Electric Codes		National Electric Code (NEC) administration and application. NEC requirements for safe installation of system	Prerequisites: None.		Occ	LEC 4.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			control equipment and design of electric utilization systems. Identification of wiring systems and permitted uses. Application of NEC requirements for hazardous locations, specific occupancies, and special uses of electric equipment				
BLT132	Applied Plumbing Codes		Plumbing code administration. Application, design and installation of drainage/waste and venting systems in private and public buildings. Application of plumbing codes for design and installation of water systems	Prerequisites: None.		Occ	LEC 4.0 4.0 4.0
BLT140	Environmentally Responsible Building		An overview of environmentally responsible building and a historical survey of building methodologies. Introduces design concepts and strategies related to the mitigation of environmental impacts. Examines building processes, environmental issues and the interdependent nature of our built environment. Topics include human impacts, climate and geography, sustainability, renewable energies, water use and energy, resource efficiency, building materials, indoor air quality and waste reduction	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
BLT142	Green Building Codes, Standards and Rating Systems		Surveys green building rating systems, environmental building standards and green construction codes; addresses the broader scope of public health, safety and general welfare in the context of regulations and the	Prerequisites: None. 				permission of Instructor.			
CAD164	Residential Working Drawings		Team projects in the development of a set of architectural working drawings for a residence.	Prerequisites: A grade of C or better in CAD145 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
CAD165	Architectural Software (AutoCAD Architecture)		Introduction to AutoCAD Architecture, a modeling software used by architecture professionals. Procedures unique to advanced software and pertinent to architectural documentation. Emphasison residential working drawings.	Prerequisites: A grade of C or better in CAD145 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
CAD167	Architectural Drawings I (Revit): Residential CAD		Use of Revit architectural modeling software to develop 3-D architectural models, working drawings, construction documentation, and renderings. Emphasis on residential working drawings.	Prerequisites: A grade of C or better in CAD105 or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
CAD186	Site Development I		Use coordinate geometry and survey point databases to create topographic maps utilizing civil engineering/surveying application software. Volumetric analysis of earthwork (cut and fills) utilizing civil engineering/surveying application software. Production of base mapping, earthwork, grading, and drainage plan utilizing civil engineering/surveying application software.	Prerequisites: A grade of C or better in CAD106 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
CAD201	Three-Dimensional (3D) Modeling and Advanced CAD Techniques		Advanced Computer Aided Drafting (CAD) techniques including the automation and semi-automation of design documentation, external referencing and attribute creation and manipulation.	Prerequisites: A grade of C or better in (CAD100 and CAD101) or permission of Instructor.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Development of three-dimensional (3D) models including construction, manipulation, rendering and 2D/3D output.				
CAD235	Modeling, Rendering and Animation for Technical Presentations		Entry level course in technical modeling, visualization, and animation. Uses 3D modeling software, rendering, and animation tools to visualize and solve design issues. Development of professional quality presentation materials for design projects.	Prerequisites: A grade of C or better in CAD201 or Corequisites: CAD201 or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
CAD256	CAD Customization and Management		Emphasis on developing customized user interfaces and basic programming skills. Installation and configuration of software processes. File management techniques; file archival, batch plotting, file conversion, and CAD standards.	Prerequisites: A grade of C or better in DFT254AA or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
CAD265	Architectural Software (AutoCAD Architecture) II: Commercial CAD		Use of AutoCAD Architecture, an architectural modeling software to generate features associated with commercial building design. CAD treatment of selected details and other structural practices common to nonresidential buildings. Emphasis on the practices and standards of working drawings.	Prerequisites: A grade of C or better in CAD165.		Occ	L+L 3.0 6.0 6.0
CAD267	Architectural Drawings (REVIT) II: Commercial CAD		Use of REVIT architectural modeling software utilized by the architectural industry to generate plans and features associated with commercial building design. Focus on CAD development of selected plans, details, and structural practices common to nonresidential buildings.	Prerequisites: A grade of C or better in CAD167 or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CAD269	Computer Aided Landscape Design	AGL269	Using AutoCAD to create landscape design drawings and wire frames in Sketchup for elevations, sections and perspective sketches.	Prerequisites: A grade of C or better in : (AGB139 or CAD100 or CAD101) and AGL189 or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
CAD274	Residential Design CAD		Developing designs with plans and details based on current design vogues. CAD problem solving associated with design	Prerequisites: A grade of C or better in (CAD152 and CAD164) or permission of Instructor.		Occ	L+L 3.0 6.0 6.0
CAD282	HVAC and Sheet Metal Design		Drawing, design, and specification of heating, ventilating, and air conditioning (HVAC) systems. Basic types of heating and cooling systems, heat loss calculations, sheet metal development, and solar design	Prerequisites: A grade of C or better in (CAD150 and [two of CAD262 CAD264 CAD266 CAD268]) or permission of Instructor.		Occ	L+L 1.0 2.0 2.0
CAD286	Site Development II		Use a coordinate geometry and survey point database to create construction drawings utilizing civil engineering/surveying software.	Prerequisites: A grade of C or better in CAD186.		Occ	L+L 3.0 6.0 6.0
CAD287	Advanced Revit Techniques		Advanced use of Revit architectural modeling software utilized by the architectural industry. Develop custom families with parameters and formulas, generate conceptual mass plans, prepare design phasing for renovation and tenant improvement projects, and work with advanced features associated with architectural building design.	Prerequisites: A grade of C or better in CAD167 or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
CAD292	Current Developments in CAD Technology		The exploration and analysis of the newest software packages and/or plug-ins on the market designed to enhance or replace existing Computer Aided	Prerequisites: A grade of C or better in CAD100 or permission of Department or Division.	DFT292 may be repeated for credit.	Occ	L+L 1.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Drafting (CAD) software. Designed to introduce and develop skills in the latest state-of-the-art tools pertinent to industry today.				
CAN101	Introduction to Cannabis Industry		Introductory overview of the cannabis industry. Explores the historical, legal, social, and political aspects of cannabis use, cannabis careers and business management, including business plans, for the cannabis industry. Includes how industry trends and regulations have influenced supporting industries and consumer behaviors.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CAN105	Accounting, Finance and Funding in the Cannabis Industry		Overview of the cannabis industry's financing, funding, accounting, and tax practices. Includes capital ventures and accounting procedures unique to the cannabis industry.	Prerequisites: A grade of C or better in CAN101.		Occ	LEC 2.0 2.0 2.0
CAN110	Social Equity and Current Issues in the Cannabis Industry		Social equity programs, trends, current issues and the societal impact in the cannabis industry.	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
CAN115	Human Resources and Operations Management in the Cannabis Industry		Overview of the human, facilities and capital management of the cannabis industry. Includes workforce development trends and best practices unique to the cannabis industry.	Prerequisites: A grade of C or better in CAN101.		Occ	LEC 1.0 1.0 1.0
CAN120	Legal and Regulatory Environment in the Cannabis Industry		Study of cannabis industry laws, policies, regulations and ethics in non-use, medicinal-use, and adult-use U.S. states and territories.	Prerequisites: A grade of C or better in CAN101.		Occ	LEC 3.0 3.0 3.0
CAN125	Supply Chain Management in the Cannabis Industry		Management of cannabis supply chain stages including: growing, extracting, laboratory testing, product development and manufacturing, shipping and distributing,	Prerequisites: A grade of C or better in CAN101.		Occ	LEC 2.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			and dispensary and retailing across all legislative environments (federal, medicinal-use, and adult-use in U.S. states and territories).				
CAP120	Introduction to Counseling		Introduction to the field of counseling with a focus on skills and competencies needed as a mental health practitioner. Foundations of counseling including counseling theories, ethical considerations, prevention and intervention topics, and multicultural counseling practices.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CAP220	The Counselor in a Multicultural Society		Current theories and research on culture, race and ethnicity, gender and other aspects of cultural diversity in a multicultural society through the lens of counseling. Focus on personal perspectives, will explore themes, theories, topics and research related to power, privilege and oppression in the United States as applied to counseling discipline.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CAP240	Introduction to Counseling Skills		Introduction to basic skills and techniques used in the counseling field. Focuses on active listening, self-awareness, and other related skills.	Prerequisites: A grade of C or better in CAP120.		Acad	LEC 3.0 3.0 3.0
CAP260	Career and Professional Preparation for the Helping Professions		Overview of the process of career and life planning through self-awareness for students interested in helping fields. Focus on current occupational trends and outlook, the learning models of the individual, the world of work, and decision-making. Emphasis on individual application and workplace diversity.	Prerequisites: A grade of C or better in ENG101.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Design materials for use in the professional world such as resumes, online presence, career portfolio.				
CCS101	Chicana and Chicano Studies		Introduction to the wealth and diversity of Chicana and Chicano Studies research from a variety of disciplinary perspectives through the use of a series of historical and social scientific studies, novels, testimonios, and films	Prerequisites: A grade of C or better in ENG101 or ENG107 or equivalent.	Course Attribute(s): General Education Designation : Cultural Diversity - [C] General Education Designation : Humanities, Arts and Design - [HU]	Acad	LEC 3.0 3.0 3.0
CCS111	Introduction to Chicana and Chicano Culture		A study of Chicano popular culture, including cultural themes and artistic expression. Expression of the Chicano experience in American society from the perspective of the social sciences. Analyzes Chicano self-identity and social and cultural dynamics of the Chicano community	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CCS202	Ethnic Relations in the United States	AFR202 ASB202	Basic concepts and processes, including historic overview, of interethnic relations in the United States: culture, race, ethnicity, ethnocentrism, prejudice, discrimination, racism, assimilation, acculturation, and individual and group responses to interethnic contact. Cultural knowledge and intercultural communication skills and perspectives as fundamental tools for successful management of social relations in a multicultural world.	Prerequisites: None.	Course Attribute(s): General Education Designation : Cultural Diversity - [C] General Education Designation : Historical Awareness - [H] General Education Designation : Social and Behavioral Sciences - [SB]	Acad	LEC 3.0 3.0 3.0
CCS212	The Mexican American Novel		A study of the social, historical, and cultural	Prerequisites: ENG101 and		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			backgrounds as well as the form and content of the Mexican American novel.	ENH112 suggested but not required.			
CCS282AA	Volunteerism for Chicana and Chicano Studies: A Service Learning Experience		Service learning field experience within private/public agencies such as museums and libraries, and citizen volunteer groups.	Prerequisites: Permission of Instructor.	CCS282AA may be repeated for a total of six (6) credit hours. Standard grading available according to procedures outlined in catalog.	Acad	LAB 1.0 1.0 0.0
CCS298AA	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.		Acad	LAB 1.0 1.0 0.0
CCS298AB	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.		Acad	LAB 2.0 2.0 0.0

CCS298AC	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.		Acad	LAB 3.0 3.0 0.0
CET102	Surveying II		Surveying principles including triangulation, municiple and land surveys, topographic surveys, earthwork, state plane coordinate systems, stadia methods, practical astronomy, highway curves, superelevations and construction.	Prerequisites: A grade of C or better in CON241 or permission of Department or Division.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
CET103	Construction Methods		Modern construction techniques: planning methods, critical path method (CPM), excavation and earthmoving practices, estimating and work scheduling, concrete design and placement practices. Includes reinforced concrete, prestressed concrete, carpentry, asphalt characteristics, proper proportioning of aggregate and important safety methods. Introduction to heavy construction equipment use	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CET104	Community Planning and Development		Provides a comprehensive overview of the urban planning and development process. Introduces planning theories,	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			methodologies, and strategies with practical applications from local and other urban communities. Topics include municipal planning, land use and zoning, circulation, water and waste water management, storm drainage and public utility services. Examines the economic development process, environmental and legal issues and focuses on the interdependent nature of development				
CET105	Highway Technology		Economics of highway locations, rights-of-way, curves, drainage problems, bridge structures, road building equipment, highway financing, and administrative problems at the state, county and city levels	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CET150	Introduction to Geodesy and Map Projections		Coordinate frames used in geodesy, photogrammetry, surveying, and mapping. Cartesian, spherical, and ellipsoidal coordinates. Introduction to kinematics, gravity field, and size and shape of earth. Positioning in three dimensions. Introduction to map projections and associated coordinate systems. Theory and application of the plane coordinate systems with emphasis on Arizona. Development of projections from Global Positioning System (GPS) observations.	Prerequisites: A grade of C or better in (CET102 and MAT182) or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
CET171	Construction Contracts		Legal aspects of construction contracts, writing and interpretation of specifications, prequalifications, and	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			use of performance bonds				
CET201	Boundary Control and Legal Principles		Principles of land surveying, boundary controls, ethical and legal principles, and office practices.	Prerequisites: A grade of C or better in CON241 or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
CET202	Writing Legal Descriptions		Application of principles to actual case studies. Emphasis on proper form and clarity in legal description writing. Procedure for filing subdivision plats and preparation for land surveyors' registration examinations.	Prerequisites: A grade of C or better in CON241 or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
CET205	Photogrammetry		An introduction to the study of aerial cameras, equipment, flight procedures, and interpretation of aerial photographs, including stereoscopic principles used in planimetric and topographic maps, map projections, grids, and forms. Practical applications of principles stressed	Prerequisites: A grade of C or better in CET102 or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
CET211	Strength of Materials		A study of strength and application of the materials of engineering construction, including the mechanics of beams, shafts, and bolted and welded connections under various loading conditions.	Prerequisites: A grade of C or better in DFT107 or ELT102 or (MAT151 and MAT182) or MAT187 or equivalent or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
CET241	Fundamentals of Traffic Engineering		Basic study of traffic movement, ordinances, mechanical controls, planning, street and highway design, parking, and traffic engineering organization. Training for personnel as civil engineer technicians.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CET250	Public Land Survey System		Overview of unique requirements to determine land	Prerequisites: A grade of C or better in		Occ	LEC 3.0 3.0 3.0

			empathic listening. Pitfalls to communication				
CFS111	Relationships to Promote Learning in Young Children: Birth to Age Three		Overview of the relationship between the teacher/caregiver and child from the perspective of a reflective teacher. Students will learn the importance of assessing, understanding, and enhancing the development of emotional skills of young children to help guide and develop a child's self-image. Student will also be able to monitor, reflect, and plan self-care so they become effective teachers.	Prerequisites: None. CFS/ECH176 recommended.		Acad	LEC 1.0 1.0 1.0
CFS112	Personal Growth and Family Relations		Personal development as related to the individual, the family, and their relations. Emphasis on interpersonal family relationships. Skills and techniques to facilitate and strengthen the individual and family relationships.	Prerequisites: None.	Course Attribute(s): General Education Designation : Social and Behavioral Sciences - [SB]	Acad	LEC 3.0 3.0 3.0
CFS114	Working with the Hyperactive Child		Causes of hyperactivity in children; focus on the family's role in identification, treatment and school/community support.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS116	Discipline and Guidance		Age appropriate principles for disciplining and guiding young children's behavior in child care settings, including interpersonal and environmental strategies. Observational opportunities provided.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS120	Contemporary Issues In Early Childhood		Designed to develop understanding of a broad range of contemporary issues that impact the child in today's society. Course directed at pre-service and in-service professionals.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CFS121AA	Single Parent Family-Adjustment		Overview of issues facing single parent families. Examination of adjustment issues with emphasis on relationships. Methods of adapting family life to meet the needs and variations of one-parent families.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS123	Health and Nutrition In Early Childhood Settings		Creating and maintaining healthy environments and practices in programs serving young children. Emphasis on assessing the child's health status, nutrition and food service, communicable disease recognition, transmission, and prevention, infection control, regulations and regulatory agencies, current topics, resources, and innovative practices.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS125	Safety in Early Childhood Settings		Fundamental concepts of promoting a safe, but challenging learning environments. Establishing and maintaining safety procedures in the early childhood setting. Emphasis on indoor and outdoor equipment and activities, risk analysis, accident, evacuation, and emergency plans, regulations, regulatory agencies and resources, current topics, and innovative practices.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS130	Demystifying Adolescence		A holistic overview of the physical, social, and emotional development of adolescents. Emphasis on effective skills necessary for working with adolescents and their families.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS140	Special Topics: Child and Family Studies		Explores special topics related to child and family studies. Topics vary and include	Prerequisites: None.	CFS140 may be repeated for a total of	Acad	LEC 0.5 0.5 0.5

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			concepts relevant to those pursuing careers in or employed in early childhood care or to those working with families in programs, agencies, organizations, and resource centers that provide services to families.		two (2) credit hours with change of topic.		
CFS157	Marriage and Family Life		Study of marriage and the family as a social system, including models of family analysis, intra- and interpersonal relations, and cross-cultural and historical patterns	Prerequisites: None.	Course Attribute(s): General Education Designation : Social and Behavioral Sciences - [SB]	Acad	LEC 3.0 3.0 3.0
CFS159	The Modern Family		An examination of the modern American family. Special emphasis on the changing functions and roles of individuals within today's society and an analysis of the basic problems confronting the family, including alternative family styles	Prerequisites: None.	Course Attribute(s): General Education Designation : Social and Behavioral Sciences - [SB]	Acad	LEC 3.0 3.0 3.0
CFS160	Using Music, Speech, and Movement with Children's Literature		Using elements of music, speech, and movement with children's literature, including rhymes, chants, songs, and books to enhance children's social, physical, cognitive, and emotional development.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS163	Family Child Care: Introduction to Business Management		Emphasis on small business management and effective policies and procedures for family child care providers. Licensing, legal, and regulatory issues in a home setting are examined	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS164	Family Child Care: Curriculum and Environment		Family child care planning for multi-age groupings of children through age eight. Role of the environment as well as various curriculum programs will be explored and	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			evaluated. Exploration of culturally rich, inclusive and child-centered environment in his/her own child care setting. Issues of professionalism, family partnerships, observation, guidance, and health/safety practices are examined				
CFS164AA	Family Child Care: The Environment		Family child care environments for multi-age groupings of children through age eight. Exploration of culturally rich, inclusive, and child-centered environment in his/her own child care setting. Issues of health/safety practices are examined	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS164AB	Family Child Care: Programming, Guidance and Observation		Family child care programming for multi-age groupings of children through age eight. Various curriculum programs will be explored and evaluated. Issues of observation and guidance are examined	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS164AC	Family Child Care: Family Partnerships and Professionalism		Issues of professionalism, family partnerships, communication, and ethical practices are examined	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS167	School-Age Child Care Provider		Issues related to school-age child care. Past, current, and future trends; regulations, insurance liabilities and coverage, shared facilities, and community resources. Techniques for managing/administering services and personnel, communicating with parents, and evaluating the care/program. Planning and scheduling the school-age program. Includes overview of child growth and	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0

			development, types of routines and activity schedules.				
CFS176	Child Development	ECH176	Study of the science of human development from conception through adolescence. Includes observation skills, parent and adult roles in the lives of children, and contemporary issues.	Prerequisites: None.	Course Attribute(s): General Education Designation : Social and Behavioral Sciences - [SB]	Acad	LEC 3.0 3.0 3.0
CFS177	Parent-Child Interaction		Positive methods to strengthen relationships and resolve conflicts with children. Focus on effective interpersonal skills and guidance techniques	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS178	Survey of Early Childhood Education		Orientation to basic concepts of day care and nursery programs. History and philosophy of child care services including state regulations governing those services. Observation opportunities provided.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS179	Child Care: A Multifaceted Career		Overview of the child care field. Focus on enhancing children's self esteem, providing for children's nutritional needs, and developing adequate safety and sanitation practices	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS181	Enhancing Infant and Toddler Development		Principles of development in children from birth through 30 months. Emphasis on individuality of child and the adult role in providing a safe and stimulating environment for the development of the child.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS182	Parenting the Early Adolescent: Ages Ten to Fourteen		Emphasis on the early adolescent developmental period, ages ten to fourteen, and the importance of the parent-child relationship, as well as strategies to ensure successful teen years.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CFS183	Contemporary Issues in Adolescence		Current issues that impact adolescent development and behavior explored. Comprehensive and specific strategies for addressing these issues as parents or professionals working with teens emphasized. Issues related to adolescent sexuality, abuse, mental health, violence, and risk behaviors included.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS190	Home-Based Visitation		Emphasis on development of skills needed to successfully complete home-based client visitation. Opportunities for field-based observations provided.	Prerequisites: None.		Acad	L+L 3.0 4.0 4.0
CFS192	Child Care Center Staff Development		Presents strategies to administrators and supervisors in child care centers for developing the personal and professional growth of child care staff.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS193	Financial Management in Child Care Centers		Provides strategies for financial management and administration of finances in a child care center. Specific concerns of participants addressed.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS194AA	Early Childhood Program Management: Staffing and Managing		Methods and techniques for recruiting, staffing, and managing in early childhood programs.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS194AB	Early Childhood Program Management: Human Relations		Basic human relations in early childhood organizations and the influence of the individual's personal needs on the overall needs and objectives of the organization.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS194AC	Early Childhood Program Management: Organizational Structure		Provides a broad perspective of the organizational life of an early childhood environment.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CFS195	Early Childhood Personnel Supervision		Covers supervision concepts and applications for early childhood programs.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS196	Ethics and the Early Childhood Educator		Ethical issues in the early childhood field.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS197	Leadership in Early Childhood Education		Provides concepts for understanding and managing leadership roles and responsibilities in the early childhood field.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS204	Reflective Supervision		Reflective supervisory processes to enhance learning and professional development. Includes professional development stages to provide supervisors with tools to support professional growth. Also covers challenges and barriers to the supervisor and employee/practitioner relationship.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CFS205	Human Development		Explores the growth and development process over the human life span. Research and theoretical approaches; physical, cognitive, social, and personality development from birth through adulthood and death.	Prerequisites: None.	Course Attribute(s): General Education Designation : Social and Behavioral Sciences - [SB]	Acad	LEC 3.0 3.0 3.0
CFS206	Child and Family Organizations: Management and Administration		Examination of management and administration of community- based child and family organizations within the context of organizational behaviors. Focus on attributes of effective organizations: the impact of organizational culture and learning, work-place diversity and employee motivation.	12-13-2022		Acad	LEC 3.0 3.0 3.0
CFS207	Organization and Community Leadership in Child and Family Organizations		Examination of organization and community leadership as it applies to the management and	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0

			administration of community- based child and family services organizations. Provides overview of leadership styles and function.				
CFS208	Child and Family Organizations: Fiscal Management and Grant Writing		Examination of fiscal accountability and resource development as it applies to the management and administration of community-based child and family social service organizations. Provides overview of grant development processes beginning with research into governmental and private funding sources through fiscal and grant audit processes. Includes budget development, risk management, and cost control issues.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS209	Child and Family Organizations: Project Management		Focuses on concepts and strategies associated with effective project management in community-based child and family organizations. Emphasis on planning, evaluation and project management models.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS210	Family Life Education		Provides an overview of the professional work within the field of family life education. Emphasis on developing flexible, culturally sensitive and effective professional skills	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS220	Introduction to Parenting and Family Development		Overview of the field of family and parent development. Focuses on parenthood as a developmental process and cultural influences on child rearing. A family systems perspective introduced and applied to understanding families with children	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS225	Foundations of Parent Education		Professional development as related	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			to work with parents. Emphasis on developing effective skills with parents, professionals and paraprofessionals involved with the child. Skills and techniques to facilitate and strengthen the individual and family relationships.				
CFS235	Developing Child: Theory into Practice, Prenatal to Age Eight		Understanding and working with young children, birth through age eight. Analysis of young children's physical, social, emotional, cognitive and linguistic development within their home, school, and cultural contexts. Typical and atypical development. Implications for teachers and parents. Emphasis on observations and planning curriculum based on theories, research, and child-specific data.	Prerequisites: None.	Course Attribute(s): General Education Designation : Social and Behavioral Sciences - [SB]	Acad	LEC 3.0 3.0 3.0
CFS240	Human Behavior in Context		Considers the influences of physical and social environments in which human behavior occurs. Includes multiple roles and perspectives of the individual, the family, society and the professional.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS242	Curriculum Planning for Diversity		Practical early childhood classroom applications for a diverse population, including integration of cultures, generations, genders, and races into the classroom, facilitation of second language acquisition, and practical teaching strategies which are also developmentally appropriate.	Prerequisites: A grade of C or better in CFS/ECH176 .	Course Attribute(s): General Education Designation : Cultural Diversity - [C]	Acad	LEC 3.0 3.0 3.0
CFS243	Cross-Cultural Parenting		Focus on the study of parents and children from a cross-cultural position. Emphasis on parenting styles and	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			practices from a cultural directive and expectation perspective. Course designed for those seeking careers in Family Studies, Parent Education, Psychology, Social Work/Human Services				
CFS247	Family Ties and Aging		Identification and examination of facets of family relationships and aging. Emphasis on study of central family connections for older people, unique family situations, and implications of family transitions. Course designed for those seeking careers in Family Studies, Parent Education, Psychology, Social Work/Human Services	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS249	Transition to Adulthood		Emphasis on major elements of the transition to adulthood and key links to changes in family relationships. Focus on the realignment of intergenerational relationships and reassessment of family priorities. Course designed for those seeking careers in Family Studies, Parent Education, Psychology, Social Work/Human Services	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS250	Social Policy and Families		Examines the impact of social policy on family systems and the implications for professional roles and practice.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS251	Transitions: Work to Retirement		Explores the work to retirement transitional issues that impact individuals and families. Emphasis on physical, cognitive and psychosocial dimensions of retirement.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CFS252	Contemporary Issues in Aging		Current issues that impact aging development and behavior explored. Comprehensive and specific strategies for addressing these issues for professionals working with aging adults emphasized.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS256	Management in the Family		Management as a means to the realization of individual and family values and goals; creation, allocation, and use of resources. Focus on decision making	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS257	Working with Families with Diverse Needs		A collaborative approach to working with families with diverse needs. Examines the effect of specific challenges on the family system. Presents techniques for those working with families to facilitate stress management, conflict resolution, and utilization of community and personal resources to aid in the strengthening of the family unit.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CFS258	Families in Society		Areas of concentration include family transition, diversity in structure and culture faced by contemporary families, problems, crisis and change affecting the stress on families as our society progresses into a more complicated future. The study of change as an integral part of all family's day-to-day experiences while recognizing that family ancestral and cultural dimensions are fundamental for all family groupings. Course designed for those seeking careers in Family Studies, Parent Education, Psychology,	Prerequisites: A grade of C or better in CFS157 and CFS259 or permission of Instructor.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Social Work/Human Services				
CFS259	Sexuality over the Life Span		Examination of the physical, psychological, social, and cultural contributions to human sexuality. Emphasis on family life and cultural variation. Examination of facts and myths, current literature, and changing mores regarding human sexuality. Sexuality of males and females in contemporary society; impact of sexual trends on society; home/school issues in sexuality education.	Prerequisites: Permission of Department or Division. Student must be 18 years or older.	Course Attribute(s): General Education Designation : Social and Behavioral Sciences - [SB]	Acad	LEC 3.0 3.0 3.0
CFS263	Child and Family Studies Seminar		Classroom portion of Child and Family Studies Internship. Emphasizes the blend of job-related activities including career exploration, employment procedures, human relations, and on-the-job problems.	Prerequisites: Permission of Department or Division. Corequisites: CFS264AA or CFS264AB or CFS264AC initial enrollment in internship module.		Acad	LEC 1.0 1.0 1.0
CFS264AA	Child and Family Studies Internship		Laboratory portion of Child and Family Studies Seminar. Five hours of work weekly. Supervision and evaluation by a coordinator.	Prerequisites: Permission of Department or Division Corequisites: CFS263 when initially enrolled in CFS264AA or CFS264AB or CFS264AC module.	CFS264AA may be repeated for a total of six (6) credit hours.	Acad	LAB 1.0 5.0 0.0
CFS264AB	Child and Family Studies Internship		Laboratory portion of Child and Family Studies Seminar. Ten hours of work weekly. Supervision and evaluation by a coordinator. CIS120DG	Fireworks: Web Graphics		Use of graphics software to create and edit vector and bitmap (raster) graphics. Creation and manipulation of paths and special effects. Covers slices, buttons, pop-up menus, navigation bars, and animations for use in web sites.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CIS120DK	Introduction to Digital Video Editing		Introduction to digital video editing comprises	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			of a foundation for video import, export, and editing functions. Includes parts and function of a video camera, preproduction and production, incorporating photographs, titles, graphics, animation and audio, capturing, editing, rendering and outputting digital video.				
CIS120DL	Introduction to Adobe After Effects		Includes creating visual effects for video projects. Explores techniques and methodologies used to create shots for big budget special effects. Topics include color and light matching, keying, motion tracking, rotoscoping and working with film.	Prerequisites: A grade of C or better in CIS120DA or CIS120DK, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS120DO	Introduction to Adobe Audition		Introduction to editing audio files in a multitrack editing environment using Adobe Audition. Includes the import of files in a variety of formats that were generated using other software and how to export files.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CIS120DP	Adobe Acrobat Pro: Portable Document Format (PDF) Files		Introduction to creating PDF (Portable Document Format) files using Adobe Acrobat for web viewing and printing. Addresses creation of interactive PDF documents including security settings, navigation links, and form fields.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CIS121AB	Microsoft Command Line Operations		Use of the Microsoft command line interface: basic concepts, internal and external commands, subdirectories, and editor.	Prerequisites: None.		Occ	L+L 1.0 2.0 2.0
CIS121AE	Windows Operating System: Level I		Specific topics include Windows basics, navigating and customizing the desktop, maintaining hardware	Prerequisites: None.		Occ	L+L 1.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			and software, improving performance, configurations, securing your computer, taskbar, organizing, searching and managing folders and files, installing and uninstalling applications, Internet Explorer fine tuning, security, and searching, including advanced search techniques, keyboard shortcuts, and current topics.				
CIS121AH	Microsoft PowerShell/Comman d Line Operations		Day-to-day command line administration tasks of Microsoft Windows. PowerShell used to create scripts to administer Microsoft windows environment.	Prerequisites: None. MST150++ suggested but not required.		Occ	L+L 3.0 4.0 4.0
CIS121AI	Mac Operating System		Specific topics include getting started with Mac OS; working with disks, folders, and files; installing and using applications; setting system preferences; printing, faxing, and scanning; getting and living online; using iLife; sharing a Mac with other users; creating a home network; and maintaining the Mac.	Prerequisites: None.		Occ	L+L 1.0 2.0 2.0
CIS122AE	Windows Operating System: Level II		Additional capabilities of the Windows program that configure devices and customize the presentation of the operating system. System tools, control panel utilities, the My Computer, Network Neighborhood, and Microsoft Exchange desktop icons. Other helpful utilities presented.	Prerequisites: A grade of C or better in CIS121AE or permission of Instructor.		Occ	L+L 1.0 2.0 2.0
CIS124AA	Project Management Software: Level I		Utilization of project management software packages by managers and advanced business students to solve critical management planning	Prerequisites: None.		Occ	L+L 1.0 1.7 1.7

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			tasks. Evaluation of management opportunities utilizing software packages to monitor project progress and resource allocation. Includes "what-if" analyses, and preparation of management reports				
CIS124BA	Project Management Software: Level II		Advanced use of project management software. Covers features and functions to solve critical management planning tasks. Project communications, scheduling, resource allocation, tracking processes and importing and exporting data also covered. Project consolidation emphasized.	Prerequisites: A grade of C or better in CIS124AA or permission of Instructor.		Occ	L+L 1.0 1.7 1.7
CIS126AA	UNIX Operating System: Level I		Use of the UNIX operating system: system components, built-in commands, files and directories, editors, and UNIX Shell and command lines.	Prerequisites: None.		Occ	L+L 1.0 2.0 2.0
CIS126AL	Linux Operating System I		Introduction to the Linux Operating system. Develop knowledge and skills required to install, configure a Linux-based workstation including basic network functions.	Prerequisites: None.		Occ	L+L 1.0 2.0 2.0
CIS126BA	UNIX Operating System: Level II		Installation, configuration, and maintenance of the UNIX operating system	Prerequisites: A grade of C or better in CIS126AA.		Occ	LEC 1.0 1.0 1.0
CIS126CA	UNIX Operating System: Level III		Create login scripts and batch files, and maintain system communications	Prerequisites: A grade of C or better in CIS126BA.		Occ	LEC 1.0 1.0 1.0
CIS126DA	UNIX Operating System		Use of a UNIX operating system including system components, built-in commands, files, and directories, editors, and UNIX shell and command lines. Installation, configuration, and maintenance of a UNIX	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			operating system. Create scripts and batch files, and maintain system communications.				
CIS126DL	Linux Operating System		Introduction to the Linux Operating system. Develop knowledge and skills required to install, configure and troubleshoot a Linux-based workstation including basic network functions. Learn basic command line and Graphical User Interface (GUI) desktop environment utilities and applications. Fundamental abilities to achieve the entry-level industry certification covered.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CIS126RH	Red Hat System Administration I		Introduction to core administration skills needed to manage a Red Hat Enterprise Linux system. This Red Hat Academy course helps prepare for the Red Hat certification exams using a hands-on, task-focused curriculum.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CIS128	Databases in Practice Management		Use of a Practice Management Database (Electronic Health Record software) for installation and maintenance of an Electronic Health Record. Application of policies and procedures for data control, security, privacy, and confidentiality of health information in electronic health information management systems.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CIS129	Introduction to Microsoft Sharepoint		Designed to provide basic skills enabling the end user to navigate, manage documents and collaborate using Microsoft Sharepoint.	Prerequisites: A grade of C or better in BPC110, or CIS105, or permission of Instructor.		Occ	L+L 1.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CIS130DA	3D Studio Max: Modeling		Introduction to 3D modeling using 3D Studio Max. Emphasis will be placed on Polygonal, Solid, and Surface modeling tools. Students will also understand concepts such as modifiers, sub-object editing, extruding, Booleans, lofting, lathing and compound object modeling. Introduction to basic lighting, texturing and rendering techniques.	Prerequisites: A grade of C or better in CIS105.		Occ	L+L 3.0 4.0 4.0
CIS130DB	3D Studio Max: Animation		Introduction to three-dimensional animation tools and principles, with an emphasis on character construction and animation. 3D Studio Max will be the primary application for use in this class.	Prerequisites: A grade of C or better in CIS105.		Occ	L+L 3.0 4.0 4.0
CIS131AA	Doing Business on the Internet		Overview of different ways businesses are taking advantage of and using the Internet. Includes how companies are selling items and services over the Internet; techniques used to expand customer contacts; marketing strategies; availability of government and financial information; future potential and disadvantages; using the Internet for customer service; establishing a World Wide Web site. Some previous computer experience preferred	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
CIS132	HTML/CSS		Overview of foundational HyperText Markup Language (HTML) and Cascading Style Sheets (CSS) coding. Create web pages and sites that adhere to web standards and best practices using current web coding standards.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CIS133AA	Internet/Web Development Level I-A		Overview of the Internet and its resources. Hands-on experience with various Internet communication tools	Prerequisites: None.		Occ	L+L 1.0 2.0 2.0
CIS133DA	Internet/Web Development Level I		Overview of the Internet/World Wide Web (WWW) and its resources. Hands-on experience with various Internet/WWW resource discovery, information retrieval, and social media tools. Design and Development of multi-page websites using current Hyper Text Markup Language (HTML) and Cascading Style Sheets (CSS) standards..	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CIS136	Content Management Systems: WordPress		Overview of WordPress Content Management System. Includes hands-on design and creation of web pages and blogs for the World Wide Web. Designed to cover best practices for web site/blog creation.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CIS138DA	Desktop Design and Publishing Using Adobe InDesign		Use of Adobe InDesign to compose and print textual and graphic materials of high quality. Includes word processing of copy, use of graphics programs, layout of design elements, printing alternatives, and file formats.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CIS140	Survey of Multimedia Technology		Introduction to multimedia technology and its uses. Overview of the various hardware and software used in developing and delivering multimedia. Emphasis on how multimedia is used in education and training. Provides a basic understanding of the process used to define and develop multimedia applications.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.		Occ	L+L 2.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CIS143	Introduction to Critical Infrastructure Protection		History and overview of critical infrastructure protection and its ties within the Department of Homeland Security prior to and after September 11, 2001. Focus on risk management associated with sectors specific industries and provides and overview of the public and private partnerships, along with laws and standards developed to protect critical infrastructures.	Prerequisites: A grade of C or better in CIS111 or permission of Instructor.		Occ	LEC 3.0 3.0 3.0
CIS150	Programming Fundamentals		Structured program design and logic tools. Use of computer problems to demonstrate and teach concepts using appropriate programming language.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: CIS105 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS150AB	Object-Oriented Programming Fundamentals		Structured and Object-Oriented design and logic tools. Use of computer problems to demonstrate and teach concepts using an appropriate programming language.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: CIS105 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS151	Computer Game Development -Level I		Introduction to object-oriented game development, game design, and game theory. Use of computer software to demonstrate and teach concepts using an appropriate game development platform to model real-time simulations and create computer games using object oriented tools. Introduction to developing PC games, educational software, and training software using windows based object oriented developments tools.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CIS154	Database Modeling and Design		Top-down, systematic approach to defining a database design based on analysis of business information and requirements. Identifying and evaluating standard data model and design patterns. Developing an entity-relationship (ER) diagram that accurately reflects the business. Mapping the ER diagram to an initial database design and revising for complex entities, attributes, and relationships.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS156	Python Programming: Level I		Introduction to Python programming. Includes general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging, structured programming, and object-oriented programming.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS159	Visual Basic Programming I		Use of the Visual Basic programming language to solve problems using suitable examples from business or other disciplines	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS162	C Programming I		Beginning C programming. Includes features needed to construct programs, functions, pointers, input and output options, data types, structures, and unions, and disk file operations.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS162AB	C++: Level I		Introduction to C++ programming including general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging,	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	Course Attribute(s): General Education Designation : Computer/S tatistics/Qu antitative	Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			structured programming, and object-oriented programming		Applications - [CS]		
CIS162AC	Visual C++: Level I		Introduction to Visual C++ programming including general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging, structured programming, and object-oriented programming.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS162AD	C#: Level I		Introduction to C# programming including general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging, structured programming, and object-oriented programming	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	Course Attribute(s): General Education Designation : Computer/S tatistics/Qu antitative Applications - [CS]	Occ	L+L 3.0 4.0 4.0
CIS162RS	Rust Programming		Beginning Rust programming. Includes features needed to construct programs, functions, pointers, input and output options, data types, structures, unions, and disk file operations.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS163AA	Java Programming: Level I		Introduction to Java programming. Includes features needed to construct Java Applets, Java Applications, control structures, methods, arrays, character and string manipulation, graphics, and object-oriented programming	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	Course Attribute(s): General Education Designation : Computer/S tatistics/Qu antitative Applications - [CS]	Occ	L+L 3.0 4.0 4.0
CIS164AB	Oracle: PL/SQL Programming		Writing PL/SQL procedures, functions, and packages. Creating and managing PL/SQL program units and database triggers in Oracle development environment. Managing	Prerequisites: A grade of C or better in CIS119DO or permission of Instructor.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			dependencies and manipulating large objects				
CIS165	Introduction to IOS Application Development		Introduction to iOS device programming utilizing the XCode application, and the programming languages Objective-C and/or Swift, utilizing various iOS frameworks. Understand iOS hardware and feature basics. Go through the entire design process from concept to final product delivery.	Prerequisites: A grade of C or better in CIS150++, or CIS156, or CIS159, or CIS162++, or CIS163AA, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS165DA	Introduction to Android Application Development		Beginning with an overview of Android features, this class explores the required software tools and programming techniques for developing Android device applications from creating the user interface, working with activities, intents and views, to using databases, providing data persistence, accessing device services, to debugging and publishing applications.	Prerequisites: A grade of C or better in CIS150++, or CIS156, or CIS159, or CIS162++, or CIS163AA, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS165DB	C#/VB.NET: Windows 8 App Development		Building upon desktop application development with Visual Studio using VB.NET or C# languages, developing apps for Windows 8 utilizes Extensible Application Markup Language (XAML) for interface design. Windows 8 utilizes UI design standards that are unique from previous versions. Develop apps for Windows 8 smartphones and tablets that utilize touch input methods, translate into different resolutions, states, and orientations, and can tap into mobile features such as location	Prerequisites: A grade of C or better in CIS159 or CIS162AD or permission of Instructor.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			and acceleration sensors. Includes working with external data and packaging for Windows Store distribution.				
CIS165DC	Xamarin/C# Cross-Platform Development		Develop cross-platform mobile apps for iOS, Android, and Windows devices using the Xamarin.Forms Platform and C#, utilizing the Visual Studio IDE. Focusing on Xamarin.Forms projects, the course includes PCL and SAP approaches to shared code, developing interfaces with XAML or in C# code, emulator testing, data binding, backgrounding, packaging for deployment. Coding techniques include Layouts and shared controls (views), MVVM pattern, LINQ, SQLite, and Dependency Injection for platform specific coding.	Prerequisites: A grade of C or better in CIS162AD, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS166	Web Scripting/Programmin g		Software development for Web sites, including client-side script and Common Gateway Interface (CGI) scripting. Covers Web-based transaction processing and use of databases in conjunction with the Web. Includes security issues.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS166AA	Introduction to JavaScript		Introduction to basic JavaScript programming concepts including syntax. Covers Hypertext Markup Language (HTML), programming logic and debugging, as well as forms manipulation and animation.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS166AC	Web Scripting with Active Server Pages (ASP).NET		Introduction to web scripting using Microsoft's ASP.Net (Active Server Pages).	Prerequisites: A grade of C or better in CIS133DA		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Web application development using Hypertext Markup Language (HTML), ASP.Net Web Forms, programming logic, and Structured Query Language (SQL).	and (CIS159 or CIS162AD) or permission of Instructor.			
CIS166AE	Web Scripting with PHP: Hypertext Preprocessor (PHP)		Introduction to web scripting with PHP (PHP: Hypertext Preprocessor). Web application development using Hypertext Markup Language (HTML), PHP, programming logic, and Structured Query Language (SQL).	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS171	Survey of Blockchain Technology		This survey class will introduce you to the exciting world of distributed ledger technology (i.e. the blockchain), cryptocurrencies such as Bitcoin and Ether as well as smart contracts. The emphasis is on the blockchain's role in revolutionizing business. Basic knowledge of computer operation and the ability to browse the Internet are recommended.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CIS175SA	Interconnecting Cisco Network Devices		Procedures for interconnecting existing computer networks. Emphasis on internetworking, layer usage, and software configuration. Covers router and switch usage, protocol suite and wide-area networking, as well as Internet protocol address and routing configuration. Also includes frame relay and X.25 configuration, access list traffic management, and alternate router access information.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CIS189	Virtualization and IT Solutions for Digital Businesses		Introduction to Virtualization course is designed to teach basic virtualization computing concepts to learners. It then expands on the basic technical introduction provided and explores the concepts in more detail with an emphasis on mapping the technologies to business needs and solutions. This course is suitable for anyone who wants to know more about terms like "cloud" and "virtualization." It will serve as a foundation to build upon when students learn how to design, install and configure various cloud technologies.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CIS190	Introduction to Networking		Overview of networks. Emphasis on the elements of a network, current issues and products, and use of a network. Includes terminology, hardware and software components, connectivity, resource monitoring and sharing, electronic mail and messaging, and security issues. Helps prepare students for the CompTIA Network+ examination.	Prerequisites: None. Corequisites: CIS105 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS197	VMware ESXI Server Enterprise		Introduction to vSphere and VMware ESXI server in the enterprise. Covers many aspects of virtualization for VMware ESXI server administration. Designed to develop knowledge and skills required to install, configure and troubleshoot a VMware ESXI Server (vSphere) including basic network functions.	Prerequisites: A grade of C or better in [CIS105 and (BPC270 or MST150++) and (CIS126DL or CIS126RH) and (CIS190 or CNT140AB)] or permission of Instructor.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CIS198	VMware vSphere: Optimize and Scale		VMware vSphere: Optimize and Scale is designed for experienced VMware vSphere users. It teaches advanced skills for configuring and maintaining a highly available and scalable virtual infrastructure. Through a mix of lecture and hands-on labs, you will configure and optimize the vSphere features that build a foundation for a truly scalable infrastructure and discuss when and where these features have the greatest effect. It enables you to understand vSphere at a deeper level and how to use advanced features and controls.	Prerequisites: A grade of C or better in CIS197.		Occ	L+L 3.0 4.0 4.0
CIS200	VMware NSX: Install, Configure, Manage		This comprehensive, fast-paced training course focuses on installing, configuring, and managing VMware NSX. This course covers NSX as a part of the software-defined data center platform, implementation use cases along with features of NSX, and functionality operating at Layer 2 through Layer 7 of the OSI model. Lecture and hands-on lab activities support the student's understanding of NSX features, functionality, and on-going management and control.	Prerequisites: A grade of C or better in CIS197.		Occ	L+L 3.0 4.0 4.0
CIS201	Introduction to Operational Technology		Differences between Operational Technology (OT) and Information Technology (IT). Focus on the components and their uses within an OT system. Addresses the inherent threats, physical and cyber related, to an	Prerequisites: A grade of C or better in CIS270, or ITS110, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			OT system when connected to an IT system needed to be addressed in order to maintain security and resilience.				
CIS202	Introduction to Smart Grid Security		Focus on differences between control systems, used to control physical and computer information systems, used to process data, in the Power and Utility industry. Power Systems industry, system elements, functions and security risks are covered.	Prerequisites: A grade of C or better in (CIS270 or ITS110) and CIS143, or permission of Instructor.		Occ	LEC 3.0 3.0 3.0
CIS203	Principles of the Risk Management Framework		History and overview of the Federal Information Security Modernization Act (FISMA) and its effect on cybersecurity management and oversight. Focus of the Risk Management Framework (RMF) and its use in the process of authorizing information systems to operate under the FISMA guidelines.	Prerequisites: A grade of C or better in CIS270, or ITS110, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS213DE	Advanced Microsoft Word: Word Processing		Using advanced word processing software features to perform tasks such as mail merge, collaboration, web pages, math functions, macros, photo enhancements, graphics, tables, forms and manage long documents.	Prerequisites: A grade of C or better in CIS113DE or (CIS113AE and CIS113BE and CIS113CE) or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS214DA	Advanced Excel for Data Analytics		Advanced Excel spreadsheet features for data analytics including advanced functions, PivotTables, Data Modelling, Dashboard creation and forecasting for Business Intelligence (BI). Includes capstone project of an interactive dashboard using a multi-table Excel Data Model.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: [CIS114DE and (CIS117DM or CIS276DA or CIS276DB)],	A basic understanding of statistics is required.	Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
				or permission of Instructor.			
CIS214DE	Advanced Excel Spreadsheet: Level II		Advanced Excel spreadsheet features including formatting techniques, macros and Visual Basic for applications. Templates, built-in functions and lists as well as analysis tools including Pivot Tables and Goal Seek covered. Import and export data, workgroup collaboration and Internet features of Excel emphasized.	Prerequisites: A grade of C or better in CIS114DE or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS215	Foundations of Data Analytics and Programming		Overview of data analytics and programming, concepts, terminology, and how analytics and programming are used professionally in business. Use of office application software, dashboards and Integrated Development Environments (IDEs). Includes exploration of relevant emergent technologies.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: CIS105 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS216	Data Governance, Management, and Quality		Overview of data governance, data management, and data quality concepts and terminology, and the roles of individuals and businesses with respect to data governance, data management and data quality in analytics. Use of word processing, spreadsheet, database and presentation software. Will demonstrate and use data governance, data management and data quality frameworks and models.	A grade of C or better required in all Prerequisites. Prerequisite or Corequisites: CIS215 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS217AM	Advanced Microsoft Access: Database Management		Advanced database concepts including database design, primary and secondary key selection and	Prerequisites: A grade of C or better in CIS117CM or CIS117DM.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			relationships between tables. Queries, sub forms, macros, events, Visual Basic modules and Access Internet features also covered				
CIS220DC	Flash: Advanced Animation and ActionScript		Advanced Flash programming, action scripting, tweening, advanced buttons and user input, movie clips, using dynamic sound and text, managing information flow, Object-Oriented Programming concepts in relation to Flash.	Prerequisites: A grade of C or better in CIS120DC or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS220DF	Adobe Photoshop Level II: Advanced Digital Imaging		Goes beyond the basic use of palettes, selections, layers, menus, and tool options, and focuses on using Photoshop software's advanced features to manipulate and correct digital and digitally produced images.	Prerequisites: A grade of C or better in CIS120DF or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS220DK	Advanced Adobe Premiere		Includes an in-depth study of digital video editing using premiere, including preproduction, production and post production. Advanced techniques into a capstone project. Emphasis placed on enhanced workflow processes, integration of other applications into Premiere, multiple output formats, timesaving quick key setup and advanced production and editing tools.	Prerequisites: A grade of C or better in CIS120DA, or CIS120DK, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS221AB	Microsoft Power Shell		Microsoft Power Shell (PS) is used to aid system administrators of Microsoft Network Operating Systems (NOS) in automating many administrative tasks through shell script automation.	Prerequisites: A grade of C or better in BPC121AB CIS121AB or permission of Instructor.		Occ	L+L 1.0 2.0 2.0
CIS224	Project Management Microsoft Project for Windows		Introduction to project management concepts while working with MS	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Project to solve complex project management networks, including creating Gantt and PERT charts, tracking project progress, planning for restrictions, and integrating MS Project with other software packages such as Excel, Word, Powerpoint, and cc Mail.				
CIS225	Business Systems Analysis and Design		Investigation, analysis, design, implementation and evaluation of business computer systems.	Prerequisites: Any programming language or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS225AB	Object-Oriented Analysis and Design		Methodologies and notations for fundamental object-oriented analysis and design including use cases, objects, classes, stereotypes, and relationships. Object-oriented iterative process for system development. A continuous application development exercise for applying the analysis and design concepts.	Prerequisites: Any programming language or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS226AL	Internet/Intranet Server Administration-Linux		Configuration and management of internet/intranet services, including the Apache web server, Simple Mail Transfer Protocol servers (SMTP), Structured Query Language (SQL server), File Transfer Protocol (FTP), Network Time Protocol (NTP), and other network services used in home and small business environments. Covers basic security configuration and testing.	Prerequisites: A grade of C or better in CIS126 (any module) or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS227	Assembly Language		Concepts and use of the Assembly programming language, including basic arithmetic	Prerequisites: A grade of C or better in CIS162++ or		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			operations, flow control, and memory management.	permission of Instructor.			
CIS228	Advanced Databases for Practice Management		Advanced installation, configuration and use of Practice Management Database (Electronic Health Record software) for implementation and maintenance of for vendor specific and open source Electronic Health Records (EHRs). Configuration of policies and procedures for data control, security, privacy, and confidentiality of health information in electronic health information management systems.	Prerequisites: A grade of C or better in CIS128 or permission of Instructor.		Occ	LEC 3.0 4.0 4.0
CIS230DA	3D Studio Max: Materials		Emphasis on creating and applying materials and textures to three-dimensional environments. Techniques for creating skins, surfaces, and shading types for objects, environments and characters will be explored. Original textures, both life-like and imaginary, will be created using 3D Studio Max and a 2D computer graphics software application.	Prerequisites: A grade of C or better in CIS130DA or CIS120DF or CIS120DG or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS230DB	3D Studio Max: Lighting and Rendering		Emphasis on lighting and rendering for three-dimensional environments. Techniques for illuminating scenes and characters will be explored. Prepare scenes for rendering to video, film and real-time rendering using 3D Studio Max.	Prerequisites: A grade of C or better in CIS130DA or permission of instructor.		Occ	L+L 3.0 4.0 4.0
CIS231	Ethereum Blockchain Application Development		Exploration of the theory behind Ethereum blockchain technology and the development of Ethereum smart contracts. In-depth	Prerequisites: A grade of C or better in CIS171 or permission of Instructor.	CIS156, CIS159, CIS162++, CIS163AA, or equivalent	Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			emphasis on programming concepts relating to the creation and eventual deployment of smart contracts to the Ethereum blockchain.		skills are recommend ed.		
CIS233AA	Internet/Web Development Level II-A		Design and creation of pages on the World Wide Web using hypertext markup language (HTML). Hands-on experience authoring HTML and preparing sophisticated web documents.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.		Occ	L+L 1.0 2.0 2.0
CIS233AC	Internet Web Development: Dreamweaver Level I		Design and development of websites using Dreamweaver. Hands-on experience designing, developing, testing, and publishing web documents that contain client-side web technologies.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.		Occ	L+L 1.0 2.0 2.0
CIS233BA	Internet/Web Development Level II-B		Hands-on experience designing Web presentations using advanced markup languages, programming languages, scripts, and multimedia	Prerequisites: A grade of C or better in CIS233AA or permission of Instructor.		Occ	LEC 1.0 1.0 1.0
CIS233DA	Internet/Web Development Level II		Plan, design and create web sites using HTML and Advanced Cascading Style Sheets (CSS). Expedite the development process using CSS frameworks and libraries. Enhance user experience and web site functionality using supporting technologies. Exploration of User Interface (UI) and User Experience (UX), best practices, accessibility, strategies, and careers in web design and development.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS233DC	Internet Web Development: Dreamweaver		Design and development of comprehensive and interactive websites using Dreamweaver. Hands-on experience	Prerequisites: A grade of C or better in CIS132 or CIS133DA or		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			designing, developing, testing, and publishing web documents that contain various client-side web technologies. Assists in preparing students for the Adobe Certifications related to Adobe Dreamweaver.	permission of Instructor.			
CIS234	XML Application Development		The use of Extensible Markup Language (XML) to make documents smarter, simplify Web automation, and to communicate between databases, both within and between corporations. Includes techniques for XML generation, data extraction and sharing, and transformation and managing of XML files.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS235	e-Commerce		Introduction to Electronic Commerce on the Internet. Designing an electronic storefront including web page content and development, e-commerce site marketing, advertisement, legal and security considerations, credit card and other debit transaction covered. Also includes current issues in e-commerce.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS236	Web-Based Teaching and Learning I		Experience using a web-based learning environment from an online student's perspective. Use communication tools, submit assignments, use evaluation tools, create homepages, and navigate online-learning environment. Introduction to basics of online pedagogy. Hands-on experience with a web-based learning environment.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.		Occ	L+L 2.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CIS237	Web-Based Teaching and Learning II		Create an online or hybrid course using a web-based learning environment. Create, prepare, and manage content and resource files; locate and add resources; and manage a course homepage. Add, delete, and revise tools; create, maintain, and release quizzes and assignments; and manage a course. Track students, data, and revise student grades, submissions, and attendance. Hands-on experience with creating a course using a web-based learning environment	Prerequisites: A grade of C or better in CIS236 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS238DL	Linux System Administration		Managing Linux Operating Systems including sophisticated manipulation of file structures, backup systems, printing processes, troubleshooting, user account management, hard disk maintenance and configuration, process monitoring and prioritizing, kernel customization, and system resource control. Preparation for industry certifications such as the CompTIA Linux+, the Red Hat Certified System Administrator (RHCSA), the Red Hat Certified Engineer (RHCE) and the Linux Professional Institute (LPIC-1).	Prerequisites: A grade of C or better in CIS126DL or CIS126RH or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS238RH	Red Hat System Administration II		Continue to develop core administration skills needed to manage a Red Hat Enterprise Linux system. This Red Hat Academy course helps to prepare students for the Red Hat certification exams using	Prerequisites: A grade of C or better in CIS126RH, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			a hands-on, task-focused curriculum.				
CIS239DL	Linux Shell Scripting		Linux Shell Scripting syntax and methods including the automation of system tasks as well as interpreted user-level programming. Course includes the Linux Borne Again Shell (BASH) as well as a variety of industry competitors.	Prerequisites: A grade of C or better in CIS238DL or CIS238RH or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS240	Local Area Network Planning and Design		Analysis of the needs and requirements for a local area network (LAN). Emphasis on basic systems analysis and design for a local area network, selection of appropriate hardware and software components. Includes current and future issues, needs analysis, cost estimation, selection of connectivity and network components, and issues relating to access, security, and support	Prerequisites: A grade of C or better in CIS190 or MST140 or permission of Instructor.		Occ	LEC 3.0 3.0 3.0
CIS240DL	Linux Network Administration		In depth networking based on Linux servers and the Transmission Control Protocol/Internet Protocol (TCP/IP) protocol suite. Integrating Linux servers and workstations into a network environment with multi-platform network operating systems including a variety of open-standard and proprietary protocols. Preparation for industry certifications such as the CompTIA Linux+, the Red Hat Certified System Administrator (RHCSA), the Red Hat Certified Engineer (RHCE) and the Linux Professional Institute (LPIC-1).	Prerequisites: A grade of C or better in CIS238DL or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS240RH	Red Hat System Administration III		Provides solid understanding of how to	Prerequisites: A grade of C		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			automate services on a Linux system. Covers use of Ansible to automate provisioning, configuration, application deployment, and orchestration on Red Hat Enterprise Linux 8. Content aligns with the Red Hat Certified Engineer (RHCE - EX294) exam, a professional certification.	or better in CIS238RH or permission of Instructor.			
CIS243	Internet/Web Development Level III		Development of interactive websites with graphics, video, and sound using advanced web design techniques and tools. Design theory for maximizing web readership, interactive and multimedia elements, speed and accessibility optimization, and intuitive user interfaces	Prerequisites: A grade of C or better in CIS233DA or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS250	Management of Information Systems		The study of business information systems and its management, communication, e-business strategies, emerging technologies, database concepts, and project management. Overview of systems analysis and design. Learn about the competitive and strategic uses of information systems and how they are transforming organizations and their management.	Prerequisites: A grade of C or better in CIS105.		Occ	L+L 3.0 4.0 4.0
CIS251	Computer Game Development -Level II		Advanced object-oriented game development, advanced game design, and advanced game theory. Use of game development software tools to demonstrate advanced concepts for modeling real-time simulations and creating computer games using object oriented	Prerequisites: A grade of C or better in CIS151 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			development tools. In depth coverage of game programming (scripting) techniques, and decision logic using object oriented techniques.				
CIS252	Introduction to Kubernetes Administration		Provides students skills and knowledge to perform the responsibilities of a Kubernetes administrator. Includes covering the cluster architecture, installation, configuration, workloads, scheduling, services, networking, storage and troubleshooting. Helps students prepare for the Certified Kubernetes Administrator (CKA) certification.	Prerequisites: A grade of C or better in CIS238DL or CIS238RH or permission of Instructor.		Occ	L+L 4.0 5.0 5.0
CIS254	Introduction to Kubernetes Application Development		Provides students skills and knowledge to perform the responsibilities of a Kubernetes application developer. Helps students prepare for the Certified Kubernetes Application Developer (CKAD) certificate.	Prerequisites: A grade of C or better in CIS126DL or CIS126RH or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS255	Introduction to Kubernetes Security		Provide students with skills and knowledge on a broad range of best practices for securing container-based applications and Kubernetes platforms during build, deployment, and runtime. Helps students prepare for Kubernetes Security Specialist (CKS) Certification.	Prerequisites: A grade of C or better in CIS252 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS256	Python Programming Level II		Advanced Python object-oriented programming concepts and applications. Emphasis on code documenting, versioning, unit testing strategies, and security practices for Python project/package development. Includes Python applications for	Prerequisites: A grade of C or better in CIS156 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			data analysis, networking, database manipulation, and web application development.				
CIS256CN	Python for Cybersecurity and Networking		Focus on practical applications of Python frameworks and libraries to support offensive and defensive cybersecurity operations and the management of network devices.	Prerequisites: A grade of C or better in (CIS156 and CNT140AB), or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS256DA	Python for Data Analysis		Introduction to data analysis concepts using Python's rich set of tools, libraries, and packages. Includes basic data analysis, creation of meaningful data visualizations, and advanced topics such as supervised and unsupervised machine learning techniques.	Prerequisites: A grade of C or better in CIS156 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS259	Visual Basic Programming II		Use of the Visual Basic programming language to identify and solve advanced problems using suitable examples from business or other disciplines.	Prerequisites: A grade of C or better in CIS159 or permission of Instructor.		Occ	LEC 3.0 4.0 3.7
CIS260BI	Data Visualization: Power Business Intelligence (BI)		This data visualization course covers the graphic representation of data and how to effectively and efficiently communicate it from singular and disparate data sources using Power Business Intelligence (BI). Helps students prepare for the Microsoft Power BI Data Analyst certification.	Prerequisites: A grade of C or better in CIS114DE, CIS215, and (CIS276DA or CIS276DB), or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS260TB	Data Visualization: Tableau		This data visualization course covers the graphic representation of data and how to effectively and efficiently communicate it from singular and disparate data sources using Tableau. Helps students prepare for the Tableau Certified Data Analyst certification.	Prerequisites: A grade of C or better in CIS114DE, CIS215, and (CIS276DA or CIS276DB), or permission of Instructor.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CIS261	Hyperledger Blockchain Application Development		Exploration of the theory behind Hyperledger blockchain technology and the development of Hyperledger smart contracts. In-depth emphasis on programming concepts relating to the creation and eventual deployment of smart contracts to the Hyperledger blockchain.	Prerequisites: A grade of C or better in CIS171 or permission of Instructor.	CIS156, CIS159, CIS162++, CIS163AA, or equivalent skills are recommend ed.	Occ	L+L 3.0 4.0 4.0
CIS262AB	C++: Level II		Advanced level C++ programming with emphasis on arrays, data management, dynamic memory allocation, object-oriented programming concepts, input/output operations, libraries, and debugging techniques. Includes overview of other advanced applications of C++.	Prerequisites: A grade of C or better in CIS162AB or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS262AD	C# Level II		Advanced C# programming with emphasis on data structures, dynamic memory allocation, object-oriented programming, user interfaces, and database processing. Overview of web applications, network programming, and reporting tools	Prerequisites: A grade of C or better in CIS162AD or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS263AA	Java Programming: Level II		Intermediate Java programming. Includes features needed to construct object-oriented programming, multithreading, multimedia, files, streams and data structure	Prerequisites: A grade of C or better in CIS163AA or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS265	Advanced iOS Application Development		Advanced iOS device programming utilizing the Swift/XCode application, and the programming languages Objective-C and/or Swift, utilizing various iOS frameworks. Understand iOS hardware and	Prerequisites: A grade of C or better in CIS150++ and CIS165, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			feature basics. Go through entire design process from concept to final product delivery.				
CIS265DA	Advanced Android Application Development		Advanced Android device programming utilizing an Android Integrated Development Environment, and an Android-focused programming language such as Java or Kotlin, utilizing various advanced activity layouts, views, and intents. Covers advanced Object Oriented Programming (OOP) practices, local and cloud-based database backends, threading, incorporating device features and sensors, and unit testing.	Prerequisites: A grade of C or better in CIS165DA or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS266	Network Integration Capstone		Application of project management, installation and troubleshooting to integrate multiple operating systems. Topics include: diagnostic and troubleshooting procedures, security vulnerability and penetration software to installation.	Prerequisites: A grade of C or better in [(CIS238DL or CIS238RH) and (CIS240DL or CIS240RH)], or CNT160AB, or [(MST155DC and MST157DC) and (CIS270 or CIS271DL or CIS271RH or CNT205)], or associated industry certifications, or permission of Instructor.		Occ	L+L 4.0 5.0 5.0
CIS267	Pega System Architect Essentials		An overview of the Pegasystems low-code platform for Artificial Intelligence (AI)-powered decisioning and workflow automation. Topics covered will include case management, data and	Prerequisites: A grade of C or better in (CIS126DL or CIS126RH), CIS133DA, CIS263AA, and		Occ	L+L 4.0 5.0 5.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			integration, security, Dev-Ops, the user experience, application development, reporting, and mobility. The course will prepare you to take the Certified Pega System Architect (CPSA) exam. Completing the CPSA exam is a requirement to pass the course.	CIS276DA or permission of Instructor.			
CIS270	Essentials of Network and Information Security		Threats to security of information systems; responsibilities and basic tools for information security, including communication security, infrastructure security, organizational security and basic cryptography. Introduction to the language of network security and hardware, software and firmware components of an information security system for local, metropolitan, enterprise, and wide area networks. Helps prepare participants for the Comptia Security+ exam and the GIAC Security Essentials Certificate (GSEC).	Prerequisites: A grade of C or better in BPC270 or CIS190 or CNT140AB or MST150++ or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS271DL	Linux Security		Implementing in-depth security methods and techniques in a Linux-based network environment. Utilize programs, utilities and configuration techniques to provide user-level, file system, and network security. Gain knowledge in a variety of security cracking techniques and how to guard against them. In all aspects of security, the standard of practicing professional ethics seriously emphasized. Preparation for industry certifications	Prerequisites: A grade of C or better in CIS240DL or Permission of Instructor.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			such as the SAIR/GNU LCP and LCA certificates, CompTIA's Linux+, RHCT, RHCE, and LPIC				
CIS271RH	Red Hat System Administration IV		Provides solid understanding on containers, containerized applications, and orchestration of containers using Kubernetes and Red Hat OpenShift on Red Hat Enterprise Linux.	Prerequisites: A grade of C or better in CIS238RH or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS275DL	Linux Capstone		The Linux Capstone course aggregates the skills, knowledge, communication, and critical thinking skills from the Linux Program. This course is to emulate a production environment that prepares students to work as a Linux Systems Administrator. The course helps to prepare students for Linux Industry certification exams.	Prerequisites: A grade of C or better in CIS240DL, or CIS240RH, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS276DA	MySQL Database		A broad overview of the MySQL database. Includes Structured Query Language (SQL) instruction for data definition, data manipulation, and data retrieval. Develops knowledge and skills required to install MySQL, model and create new databases, manage users, authentication, and stored procedures, and develop backup/restore strategies.	Prerequisites: A grade of C or better in CIS105, or CIS117DM, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS276DB	SQL Server Database		A broad overview of the Microsoft Structured Query Language (SQL) Server database. Includes SQL instruction for data definition, data manipulation, and data retrieval. Develops knowledge and skills	Prerequisites: A grade of C or better in CIS105, or CIS117DM, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			required to install SQL Server, model and create new databases, manage users, authentication, and stored procedures, and develop backup/restore strategies.				
CIS276DC	NoSQL		A broad overview of Not Only SQL (NoSQL) databases. Contrast NoSQL databases to the Structured Query Language (SQL) databases. Includes NoSQL instruction for data definition, data manipulation, and data retrieval. Develops knowledge and skills required to install NoSQL Servers, model and create NoSQL databases, manage users, authentication, and stored procedures equivalents, and develop backup/restore strategies.	Prerequisites: A grade of C or better in CIS215 and (CIS276DA or CIS276DB), or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS280	Current Topics in Computing		Critical inquiry of current topics in computing. Application of industry trends to solve problems and/or investigate issues	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CIS280AA	Current Topics in Computing		Critical inquiry of current topics in computing. Application of industry trends to solve problems and/or investigate issues	Prerequisites: None.		Occ	L+L 1.0 2.0 2.0
CIS280AB	Current Topics in Computing		Critical inquiry of current topics in computing. Application of industry trends to solve problems and/or investigate issues	Prerequisites: None.		Occ	L+L 2.0 3.0 3.0
CIS282AA	Volunteerism for Computer Information Systems: A Service Learning Experience		Service learning field experience within private/public agencies, educational institution, and citizen volunteer groups.	Prerequisites: Permission of Instructor.	CIS282AA may be repeated for a total of six (6) CIS282 credit hours. Standard grading available according to	Occ	LAB 1.0 1.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
					procedures outlined in catalog.		
CIS284	Certified Internet Web (CIW) Associate Certification Preparation Course		Explain and implement Internet technologies, network infrastructure, and protocols. Utilize a variety of markup languages and web technologies to design web pages. Utilize job skills such as project management. Explore best practices/issues for web design, publishing, and e-commerce. Prepare for Certified Internet Web (CIW) Associate Examinations.	Prerequisites: A grade of C or better in CIS233DA or permission of Instructor.		Occ	L+L 4.0 5.0 5.0
CIS285	Computer Information Systems Capstone Project		Students will create a capstone project with opportunities for individualized research and application of aggregate technology and professional knowledge and skills obtained throughout the student's program of study. Focus on communication, problem solving, critical thinking, and project management skills.	Prerequisites: Permission of Program Director or Instructor.		Occ	L+L 3.0 4.0 4.0
CIS286	Technology Team Peer Mentorship		Students will have an opportunity to mentor other students and work as a team to develop and support a technology project related to their program of study paralleled by professional expertise and guidance from team members, faculty, and/or industry mentor. Focus on application of technology knowledge to the development of a team project to solve real world technology problems/needs with an innovative technology focus. Focus on the team experience and project and workforce	Prerequisites: A grade of C or better in EPS151. Corequisites: CIS285.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			development, management and research, as well as mentoring and collaborative professional behaviors needed to facilitate innovations for profitable commercial feasibility.				
CIS288	Digital Design Portfolio		Procedures for compiling, evaluating, and selecting prior learning experiences and artifacts for a digital portfolio. Covers techniques for the design, production, and publishing of an online portfolio documenting prior learning. Includes techniques for presenting the digital portfolio for evaluation.	Prerequisites: A grade of C or better in BPC/CIS133 DA and (BPC/CIS120 DB or BPC/CIS120 DF or BPC/CIS138 DA) or permission of Instructor.		Occ	L+L 2.0 3.0 3.0
CIS290AA	Computer Information Systems Internship		Work experience in business or industry	Prerequisites: Permission of Instructor.		Occ	LAB 1.0 6.0 0.0
CIS290AB	Computer Information Systems Internship		Work experience in business or industry	Prerequisites: Permission of Instructor.		Occ	LAB 2.0 12.0 0.0
CIS290AC	Computer Information Systems Internship		Work experience in business or industry	Prerequisites: Permission of Instructor.		Occ	LAB 3.0 18.0 0.0
CIS296WB	Cooperative Education		Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. COMMON COMPETENCY COURSE	Prerequisites: Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently		Occ	LAB 2.0 10.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			concepts and experiences from prior courses) and skills (Integrated Development Environment (IDE) tools, and programming languages) on complex integrated and non-integrated disparate datasets, by testing, designing, and creating algorithms that lead to improved decision making.	CIS214DA, CIS215, CIS256DA, CIS260BI, CIS260TB, CIS262AD, and (CIS276DA or CIS276DB), or permission of Instructor.			
CIS318	Predictive Analytics		Study of predictive analytics and how to apply statistical tools and methods on historical and current datasets and multi-domain cases previously analyzed for the purposes of yielding accurate inferential and predictive analytic results. Apply advanced and emergent statistical tools and methods, while modeling practices and processes, that facilitate the maturation of organizational analytic capabilities toward a desired future state. Predict analytical outcomes that are repeatable, and consistent with hypotheses, which lead to improved business decisions.	Prerequisites: A grade of C or better in CIS215, CIS256, CIS256DA, CIS316 and GBS220, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS324	Information Technology Project Management		Covers the general aspects of project management and emphasizes the important special considerations which apply to information technology projects. Covers principles for managing multiple IT projects and project portfolios, including use of waterfall and agile methodologies. Explores best practices for project management in	Prerequisites: A grade of C or better in CIS224.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			information technology departments. Includes analysis of budgets, risk management, and cost estimation / justification techniques.				
CIS350	Advanced Information Technology Management		Course expands upon fundamental concepts and focuses on management of information technology systems in organizations. Explores management processes and procedures for planning, implementation, and operation of information systems with an emphasis on operational management. Examines real world successes and failures of technology management. Equips students with knowledge of current information technology management and decision support systems.	Prerequisites: A grade of C or better in CIS250.		Occ	LEC 4.0 4.0 4.0
CIS360	Data Analysis		Introduces processes of obtaining, preparing, analyzing and presenting visualized data using appropriate software. Provides an understanding of data interpretation and its practical application in a business. Introduces data governance strategies ensuring data quality throughout the complete lifecycle of the data. Covers data analytics and mining techniques within the context of supporting data-driven decision making.	Prerequisites: A grade of C or better in CIS156, CIS215, and ((MAT140 or MAT141 or MAT142 or MAT145 or MAT146), or higher level mathematics course, or appropriate district placement).		Occ	LEC 4.0 4.0 4.0
CIS376	Database Management and Security		Overview of the functional areas, concepts and techniques of database management and security. Topics include	Prerequisites: A grade of C or better in CIS119DO, or CIS276DA,		Occ	LEC 4.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			business and regulatory requirements, database architecture and design, access control, retrieval concepts, data auditing, incident response and optimal database system performance, security and availability. Explores new directions in database management and security.	or CIS276DB.			
CIS390	Network Management		Course explores principles of network management architecture within the Information Technology (IT) life cycle, including network management principles; network design and optimal performance; network maintenance, common problems and solutions; business practices in network management; and effective stakeholder communication. Students will work individually and in teams to evaluate and design network systems and solutions to address business problems and end user needs.	Prerequisites: A grade of C or better in CIS105, and (CNT140AB or CIS190).		Occ	LEC 4.0 4.0 4.0
CIS411	Ethics, Regulations, and Legal Issues in Information Technology		Covers ethical and regulatory issues in information technology (IT) and creates a foundation for analyzing and addressing evolving legal concerns. Provides an overview of laws concerning computer and network security, business policy, and legal boundaries for systems authorization. Examines ethical, legal, and professional ramifications on leadership practices in an organization's technology environment.	Prerequisites: A grade of C or better in CIS111 or ITS120.		Occ	LEC 3.0 3.0 3.0
CIS415	Big Data		Study of the fundamentals and	Prerequisites: A grade of C		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			characteristics of Big Data. Evaluation of existing Big Data processing platforms and tools. Developing skills to handle and implement Big Data projects, including machine learning concepts.	or better in CIS256, CIS256DA, CIS262AD and CIS318, or permission of Instructor.			
CIS416	Presentation of Analytics and Programming Results and Solutions		Use of data analytic tools, programming methods, nominal (components/elements), and ordered steps to proficiently and effectively deliver comprehensive results and understanding, ranging from simple to complex data. Guide technical and non-technical audiences in understanding data and establish opportunities for the audience to believe it. Mitigate the problems that can be caused by poor decision making due to mis-understandings, mis-interpretations, mis-representations and disconnections among organizational members with respect to the meaning of results.	Prerequisites: A grade of C or better in CIS256, CIS260BI, CIS260TB, CIS262AD, (CIS276DA or CIS276DB), CIS317, and CIS318, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS470	Enterprise Cyber Security		Provides overview of various concepts and principles in information technology (IT) security and the management of IT security plans to mitigate information security (IS/IT) related security risks. Covers evaluation of cybersecurity plans and policies and the impact of laws, regulations, and codes of professional behavior with respect to cybersecurity. Includes preparation of responses to cybersecurity incidents and overview	Prerequisites: A grade of C or better in CIS270.		Occ	LEC 4.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			of various concepts of IT security.				
CIS475	Emerging Trends in Information Technology		Course focuses on identification of and research in the emerging trends in Information Technology (IT). Selected topics could be within the areas of Kubernetes, Edge Computing, Ethics in Artificial Intelligence (AI), Blockchain, Automation and AI, Telehealth Solutions, Internet of Things (IoT), Augmented Reality, Hyperautomation, Development Operations (DevOp), 5G, and/or other emerging issues. Course includes discussion of contemporary topics, research in selected areas, and course projects related to student interests.	Prerequisites: A grade of C or better in (CIS190 or CNT140AB) and CIS270.		Occ	LEC 4.0 4.0 4.0
CIS480	Data Analytics and Programming Capstone		Capstone project with opportunities for individualized research and application of aggregate technology and professional knowledge and skills obtained throughout the student's program of study. Focus on communication, problem solving, critical thinking, and project management skills.	Prerequisites: A grade of C or better in CLD120, CIS216, CIS224, CIS256, CIS262AD, CIS260BI, CIS260TB, (CIS276DA or CIS276DB), CIS315, CIS317, and CIS318, or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CIS490	Applied Data Analytics and Programming Internship		Work experience in business or industry with an emphasis on data analytics and programming for business, not-for-profit, or industry. Application and aggregate of technical knowledge, communication, problem	Prerequisites: Enrollment in final semester before award completion and permission of Department/ Division		Occ	LAB 3.0 3.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			solving, and critical thinking with a data analytics and programming focus.	Chair, or Program Director or Instructor.			
CLD110	Amazon Web Services Cloud Foundations		Provides a detailed overview of cloud concepts, Amazon Web Services (AWS) core services, security, architecture, pricing, and support. Intended for students who seek an overall understanding of cloud computing concepts, independent of specific technical roles. Helps to prepare students for the AWS Certified Cloud Practitioner exam.	Prerequisites: None. CIS105 suggested but not required.		Occ	L+L 3.0 4.0 4.0
CLD120	Amazon Web Services Cloud Architect Associate		Fundamentals of building IT infrastructure on Amazon Web Services (AWS). Focus on how to optimize use of the AWS Cloud by understanding AWS services and best practices for the AWS Cloud and how they fit into cloud-based solutions. Covers design patterns for architecting optimal IT solutions on AWS, as well as strategies and services implemented on AWS.	Prerequisites: A grade of C or better in CLD110 or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CLD130	Amazon Web Services Cloud Developing		Designed to provide technical knowledge and skills in cloud technology that can be developed with Amazon Web Services (AWS) software development kit (SDK). Focus on best practices for building and deploying secure applications in the AWS Cloud. Helps to prepare students for the AWS Certified Developer - Associate examination.	Prerequisites: A grade of C or better in CLD120 or equivalent AAWS Certified Solutions Architect - Associate certification. CLD110 and CNT140AB recommended.	Knowledge of at least one programming language, such as Python, C++, JavaScript, Ruby, C# (C-Sharp), is recommended.	Occ	L+L 3.0 4.0 4.0
CLD140	Amazon Web Services Cloud Operations		Designed to provide technical information and skills required to implement automatable	Prerequisites: A grade of C or better in CLD120 or	Knowledge of at least one programming	Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			and repeatable deployments of networks and systems on Amazon Web Services (AWS). Describes specific AWS features and tools related to configuration and deployment. Emphasis on best practices in the AWS Cloud and recommended design patterns, problem-solving and troubleshooting. Helps prepare students for the AWS Certified SysOps Administrator - Associate exam.	equivalent AAWS Certified Solutions Architect - Associate certification. CLD110 and CNT140AB recommende d.	g language, such as Python, C++, JavaScript, Ruby, C# (C-Sharp), is recommend ed.		
CLD417	Cloud Analytics		Conduct cloud analysis with practical, real-world examples. Analyze data sets and create visual representation of that data, using a case-study approach. Hands-on experience working with cloud data at scale.	Prerequisites: A grade of C or better in CLD120, CIS215, CIS156, CIS162AD, CIS260BI, CIS260TB, and (CIS276DA or CIS276DB), or permission of Instructor.		Occ	L+L 3.0 4.0 4.0
CNS102	Foundations for Apprenticeship		The demographics and industry projections of the building and construction trades. Structure and purpose of registered apprenticeship. Apprenticeship roles and responsibilities. Overview of fluctuation in employment and finances inherent to the construction trades. Emphasis on preparation for periods of high and low employment debt management within registered apprenticeship.	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
CNS110	Green Construction Overview		Overview of 'green construction'. Green energy vs. green	Prerequisites: Registered apprentice		Occ	LEC 0.5 0.5 0.5

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			building, U.S. Green Building Council (USGBC) and the building life cycle, five main areas of green building standards, Leadership in Energy and Environmental Design (LEED) accreditation, and LEED certification.	status or permission of the Apprenticeship Coordinator.			
CNS182	Construction Estimating and Print Reading		Analysis and interpretation of construction drawings (blueprint reading); interpretation of symbols, annotations, conventions, and terms of trade. Emphasizes learning quantities of material, equipment, and labor for a construction project. Includes a focus on procedures used to apply timely unit costs. Covers Occupational Safety and Health Administration (OSHA) Safety Standards and their impact on construction cost.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CNS200	Construction Management: Field Operation		Procedures and methods used by construction contractors to manage field operation during various phases of a project. Includes project team, job scheduling, personnel relations, use of the construction documentation on site, inspection techniques, safety issues, scope and supervision of the overall construction process.	Prerequisites: A grade of C or better in CON181 and CON244, or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
CNS201	Construction Management: Office Operation		Skills and techniques required to manage construction office operations. Includes establishing and financing the business, marketing, office operations, and maintaining relationships with other construction	Prerequisites: A grade of C or better in (CON130, CON181, and CON244), or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			industry entities through a systematic planning approach.				
CNS205	Sustainable Construction/LEED Certification		Fundamentals of major components of sustainable design and construction, including energy, health care facilities, cultural and natural resources, and other environmental and economic issues of sustainable built environments. Importance of a collaborative team effort with owner, developers, architects, engineers, and constructors will be integrated into the course. Issues impacting schedule and budgets of sustainable construction projects will be analyzed. Prepares student for the Leadership in Energy and Environmental Design (LEED) Certification Exam.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CNS230	Computer Aided Design and Drafting (CADD) 3D for Construction & Architecture (CADD II)		Design, construction, and annotation of three-dimensional objects for construction and architecture industries using AutoCAD software.	Prerequisites: A grade of C or better in COM130 or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
CNS240	Advanced Computer Aided Design and Drafting (CADD) for Construction & Architecture (CADD III)		Use of advanced AutoCAD two- and three-dimensional commands along with various customization codes and techniques specific to architecture and construction industries	Prerequisites: A grade of C or better in CNS230 or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
CNS250	Civil Drafting I: Civil 3D		Application of civil drafting software (Civil 3D) for civil drafting and surveying. Use of coordinating geometry and survey point databases to create topographical maps. Interpreting and delineating topographical data and maps for site	Prerequisites: A grade of C or better in CON130 or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			and route work. Applying the basics of coordinate geometry (COGO) to surveying language.				
CNS251	Civil Drafting II: Civil 3D		Advanced knowledge and skill in using civil drafting software (Civil 3D) in right-of-way improvement. Use of base maps in utility and street improvement; use of street improvements in creation of maps and profiles; use of map and profiles in utility improvements.	Prerequisites: A grade of C or better in CNS250, or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
CNS252	Civil Drafting III: Civil 3D		Use of civil drafting software (Civil 3D) for site development. Includes use of engineering and surveying software in analysis and computation of earthwork and creation of site drawings.	Prerequisites: A grade of C or better in CNS251, or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
CNS271	Home Inspection Structure		Home inspection practices for foundation, footings, roof, and framework, including floor, wall, and ceiling. Covers structural considerations and reporting practices.	Prerequisites: A grade of C or better in (CON244 and CON262) or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
CNS272	Home Inspection Plumbing, Electrical and HVAC		Home inspection practices for plumbing, electrical, heating, cooling, and air conditioning, and defects of exposed parts of these systems in a house structure. Includes components of systems and reporting practices.	Prerequisites: A grade of C or better in CON244 and CON262, or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
CNS273	Home Inspection: Insulation and Interiors		Home inspection practices for insulation and interiors, including walls, ceilings, floors, windows, and doors, and their possible defects. Covers reporting practices.	Prerequisites: A grade of C or better in CON244 and CON272, or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
CNS274	Home Inspection: Roofing and Exteriors		Home inspection practices for roofing and	Prerequisites: A grade of C		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross References	Description	Requisite	Course Note	Subject Type	Credits Periods Load
			exteriors of a house, and their defects. Covers reporting practices.	or better in (CON244 and CON262) or permission of Department or Division.			
CNS282AA	Volunteerism for Construction: A Service Learning Experience		Service-learning field experience within private/public agencies and citizen volunteer groups.	Prerequisites: Permission of Department or Division.	CNS282AA may not repeat specific assignment for more than three (3) credit hours. Standard grading available according to procedures outlined in college catalog.	Occ	LAB 1.0 1.0 0.0
CNS282AB	Volunteerism for Construction: A Service Learning Experience		Service-learning field experience within private/public agencies and citizen volunteer groups.	Prerequisites: Permission of Department or Division.	CNS282AB may not repeat specific assignment for more than three (3) credit hours. Standard grading available according to procedures outlined in college catalog.	Occ	LAB 2.0 2.0 0.0
CNS282AC	Volunteerism for Construction: A Service Learning Experience		Service-learning field experience within private/public agencies and citizen volunteer groups.	Prerequisites: Permission of Department or Division.	Standard grading available according to procedures outlined in college catalog.	Occ	LAB 3.0 3.0 0.0
CNS285	Introduction to Residential Plan Review		Application of international model code (building, mechanical, plumbing, and electrical)	Prerequisites: A grade of C or better in (CON244		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			to contract documents for one- and two-family dwelling residential construction.	and CON262) or permission of Department or Division.			
CNS286	Introduction to Commercial Plan Review		Application of international model codes (building, mechanical, plumbing, and electrical) to contract documents for commercial construction.	Prerequisites: A grade of C or better in (CON244 and CON263) or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
CNS290AA	Construction Internship	CON290A A	Construction internship office/field experience with private/public agencies or citizen volunteer groups. Eighty (80) hours of designated work experience.	Prerequisites: Permission of Department or Division.	CNS290AA may be repeated for a total of three (3) credits. Standard grading available according to procedures outlined in college catalog.	Occ	LAB 1.0 6.0 0.0
CNS290AB	Construction Internship	CON290A B	Construction internship office/field experience with private/public agencies or citizen volunteer groups. One hundred and sixty (160) hours of designated work experience.	Prerequisites: Permission of Department or Division.	Standard grading available according to procedures outlined in college catalog.	Occ	LAB 2.0 12.0 0.0
CNS290AC	Construction Internship	CON290A C	Construction internship office/field experience with private/public agencies or citizen volunteer groups. Two hundred and forty (240) hours of designated work.	Prerequisites: Permission of Department or Division.	Standard grading available according to procedures outlined in college catalog.	Occ	LAB 3.0 18.0 0.0
CNS290AE	Construction Internship		Construction internship office/field experience with private / public agencies or citizen volunteer groups.	Prerequisites: Permission of Department or Division.		Occ	LAB 5.0 25.0 0.0
CNS296WA	Cooperative Education		Work-college experiences that involve the combined efforts of educators and	Prerequisites: Completion of at least twelve (12)		Occ	LAB 1.0 5.0 0.0

			available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE				
CNS298AC	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE	Prerequisites: Permission of Program Director or Instructor.		Occ	LAB 3.0 3.0 0.0
CNT140AB	Introduction to Networks		Focus on the architecture, structure, functions, components, and models of the Internet and other computer networks. Principles and structure of IP addressing and the fundamentals of Ethernet concepts, media, and operations are introduced. Students will build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. Preparation for Cisco certification examination.	Prerequisites: None.		Occ	L+L 4.0 6.0 6.0
CNT150AB	Switching, Routing, and Wireless Essentials		Focus on configuring switches and routers for use in small and medium size networks. Including Virtual Local Area Networks (VLANs),	Prerequisites: A grade of C or better in CNT140AB or permission of Instructor.		Occ	L+L 4.0 6.0 6.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			VLAN trunking, Inter-VLAN routing, Spanning Tree Protocol (STP), EtherChannel, Dynamic Host Configuration Protocol (DHCP), First Hop Redundancy, Local area Network (LAN) and Switch security, and Static routing. Knowledge and skills needed to implement a Wireless Local Area Network (WLAN) is also covered. Preparation for Cisco certification examination.				
CNT160AB	Enterprise Networking, Security, and Automation		Focus on the configuration of routers and switches within small and medium size networks for advanced functionality including Open Shortest Path First (OSPF), Network security, Access Control Lists (ACLs), Network Address Translation (NAT), Wide Area Network (WAN) concepts, Virtual Private Networks (VPNs), Quality of Service (QOS), network management, design, troubleshooting, virtualization, and automation. Preparation for Cisco certification examination.	Prerequisites: A grade of C or better in CNT150AB or permission of Instructor.		Occ	L+L 4.0 6.0 6.0
CNT168	CCNA Discovery - Designing and Supporting Computer Networks		Networking design and customer support including gathering requirements, designing basic networks, establishing proof- of- concept, and performing project management tasks. Lifecycle services, including upgrades, competitive analyses, and system integration, in the context of pre-sale support	Prerequisites: A grade of C or better in CNT158.		Occ	L+L 4.0 6.0 6.0
CNT171	CCNA Exam Prep		Preparation for renewal of CCNA certification by	Prerequisites: A grade of C		Occ	L+L 1.0 2.0 2.0

Covers the implementation and troubleshooting of advanced routing technologies and services including Layer 3 VPN services, infrastructure security, and infrastructure services. Helps to prepare students to take the Implementing Cisco Enterprise Network Advanced Routing and Services (ENARSI) certification exam aligned with the CCNP Enterprise, Cisco Certified Specialist - Advanced Infrastructure Implementation certifications.	Prerequisites: A grade of C or better in CNT250AA.		Occ	L+L 4.0 6.0 6.0
COM080	Conversation Circles		Practice in conversing in English for non-native speakers. Emphasis in developing conversational techniques to facilitate building and maintaining relationships.	Prerequisites: None.	COM080 may be repeated for a total of six (6) credit hours.	Acad	LEC 3.0 3.0 3.0
COM095	Basic Oral Communication Skills		Listening, speaking, and related academic performance skills,	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			including note taking. Emphasis on activities designed to improve and synthesize these skills				
COM100	Introduction to Human Communication		Introduces the theory and practice of human communication. Surveys communication topics related to interpersonal, small group, and public communication.	Prerequisites: None.	Course Attribute(s): General Education Designation : Social and Behavioral Sciences - [SB] Arizona Shared Unique Number SUN#: COM 1100	Acad	LEC 3.0 3.0 3.0
COM100AA	Introduction to Human Communication Part I		Introduces the theory and practice of human communication. Surveys communication topics related to interpersonal, small group, and public communication.	Prerequisites: None.	Course Attribute(s): General Education Designation : Social-Behavioral Sciences - [SB] in combination with: COM100AB and COM100AC	Acad	LEC 1.0 1.0 1.0
COM100AB	Introduction to Human Communication Part II		Introduces the theory and practice of human communication. Surveys communication topics related to interpersonal, small group, and public communication.	Prerequisites: None.	Course Attribute(s): General Education Designation : Social-Behavioral Sciences - [SB] in combination with: COM100AA and COM100AC	Acad	LEC 1.0 1.0 1.0
COM100AC	Introduction to Human Communication Part III		Introduces the theory and practice of human communication. Surveys communication topics related to interpersonal, small group, and public communication.	Prerequisites: None.	Course Attribute(s): General Education Designation : Social-Behavioral	Acad	LEC 1.0 1.0 1.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
					Sciences - [SB] in combination with: COM100AA and COM100AB		
COM101	Interpersonal Communication in the Workplace		Elements and functions of communication; perception of self and others; verbal and nonverbal communication; listening skills; effective verbal responses; communicating ideas and feelings; role of communication in relationships with others.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
COM102	Group Discussion in the Workplace		Concept of a decision-making group; role requirements in group discussion; characteristics and responsibilities of small-group leaders; tools for problem solving in a group; presenting proposals to management.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
COM105	Relational Communication/ Senior Adults		Communication skills as they apply to personal relationships of older adults. Student's assessment of their individual communication skills in relations with family members, social and business acquaintances, and friends	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
COM110	Interpersonal Communication		Theory and practice of communication skills which affect day-to-day interactions with other persons. Topics may include using verbal and nonverbal symbols, interactive listening, resolving interpersonal conflict, developing and maintaining personal and professional relationships	Prerequisites: None.	Course Attribute(s): General Education Designation : Social and Behavioral Sciences - [SB] Arizona Shared Unique Number	Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
					SUN#: COM 1110		
COM110AA	Interpersonal Communication Part I		Theory and practice of communication skills which affect day-to- day interactions with other persons. Topics may include using verbal and nonverbal symbols, interactive listening, resolving interpersonal conflict, developing and maintaining personal and professional relationships	Prerequisites: None.	Course Attribute(s): General Education Designation : Social and Behavioral Sciences - [SB] in combination with: COM110AB and COM110AC	Acad	LEC 1.0 1.0 1.0
COM110AB	Interpersonal Communication Part II		Theory and practice of communication skills which affect day-to- day interactions with other persons. Topics may include using verbal and nonverbal symbols, interactive listening, resolving interpersonal conflict, developing and maintaining personal and professional relationships	Prerequisites: None.	Course Attribute(s): General Education Designation : Social and Behavioral Sciences - [SB] in combination with: COM110AA and COM110AC	Acad	LEC 1.0 1.0 1.0
COM110AC	Interpersonal Communication Part III		Theory and practice of communication skills which affect day-to-day interactions with other persons. Topics may include using verbal and nonverbal symbols, interactive listening, resolving interpersonal conflict, developing and maintaining personal and professional relationships	Prerequisites: None.	Course Attribute(s): General Education Designation : Social and Behavioral Sciences - [SB] in combination with: COM110AA and COM110AB	Acad	LEC 1.0 1.0 1.0
COM120	Pronunciation of American Speech		Analysis of American speech production problems due to accents produced by another language, correction of misarticulated American speech sounds, critical listening to sound production, understanding American English speech patterns, practicing American	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			idioms and expressions, and preparing and delivering group and individual speech presentations				
COM125	Presentational Speaking		Techniques for developing oral presentations which include visual media. Principles of verbal message development and related visual design stressed. Techniques of managing the presentational environment including question and answer periods and the operation of common equipment	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
COM145	Digital Storybook	ART145 STO145	Enables students to find and develop a narrative representing an aspect of their personal histories. Use of digital technology to produce and archive a storybook	Prerequisites: None.		Acad	L+L 1.0 2.0 2.0
COM150	Digital Storytelling	ART150 STO150	Enables students to find and develop their personal stories. Emphasis on the use of digital technology to create, edit, produce and archive a digital story	Prerequisites: None.		Acad	L+L 3.0 6.0 6.0
COM163	Intercultural Communication in Everyday Life		Provides knowledge to promote greater understanding and application of intercultural communication in social and organizational interactions. For advanced non-native English speakers.	Prerequisites: Appropriate English placement test score at the ENG101 or ENG107 level or a grade of C or better in ENG091 or ESL097 or permission of Instructor.	Course Attribute(s): General Education Designation : Cultural Diversity - [C] General Education Designation : Global Awareness - [G] General Education Designation : Social and Behavioral Sciences - [SB]	Acad	LEC 3.0 3.0 3.0
COM177	Experiential Group Activities Facilitation		Communication skills, tools, and strategies	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			used to lead experiential learning activities. Designed to enhance the student's ability to facilitate experiential group learning activities.				
COM181	Conflict Mediation		Develop communication skills necessary to conduct mediation in formal and informal settings. Applies principles and theories of message production and responding, listening, questioning, source and receiver factors, and emotion to conflict management communication. Emphasis on respecting diversity and empowering joint problem solving throughout	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
COM207	Introduction to Communication Inquiry		Overview of theory and methodological practice in communication with particular attention to scholarly writing skills. Emphasis on development of critical thinking skills through active participation in the research process.	Prerequisites: A grade of C or better in ENG101 or ENG107 or equivalent and COM100 or equivalent or permission of Instructor.	COM207 is recommend ed for the communicat ion major.	Acad	LEC 3.0 3.0 3.0
COM215	Listening		Emphasis on diagnosis of individual listening, corrective procedures, and reinforcement of improved habits through normal and speeded listening drills. Includes everyday communication experiences	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
COM221	Oral Fluency in American Speech		Designed for English Language Learner (ELL) students to develop greater oral fluency in spontaneous speaking contexts and presentational speaking. Emphasis on development of speech, language, and vocal clarity; basic skills in presentational speaking; and use of English to	Prerequisites: A grade of C or better in COM120 or permission of Instructor.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			interact spontaneously with others.				
COM222	Argumentation		Discussion and practice of the use of evidence, applied reasoning, recognition of fallacies, selection of arguments, and methods of analyzing issues	Prerequisites: A grade of C or better in ENG101 or ENG107 or equivalent.	Course Attribute(s): General Education Designation : Literacy and Critical Inquiry - [L]	Acad	LEC 3.0 3.0 3.0
COM225	Public Speaking		Designed to enhance the student's ability to present public speeches confidently and competently. Also designed to improve information literacy and critical thinking skills	Prerequisites: A grade of C or better in ENG101 or ENG107 or equivalent.	Course Attribute(s): General Education Designation : Literacy and Critical Inquiry - [L]	Acad	LEC 3.0 3.0 3.0
COM230	Small Group Communication		Principles and processes of small groups and development of skills for participation and leadership in small group settings. Practice in problem solving, decision making, and information sharing.	Prerequisites: None.	General Education Designation : Social and Behavioral Sciences - [SB] Arizona Shared Unique Number SUN#: COM2271	Acad	LEC 3.0 3.0 3.0
COM241	Oral Interpretation of Literature	THP241	The study, analysis, and preparation for performance of prose, poetry, and dramatic literature. Preparation of material for public audiences.	Prerequisites: A grade of C or better in ENG101 or ENG107.	Course Attribute(s): General Education Designation : Humanities, Arts and Design - [HU] General Education Designation : Literacy and Critical Inquiry - [L]	Acad	LEC 3.0 3.0 3.0
COM250	Introduction to Organizational Communication		Introduction to the study of communication in organizations including identification of variables, roles and patterns influencing communication in organizations	Prerequisites: None.	Course Attribute(s): General Education Designation : Social and Behavioral Sciences - [SB]	Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
COM251	Interviewing		Principles and techniques of interviewing, including practice through real and simulated interviews in informational, persuasive, and employee-related situations	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
COM259	Communication in Business and Professions		Interpersonal, organizational, intercultural, group, and public communication in business and professional organizations. Emphasis on oral communication and the effective use of technology and new media.	Prerequisites: A grade of C or better in ENG101, or ENG107, or equivalent.		Acad	LEC 3.0 3.0 3.0
COM263	Elements of Intercultural Communication		Diverse cultural contexts are explored through basic concepts, principles, and theories of intercultural communication. Discovering effective interaction and appropriate communication in a global community is emphasized.	Prerequisites: None.	Course Attribute(s): General Education Designation : Cultural Diversity - [C] General Education Designation : Global Awareness - [G] General Education Designation : Social and Behavioral Sciences - [SB]	Acad	LEC 3.0 3.0 3.0
COM270	Health Communication		Theory and practice of interpersonal, intercultural, public, and team communication skills in a healthcare setting.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
COM271	Voice and Diction	THP271	Exercises and techniques to free the voice and improve projection, resonance, and articulation. Covers international phonetic alphabet and standard stage speech	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
COM275	Nonverbal Communication		Effects of space, time, body movements,	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			environment, objects, and voice quality on human communication and interaction				
COM277	Group Facilitation Theory and Practice		Theory and practice of group facilitation skills. Emphasis on leading organizational groups in problem solving and decision-making.	Prerequisites: Associates degree or equivalent or 3 to 5 years work experience or permission of Instructor.		Acad	LEC 2.0 2.0 2.0
COM281	Communication Activities		Designed to provide students with competence and confidence in a variety of speech situations beyond the classroom setting. May include presentations at speech competitions or at community organizations.	Prerequisites: None.	COM281 may be repeated for a total of six (6) credit hours.	Acad	L+L 1.0 3.0 3.0
COM281AA	Communication Activities		Designed to provide students with competence and confidence in a variety of speech situations beyond the classroom setting. May include presentations at speech competitions or at community organizations.	Prerequisites: None.	COM281AA may be repeated for a total of six (6) credit hours.	Acad	L+L 2.0 4.0 4.0
COM281AB	Communication Activities		Designed to provide students with competence and confidence in a variety of speech situations beyond the classroom setting. May include presentations at speech competitions or at community organizations.	Prerequisites: None.	COM281AB may be repeated for a total of six (6) credit hours.	Acad	L+L 3.0 5.0 5.0
COM282AA	Service-Learning Experience in Communication		Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	COM282AA may be repeated for a total of six (6) credit hours. Standard grading available according	Acad	LAB 1.0 1.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE				
CON100	Introduction to Construction		Introduces students to all aspects of the construction industry such as how projects are delivered, reviewing the procurement process and how they are estimated, scheduled, and contracted. Introduces students to the individual roles that constructors fill in the delivery of a construction project.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
CON101	Construction and Culture		The cultural context of construction, emphasizing the evolution and expansion of constructed environments as expressions of ethical and historical value systems.	Prerequisites: None.	Course Attribute(s): General Education Designation : Historical Awareness - [H] General Education Designation : Humanities, Arts and Design - [HU]	Occ	LEC 3.0 3.0 3.0
CON103	Foundation of Construction Safety		Occupational Safety and Health Act (OSHA). Common causes for accidents and fatalities in construction. Abatement techniques for construction-specific hazards. Use of personal protection and lifesaving equipment. Specific types of health hazards related to the construction industry. Proper methods for handling hazardous materials.	Prerequisites: None.		Occ	L+L 1.0 1.0 1.0
CON104	Hand and Power Tools, Equipment, and Workspace		Overview of the selection, use, maintenance and safety	Prerequisites: None.		Occ	L+L 1.5 1.5 1.5

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			procedures for common hand tools, power tools and equipment used in the construction industry. Overview of the maintenance of workspace according to professional standards.				
CON105	Construction Calculations		Introduction to basic calculation skills in the construction environment including the four primary operations. United States standard and metric units of measure, geometric figures, and area and volume calculations for two and three-dimensional objects.	Prerequisites: None.		Occ	L+L 1.5 1.5 1.5
CON106	Foundations of Concrete		Examines the effects of concrete-making materials (aggregates, cements, admixtures, etc.) on the properties of fresh and hardened concrete. Concrete mixture proportioning is discussed along with the calculations and statistical analysis of strength testing.	Prerequisites: None.		Occ	LEC 4.0 2.0 2.0 LAB 0.0 4.0 4.0
CON107	Construction Drawings Introduction		Provides students with the information and skills needed to read and understand construction drawings.	Prerequisites: None.		Occ	L+L 1.0 1.0 1.0
CON110	Carpentry: Floor Systems		Emphasis on the layout and construction procedures for floor systems, including: interpretation of construction drawings and specifications; selection of appropriate types of floor system components; and application of floor system materials. Includes estimation of the amount of materials needed for a floor assembly and some common alternative floor systems.	Prerequisites: None.		Occ	L+L 3.5 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CON111	Carpentry: Wall Systems		Examines the layout and construction procedures for wall systems, including: interpretation of construction drawings and specifications; selection of appropriate types of wall system components; and application of wall system materials. Emphasis of the estimation of the amount of materials needed for a wall assembly and some common alternative wall systems.	Prerequisites: None.		Occ	L+L 3.5 4.0 4.0
CON112	Carpentry Ceiling Joist and Roof Framing		Covers the layout and construction procedures for roof systems, including interpretation of construction drawings and specifications. Provides an overview of ceiling and roof construction methods, the different types of roofs used in residential construction, materials, estimation of materials, and the use of trusses in basic roof framing.	Prerequisites: None.		Occ	L+L 4.0 5.0 5.0
CON117	Interpersonal Skills, Issues and Resolutions in Construction		Information about communication and human relations skills, the expectations of today's diverse workforce, and relationships with stakeholders. Leadership style, interview techniques, and professional development plans. Management skills in problem solving and negotiating.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
CON124	Plumbing: Pipes and Fittings		Introduces the various types of plumbing materials, pipe schedules and material properties, and applications of piping. Trainees will learn how to determine the appropriate types of	Prerequisites: None.		Occ	L+L 3.5 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			fittings, valves, hangers, and supports needed for piping jobs. Trainees will learn to properly measure, cut, prep, and join piping.				
CON125	Plumbing: Fixtures		Introduces commonly used fixtures in plumbing systems. Select and operate each type of fixture for a variety of installations. Provides an overview of plumbing system installation, maintenance and water heating systems.	Prerequisites: None.		Occ	L+L 2.0 3.0 3.0
CON126	Plumbing: Drain, Waste, and Vent		Examine the drainage, waste movement and ventilation for construction application. Provides instruction in locating, installing, connecting, and testing a complete drain, waste, and vent (DWV) system.	Prerequisites: None.		Occ	L+L 3.5 4.0 4.0
CON127	Plumbing: Water Distribution Systems		Discuss the processes through which potable water is distributed. Examine the identification of the components and functions of a water distribution system and explains the relationships among the components. Includes installation and testing of water distribution systems.	Prerequisites: None.		Occ	L+L 2.0 3.0 3.0
CON130	Computer Aided Design and Drafting		Fundamental drafting and documentation topics and techniques related to construction, using both board and computer as tools. Concentration on various methods of two-dimensional and three-dimensional drawing, sketching, scaling, and dimensioning with computer and board.	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0
CON131	Electrical Systems	HVA131	Electricity related to residential and light commercial applications, to include common	Prerequisites: None.		Occ	L+L 3.5 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			electrical components, AC and DC circuits, and electrical safety. Provides an introduction to reading, interpreting, and creating wiring diagrams and the application of electrical power. Operation and use of specific meters, tools, and an introduction to National Electrical Code (NEC).				
CON132	Distribution Panels, Wiring, and Circuit Protection in Electrical Systems		Discuss construction drawings and code related to conductors and cables (types, ratings), residential and commercial applications, wire sizes, utilities, meters, disconnects, breakers, grounding and bonding, rough-in wiring and circuit safety protection.	Prerequisites: None.		Occ	L+L 3.5 4.0 4.0
CON133	Conduit, Raceways, and Termination in Electrical Systems		Termination and implementation of electricity in a facility. Considers topics related to box capacities, raceways, conduit sizes, termination practices, wire trays, and finish wiring.	Prerequisites: None.		Occ	L+L 4.0 5.0 5.0
CON138	Introduction to Project Management and Resource Control	IND138	Technical and management skills such as preconstruction planning, cost and risk control and policy development. Criteria for project layout purchasing, subcontractor management, project layout. Preparation process for project start up, close out and alternate project delivery methods. Major factors which affect production control and production control standards. Project manager's role.	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
CON181	Cost Estimating		Determining quantities of material, equipment, and labor for a construction	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			project. Includes procedures used to apply unit costs to these items in a minimum of time. Occupational Safety and Health Administration Safety Standards and their impact on construction cost.				
CON213	Carpentry: Steel Framing		The layout and construction procedures for steel framing, including: interpretation of construction drawings and specifications; selection of appropriate types of steel framing components; and application of materials. Includes estimation of the amount of materials needed for a steel assembly.	Prerequisites: None.		Occ	L+L 1.0 2.0 2.0
CON214	Carpentry: Roof Systems and Building Envelopes		Safety, codes, and construction procedures for roof systems and building envelopes, including interpretation of construction drawings and specifications. Students construct conventional roof structures and ceilings, and install exterior finish materials.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CON215	Carpentry: Interior Finishes		The layout and construction procedures for interior finishes such as: drywall, trim, doors, cabinetry and stairs, including interpretation of construction drawings and specifications. Provides an overview of construction methods, the different types of materials, and estimation of materials.	Prerequisites: None.		Occ	L+L 4.0 5.0 5.0
CON216	Carpentry: Concrete Forms		Safety, codes, and construction procedures for layout and construction of concrete footers and post-tensioned slabs, wall forms, and columns.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Includes interpretation of construction drawings and estimation of materials.				
CON220	Statics Application for Construction		Emphasis on response of bodies to the action of forces. Elementary analytical and practical approach to the principles and physical concepts of statics. Focus on mastery of basic principles of trigonometry, application of vectors and forces, and moments, with analysis of basic structures and structural components, and statics application to construction.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CON221	Applied Statics		Emphasis on response of bodies to the action of forces. Elementary analytical and practical approach to the principles and physical concepts of statics, focuses on mastery of basic principles of trigonometry, application of vectors and forces, and moments, with analysis of basic structures and structural components, trusses, shear and moment diagrams, centroids, and moments of inertia.	Prerequisites: A grade of C or better in MAT15+, (MAT182 OR MAT187) and PHY111.		Occ	LEC 3.0 3.0 3.0
CON223	Strength of Materials		Strength and application of materials of construction, including mechanics of beams, shafts, and bolted and welded connections under various loading conditions. Construction behavior of various materials externally and internally.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CON224	Plumbing: Pipe Systems and Controls		Examines applied calculations to determine size, types and service of pipe systems. Discusses the application of drawings,	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			codes, and specifications for assembly and installation of gas, air, and water systems.				
CON225	Plumbing: Water Disposal Systems		Examines water disposal and drainage systems, to include the types, components, functions, codes, safety, design, installation and repair.	Prerequisites: None.		Occ	L+L 4.0 5.0 5.0
CON226	Plumbing: Fixtures and Appliances		Examines the safety, codes, installation, maintenance, and repair of appliances, fixtures, and gas piping.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CON227	Plumbing: Water Resource Solutions		Introduces water supply disinfection, filtration systems, and sustainable water practices.	Prerequisites: None.		Occ	L+L 2.0 2.0 2.0
CON234	Electric Power Distribution		Theory and applications of distribution of power from utilities to residential and commercial sites, including transformers and commercial electrical distribution equipment and services. Includes safety, codes, and interpretation of construction drawings and specifications.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CON235	Motors: Theory and Application		Describes motor and motor controls in electricity. Explains how to select and install relays and troubleshoot control circuits. Distinctions between AC and DC motors, motor speed control, and design and operation characteristics, connections and terminal markings.	Prerequisites: None.		Occ	L+L 4.0 5.0 5.0
CON236	Industrial Wiring Applications		A broad variety of electrical wiring applications, including healthcare facility, heating, ventilation and air conditioning (HVAC), standby, emergency, and fire alarm systems.	Prerequisites: None.		Occ	L+L 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CON241	Surveying I		Fundamental surveying principles including theory and field work using the level and transit, horizontal measurement by tape or stadia, benchmark and profile leveling traverse surveys and computations, establishment of line and grade. Designed to develop semi-professional personnel working for private or government engineering agencies.	Prerequisites: None.		Occ	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
CON243	Heavy Construction Equipment, Methods, and Materials		Fundamentals of machine selection and production estimating, using computer-generated data to develop programs that speed the decision process or allow easy analysis of multiple options used in the heavy construction industry. Applications of engineering principles in analyzing economical approaches for heavy construction. Covers fleet operation, methods, maintenance, and programs for construction of dams, tunnels, roads, and excavations of buildings.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CON244	Working Drawing Analysis: Blueprint Reading		Detailed analysis and interpretation of construction drawings (blueprint reading); interpretation of symbols, annotations, conventions, terms of trade; and understanding of drawing, dimensioning, plan organization, and specifications.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CON251	Microcomputers for Constructors		Effective application of computers in support of construction management, administration, and	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			technical aspects of the construction industry. Uses of the computer as a problem-solving tool, including multimedia software, information management, and spreadsheet applications in construction.				
CON252	Building Construction Methods, Materials, and Equipment		Comprehensive study of construction methods, materials, codes, and equipment used in building construction.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CON262	Introduction International Residential Code (IRC)		Covers International Residential Code for various trades, including building, mechanical, plumbing and electric, for one and two family residential construction. Preparation for voluntary certification (IRC building inspection).	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CON263	Building Codes		Designed specifically to acquaint students with safety principles of building construction under the Uniform Building Code, including structural requirements for wood, masonry and concrete, fire resistance of building construction, fire resistant materials, and ratings and occupancy requirements.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CON271	Construction Safety		Overview of safety methods and procedures for accident prevention and equipment used by construction workers to maximize field safety during various phases of a construction project, including requirements and regulations for construction safety set by Occupational Safety and Health Administration (OSHA) standards along with biological aspects of construction safety.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CON273	Electrical Construction Fundamentals		General knowledge of electrical work related to construction management, administration, and technical aspects of the construction industry. Covers circuits and machinery, power transmission, and electrical distribution with emphasis on secondary distribution systems as well as measurement and instrumentation, Ohm's Law, low voltage, high voltage, temporary power, generators, service, systems, circuits, motors, transformers, electrical installations, codes, cogeneration, energy conservation, estimating, safety and related blueprint readings.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CON290AA	Construction Internship	CNS290A A	Construction internship office/field experience with private/public agencies or citizen volunteer groups. Eighty (80) hours of designated work experience.	Prerequisites: Permission of Department or Division.	CON/CNS290AA may be repeated for a total of three (3) credits. Standard grading available according to procedures outlined in college catalog.	Occ	LAB 1.0 6.0 0.0
CON290AB	Construction Internship	CNS290A B	Construction internship office/field experience with private/public agencies or citizen volunteer groups. One hundred and sixty (160) hours of designated work experience.	Prerequisites: Permission of Department or Division.	Standard grading available according to procedures outlined in college catalog.	Occ	LAB 2.0 12.0 0.0
CON290AC	Construction Internship	CNS290A C	Construction internship office/field experience with private/public agencies or citizen volunteer groups. Two hundred and forty (240)	Prerequisites: Permission of Department or Division.	Standard grading available according to procedures	Occ	LAB 3.0 18.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			hours of designated work.		outlined in college catalog.		
CON298AA	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE	Prerequisites: Permission of Program Director or Instructor.		Occ	LAB 1.0 1.0 0.0
CON298AB	Special Projects		Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE	Prerequisites: Permission of Program Director or Instructor.		Occ	LAB 2.0 2.0 0.0

			facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE				
COS104	Hair Essentials I		Introduction to the basic theory and procedures in cosmetology hair essentials.	Prerequisites: Program Admission.		CLK	200
COS106	Hair Essentials II		Hair-shaping techniques and chemical application procedures in cosmetology hair essentials.	Prerequisites: COS104 or Program Manager's permission.		CLK	200
COS114	Student Salon 1		Continuation of cosmetology theory and practical concepts at an intermediate level. Theory will be focusing on professional development, salon ecology, anatomy and hair decisions. Practical skills will be demonstrated daily on clients and manikins. Rubrics on procedures are done monthly. One day a month on Arizona state board licensure focus.	Prerequisites: A grade of C or better in COS112, or COS106, or permission of Program Manager.		CLK	200
COS116	Student Salon 2		Apply concepts learned in the classroom and the student salon to develop real life scenarios while servicing a client and/or becoming a future business owner in the beauty industry.	Prerequisites: COS114 or Program Manager's permission.		CLK	200
COS118	Hair Stylist State Licensure Focus		This course is designed to prepare students for the written and practical examinations for the Arizona State Board of Cosmetology HAIRSTYLIST licensure only.	Prerequisites: COS116 or Program Manager's permission.		CLK	200
COS119	Nail Essentials		Introduction to nail services in the beauty industry.	Prerequisites: COS116 or Program		CLK	200

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
				Manager's permission.			
COS212	Skin Essentials		Introduction to skin services in the beauty industry.	Prerequisites: COS119 or Program Manager's permission.		CLK	200
COS214	Student Salon 3		Prepares cosmetology students to be industry ready and prepared to perform services in their chosen field of expertise after licensure with the Arizona State Board of Cosmetology.	Prerequisites: COS212 or Program Manager's permission.		CLK	200
COS218	Cosmetology State Licensure Focus		This course is designed to prepare cosmetology students for the written and practical examinations for Arizona State Board of Cosmetology licensure.	Prerequisites: COS214 or Program Manager's permission.		CLK	100
COS250	Instructor in Training Orientation		Students will be introduced to the Arizona State Board of Cosmetology instructor safety and sanitation, rules and regulations. This class is to prepare a student to become an instructor in their licensed field.	Prerequisites: 1. Must hold current Arizona State Board of Cosmetology License in good standing, in the appropriate field. 2. Must have one year of industry work experience.		CLK	80
COS251	Instructor in Training I		Students will train to become an instructor in their certified field of cosmetology or aesthetics. Students will learn the fundamentals of becoming an instructor by completing assigned work, shadowing instructors, creating lesson plans, coaching students and working hands-on with students and clients.	Prerequisites: COS250.		CLK	135
COS252	Instructor in Training II		Students will continue to train to become an instructor in their certified field of	Prerequisites: COS251.		CLK	135

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			cosmetology or aesthetics. Student will learn the fundamentals of becoming an instructor by completing assigned work, shadowing instructors, creating lesson plans, coaching students and working hands-on with students and clients. State board preparation for licensing.				
COV110	The Seven Habits of Highly Effective People		Development of interpersonal habits that are used by successful people in their personal and professional lives. Seven Habits of Highly Effective People. Video-based lecture course.	Prerequisites: None.	Under the terms and conditions specified in the licensing agreement with the Franklin Covey Company and the the Maricopa Community College District, only those persons licensed are qualified to teach Covey prefix courses. These facilitators must be identified within the terms of the licensing agreement.	Occ	LEC 2.0 2.0 2.0
COV112	Great Leaders, Great Teams, Great Results		Overview of foundational characteristics of great teams and organizations. Process oriented approach to creating strategies for inspiring trust and building credibility, defining a purpose, aligning systems of	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			success, and unleashing talents of teams.				
CPD101	Personal Development		Designed to assist students in developing confidence in making personal, social, and educational decisions. Examination and assessment of individual needs, interests, abilities and values to develop and strengthen interpersonal communication, enhance transitional skills and identify realistic life planning goals	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD102AA	Assertiveness Training		Designed to help students, differentiate assertive, non-assertive and aggressive behavior, overcome blocks to acting assertively, establish boundaries, and develop effective verbal and nonverbal assertive behavior. Group discussion, role playing, and videotape feedback are used to enable students to express feelings, beliefs, and opinions in a direct appropriate manner	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD102AB	Career Exploration		Designed to assist students make informed career decisions. Focuses on current occupational trends and outlook. Explores career-related interests, values, needs, preferences, skills, and strengths with the use of various assessments. Aids in the development of individualized educational/career goals and action plan.	Prerequisites: None.	CPD102AB may be repeated for a total of six (6) credit hours.	Acad	LEC 2.0 2.0 2.0
CPD102AC	Creative Job Hunting		Assists students in gaining skills and confidence necessary to compete in the job market. Emphasis on job search techniques and	Prerequisites: None.	CPD102AC may be repeated for credit.	Acad	LEC 2.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			strategies, resume and cover letter writing, interviewing skills and professional etiquette.				
CPD102AD	Growth and Transformation Strategies		Designed to help students adopt a growth mindset within a holistic framework in order to transform patterns that prevent them from achieving their goals.	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD102AF	Human Sexuality		Enables students to view gender and sexuality as dimensions of personal identity, and explores intersectionality between multiple identities. Examination of differences between identify expression, behavior, and biological influences, tracing social evolution from masculine-feminine dichotomy to non-binary perspectives.	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD102AH	Stress Management		Reviews the sources of stress, the physiological effects and the psychological impact of stress on the individual. Provides strategies to manage and reduce stress. Helps students develop and understand behaviors to create a healthy balance in their lives by studying the biological, psychological, physiological, and social aspects of stress and wellness.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CPD102AJ	Personal Spiritual Development		Designed to encourage exploration of human spirituality. Focus on personal values and individual belief systems. Emphasis on developing an integrated concept of spirituality and applying it to one's own life	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD102AN	Anger Management		Provides an understanding of the emotion of anger, explores the types, origins and typical	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			reactions to anger. Covers stress and the need for stress management in relation to anger. Examines personal anger patterns and feelings, and the use of effective interpersonal communications in effective anger management				
CPD102AR	Relaxation Training		Emphasis on specific relaxation techniques to alleviate dysfunctional tension. Use of progressive relaxation methods to reduce stress. Discussion of other modalities of relaxation	Prerequisites: Permission of Instructor.		Acad	LEC 1.0 1.0 1.0
CPD102AS	Conflict Resolution		Developing new skills for dealing effectively with everyday conflict and improving quality of one's own life. Opportunity to discuss issues and seek cooperative resolutions	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD102AT	Building Self-Esteem		Practice in specific methods for building and keeping self-esteem. Personal assessment of attitudes, values, support systems, and goals	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD102AU	Introduction to Meditation: Vipassana Practice		Introduction to the practice of Vipassana (Insight) Meditation. Focus on the history, benefits and methodology of Vipassana meditation. Special emphasis on establishing a formal and informal meditation practice	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CPD103BA	Women In Transition		Designed to assist and support women who are experiencing life transitions. Emphasis on assessing self-potential, increasing self-confidence, managing life change, and exploring education/career/life	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			options in terms of the realities of roles for women today.				
CPD103BB	Men in Transition		Designed to assist men who are experiencing life transitions. Emphasis on assessing potential, increasing self-confidence, managing change, exploring educational/career options, and exploring mens' roles in a changing society	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD103BC	African American Cultural Pride and Awareness		Develop an awareness of cultural roots, history, and traditions with emphasis on the shaping of personal identity, social, career, and educational decisions	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD103BD	Latino/Hispanic American Pride and Awareness		Develop an awareness of cultural roots, history, and traditions with emphasis on the shaping of personal identity, social, career, and educational decisions	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD103BE	Native American Cultural Pride and Awareness		Develop an awareness of cultural roots, history, and traditions with emphasis on the shaping of personal identity, social, career, and educational decisions	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD103BG	Asian American Cultural Pride and Awareness		Develop an awareness of cultural roots, history, and traditions with emphasis on the shaping of personal identity, social, career, and educational decisions	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD103BH	Male-Female Communication		Designed to provide students with a better understanding of male-female characteristics and how that along with a renewed emphasis on basic communication skills will improve communication between the sexes	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD103BJ	Dynamic Parenting		Designed to provide students with an understanding of parenting dynamics and	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			effective communication between parents and children. Emphasis on building self-esteem, developing coping skills, behavior modification, and other techniques for improving parenting and communication in a variety of circumstances				
CPD103BL	Dynamics of Leadership		Designed to provide strategies that may be used when assuming leadership roles. Focus on improving self-confidence through the development of appropriate behaviors, problem-solving skills, and techniques of leadership.	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD103BV	Personal Development for Military Veterans		Assist military veterans in examining role changes, values, strengths, resources, career, readjustment and lifestyle choices. Strategies for coping with life changes, stress, and other personal development needs in transitioning into civilian life	Prerequisites: None.		Acad	LEC 2.0 2.0 2.0
CPD104	Career and Personal Development		An overview of the holistic process of career/life planning through self-awareness and understanding of the world of work. Exploration and application of behavioral, social, and cultural factors leading to college, career, and personal success with emphasis on assessment, applied behavior management, motivation, self-care, and career development.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CPD108	Personal Money Management for College Students		Designed to assist students in examining values related to spending, borrowing and saving money. Identify financial priorities and	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			responsibilities associated with debt. Develop and follow a personal budget plan and learn strategies for maintaining a financially balanced personal life				
CPD115	Creating College Success	AAA115	Strategies to create success in college. Methods for selecting and developing effective academic strategies, increasing self-awareness and developing self-management strategies. Elements of college resources and relationships with others explored in support of students' educational experience	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CPD125	Employee Development: Problem Solving/Decision Making		Development of decision-making skills as well as techniques for problem solving. Focus on values and value conflicts as related to decision-making. Also includes establishing short and long-term goals for personal and career development.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CPD150	Strategies for College Success	AAA150	Focus on increasing student success through college orientation and personal growth, study skills development, and educational and career planning.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
CPD150AA	College Orientation and Personal Growth		Emphasis on increasing student success through college orientation, identification of learning style and the use of time management, goal-setting, and interpersonal communication strategies	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CPD150AB	Study Skills Development		Emphasis on increasing student success through the use of study strategies including materials organization, note-taking, reading,	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			test-taking, memory, and critical and creative thinking				
CPD150AC	Educational and Career Planning	AAA150A C	Emphasis on increasing student success through educational and career planning.	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
CPD160	Introduction to Multiculturalism		Examination of the multiple cultures and subcultures within the contemporary United States. Personal exploration of awareness and appreciation of multiculturalism. Activities for experiencing diverse cultural perspectives. Critical thinking skills for recognizing, analyzing, and mediating cultural and psychological factors impacting conflict and accord between diverse cultures through written and oral discourse.	Prerequisites: A grade of C or better in ENG101, or ENG107, or permission of Instructor.	Course Attribute(s): General Education Designation : Cultural Diversity - [C] General Education Designation : Literacy and Critical Inquiry - [L]	Acad	LEC 3.0 3.0 3.0
CPD180	Human Resilience: Cognitive, Emotional, and Behavioral Applications		Exploration of human resilience and well-being within the context of personal, academic, and career life. Focus on enhancing quality of life, and improving academic performance and career success through awareness of behavior, cognition, and emotion as well as the practice of self-regulation. Topics include mindfulness, positive psychology, motivation, effective thinking, applied neuroscience, mental and emotional health and self-care.	Prerequisites: None.	Course Attribute(s): General Education Designation : Social-Behavioral Sciences - [SB]	Acad	LEC 3.0 3.0 3.0
CPD195AA	Special Topics: Counseling and Personal Development		Introduction to current topics and contemporary issues related to promoting and enhancing personal development	Prerequisites: None.		Acad	LEC 0.5 0.5 0.5
CPD195AB	Special Topics: Counseling and		Introduction to current topics and contemporary issues related to	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0

Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE	Prerequisites: Permission of Program Director or Instructor.		Acad	LAB 3.0 3.0 0.0
CPT110	Carpentry: Floor Systems		Course covers the layout and construction procedures for floor systems, including: interpretation of construction drawings and specifications; selection of appropriate types of floor system components; and application of floor system materials. Course also includes estimation of the amount of materials needed for a floor assembly and some common alternative floor systems.	Prerequisites: None.		CLK	81
CPT111	Carpentry: Wall Systems		Course covers the layout and construction procedures for wall systems, including: interpretation of construction drawings and specifications; selection of appropriate types of wall system components; and application of wall system materials. Course also includes estimation of the amount of materials needed for a wall assembly and some	Prerequisites: None.		CLK	81

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			common alternative wall systems.				
CPT112	Carpentry Ceiling Joist and Roof Framing		Covers the layout and construction procedures for roof systems, including interpretation of construction drawings and specifications. Provides an overview of ceiling and roof construction methods, the different types of roofs used in residential construction, materials, estimation of materials, and the use of trusses in basic roof framing.	Prerequisites: None.		CLK	102
CPT213	Carpentry: Steel Framing		Course covers the layout and construction procedures for steel framing, including: interpretation of construction drawings and specifications; selection of appropriate types of steel framing components; and application of materials. Course also includes estimation of the amount of materials needed for a steel assembly.	Prerequisites: None.		CLK	41
CPT214	Roof Systems and Building Envelopes		Course covers the safety, codes, and construction procedures for roof systems and building envelopes, including interpretation of construction drawings and specifications. Students construct conventional roof structures and ceilings, and install exterior finish materials.	Prerequisites: None.		CLK	81
CPT215	Carpentry: Interior Finishes		Course covers the layout and construction procedures for interior finishes such as: drywall, trim, doors, cabinetry and stairs, including interpretation of construction drawings and specifications. Provides an overview of construction methods,	Prerequisites: None.		CLK	102

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			the different types of materials, and estimation of materials.				
CPT216	Carpentry: Concrete Forms		Course covers the safety, codes, and construction procedures for layout and construction of concrete footers and post-tensioned slabs, wall forms, and columns. Includes interpretation of construction drawings and estimation of materials.	Prerequisites: None.		CLK	81
CRA290	Introduction to Clinical Research Associate		Introduction to the Clinical Research Associate (CRA) profession as an advanced career path for clinical research coordinators. Topics include CRA role, career development, study development process, monitoring, training and oversight, and regulations. Effective analysis, synthesis, and evaluation of topics through written discourse.	Prerequisites: Bachelor or higher degree in life/health sciences and permission of Program Director.		Occ	LEC 3.0 3.0 3.0
CRA291	Monitoring		Basic monitoring skills and responsibilities required of the Clinical Research Associate (CRA). site selection and Initiation, routine monitoring and close-out visits; audit techniques and preparations; expectations and professionalism; monitoring plans, Standard Operating Procedure (SOP) adherence, training of sites, travel expectations and conduct; sponsor interactions (acting as a liaison); source document verification; review of patient charts; use of electronic systems; monitoring reports and letters;	Prerequisites: A grade of C or better in CRA290.		Occ	LEC 4.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			adverse event monitoring and reporting; recruitment and retention.				
CRA293	Clinical Study Development		Introduction to the Clinical Study Development Process and various roles of a Clinical Research Associate (CRA). Roles and responsibilities of in-house CRA versus Field CRA support, timelines of Clinical Study Development, overview of the ABC model, drug versus device study development and national and international considerations.	Prerequisites: A grade of C or better in CRA290.		Occ	LEC 3.0 3.0 3.0
CRA295	Ethics and Regulations		Overview of the regulations, guidelines and resources associated with the Clinical Research Associate (CRA) role. Monitoring responsibilities, Code of Federal Regulations, International Conference of Harmonisation (ICH) guidelines, European Directives, Pharmaceutical Research and Manufacturers of America (PhRMA) principles, Food and Drug Administration (FDA) Guidelines for the Monitoring of Clinical Investigations and sponsor responsibilities for conduct of clinical trials and approval.	Prerequisites: A grade of C or better in CRA290.		Occ	LEC 3.0 3.0 3.0
CRA297	Clinical Trial Material and Device Accountability		Overview of Clinical Trial Material (CTM) from development and manufacturing to accountability and destruction along with comparable device processes. Roles of a Clinical Research Associate (CRA) relative	Prerequisites: A grade of C or better in CRA290.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			to Clinical Trial Materials/Devices. Investigational New Drug (IND) applications, good manufacturing practices, importing and exporting of CTMs/devices, packaging and stability, accountability records, destruction requirements and review of regulatory considerations.				
CRC101	Introduction to Clinical Research		Introduction to the clinical research process. History, development and basic study designs in varied health, biomedical and biotechnical settings. Clinical trial development phases and regulatory protection for human subjects. Roles and responsibilities of the clinical research team and research organization. Good Clinical Practice (GCP) and International Committee on Harmonization (ICH) guidelines. Functions, research terminology, and general research funding of the Institutional Review Board (IRB) and Ethics Review Committee.	Prerequisites: Admission into the Clinical Data Coordination program or the Clinical Research Coordination program or permission of Program Director.		Occ	LEC 4.0 4.0 4.0
CRC102	Clinical Research Regulations		Overview of legal and regulatory research compliance. Federal and international regulations, Good Clinical Practice (GCP) and International Council on Harmonization (ICH) guidelines. Roles, responsibilities and related regulations of Institutional Review Boards (IRB), Data Monitoring Boards and research organizations. Required forms, human subject protection, research integrity, ethical	Prerequisites: Admission into the Clinical Data Coordination program or the Clinical Research Coordination program or permission of Program Director.	None	Occ	LEC 4.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			considerations, Health Insurance Portability and Accountability Act (HIPAA) and conflict of interest issues.				
CRC103	Research Design and Data Management		Major research design methodologies and data management. Interpretation of research design, organization of study charts and data, participant eligibility, and maintenance of screening/visit logs. Submission of adverse event forms. Overview of database structures, electronic data collection methods, and effective presentation of data in required reports. Tracking of investigational agents and preparation for audits and site visits by sponsors and/or regulators. Federal regulations governing clinical trials electronic data submissions and transmissions.	Prerequisites: Admission into the Clinical Data Coordination program or the Clinical Research Coordination program or permission of Program Director.	None	Occ	LEC 4.0 4.0 4.0
CRC104	Clinical Data Coordination Practicum I		Application of clinical data coordinator skills and functions in various clinical and research settings. Observation of approved investigational or research site activities and personnel as assigned or deemed appropriate by Supervisory Staff, applicable standard operating procedures and/ or Program Director. Forty (40) hours of supervised clinical data coordinator experience in a clinical research setting.	Prerequisites: Admission into the Clinical Data Coordination program or the Clinical Research Coordinator program or permission of Program Director.	CRC104 may be repeated for a total of three (3) credit hours.	Occ	LAB 1.0 3.0 0.0
CRC151	Introduction to Medical Devices in Clinical Evaluation		Introduction to the role of the Clinical Research Coordinator (CRC) in medical device research. Overview of medical	Prerequisites: Admission into the Clinical Research		Occ	LEC 2.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			device regulatory requirements, the role of the Institutional Review Board (IRB), and classification of medical devices including Humanitarian Device Exemptions. Special emphasis on conduct of an investigational study and roles of the investigator, CRC, and the IRB.	Coordination program or permission of Program Director.			
CRC152	Research Ethics		History of human experimentation and bioethics. Fundamentals of ethical principles including autonomy, beneficence, nonmaleficence and justice. Practical application of moral sensitivity, moral reasoning, moral commitment and perseverance, and moral implementation. Overview of ethical issues arising from biomedical research including informed consent, vulnerable populations, using children and animals for research, and placebos and sham surgery in research. Includes Institutional Review Board (IRB`s), conflict of interest, plagiarism and data fabrication.	Prerequisites: Admission into the Clinical Research Coordination program or permission of Program Director.		Occ	LEC 3.0 3.0 3.0
CRC153	Institutional Review Board in Clinical Research		Examines the historical development, regulatory roles, responsibilities and functions of Institutional Review Board (IRB) membership and related stakeholder relationships. Comparisons of different IRB organizational and operational designs in relation to emerging technologies and implications for future research will be	Prerequisites: Admission into the Clinical Research Coordination program or permission of Program Director.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			reviewed. Special emphasis on developing an understanding of the complexity of IRB roles, the implementation of state, national and international regulations and guidelines, and potential conflicts associated with the conduct of human research. Includes IRB functions, related regulations, ethical issues, current and future operational trends.				
CRC160	Clinical Research Site Management		Clinical research site organization, operation and management. Office setup, study initiation process, site maintenance, essential documentation requirements and binders, site evaluation and site closure. Understanding Institutional Review Boards (IRB) timeliness for submission, approval and study maintenance. Budget and contract negotiation, and sponsor and regulatory audit components and preparation. Coordination with sponsors and related research entities; investigative staff training. Organization of process flow and effective interactions with IRB, Contract Research Organizations, sponsors, regulators, investigators, and community.	Prerequisites: Admission into the Clinical Research Coordination program or permission of Program Director.		Occ	LEC 4.0 4.0 4.0
CRC204	Clinical Research Coordination Practicum II		Application of clinical research coordinator skills and functions in various clinical research settings. Observation of approved investigational or research site activities and personnel as	Prerequisites: Admission into the Clinical Research Coordination program or permission of	CRC204 may be repeated for a total of six (6) credit hours.	Occ	LAB 2.0 6.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			assigned or deemed appropriate by Supervisory Staff, applicable standard operating procedures and or Program Director. Eighty (80) hours of clinical research coordinator experience in a clinical research setting.	Program Director.			
CRE101	College Critical Reading and Critical Thinking		Develop and apply critical thinking skills through critically reading varied and challenging materials. Includes analysis, evaluation, interpretation, and synthesis through at least two substantial writing and/or speaking tasks.	Prerequisites: A grade of C or better in [(ENG101 or ENG107) and (RDG095 or RDG100 or RDG100LL or RDG111 or RDG112 or RDG113)] or a grade of B or better in ALT100 or an appropriate district placement or permission of Instructor.	Course Attribute(s): COMMON COMPETENCY COURSE	Acad	LEC 3.0 3.0 3.0

	Ceilings - Carpenter Apprenticeship		erection procedures for suspended lay-in ceilings	Apprentice status or permission of the Apprenticeship Coordinator.			
CRP108	Moldings and Trim - Carpenter Apprenticeship		Course covers how moldings and trims are utilized to finish exterior and interior construction design features.	Prerequisites: Apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 3.0 3.0 3.0
CRP110AA	Introduction to Carpentry I: History and Tools		History, significance and benefits of labor unions. Successful and efficient labor relations. Carpentry in relation to other construction trades. Building trades organizations. Components of lumber. Hand and power tools used in carpentry.	Prerequisites: Registered Apprentice status with the Central Arizona Carpenters Joint Apprenticeship Training Committee or permission of Apprenticeship Coordinator.		Occ	LEC 2.0 2.0 2.0
CRP110AB	Introduction to Carpentry II: OSHA Safety		Safe and proper use of hand and power tools. Safe work habits, first aid, and cardiopulmonary resuscitation (CPR) according to Occupational Safety and Health Administration (OSHA) regulations.	Prerequisites: Registered Apprentice status with the Central Arizona Carpenters Joint Apprenticeship Training Committee or permission of Apprenticeship Coordinator.		Occ	LEC 2.0 2.0 2.0
CRP113	Basic Roof Framing - Carpenter Apprenticeship		Introduction to basic gable roof framing, terminology, characteristics, and construction methods. Interpretation of print views and drawing elevations for job planning, rafter systems, and layout details. Review of basic rise,	Prerequisites: Apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			run, rafter angles, and length calculations. Framed wall construction to facilitate gable roof assembly techniques.				
CRP114AA	Blueprint Reading for Carpenters I		Types of blueprints and basic print reading. Symbols for materials. Construction details, standards, and specifications for brick veneer. Steel supports of plans for stores and apartments.	Prerequisites: Registered Apprentice status with the Central Arizona Carpenters Joint Apprenticeship Training Committee or permission of Apprenticeship Coordinator.		Occ	LEC 2.0 2.0 2.0
CRP116AA	Concrete Formwork I		Construction and installation techniques. Building site and layout factors. Parts of forms and related hardware. Function of concrete form work in walls, columns, beams, decks and retaining walls. Wall forms and prefabricated walls. Residential foundations.	Prerequisites: Registered apprentice status or permission of Apprenticeship Coordinator.		Occ	LEC 2.0 2.0 2.0
CRP116AB	Concrete Formwork II		Construction and installation techniques. Elements of flatwork construction	Prerequisites: A grade of C or better in CRP116AA.		Occ	LEC 2.0 2.0 2.0
CRP121	Print Reading for Carpenters - Carpenter Apprenticeship		Introduction to print reading skills for carpenters. Developing ability to interpret two-dimensional views, standard drawing methods, pictorial elements, visual and verbal communication cues. Recognizing parts of drawings, locating building and insulation features, calculating dimensions, and using views to determine construction methods.	Prerequisites: Apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 3.0 3.0 3.0
CRP123	Wall Forming - Carpenter Apprenticeship		Skills and procedures for forming reinforced concrete walls using single and double waler	Prerequisites: Apprentice status or permission of		Occ	L+L 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			systems. Characteristics and application of built-in-place, prefabricated and specialty forms, wall forming, calculating layout dimensions and estimating. Overview of wall panel forming reinforcement methods, material preparation and hardware installation.	the Apprenticeship Coordinator.			
CRP124	Foundations and Flatwork - Carpenter Apprenticeship		Design and function of several types of foundations and concrete flatwork. Overview of methods, techniques and procedures for formwork layout, elevation, and construction including jobsite safety, print interpretation, material identification and basic use of builders' level.	Prerequisites: Apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 3.0 3.0 3.0
CRP130	Basic Commercial Framing - Carpenter Apprenticeship		Introduction to basic rake wall framing theory and commercial construction techniques and materials.	Prerequisites: Apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 2.0 2.0 2.0
CRP131	Commercial Floor Framing - Carpenter Apprenticeship		Course covers floor joist construction and the various installation techniques used in the commercial industry.	Prerequisites: Apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 3.0 3.0 3.0
CRP150	Acoustical Ceilings - Carpenter Apprenticeship		Introduction to basic acoustical ceiling installation in accordance with industry standards and utilizing proper techniques and procedures. Acoustical engineering and applicable building and seismic code requirements.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CRP151	Standard Acoustical Grids - Carpenter Apprenticeship		Grid patterns considered standard for acoustical ceilings in the interior system construction industry. Methods and procedures used to form patterns. Students install several standard acoustical grid patterns to print specifications using proper techniques and procedures.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP152	Acoustical Soffits - Carpenter Apprenticeship		Construction of acoustical soffits in various configurations. Square and slant-faced, tapered, concealed, drywall suspension, and sloped soffits methods. Students complete selected acoustical soffit installation.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP153	Concealed Glue-Up/Staple-Up System - Carpenter Apprenticeship		Concealed and semi-concealed ceilings and soffits, glue-up and staple-up systems, and their design flexibility. Students employ glue-up/staple-up techniques to install a concealed grid ceiling system.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP154	Metal Pan and Security Systems - Carpenter Apprenticeship		Design, function, and installation of metal pan and security systems incorporated into construction of suspended ceilings. Students install components to create a	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF)		Occ	L+L 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			monolithic appearance in a suspension ceiling grid system.	Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.			
CRP160	Basic Lathing - Carpenter Apprenticeship		Advanced methods and application techniques for lath and trim products. Basic framing and lathing methods used for exterior/interior installations. Exterior waterproofing, lath, and trim installation procedures. Students complete an exterior lathing project.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP163	Framing Ceilings and Soffits - Carpenter Apprenticeship		Materials and their application for various types of fire-rated walls, ceilings, and soffits. Methods and procedures used for layout and template development. Drywall and trim applications. Types of tools and their associated safety, applied math, and print reading fundamentals. Students complete a ceiling and soffit project.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP164	Basic Hand Finishing - Carpenter Apprenticeship		Basic hand finishing skills using correct tools and materials. Terminology and description of finishing levels, hand tool manipulation techniques, material identification, and selection criteria. Manufacturer's guidelines for environmental conditions, proper mixture preparation, and use. Typical finish issues, causes, and	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			solutions frequently employed. Tool techniques and application sequence explained and demonstrated. Importance of mixture consistency and proper coating sequence during level four hand finishing exercises.				
CRP165	Framing Curves and Arches - Carpenter Apprenticeship		Framing methods for curves and arches and their related structural limitations. Various wall and ceiling types, layout principles, and materials used for each. Lath applications and trim. Students complete a framing project including curves and arches.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP166	Automatic Finishing Tools - Carpenter Apprenticeship		Basic automatic tool techniques and finish schedule interpretation. Hands-on instruction with machine tools and the importance of proper use, assembly, and breakdown. Basic maintenance and repair techniques and safe handling demonstration. Sanding selections will be reviewed.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP167	Exterior Insulation Finish Systems - Carpenter Apprenticeship		Introduction to exterior insulation finish systems including terminology, definitions, specifications, and properties. Reinforcing mesh installation and application of insulation board. Application methods and techniques for primers and finishes. Students complete an exterior insulation	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of		Occ	L+L 3.0 3.0 3.0

	Trims - Carpenter Apprenticeship		recommended levels of drywall finish to achieve desired aesthetics. Emphasis placed on trim attachment and finishing techniques. Identification of various types of finish trim. Students demonstrate proficiency in the proper use of automatic taping tools.	Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.			
CRP221	Advanced Print Reading - Carpenter Apprenticeship		Analyze multi-view drawings to determine construction type. Locate benchmark and building elements. Review codes, references, and perform calculations for construction/insulation planning.	Prerequisites: Apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 2.0 2.0 2.0
CRP222	Bridge Construction - Carpenter Apprenticeship		Overview of basic bridge construction including exterior and interior girders, edge forms, bulkheads, and hinge forms. Job-built and precast formwork methods, panel construction, assembly, and hardware installation tasks. Review of related safety, math, and print reading.	Prerequisites: Apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 3.0 3.0 3.0
CRP226	Air, Moisture, and Thermal Barriers - Carpenter Apprenticeship		Increasing building envelope energy efficiency using correctly installed air, moisture, and thermal barrier systems. Hands-on installation exercises using building sealing products.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP227	Green Building and Weatherization - Carpenter Apprenticeship		Explanation of building envelope science. Audit procedures, discuss testing and reporting mechanisms used to	Prerequisites: Apprentice status or permission of the		Occ	L+L 2.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			measure inefficiencies. Course provides novice workers with fundamental skills to properly install the beneficial "green" and cost-effective, energy-efficient retrofits for residential buildings.	Apprenticeship Coordinator.			
CRP228	Water Treatment Facilities - Carpenter Apprenticeship		Instruction in the detailing, layout, and construction of concrete formwork and waterstop used in water treatment facilities.	Prerequisites: Apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 3.0 3.0 3.0
CRP232	Stair and Ramp Forming - Carpenter Apprenticeship		Methods, procedures and practices used to form stair and ramp structures including configuration and dimensions. Review of Stinger riser and stair thread calculations, state and federal building codes.	Prerequisites: Apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 3.0 3.0 3.0
CRP233	Basic Metal Framing - Carpenter Apprenticeship		Overview of residential metal framing theory and construction techniques. Interpretation of prints for job planning and estimation of materials. Layout and detail of wall plates, measuring techniques, calculating principles, wall and roof assembly and installation techniques.	Prerequisites: Apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 3.0 3.0 3.0
CRP234	Transit Level/Laser - Carpenter Apprenticeship		Detailing, layout and construction of abutments used in the heavy highway industry. Overview of assembly components, key terms and abutment anatomy; footings; piers and retaining walls. Techniques for laying out keyway centerline and footing formwork construction.	Prerequisites: Apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 3.0 3.0 3.0
CRP235	Advanced Metal Framing - Carpenter Apprenticeship		Review of basic metal framing. Detailed procedures for framing curved, serpentine, and	Prerequisites: Admission into the Southwest		Occ	L+L 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			elliptical non-load-bearing partitions. Use of standard light gage components and other materials. Project emphasizing advanced techniques to expedite work processes.	Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.			
CRP241	Gang Forms/Columns		Formwork types, applications and construction methods for gang and column forms using built and manufactured forming systems. Heavy timber gang forms and use of taper ties, bracing, and bulkhead tables.	Prerequisites: Registered Apprentice status with the Central Arizona Carpenters Joint Apprenticeship Training Committee or permission of Apprenticeship Coordinator.		Occ	L+L 3.0 3.0 3.0
CRP242	Doors/Door Hardware - Carpenter Apprenticeship		Installation process for several types of security and exit door hardware. Print interpretation, codes, door schedules, symbols, and hardware recognition.	Prerequisites: Apprentice status or permission of the Apprenticeship Coordinator.		Occ	L+L 3.0 3.0 3.0
CRP243	Scaffold Erector Qualification		Safety and terminology related to scaffold built applications, elevated platform use, span and loading criteria, access and egress, stability, and structural connections and inspections. Project drawing review for locating dimensions, determining layout and scaffold material requirements. Erection/dismantling sequence for the development of job planning, preparation skills and applied math.	Prerequisites: Registered Apprentice status with the Central Arizona Carpenters Joint Apprenticeship Training Committee or permission of Apprenticeship Coordinator.		Occ	L+L 3.0 3.0 3.0
CRP244	Cabinet Installation - Carpenter Apprenticeship		Cabinet installation from establishing the design layout to attaching	Prerequisites: Apprentice status or		Occ	L+L 3.0 3.0 3.0

			countertops. Print interpretation, job planning, scribing techniques, and proper installation sequence.	permission of the Apprenticeship Coordinator.			
CRP250	Prefab/Sound Panels - Carpenter Apprenticeship		Basic description of acoustical effectiveness of prefabricated sound panels. Planning, location, and installation of ceiling and wall panels.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP251	Advanced Acoustical Ceilings Layout - Carpenter Apprenticeship		Advanced layout methods used to complete accent acoustical ceiling installations. Seismic codes and hanger requirements. Layout techniques for establishing geometric designs. Students complete acoustical ceiling layout projects.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP252	Advanced Acoustical Ceiling Installations - Carpenter Apprenticeship		Identifying materials and methods used for the advanced installation of acoustical ceilings. Installation for custom and intricate grid systems. Green building rating systems applied to selected acoustical materials. Students complete a complex acoustical ceiling project.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP253	Framing Curves and Arches - Carpenter Apprenticeship		Framing methods for curves and arches and their related structural	Prerequisites: Admission into the		Occ	L+L 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			limitations. Identifying various wall and ceiling types and layout principles and materials used for each. Lath applications and trim. Students complete a framing project that includes curves and arches.	Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.			
CRP255	Fire Stopping/Fire Proofing Procedures - Carpenter Apprenticeship		Methods, technical skills, and fire stopping/fire proofing materials used to meet industry code requirements. Students apply and test fire stopping/fire proofing materials in a controlled environment.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP260	Advanced Lathing - Carpenter Apprenticeship		Advanced skills for the interior/exterior application of lathing materials. Wall anatomy terminology, applicable codes, lathing materials, and waterproofing methods. Includes key discussions to draw attention to typical installation issues, causes, and solutions frequently employed to correct flaws. Detailed project drawing review, providing practical experience for design analysis, material requirement, and code assessment. Emphasis on construction sequence will foster the development of job planning, preparation, and applied math skills. Importance of applicable building codes, tool use,	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			safety, accuracy, construction sequence, and proper use of waterproofing techniques will be stressed during lathing exercises.				
CRP261	Free-Form Lathing - Carpenter Apprenticeship		Comprehensive study of the theory and techniques used for development of freeform lathing projects. Students interpret gridline drawings, lay out and build lath cage work, and apply the appropriate lath(s) to achieve the desired or designed form or structure.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP263	Ceiling and Soffit Finishing - Carpenter Apprenticeship		Advanced level of finishing skills for applications with architecturally detailed ceilings and soffits. Determining type and quantity of materials for various designs and differentiating between levels of finish. Guided practice with a combination of hand and automatic tool techniques, promoting manipulative ability required for a successful result. Variety of finish trims integrated into each method of finish. Inspection criteria for evaluating finish levels.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP264	Advanced Hand Finishing - Carpenter Apprenticeship		Advanced methods and applications using hand tool techniques. Proper sequence of operation, phases, and materials to be used in order to produce a higher-level finished product to industry standards. Curved and radius wall characteristics for finish levels. Wall frame	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and		Occ	L+L 3.0 3.0 3.0

			components, materials used, surface preparation, and application methods. Students complete a project to a level five standard.	permission of the GateWay Apprenticeship Office.			
CRP267	Wet Wall Finishes - Carpenter Apprenticeship		Industry methods, mediums, and typical applications of wet wall finishes. Includes terminology and description of industry standard finishing levels, application tool types and techniques, and material identification and selection. Manufacturer's guidelines highlighting the environmental conditions for proper mixture preparation and use. Key discussions drawing attention to typical finish issues, causes, and solutions frequently employed. Emphasis on the selection and use of low volatile organic compounds (VOC) products. Importance of mixture consistency and proper coating sequence during wet wall finishing exercises.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP268	Decorative Trims - Carpenter Apprenticeship		Advanced hand and automatic tool finishing techniques used to apply decorative trims. Product information for metal, paper, plastics, and art beads. Special attention given to coating and sanding sequence of selected specialty trim installations and waste reduction.	Prerequisites: Admission into the Southwest Carpenters Training Fund (SWCTF) Registered Apprenticeship program and permission of the GateWay Apprenticeship Office.		Occ	L+L 3.0 3.0 3.0
CRP280	Total Station (Robotics) -		Terminology, optical principles, and operating procedures for transit	Prerequisites: Admission into the		Occ	L+L 3.0 3.0 3.0

			Covers creditor information and policies as well as procedures for account review. Also includes identification of and education regarding client financial issues in addition to client resource identification and use.				
CSM101	Quality Customer Service	TQM101	Examines the nature of quality customer service and the attitudes, knowledge, and skill needed to work effectively in a quality customer service environment. Foundation skills for quality customer services are taught, applied, and practiced	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CSN102DA	Customer User Support		Examines skills, tools and strategies necessary for becoming a computer help-desk or end-user support professional.	Prerequisites: None.		CLK	110
CSN110	Information Security Fundamentals		Fundamental concepts of information technology security. Topics include authentication methods, access control, cryptography, public key infrastructure (PKI), network attack and defense methods, hardening of operating systems and network devices, securing remote access and wireless technologies and securing infrastructures and topologies. Emphasis on hands-on labs in both the Windows and Linux environments. Builds on thorough understanding of transmission control protocol/internet protocol (TCP/IP) and security concepts and Microsoft (MS) Windows and Linux administration.	Prerequisites: A grade of C or better in CSN126DL or CSN126RH or permission of Program Director. Corequisites: CSN150++ or CSN270.		CLK	122

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CSN126DL	Linux Operating System		Introduction to the Linux operating system. Develop knowledge and skills required to install, configure and troubleshoot a Linux-based workstation including basic network functions. Learn basic command line and graphical user interface (GUI) desktop environment utilities and applications. Fundamental abilities to achieve the entry-level industry certification covered.	Prerequisites: None.		CLK	110
CSN140AB	Introduction to Networks		Focus on the architecture, structure, functions, components, and models of the internet and other computer networks. Principles and structure of IP addressing and the fundamentals of Ethernet concepts, media, and operations are introduced. Students will build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. Preparation for Cisco certification examination.	Prerequisites: None.		CLK	122
CSN150AB	Switching, Routing, and Wireless Essentials		Focus is on configuring switches and routers for use in small and medium-sized networks. Includes virtual local area networks (VLANs), VLAN trunking, inter-VLAN routing, spanning tree protocol (STP), EtherChannel, dynamic host configuration protocol (DHCP), first hop redundancy, local area network (LAN) and switch security, and static routing. Knowledge and skills needed to implement a	Prerequisites: None.		CLK	122

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			wireless local area network (WLAN) is also covered. Preparation for Cisco certification examination.				
CSN160AB	Enterprise Networking, Security, and Automation		Focus is on the configuration of routers and switches within small and medium size networks for advanced functionality including: open shortest path first (OSPF), network security, access control lists (ACLs), network address translation (NAT), wide area network (WAN) concepts, virtual private networks (VPNs), quality of service (QOS), network management, design, troubleshooting, virtualization, and automation. Preparation for Cisco certification examination.	Prerequisites: None.		CLK	122
CSN170	A+ Exam Prep: Computer Hardware Configuration and Support		Explore technical aspects of personal computers, including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis placed on hardware installation, maintenance, mobile devices, and hardware troubleshooting. Helps prepare students for the CompTIA A+ examinations.	Prerequisites: None.		CLK	122
CSN270	A+ Exam Prep: Operating System Configuration and Support		Explore advanced technical aspects of maintaining and servicing computers. Emphasis placed on operating system (OS) installation, maintenance, mobile devices, security, software troubleshooting, and on proper usage of tools, safety procedures, and professionalism. Helps	Prerequisites: None.		CLK	122

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			prepare students for the CompTIA A+ examinations.				
CSR108	Motor Vehicle Documentation Concerns		Vehicle titling considerations with emphasis on documentation procedures. Includes Department of Revenue policy and procedures and examination of title documents. Also covers trailer and damaged vehicle documentation as well as procedures for completing special vehicle titling	Prerequisites: None.		Occ	L+L 2.0 3.0 3.0
CSR109	Motor Vehicle Documentation Procedures		State motor vehicle documentation procedure. Use of computer based government workstation emphasized. Includes procedures for location and modification of customer and vehicle records	Prerequisites: None.		Occ	L+L 2.0 3.0 3.0
CSR118	Property Insurance Financial Security Customer Service		Financial security needs determinations procedures for the customer service representative. Referrals, value factors, and solutions applicable to providing opportunities for member financial security. Also includes company lines of business.	Prerequisites: None.		Occ	L+L 1.0 2.0 2.0
CSR119	Introduction to Homeowner Insurance Customer Service		Introduction to homeowner insurance components and coverage types for the customer service representative. Covers the home buying process as well as industry specific vocabulary and contracts.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
CSR120	Homeowner Policy Issuance Customer Service		Examination of homeowner insurance components and policies for customer representative issuance procedures. Covers	Prerequisites: None.		Occ	L+L 2.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			dwelling types and characteristics as well as various systems and procedures for policy issuance. Also includes an introduction to old age homes procedures.				
CSR121	Homeowner Policy Servicing Customer Service		Homeowner policy servicing components for the customer service representative. Covers systems and procedures for completing policy modifications, cancellations, and declines. Also includes Earned Premium Location (EPL) and Probable Maximum Loss (PML) guidelines.	Prerequisites: None.		Occ	L+L 2.0 3.0 3.0
CSR122	Introduction to Unit Owner Policy Customer Service		Unit owner policy components and procedures for the customer service representative. Covers various systems and procedures for issuance, modification, cancellation, and rewrite of policies. Also includes strategies for needs, determinations, and procedures for responding to member coverage inquiries.	Prerequisites: None.		Occ	L+L 2.0 3.0 3.0
CSR123	Introduction to Rental Property Insurance Customer Service		Introduction to rental property insurance components and policies for the customer service representative. Covers various systems and procedures for issuance, modification, and cancellation of policies as well as declined accounts.	Prerequisites: None.		Occ	L+L 2.0 3.0 3.0
CSR124	Renters Valuable Personal Property Customer Service I		Introduction to renters valuable personal property insurance procedures for the customer service representative. Covers types of policies, coverages, and limits as well as issuance and billing procedures. Also	Prerequisites: None.		Occ	L+L 2.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			includes member policy update procedures.				
CSR125	Renters Valuable Personal Property Customer Service II		Additional renters valuable personal property insurance procedures. Includes characteristics of valuable personal property coverage and limits as well as guidelines and procedures for dealing with collections. Also covers policy modifications, declines, and cancellations.	Prerequisites: A grade of C or better in CSR124.		Occ	L+L 2.0 3.0 3.0
CSR126	Automobile Insurance Customer Service Procedures		Automobile insurance industry customer service procedures. Covers roles and responsibility of a call center customer service consultant, including customer care expectations, call flow guidelines, insurance policy lifespan, and bill processing. Also covered workstation operation principles.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
CSR130	Advocate-Driven Healthcare		Procedures for advocate-driven healthcare customer service representatives. Covers eligibility requirements, enrollment procedures, and Health Insurance Portability and Accountability Act of 1996 (HIPAA) compliance standards. Also includes healthcare services, products, and plans.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
CSR136	Health Care Insurance: Claims I		Overview of health insurance, medical terminology, and various operating systems and applications. Also includes research of medical, outpatient, and inpatient claims.	Prerequisites: None.		Occ	L+L 4.0 6.0 6.0
CSR139	Introduction to Retail Pharmacy Customer Care		Introduction to the retail pharmacy program. Includes customer care responsibilities,	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			confidentiality, and eligibility status in addition to various types of member inquiries. Also covers quality assurance and Federal and State laws governing controlled substances.				
CSR144	Prior Authorization Programs and Systems		Prior authorization programs and systems for federal employees. Covers Med-Ex, 'Buy and Bill' and Medical Formulary Exception (MFE) programs as well as identification and processes for compounds. Also covers the Clinical Authorization System (CAS) program organization and use, including clinical rationales, outcomes, inquiries, and non-covered Qsets.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
CSR145	Prescription Prior Authorization I		Prescription prior authorization procedures for federal employees. Covers account access, documentation, and eligibility as well as claims process and claims adjudication. Computerized databases and automated phone systems emphasized.	Prerequisites: None.		Occ	L+L 3.0 4.0 4.0
CSR146	Prescription Prior Authorization II		Advanced prescription prior authorization procedures for federal employees. Usage of various computerized databases emphasized. Includes drug benefit management, drug limitation guidelines, standard allowance fill quantity, and prior authorization fill quantity. Approved and denied authorizations also covered in addition to grandfathered records and change in therapy procedures.	Prerequisites: A grade of C or better in CSR145.		Occ	L+L 3.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CSR148	Health Care Insurance: Customer Service		Overview of customer service standards and objectives for health care insurance phone inquiries. Covers customer service solution processes, including first call resolution, account inquires, member eligibility and benefits. Health care regulations also covered.	Prerequisites: None.		Occ	L+L 4.0 6.0 6.0
CSR155	Retail Pharmacy Plans		Retail pharmacy benefit plan design. Includes types of plans, limitations, and drug coverage in addition to fulfillment requests. Also covers procedures for accessing accounts, responding to caller inquires, completing test claims, and steps for locating formulary alternatives.	Prerequisites: A grade of C or better in CSR139.		Occ	LEC 3.0 3.0 3.0
CSR156	Retail Pharmacy Procedures		Practical application of retail pharmacy customer care procedures. Includes procedures for accessing accounts, responding to eligibility issues, and completing customer requests. Also covers billing and payment procedures as well as the provision of non-technical web support.	Prerequisites: A grade of C or better in CSR139.		Occ	L+L 2.0 4.0 4.0
CSR157	Mail Order Pharmacy Procedures		Practical application of mail order pharmacy customer care procedures. Includes procedures for managing billing and payment inquiries as well as order status processes and prior authorizations.	Prerequisites: A grade of C or better in CSR155.		Occ	L+L 2.0 3.0 3.0
CSR160	Pharmacy Practice for the Customer Service Representative		Orientation to customer service responsibilities in pharmacy practice. Includes educational and licensure requirements as well as basic functions of the	Prerequisites: Permission of Department or Division.		Occ	LEC 1.0 1.0 1.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			pharmacy and the customer service representative				
CSR162	Pharmacy Operations for the Customer Service Representative		Customer service responsibilities in pharmacy operations. Includes procedures for prescription dispensing and drug distribution in the retail setting. Inventory control, packaging and storage, in addition to computer usage and third party operations	Prerequisites: A grade of C or better in CSR160.		Occ	LEC 3.0 3.0 3.0
CSR163	Telecommunications Industry Collections Customer Service		Introductory collections customer service strategies. Covers essential behaviors for effective customer support and professional interaction, in addition to knowledge of company products, services, roles and functions.	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0
CSR164	Telecommunications Industry Receivables Management		Receivables management procedures for customer services representatives in the telecommunications industry. Covers tools and systems for managing billing account modifications, prorations, and credit adjustments in addition to handling fraud claims. Also includes payment processing, options and restrictions, as well as distributions and various declined payments.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
CSR165	Collections Customer Service		Practical application of telecommunications collections customer service procedures. Covers access to and navigation of tools and systems for completion of billing, payment and collections services.	Prerequisites: None.		Occ	L+L 2.0 4.0 4.0
CSR166	Telecommunications Industry Collections		Telecommunications industry collection procedures and strategies. Includes policies and procedures	Prerequisites: None.		Occ	L+L 2.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			for collections, including the Fair Debt Collections Practice Act (FDCPA) and federal laws and regulations for compliance. Also covers collections schemes and payments options, as well as call escalation and miscellaneous billing procedures.				
CSR171	Customer Representative Web Design Products and Services		Introduction to web design products and services. Includes customer services for web design, branding, and hosting as well as various products available to business owners. Also covers domain ownership and security.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
CSR172	Customer Representative Web Service Sales		Customer service account procedures for web service sales. Covers business specific services and products, and application to meeting customer needs. Also covers hosting and website design sales procedures as well as customer consultation techniques.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
CSR173	Customer Service for Web Hosting		Introduction to web hosting products and customer services. Includes features and benefits of branding, productivity, presence, and marketing.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
CSR174	Hosting Product Support Customer Service		Hosting product support customer service procedures. Covers databases, email solutions, and Content Management Systems (CMS) as well as business hosting. Also covers troubleshooting procedures including site latency.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
CSR175	Web Hosting Account Customer Service		Account customer service for web hosting and domains. Includes new accounts, branding,	Prerequisites: None.		Occ	LEC 1.0 1.0 1.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			and presence strategies and products, and their application to meeting customer needs. Also covers hosting and website design procedures as well as completion of a marketing consultation.				
CSR176	Customer Product Service Management for Web Hosting/Domain Registrar		Introduction to web hosting and domain registrar products and customer services. Includes features and benefits of branding, productivity, presence, and marketing.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CSR177	Customer Representative for Web Hosting/Domain Registrar Services		Customer service account procedures for web hosting and domain registrar product application. Includes new accounts, branding, and presence strategies and products, and their application to meeting customer needs. Also covers hosting and website design procedures as well as completion of a marketing consultation.	Prerequisites: None.		Occ	L+L 2.0 4.0 4.0
CSR178	Customer Service Consultations and Troubleshooting Lab		Practical application of strategies and procedures for conducting customer consultations and troubleshooting.	Prerequisites: None.		Occ	LAB 1.0 2.0 2.0
CSR184	Business Technology in Customer Service		Foundational business technology for enhancing customer service. Includes the integration of technology into an effective workforce management solution. Covers Enterprise Resource Planning (ERP) in addition to Customer Relationship Management (CRM) and Business Intelligence (BI).	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
CSR185	Insurance Industry Direct Sales Concepts		Overview of customer service direct sales concepts for the	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

			troubleshooting of specific types of Caterpillar equipment. Requires intern to complete a list of learning objectives, keep a logbook, and be evaluated by dealership supervisor and internship coordinator.				
CUL101	Culinary Basics		Theory and practice of basic elements of culinary arts fundamentals. Emphasis on safety, sanitation and uniform requirements, culinary terminology, basic nutritional guidelines, equipment needs and usage, standard measurements, knife selection and care, basic knife cuts, and fruit and vegetable identification and preparation.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CUL102	Hot Foods		Cooking techniques and preparation of varied meat, fish and poultry items. Theory and practice of production of stocks, sauces, and soups. Study of butchering, yields, purchasing and grade classification.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CUL103	Breakfast and Cold Foods		Cooking techniques and preparation of breakfast items, salads, sandwiches, and dressings. Theory and practice of production of egg, pasta, cheeses, and fruit dishes, canapes and hors d'oeuvre creations. Study of lettuces, fruits, grains, cheeses and dressings as components of salads and sandwiches.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CUL104	Bakery and Pastry		Provides a study of cooking techniques and preparation methods for cakes, pies, cookies and simple desserts as well as production of doughs	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			and breads. Includes preparation of various bakery sauces and toppings, uses of chocolate, and appropriate presentation methods for various types of desserts.				
CUL105	Principles of Professional Cooking		Introductory principles and skills for professional cooking. Introduces organizational structure of kitchen staff in different types of kitchens. Includes basic principles of safety and sanitation, equipment and utensil use, French cooking terms, recipe use, measuring techniques, identification and use of seasoning agents, and basic cooking methods applied to stocks, sauces and soups, vegetables, starches, entrees, and eggs. Emphasis on practical experiences in a commercial kitchen.	Prerequisites: None.		Occ	L+L 3.0 5.0 5.0
CUL107	Principles and Techniques of Garde Manger		Prepares students for employment in garde manger pantry positions in restaurants and resorts. Includes costing out and ordering food products; food and safety factors; preparing and garnishing pantry product. Emphasis on classical food presentation.	Prerequisites: A grade of C or better in CUL105 or permission of Program Director.		Occ	L+L 3.0 5.0 5.0
CUL109	Menu Planning Development	HRM102	Principles and techniques of menu planning for food service operations where food is served in quantity; includes applications for health care institutions, commercial kitchens, school cafeterias, and industrial facilities.	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
CUL111	Purchasing for Food Service Systems		Food purchasing for institutions: cost factors, quality standards,	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			purchasing practices and controls.				
CUL113	Commercial Baking Techniques		Principles and techniques for preparation, storage, and serving of bakery products. Includes breads, cakes, pies, pastry, cookies, fillings, and icings. Emphasis on practical experiences in a commercial bakery.	Prerequisites: None.	Students must have or obtain a current Maricopa County Arizona Food Handler's Certificate prior to food handling activities to successfully participate in the course. Recommend students complete this prior to the start of the course.	Occ	L+L 3.0 5.0 5.0
CUL115	Food Service Sanitation, Safety and Stewarding		Focuses on the theory and practice of food service safety and sanitation. Emphasis on understanding and applying the Hazard Analysis Critical Control Points (HACCP) concept. Reviews legal elements of food service sanitation based on requirements and recommendations of Maricopa County Health Department. Focuses on stewarding as an important kitchen support service with emphasis on appropriate practices and principles of receiving food and product rotation	Prerequisites: None.		Occ	LEC 2.0 2.0 2.0
CUL117	Catering - Planning and Production		Focuses on the basic steps of the catering process in a commercial food setting. Includes a review of safety and sanitation principles. Emphasizes practical experiences in booking and record keeping,	Prerequisites: A grade of C or better in CUL105.		Occ	LAB 1.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			planning, ordering, production, and service set-up and break-down for both in-house and off-premise catered events.				
CUL119	Baking Theory and Retail Operations		Baking principles to include detailed study of ingredients, heat transfer, and recipe conversions. Basic business operations for a retail bakery including bakery product line and floor plan design.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CUL120	Food Costing, Purchasing and Inventory Control		Basic skills necessary to understand and utilize cost controls. Focus on measurements, recipe costing and yield analysis. Application of systems and practices for efficient food purchasing, storage, production, budgeting and inventory.	Prerequisites: None.		Occ	L+L 3.0 3.0 3.0
CUL121	Principles of Food and Beverage Service		Qualities and skills necessary for successful food and beverage service. Includes room planning and setup, duties of service staff, types of service, customer relations, dining room etiquette, and cash management.	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CUL123	Customer Service Practicum		Professional food and beverage experience in a commercial food service operation. Focuses on food server, host/hostess, cashier, and busperson. Includes beverage preparation, application of sanitation, and safety concepts. Stresses professionalism in service, demeanor, and appearance.	Prerequisites: A grade of C or better in FON104.		Occ	L+L 4.0 11.0 11.0
CUL123AA	Customer Service Practicum		Professional food and beverage experience in a commercial food service operation. Focuses on food server, host/hostess cashier, busperson. Includes	Prerequisites: A grade of C or better in FON104 and Permission of Department or Division.	CUL123AA may be repeated for a total of four (4) credits.	Occ	L+L 1.0 4.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			beverage preparation, application of sanitation and safety concepts. Stresses professionalism in service, demeanor, and appearance.				
CUL123AB	Customer Service Practicum		Professional food and beverage experience in a commercial food service operation. Focuses on food server, host/hostess cashier, bus person. Includes beverage preparation, application of sanitation and safety concepts. Stresses professionalism in service, demeanor, and appearance.	Prerequisites: None.		Occ	L+L 2.0 5.0 5.0
CUL127	Classical Desserts		Advanced principles and techniques in commercial baking and dessert preparation. Focus on fine pastries with European flair and on desserts served in better hotels, restaurants, and resorts. Preparation of macaroons, tarts, puff pastries, specialty cakes, and desserts such as Bavarian creams, mousses, custards, souffles, crepe desserts, and flammeries. Preparation and use of sauces, techniques for using nuts and chocolate, and exploration of new recipes.	Prerequisites: A grade of C or better in CUL113, or permission of Program Director.		Occ	L+L 3.0 5.0 5.0
CUL130	Savory Foods I		Studies all facets of hot foods with an emphasis on French and regional cooking techniques; including vegetable preparation, stocks, sauces, and soups. Reviews ingredients, production and plating techniques that are unique to contemporary, international and regional cuisines.	Prerequisites: None.		Occ	L+L 6.0 7.5 7.5

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CUL131	Customer Services in Food Service Systems		Customer service principles and procedures in commercial food service operations. Focuses on experiences in bussing, waiter/waitressing, hosting, and beverage preparation in a coffee shop or at catered events. Emphasis on professionalism. Includes principles of safety and sanitation.	Prerequisites: None.		Occ	LAB 1.0 3.0 3.0
CUL137	Specialty Breads and Breakfast Pastry		The preparation of classical and artisan breads using advanced production techniques and skills. Classic breakfast pastry, with the production of laminated doughs, sweet doughs, and rich yeast doughs to include Danish, croissant, puff pastry, brioche, and other international classics. Completion of edible centerpieces made out of various styles of bread.	Prerequisites: None.	CUL137 students must have or obtain a current Maricopa County Arizona Food Handler's Certificate prior to food handling activities to successfully participate in the course. Recommend students complete this prior to the start of the course.	Occ	L+L 3.0 5.0 5.0
CUL140	Culinary Principles and Kitchen Management I		Historical background of the culinary profession and food components. Overview of kitchen administration and responsibilities. Includes food history, terminology, tools and equipment, food preparation, tasting and sensory evaluation, stocks and sauces, herbs and spices, chocolates, vegetables, fruits, pasta, grains and cheeses	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
CUL145	Banquet Food and Beverage Service Externship		Waiter/waitress serving experiences in a banquet setting; includes instructor-assisted placement, orientation, job seeking skills, and working a minimum of four banquets or twenty-four hours in banquet service. Professional appearance and attire required.	Prerequisites: A grade of C or better in CUL121, CUL123, and FON104.		Occ	LAB 1.0 5.0 0.0
CUL150	Garde Manger I		Provides a foundation in Garde Manger. Includes equipment, sanitation and safety, production, salads, emulsified and non-emulsified dressings, sandwiches, cold sauces, salad condiments, knife skills, cleaning of salad greens and spice and herb identification. Studies culinary terms and presentation techniques. Teaches cooking techniques such as poaching, sauteing, and grilling in the context of Garde Manger work.	Prerequisites: None.		Occ	L+L 2.0 3.5 3.5
CUL160	Bakery I		Theory and practice of operating a bakery or pastry shop in a hotel or restaurant kitchen. Provides experience in planning, ordering, scheduling and producing fine French and American pastries and baked goods. Emphasis on rapid, high-quality hand production of doughs, creams, fillings, cookies and breads.	Prerequisites: None.		Occ	L+L 3.0 5.0 5.0
CUL170	Dining Room Operations I		Focuses on theory and practice of operating a casual dining room; includes set-up and clean-up, food and beverage service, proper etiquette, point-of-sale operation and presenting guest checks. Emphasis on service techniques,	Prerequisites: None.		Occ	L+L 3.0 5.0 5.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			including buffet and banquet set-ups, and customer accommodations.				
CUL180	Food In History		Focuses on the history of foodstuffs, the story of cuisine and the social history of eating. Includes the relationship between people and what they eat, between particular foods and social behavior, and between dietary habits, customs and methods of cooking	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CUL190	Catering Operations I		Studies theory and practice of planning and executing catering functions; includes initial customer contact and follow-up, room set-up and scheduling, menu and incidental planning event execution and breakdown, billing and post-event follow up	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
CUL201	International Cuisine		Gourmet international food preparation applied to restaurants. Review principles of sanitation and safety. Explores history and customs, serving styles, and preparation techniques of foods unique to selected international cultures. Emphasis on practical cooking experiences in a restaurant kitchen. Cultures to include, but not limited to: Italian, German, Oriental, Middle Eastern, and Spanish.	Prerequisites: A grade of C or better in CUL105 or permission of Program Director.		Occ	L+L 3.0 5.0 5.0
CUL203	American Regional Cuisine		American regional food preparation applied to restaurants. Review principles of sanitation and safety. Explores history and customs, serving styles, and preparation techniques of foods unique to selected American	Prerequisites: A grade of C or better in CUL105 or permission of Program Director.		Occ	L+L 3.0 5.0 5.0

DAN136	Jazz Dance II		Theory and practice of jazz dance at the advanced beginning level. Development of movement quality and performance skills.	Prerequisites: A grade of C or better in DAN133 or permission of Instructor.	DAN136 may be repeated for credit.	Occ	L+L 1.0 3.0 3.0
DAN136PA	Jazz Beginning Level		Dance training for personal skill development and interest. Introduction to the theory and practice of jazz dance at the beginning level. Development of movement quality and performance skills.	Prerequisites: A grade of C or better in DAN133PA or permission of Department or Division.	DAN136PA may be repeated for credit. Course is not intended for dance majors.	Occ	L+L 0.5 1.5 1.5
DAN140	Tap Dance I		An introduction to the theory and practice of tap dance.	Prerequisites: None.	DAN140 may be repeated for credit.	Occ	L+L 1.0 3.0 3.0
DAN141	Dance Workshop		An intensive experience in the process of choreography, performance, and production elements.	Prerequisites: None.	DAN141 may be repeated for credit.	Occ	L+L 1.0 3.0 3.0
DAN145	Tap Dance II		Theory and practice of tap dance at an advanced beginning level.	Prerequisites: A grade of C or better in DAN140 or permission of Instructor.	DAN145 may be repeated for credit.	Occ	L+L 1.0 3.0 3.0
DAN146	Tap Dance Ensemble		Introduction to the process and practice of dance performance, specific to the genre of tap dance.	Prerequisites: A grade of C or better in DAN140 or permission of Instructor.	DAN146 may be repeated for credit.	Occ	L+L 1.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
DAN150	Dance Performance I		An introduction to the process and practice of dance performance.	Prerequisites: None. Corequisites: Any level of any of the following dance technique courses with a DAN prefix: ballet, modern, jazz, hip hop, tap, social, or world dance.	DAN150 may be repeated for credit.	Occ	L+L 1.0 3.0 3.0
DAN155	Dance Performance II		Continued study of the process and practice of dance performance at advanced beginning level.	Prerequisites: A grade of C or better in DAN150 or permission of Instructor. Corequisites: Any level of any of the following dance technique courses with a DAN prefix: ballet, modern, jazz, hip hop, tap, social, or world dance.	DAN155 may be repeated for credit.	Occ	L+L 1.0 3.0 3.0
DAN164	Improvisation		An introduction to and an exploration of basic improvisational dance skills.	Prerequisites: None.	DAN164 may be repeated for credit.	Occ	L+L 1.0 3.0 3.0
DAN170	Dance Kinesiology		In-depth study of how the human body functions during dance movement both theoretically and practically. Attention given to correct body alignment and use while dancing, exploring each part of the body individually and analyzing the body as a whole.	Prerequisites: None. Corequisites: Any dance technique course.		Occ	LEC 3.0 3.0 3.0
DAN190	Discovering Dance Careers		An overview of the professional opportunities available in dance and dance related fields.	Prerequisites: None.	DAN190 may be repeated for credit.	Occ	LEC 1.0 1.0 1.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
DAN191	Viewing Dance		This course emphasizes developing critical analysis skills in order to find effective and intelligent ways of viewing and discussing choreography, dance for film, and lighting design for dance. Students will view masterpiece examples of choreography, dance for film, and lighting design from notable artists during the 20th and 21st centuries spanning various genres of dance.	Prerequisites: None.		Occ	L+L 1.0 1.0 1.0
DAN192	Digital Music for Dancers		Learn to use Digital Audio Workstation (DAW) software to edit and create music for dance performance and film as well as fix audio issues in music and sound.	Prerequisites: None.		Occ	L+L 1.0 1.0 1.0
DAN193	Professional Promotion for Dancers		An introduction to professional promotion for dancers. Design software and online applications will be used to manipulate photos and graphics in the creation of design projects for promotion.	Prerequisites: None.		Occ	L+L 1.0 1.0 1.0
DAN201AA	Special Topics: Dance		Exploration of current topics, issues and activities related to one or more aspects of dance.	Prerequisites: Permission of Instructor.	Designed to offer special topics and/or specialized training for students in dance. Includes activities for portfolio enhancement.	Occ	L+L 1.0 1.0 1.0
DAN201AB	Special Topics: Dance		Exploration of current topics, issues and activities related to one or more aspects of dance.	Prerequisites: Permission of Instructor.	Designed to offer special topics and/or specialized training for students in dance. Includes	Occ	L+L 2.0 2.0 2.0

			mechanical, electronic and construction drawings		Designation : Computer/S tats/Quantit ative Apps - [CS] in combination with: CSC100 or CSC100AA or CSC100AB.		
DFT106	Algebra and Graphs for Design Technology		Algebraic principles and applications used in the design trades. Additional topics in the use of rectangular coordinates.	Prerequisites: A grade of C or better in MAT092 or equivalent or 1 year of high school algebra or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
DFT107	Trigonometry and Analytic Geometry for Design Technology		An introduction to plane trigonometry and plane and solid geometry with practical applications to the field of design drafting. Problems in the analysis of force, stress, and vectors as well as primary geometric considerations	Prerequisites: A grade of C or better in DFT106 or equivalent.		Occ	LEC 3.0 3.0 3.0
DFT110	Introduction to Drafting		Fundamentals of drafting including lettering, basic drawing concepts, geometric construction and multiview projection.	Prerequisites: None.		Occ	L+L 3.0 6.0 6.0
DFT111	Intermediate Drafting		Dimensioning and tolerancing, sectional views and auxiliary views.	Prerequisites: A grade of C or better in DFT105AA, or DFT110, or equivalent.		Occ	L+L 3.0 6.0 6.0
DFT112	Advanced Drafting		Detail and assembly drawings, dimensioning and tolerancing per current manufacturing standards.	Prerequisites: A grade of C or better in (DFT111 and DFT254AA) or equivalent.		Occ	L+L 3.0 6.0 6.0
DFT114	Machine Trades Blueprint Reading		Analysis and interpretation of technical drawings, common to manufacturing and the machine trades	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
DFT115	Geometric Dimensioning and Tolerancing		Principles and application of the latest techniques in geometric dimensioning and tolerancing in accordance with current American Society of Mechanical Engineers (ASME) Y14.5M. Recommended for all manufacturing personnel who read or produce engineering drawings related to contracts with the U.S. Government.	Prerequisites: A grade of C or better in DFT110 or Corequisites: DFT110 or permission of Department or Division.		Occ	LEC 3.0 3.0 3.0
DFT126	Building Trades Blueprint Reading		Analysis and interpretation of technical drawings common to the construction industry and building trades	Prerequisites: None.		Occ	LEC 3.0 3.0 3.0
DFT254AA	Computer Aided Drafting II: AutoCAD		Advanced AutoCAD techniques in constructing three-dimensional objects and symbols, dimensioning and text; advanced techniques for projection, rotation, and translation of objects; advanced plotter use.	Prerequisites: A grade of C or better in DFT105AA or equivalent or permission of Department or Division.		Occ	L+L 3.0 6.0 6.0
DFT255	3D Printing/Additive Manufacturing		Rapidly advancing additive manufacturing (AM) technologies, often called 3D printing, provide us a direct way of converting digital data into physical objects. Additive manufacturing enables the building of customized parts previously impossible to fabricate. Design for additive manufacturing teaches background, terminology, fundamentals designing for additive manufacturing, and current AM technology as well as advantages and limitations of 3D printing, materials, and post-processing. Students will learn and apply technique through	Prerequisites: A grade of C or better in DFT254AA or or permission of Department or Division.		Occ	L+L 4.0 4.0 4.0

			decision making, advanced instrumentation and improved time utilization.	the Dental Hygiene Program. Corequisites: DHE212.			
DHE219	Practice Management		Integration of practice management concepts and comprehensive quality patient care in preparation for future collaborative practice between dental hygienists and dentists. Students are challenged with practice situations including productivity, conflict management, ethical and legal issues.	Prerequisites: Admission to the Dental Hygiene Program or permission of Instructor.		Occ	LEC 2.0 2.0 2.0
DHE225	Periodontics		Principles of periodontology; etiology, microbiology, pathogenesis, classification and characteristics of healthy and diseased periodontal tissues. Surgical treatment of periodontal disease and the effects of dental hygiene therapy, surgical techniques and maintenance therapy. Evaluation of the scientific literature and multi-media resources are used extensively.	Prerequisites: Admission to the Dental Hygiene Program or permission of Instructor.		Occ	LEC 3.0 3.0 3.0
DHE227	Dental Anesthesia		A comprehensive lecture and laboratory course providing concepts and techniques for the administration of local anesthetic agents and nitrous oxide. Experience gained in medical history review, electronic recordkeeping, patient management, and hands-on experience administering local anesthetics and nitrous oxide in a clinical setting.	Prerequisites: A grade of C or better in DHE119.		Occ	LEC 2.0 2.0 2.0 LAB 0.0 3.0 3.0
DHE229	Community Oral Health		An examination of methods used to assess the oral health status of the community and to	Prerequisites: Admission to the Dental Hygiene		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			plan, implement, finance and evaluate dental public health programs. Focus on community-based health promotion and disease prevention measures to improve the oral health of the population, as well as the characteristics of dental care delivery systems and the social, political, psychological and economic factors affecting utilization within the system.	Program or permission of Instructor.			
DHE232	Dental Hygiene Theory III		Study of the dental hygiene process of care with emphasis on the patient with special needs and advanced instrumentation. Students participate in field observations and present case documentations.	Prerequisites: A grade of C or better in (DHE212 and DHE213) and admission to the Dental Hygiene Program. Corequisites: DHE233.		Occ	L+L 2.0 2.0 2.0
DHE233	Dental Hygiene Clinic III		Application of the dental hygiene process of care with emphasis on diverse populations. Students prepare for clinical practice using self assessment, evaluation and critical thinking skills.	Prerequisites: A grade of C or better in (DHE212 and DHE213) and admission to the Dental Hygiene Program. Corequisites: DHE232.		Occ	LAB 5.0 15.0 15.0

DMS245	Neurosonography		Neuroanatomy and neurosonography of the brain and spinal cord.	Prerequisites: Admission to Diagnostic Medical Sonography program.		Occ	LEC 1.0 1.0 1.0
DMS250	Musculoskeletal Sonography and Small Parts		Normal sonographic human anatomy in sagittal, transverse, oblique, coronal planes. Emphasis on musculoskeletal imaging, and small parts.	Prerequisites: Admission to Diagnostic Medical Sonography program.		Occ	L+L 2.0 2.0 2.0
DMS252	Musculoskeletal Procedures I		Ultrasound terminology and physics. Anatomical variants, normal, and pathological sonographic findings in musculoskeletal diagnostic ultrasound of the upper extremity.	Prerequisites: Admission to Diagnostic Medical Sonography program or permission of the Program Director.		Occ	L+L 4.0 6.0 6.0
DMS254	Musculoskeletal Procedures II		Ultrasound terminology and physics. Anatomical variants, normal, and pathological sonographic findings in musculoskeletal diagnostic ultrasound of the lower extremity.	Prerequisites: Admission to Diagnostic Medical Sonography program or permission of the Program Director.		Occ	L+L 4.0 6.0 6.0
DMS255	Pediatric Sonography		Ultrasound imaging of the pediatric population. Includes terminology, technique, physics and instrumentation. Embryology, anatomy, physical examination and procedure findings. Pathology and correlation with other imaging modalities.	Prerequisites: Admission to Diagnostic Medical Sonography Program, or Registered Diagnostic Medical Sonographer (RDMS) credentialed with permission from Program Director.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
DMS261	Clinical Practicum IV-AA		Technical and professional aspects of diagnostic ultrasound in a hospital or clinical setting at the intermediate level. Reinforcement and broadening of knowledge base related to hospital procedures and policies. Observation, assistance and performance of patient care and sonographic duties under limited supervision.	Prerequisites: Admission to Diagnostic Medical Sonography program.		Occ	LAB 2.0 10.0 0.0
DMS262	Clinical Practicum IV-AB		Development of technical and professional aspects of diagnostic ultrasound in a hospital or clinical setting at the intermediate level. Ongoing reinforcement and broadening of knowledge base related to hospital procedures and policies. Continued observation, assistance and performance of patient care and sonographic duties under limited supervision.	Prerequisites: Admission to Diagnostic Medical Sonography program.		Occ	LAB 2.0 10.0 0.0
DMS263	Vascular Clinical Practicum I		Technical and professional aspects of diagnostic vascular ultrasound in a hospital or clinical setting at the intermediate level. Reinforcement and broadening of knowledge base related to hospital procedures and policies. Observation, assistance and performance of patient care and vascular sonographic duties under limited supervision.	Prerequisites: Admission to Diagnostic Medical Sonography program.		Occ	LAB 2.0 10.0 0.0
DMS265	Musculoskeletal Clinical Practicum		Musculoskeletal Clinical Practicum of 240 hours in healthcare setting Ultrasound imaging	Prerequisites: Admission to Diagnostic Medical		Occ	LAB 4.0 24.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			instrumentation, protocol implementation and positioning techniques. Application of Ultrasound safety, quality control procedures and effective patient care and communication skills.	Sonography program or permission of the Program Director.			
DMS267	Musculoskeletal Case Studies		Medical terminology, anatomy, physical principles, and technology for determining proper technical factors. Anatomical variants, normal, and pathological sonographic findings in musculoskeletal diagnostic ultrasound case presentations.	Prerequisites: Admission to Diagnostic Medical Sonography program or permission of the Program Director.		Occ	LEC 1.0 1.0 1.0
DMS270	Clinical Practicum V-AA		Technical and professional aspects of diagnostic ultrasound in a hospital or clinical setting at the advanced level. Clinical diagnostic experiences in routine/high risk obstetrics, pelvic, vascular, abdominal and small parts scanning.	Prerequisites: Admission to Diagnostic Medical Sonography program.		Occ	LAB 2.0 10.0 0.0
DMS271	Clinical Practicum V-AB		Development of technical and professional aspects of diagnostic ultrasound in a hospital or clinical setting at the advanced level. Continued opportunity for clinical diagnostic experiences in routine/high risk obstetrics, pelvic, vascular, abdominal and small parts scanning. Focus on progression to independent level of function.	Prerequisites: Admission to Diagnostic Medical Sonography program.		Occ	LAB 2.0 10.0 0.0
DMS272	Clinical Practicum V-AC		Culminating clinical practice course with application of theoretical and practical concepts related to diagnostic ultrasound. Emphasis on independent performance of all clinical diagnostic	Prerequisites: Admission to Diagnostic Medical Sonography program.		Occ	LAB 2.0 10.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			procedures including routine/high risk obstetrics, pelvic, vascular, abdominal and small parts scanning.				
DMS273	Vascular Clinical Practicum II		Development of technical and professional aspects of diagnostic vascular ultrasound in a hospital or clinical setting at the advanced level. Continued opportunity for clinical diagnostic experiences in routine/complex vascular scanning. Focus on progression to independent level of function.	Prerequisites: Admission to Diagnostic Medical Sonography program.		Occ	LAB 2.0 10.0 0.0
DMS281	Ultrasound Registry Preparation Seminar: Physics and Instrumentation		Intensive review of major content measured in the American Registry for Diagnostic Medical Sonography certification examination. Physics and instrumentation in ultrasound technology.	Prerequisites: Admission into the Diagnostic Medical Sonography program or permission of the Program Director.		Occ	LEC 1.0 1.0 1.0
DMS282	Ultrasound Registry Preparation Seminar: Abdominal and Small Parts Imaging		Intensive review of major content measured in the American Registry for Diagnostic Medical Sonography certification examination. Specialties of abdominal and small parts imaging.	Prerequisites: Admission into the Diagnostic Medical Sonography program or permission of the Program Director.		Occ	LEC 1.0 1.0 1.0
DMS283	Ultrasound Registry Preparation Seminar: Obstetrics and Gynecology		Intensive review of major content measured in the American Registry for Diagnostic Medical Sonography certification examination for obstetrics and gynecology.	Prerequisites: Admission into the Diagnostic Medical Sonography program or permission of the Program Director.		Occ	LEC 1.0 1.0 1.0
DMS284	Ultrasound Registry Preparation: Vascular Imaging		Anatomy and physiology of the vascular system. Testing parameters and methods for vascular examinations. Scan protocol for sonographic	Prerequisites: Admission into the Diagnostic Medical Sonography		Occ	LEC 1.0 1.0 1.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			evaluation of head and neck, extremities, upper abdomen and pelvis vasculature. Interpret scans and special cases.	program or permission of the Program Director.			
DMS285	Intermediate Vascular Technology		Sonographic evaluation of the upper and lower peripheral vascular system and the cerebrovascular system. Normal and pathologic sonographic imaging and Doppler evaluation of the venous, arterial systems of the upper and lower extremities, and intra and extracranial vessels.	Prerequisites: Admission to Diagnostic Medical Sonography program.		Occ	LEC 2.0 2.0 2.0
DMS286	Advanced Vascular Technology		Vascular evaluation of the abdominal vicera and small parts. Normal and pathologic sonographic imaging and Doppler evaluation of the venous and arterial systems of the abdominal organs and small body parts. Capabilities, limitations, protocols and techniques required for diagnosis of the systemic, hepatoportal, and collateral systems, and extremities. Preoperative mapping of the radial, mammary, and epigastric arteries.	Prerequisites: Admission to Diagnostic Medical Sonography program.		Occ	LEC 2.0 2.0 2.0
DMS286LL	Advanced Vascular Technology Laboratory		Laboratory experience in support of DMS286.	Prerequisites: A grade of C or better in DMS286 or Corequisites: DMS286.		Occ	LAB 1.0 3.0 3.0
DMS290	Advanced Medical Ultrasound Procedures		Presentation of advanced topics in sonography including state of the art equipment. Superficial organs, heart and vessels, neurosonography, musculoskeletal, intraoperative, and interventional procedures. Aseptic	Prerequisites: Admission to Diagnostic Medical Sonography program.		Occ	LEC 4.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			technique, medical-legal and patient record keeping and image acquisition for performance of advanced sonographic examinations.				
DMS295	Stress Echocardiography		Anatomy and physiology of the heart. Normal and stressed states of cardiac anatomy as it relates to diagnostic sonography. Performance of stress echocardiography exam. Pharmacological agents used in stress echocardiography.	Prerequisites: Completion of echocardiography program, or Registered Diagnostic Cardiac Sonographer (RDCS), or Registered Diagnostic Medical Sonographer (RDMS), or Registered Cardiac Sonographer (RCS) credentials.		Occ	L+L 2.0 3.5 3.5
ECE102	Engineering Analysis Tools and Techniques		Learning culture of engineering, engineering use of computer tools, and computer modeling as applied to engineering analysis and design.	Prerequisites: A grade of C or better in MAT15+ or higher-level mathematics course, or an appropriate District placement above MAT15+, or permission of Instructor or Division or Department Chair.		Acad	L+L 2.0 4.0 4.0
ECE103	Engineering Problem Solving and Design		Fundamentals of the design process: engineering modeling, communication and problem-solving skills in a team environment. Emphasis on process-based improvements to the design process. Introduction to	Prerequisites: A grade of C or better in ECE102 or permission of Instructor or Division or Department Chair.	Student may receive credit for only one of the following: ECE103 or ECE103EP.	Acad	L+L 2.0 4.0 4.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			engineering as a profession.				
ECE103EP	Engineering Problem Solving and Design (with EPICS projects)		Fundamentals of the design process: engineering modeling, communication and problem-solving skills in a team environment. Emphasis on process-based improvements to the design process. Introduction to engineering as a profession.	Prerequisites: A grade of C or better in ECE102 or permission of Instructor.	ECE103EP students may receive credit for only one of the following: ECE103 or ECE103EP.	Acad	L+L 2.0 4.0 4.0
ECE104	EPICS Gold I		EPICS Gold is the first of a sequence of two two-credit service learning courses in which EPICS teams are formed from students potentially representing all engineering, computer science, and construction disciplines, as well as other majors, including sustainability, business, liberal arts, sciences, and others.	Prerequisites: None.	Students who complete this course and transfer to ASU may participate in the upper division EPICS classes following this introductory class, which may include continuation of the project from this class or different projects. Student participation for multiple consecutive semesters on a project is encouraged . ECE104 may be repeated for a total of four (4) credit hours.	Acad	L+L 2.0 2.0 2.0
ECE105	MATLAB Programming		Use MATLAB to solve engineering problems. An overview of programming, including matrices, structures,	Prerequisites: A grade of C or better in [(MAT150 or MAT151 or		Acad	L+L 1.0 2.0 2.0

			strings, functions, control flow, file management, data analysis, graphing capabilities, and mathematical calculations.	MAT152 or MAT155 or MAT156) and MAT182] or MAT187 or higher level mathematics course or permission of Instructor or Division or Department Chair.			
ECE106	Survey of Nanotechnology		Reading and discussion on topics in nanotechnology. Includes key issues in the development of nanoscale engineering	Prerequisites: None.		Acad	LEC 1.0 1.0 1.0
ECE111	Bioengineering Systems		Introduction to biological concepts and application of engineering to biological and earth systems. Analysis of materials, structures, fluid mechanics, bioelectricity, and dynamics as applied to biological and environmental systems	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0 LAB 0.0 2.0 2.0
ECE150	Exploring Engineering and its Impact on Society		Introduction to the profession of engineering and its impact on culture and society.	Prerequisites: None.	Course Attribute(s): General Education Designation : Humanities, Arts and Design - [HU]	Acad	LEC 3.0 3.0 3.0
ECE205	Introduction to Mining Engineering		Introduction to the process of mineral and metal extraction. From location, design, operation to reclamation of a mine site.	Prerequisites: A grade of C or better in ECE102.		Acad	LEC 3.0 3.0 3.0
ECE211	Engineering Mechanics-Statics		Modeling of static equilibrium in particles and rigid bodies through analysis of forces and mechanical properties.	Prerequisites: A grade of C or better in PHY115 or PHY121 or permission of Instructor or Division or Department Chair.		Acad	LEC 3.0 3.0 3.0 LAB 0.0 2.0 2.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
				Corequisites: MAT230 or MAT231 or permission of Instructor or Division or Department Chair.			
ECE212	Engineering Mechanics-Dynamics		Modeling of dynamic motion in particles and rigid bodies through kinetics and kinematics. Work and energy principles; impulse and momentum principles; planar kinematics; equations of motion; conservation of energy and momentum.	A grade of C or better required in all Prerequisites. Prerequisites: [ECE211 and (PHY115 or PHY121)] or permission of Instructor or Division or Department Chair. Prerequisites or Corequisites: MAT240 or MAT241 or permission of Instructor or Division or Department Chair.		Acad	LEC 3.0 3.0 3.0 LAB 0.0 2.0 2.0
ECE214	Engineering Mechanics		Foundations of engineering mechanics, including force systems, resultants, equilibrium of particles and rigid bodies, centroids and centers of mass, area and mass moments of inertia, friction, internal forces in structures, kinematics and kinetics of particles, kinematics and kinetics of rigid bodies, energy and momentum principles.	Prerequisites: A grade of C or better in (ECE103 or ECE103AB or ECE103EP) and (MAT230 or MAT231) and (PHY115 or PHY121). Corequisites: MAT240 or MAT241.		Acad	LEC 4.0 4.0 4.0 LAB 0.0 2.0 2.0
ECE215	Mechanics of Materials		Designed to provide students with a strong fundamental foundation in the mechanics of solids. Includes the concepts of stress and strain applied to the analysis and design of members subjected to axial and torsional loads	Prerequisites: A grade of C or better in (ECE211 or ECE214).		Acad	L+L 3.0 5.0 5.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			and members subjected to shear and bending, applications and transformation of plane stress and plane strain, deformation of beams, and elastic buckling of columns.				
ECE216	Computer-Aided Engineering		Introduction to engineering graphics, including tolerancing and fasteners, as well as creation and use of engineering drawings.	Prerequisites: A grade of C or better in ECE103, or ECE103EP, or permission of Instructor. Corequisites: ECE216LL.		Acad	LEC 2.0 2.0 2.0
ECE216LL	Computer-Aided Engineering Laboratory		Laboratory experience in support of ECE216.	Prerequisites: A grade of C or better in ECE103, or ECE103EP, or permission of Instructor. Corequisites: ECE216.		Acad	LAB 1.0 2.0 2.0
ECE230	Introduction to the Chemical Engineering Process		Introduces fundamental skills and principles needed to analyze the industrial processes of importance to the chemical engineering profession.	Prerequisites: A grade of C or better in CHM152 and MAT231.	ECE230 course is designed for chemical engineering students.	Acad	L+L 3.0 5.0 5.0
ECE231	Introduction to Fluid Transport Phenomena		Fundamental skills and principles of fluid transport on both macroscopic and microscopic scales using mass balances, momentum balances and energy balances to analyze and/or design fluid systems of interest in the chemical engineering profession.	Prerequisites: A grade of C or better in MAT271 and PHY121.		Acad	L+L 3.0 5.0 5.0
ECE280	Foundational Statistics for Engineers	MAT280	Fundamentals of probability, descriptive statistics, sampling distributions, parameter estimation, tests of hypotheses, regression analysis, analysis of variance, and design of experiments.	Prerequisites: A grade of C or better in MAT220, or MAT221, or equivalent.		Acad	L+L 3.0 5.0 5.0
ECE285	Introduction to Astrodynamics	AST285 PHY285	Introduction to celestial mechanics and the	Prerequisites: A grade of C		Acad	LEC 4.0 3.0 3.0

ECG100	Introduction to Healthcare: Medical, Legal, Ethics		This course is designed to offer the student a foundation in allied health career skills. Students will demonstrate knowledge of the healthcare delivery system, health occupations, basic infection control procedures, Health Insurance Portability and Accountability Act (HIPAA) guidelines, and the general laws and ethical responsibilities of healthcare workers. Students will learn to handle emergency situations, practice safety and security procedures, build interpersonal communication skills as well as define the roles and responsibilities of an electrocardiogram (ECG) technician. Students will learn medical terminology used in healthcare, with special care populations and in special services. Body systems approach to terms related to structures, functions, diseases, procedures and diagnostic tests.	Prerequisites: Successful completion of RDG100 or higher or appropriate reading placement into CRE101.		CLK	25

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			Building and analyzing terms using word parts. Medical abbreviations and symbols and term spelling.				
ECG101	The Cardiovascular System: Anatomy & Physiology and Pathophysiology of Cardiovascular Disease		In this course, students will explore the structure and functions of the cardiovascular system. This course covers the anatomical structures of the heart, the composition of blood, the path of the blood through the heart, and the electrical conduction system. Students will learn how these systems act as one to supply vital oxygen, nutrients and hormones to tissues and remove carbon dioxide and metabolic waste products. This course also covers pathophysiologic concepts and interventions for patients with heart and coronary vessel disease and disorders such as coronary artery disease (CAD), angina pectoris, myocardial infarction (MI), congestive heart failure (CHF), dysrhythmias, inflammatory processes and valvular heart disease.	Prerequisites: ECG100.		CLK	30
ECG102	Introduction to ECG		Students will learn the fundamentals of electrocardiography. Students will be able to describe the electrophysiologic basis of cardiac arrhythmias, illustrate the electrical conduction system through the heart, and the process of recording an electrocardiogram (ECG). Students will learn how to acquire 3-lead ECG, 4-lead ECG,	Prerequisites: ECG101.		CLK	40

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			12-lead ECG and interpret rhythm strips.				
ECG103	Applied ECG: Atrial, Junctional, Ventricular Rhythms and Heart Blocks		Students will learn to recognize arrhythmias that originate within the atria, the ventricle, the AV junction, AV node as well as heart blocks. Students will identify the specific features of each arrhythmia, where it originates from and diseases associated with each.	Prerequisites: ECG102.		CLK	50
ECG104	Advanced Cardiac Life Support		Designed for the allied healthcare provider who initiates, directs, or participates in the management of cardiopulmonary arrest and other cardiovascular emergencies. Provides the allied healthcare provider with the knowledge and skills to recognize and manage cardiopulmonary arrest, acute arrhythmia, stroke, and acute coronary syndromes (ACS) according to current advanced emergency cardiovascular care (ECC) guidelines. Requires prior knowledge of basic electrocardiograph rhythm interpretation, pharmacologic agents, and other interventions used in advanced cardiac life support (ACLS). Upon completion of this course, students will be eligible to take the American Heart Association's (AHA's) Basic Life Support (BLS) and ACLS certification examinations.	Prerequisites: ECG103.		CLK	20
ECG105	Advanced ECG: Diagnostic Procedures, Certification Prep and Exam		In this course, students will learn the skills and knowledge to perform patient assessments, obtain vital signs, start	Prerequisites: ECG104.		CLK	80

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			<p>IVs and conduct blood draws. Students will learn how to attach a Holter monitor to produce a diagnostic trace and analyze the trace following the monitoring process. Students will also learn how to conduct clinical exercise stress tests utilizing exercise electrocardiography for patients with known or suspected coronary artery disease. In this course, students will also learn how to conduct telemetry monitoring while in a hospital setting and assess and evaluate pacemakers. Diagnostic testing procedures will be performed within a prescribed range of functions involving routine and non-routine methods as well as diagnostic procedures which require the exercise of some discretion and judgment. Prior to completion of this course, students will have completed an exam prep course and taken the Certified ECG Technician (CET) Exam by the National Healthcareer Association (NHA). The exam is a 100-question exam and students will have 2 hours to complete it. The exam is timed and proctored.</p>				
ECG106	Clinical Practicum		<p>This course serves as the clinical practicum for Electrocardiogram (ECG) Technician in which the students synthesize standard of care and scope of practice through diagnostic technology, patient assessment, patient advocacy, ethical</p>	<p>Prerequisites: 1. EDU428	English Language Arts Teaching Methods and Pedagogical Strategies for Grades K-8		Application of research-based instruction in elementary English Language Arts, including reading, writing, speaking, and listening. Topics include developmentally	Prerequisites: Formal acceptance to a Maricopa Community College state approved teacher	EDU428 requires an approved field experience.	Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			appropriate instruction, and assessment, cross-curricular integration of language arts, lesson plan preparation, evidence-based teaching strategies, and teaching resources. Emphasis on current professional teaching standards and Arizona Academic Standards.	preparation program or permission of Department or Division.			
EDU429	Science Teaching Methods and Pedagogical Strategies for Grades K-8		Application of research-based instruction in elementary science. Topics include developmentally appropriate instruction, and assessment, cross-curricular integration of scientific concepts and problem solving skills, lesson plan preparation, evidence-based teaching strategies, and teaching resources. Emphasis on current professional teaching standards and Arizona Academic Standards.	Prerequisites: Formal acceptance to a Maricopa Community College state approved teacher preparation program or permission of Department or Division.	EDU429 requires an approved field experience.	Acad	LEC 3.0 3.0 3.0
EDU431	Mathematics Teaching Methods and Pedagogical Strategies for Grades K-8		Application of research-based instruction in elementary mathematics. Topics include developmentally appropriate instruction, and assessment, cross-curricular integration of mathematics and logical problem solving, lesson plan preparation, evidence-based teaching strategies, and teaching resources. Emphasis on current trends, professional teaching standards and Arizona Academic Standards.	Prerequisites: Formal acceptance to a Maricopa Community College state approved teacher preparation program or permission of Department or Division.	EDU431 requires an approved field experience.	Acad	LEC 3.0 3.0 3.0
EDU477	Student Teaching: Elementary (Grades K-8)		Supervised student teacher practicum in a K-8 classroom. Emphasis on the provision of instruction to learners. Covers lesson plan development, teaching strategies, classroom	Prerequisites: Formal acceptance to a Maricopa Community College state approved teacher	EDU477 requires a minimum of eight (8) weeks, full-time classroom instruction.	Acad	LAB 6.0 6.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			management, assessing the trajectory of student learning, and professionalism.	preparation program or permission of Department or Division.			
EDU487	Professional Seminar: Current Trends in Elementary and Special Education		Special topics in K-12 (elementary and special) education with an emphasis on current topics and trends.	Prerequisites: Formal acceptance to a Maricopa Community College state approved teacher preparation program or permission of Department or Division.	EDU487 may be repeated for a total of four (4) credit hours.	Acad	LEC 2.0 2.0 2.0
EEC205	Early Learning: Instructional Methodologies of Language, Math, Science, Social Studies and the Arts		Overview and practical application of teaching elementary language, math, science, social studies and the arts. Covers teaching strategies, learning environments, teaching resources, and use of technology. Emphasis on Early Learning Standards (Birth to Age 5), Arizona Academic Standards Kindergarten-Third (K-3) Grade, and State Board of Education Professional Teaching Standards.	Prerequisites: Must hold a provisional or standard elementary or special education teaching certificate or permission of Department or Division.	EEC205 requires an approved field experience.	Acad	LEC 3.0 3.0 3.0
EED111	Multimedia and the Early Childhood Education Classroom		Explore theories and teaching strategies of utilizing multimedia with children birth through 8 years of age. Examine usage of various multimedia in early childhood education settings. Explore ways to integrate appropriate multimedia usage into learning. Explore the use of multimedia and ECE professional growth	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
EED115	Digital Literacy for Teaching and Learning in Education	EDU115	Overview of digital literacy for identifying the skills needed to become informed users of technology to communicate, instruct,	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			create and think critically with digital tools. Explores how emerging technologies are used to teach and learn across varied educational environments (face-to-face, hybrid, online, etc). Includes skills focused on basic computer operations, productivity software, digital citizenship, instructional practices, information literacy and family and professional partnerships. Discusses current trends and related issues about the use of technology and its impacts in P20 education.				
EED200	Foundations of Early Childhood Education		Overview of early childhood education (birth to age eight) in American society, including current issues and responsibilities. Emphasis on issues of professionalism, ethics and program types. Opportunities for students to explore potential career paths.	Prerequisites: None.	EED200 includes practicum designed to explore the field of early childhood education.	Acad	LEC 3.0 3.0 3.0
EED205	The Developing Child: Prenatal to Age Eight		Examination of process of physical, social, emotional, cognitive, language, and literacy development of typical and atypical young children; prenatal through age eight. Includes practical application and fieldwork experience	Prerequisites: None.	Course Attribute(s): General Education Designation : Social and Behavioral Sciences - [SB]	Acad	LEC 3.0 3.0 3.0
EED210	Creative and Cognitive Play		Benefits of play for children birth to 8 years of age. Inclusion of art, music, and movement used in all dimensions of play. Identify uses and roles in the development of children.	Prerequisites: A grade of C or better in CFS176 ECH176, or CFS235, or EED205.		Acad	LEC 3.0 3.0 3.0
EED211	Language Acquisition in the Young Child		Define speech and language and discuss theories of language	Prerequisites: A grade of C or better in		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			acquisition in young children, birth through 8 years of age in a variety of settings. Explore techniques to encourage and support the development of language, assessment techniques and family involvement.	CFS/ECH176 , or CFS235, or EED205.			
EED212	Guidance, Management and the Environment		Principles for guiding young children in early care and education environments. Exploration of guidance, management, and how the environment impacts the lives of young children. Includes observation of classrooms of children ages birth to age eight	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
EED215	Early Learning: Health, Safety, Nutrition and Fitness		Consideration of public health issues and safety procedures within early childhood settings, serving young children birth to age eight. Overview of nutritional needs and issues of physical fitness and well-being in young children. Includes field experiences	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
EED220	Child, Family, Community and Culture		Examines family, community and cultural influences on development of the young child (birth to age eight). Considers trends and threats to attachment, relationships and cultural identity. Includes social and emotional experiences and their impact on the developing brain.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
EED222	Introduction to the Exceptional Young Child: Birth to Age Eight		Overview of the exceptional learner (birth - age eight), one who differs from the average or the norm, with emphasis on observation, techniques, characteristics, identification, types of	Prerequisites: None.	Course Attribute(s): General Education Designation : Cultural Diversity - [C] General Education	Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			programs, and work with families. Issues related to learning exceptionalities, sensory and communication disorders, social and emotional problems, physical and health related disorders, and giftedness. Includes field experience		Designation : Social and Behavioral Sciences - [SB]		
EED225	Language and Literacy in the Context of Culture and Relationships		Introduces children's language acquisition and literacy development. Exploration of the relationships among language, literacy, family, culture, and community. Study of educational practices and advocacy opportunities that support language acquisition, literacy development and the preservation of heritage languages.	Prerequisites: None.	Course Attribute(s): General Education Designation : Cultural Diversity - [C]	Acad	LEC 3.0 3.0 3.0
EED245	Early Learning: Language Acquisition and Literacy Development		Overview of language acquisition and development, emergent literacy, early literacy development, and appropriate early experiences with books, reading, and writing for typical and atypical children birth to age eight. Emphasis placed on reading and writing readiness, methods to enhance literacy development, and strategies for selecting and using children's books.	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
EED250	Early Literacy Development		Overview of emergent literacy, early literacy development, and appropriate early experiences with books, reading, and writing. Emphasis placed on reading and writing readiness, methods to enhance literacy development, and	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			strategies for selecting and using children's books				
EED255	Portfolio Development and Writing for the Profession		Portfolio development, completion, and presentation. Self-assessment and educational short-term and long-term planning, professional development, writing and critical learning included.	Prerequisites: A grade of C or better in completion of twelve (12) credit hours of EED Early Education coursework and permission of Program Coordinator.		Acad	LEC 3.0 3.0 0.0
EED260	Early Childhood Infant/Toddler Internship		Work experience with infants and toddlers in early care and education settings. 80 hours of designated work per credit.	Prerequisites: Permission of Department or Division.	EED260 may be repeated for a total of six (6) credit hours.	Acad	LAB 1.0 1.0 0.0
EED261	Early Childhood Preschool Internship		Work experience with preschoolers in early care and education settings. 80 hours of designated work per credit.	Prerequisites: Permission of Department or Division.	EED261 may be repeated for a total of six (6) credit hours.	Acad	LAB 1.0 1.0 0.0
EED262	Early Childhood Internship: Infant/Toddler		Work experience with infants and toddlers in early care and education settings.	Prerequisites: Permission of Department or Division.		Acad	LAB 2.0 2.0 0.0
EED263	Early Childhood Internship: Preschool		Work experience with preschoolers in early care and education settings.	Prerequisites: Permission of Department or Division.		Acad	LAB 2.0 2.0 0.0
EED265	Early Childhood Internship: K-3		Supervised student teacher practicum. Emphasis on the provision of instruction to learners. Covers lesson plan development, classroom procedures, classroom management, and educator professionalism. Includes learner preparation, learner engagement, and learner outcome awareness.	Prerequisites: A grade of C or better in EED200, EED212, EED215, EED220, EED222, EED270, EED275, and EED280.		Acad	LAB 4.0 5.0 0.0
EED270	Early Learning Development: Birth to Age Eight		Teaching and early learning issues within a cognitive processes context. Covers emotion, memory, and recall as	Prerequisites: A grade of C or better in CFS/ECH176 or CFS205 or		Acad	LEC 3.0 3.0 3.0

			well as early brain development and its relationship to early learning for the young child, birth to age eight.	CFS235 or EED205 or permission of instructor.			
EED272	Early Childhood Educational Psychology		Focus on the study and application of psychological principles, theories, and methodologies related to early childhood teaching and learning. Emphasis on early childhood developmental, learning, and motivational theories. Current trends also covered	Prerequisites: None.		Acad	LEC 3.0 3.0 3.0
EED275	Early Learning Curriculum and Instruction: Math and Science		Overview and practical application of teaching math and science concepts to typical and atypical toddlers, preschoolers, and students Kindergarten-third grade (K-3). Covers teaching strategies, learning environments, teaching resources, and use of technology. Emphasis on overview and practical application of National Association for the Education of Young Children Standards, Early Learning Standards, Arizona Academic Standards (K-3), State Board of Education Professional Teaching Standards and National Council of Teachers of Mathematics Standards.	Prerequisites: A grade of C or better in CFS/ECH176 or EED205.	EED275 requires an approved field experience.	Acad	LEC 3.0 3.0 3.0
EED277	Early Learning Curriculum and Instruction: Language Arts, Social Studies, Art, Music and Movement		Overview and practical application of teaching language arts, social studies, art, music and movement to typical and atypical toddlers, preschoolers, and students K-3. Covers teaching strategies, learning environments, teaching resources, and use of technology. Emphasis on overview	Prerequisites: A grade of C or better in CFS/ECH176 or EED205.	EED277 requires an approved field experience.	Acad	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
			and practical application of National Association for the Education of Young Children Standards, Early Learning Standards, Arizona Academic Standards (K-3), and State Board of Education Professional Teaching Standards.				
EED278	Early Learning Curriculum and Instruction - Birth to Age Eight		Considerations and evaluations of curriculum appropriate to the developmental characteristics of learners, birth through eight years. Includes how early childhood standards, philosophies, and program settings relate to the teaching, learning, and assessment process. Includes field experience.	Prerequisites: A grade of C or better in EED200.		Acad	LEC 3.0 3.0 3.0
EED280	Standards, Observation & Assessment of Typical/Atypical Behaviors of Young Children Birth to Age Eight		Standards, observation, and assessment of typical and atypical behaviors, overview of standards, observation and assessment methodologies for typical and atypical young children (birth to age eight). Includes ethics, referral and reporting procedures, and collaboration with families and other professionals.	Prerequisites: A grade of C or better in CFS/ECH176 or CFS235 or EED205.		Acad	LEC 3.0 3.0 3.0
EED282AA	Service-Learning Experience in Early Childhood Education		Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	EED282AA may be repeated for a total of six (6) credit hours. Standard grading available according to procedures outlined in catalog.	Acad	LAB 1.0 1.0 0.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
					Repeats 6.0 6.0		
EED282AB	Service-Learning Experience in Early Childhood Education		Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	EED282AB may be repeated for a total of six (6) credit hours. Standard grading available according to procedures outlined in catalog. Repeats 3.0 6.0	Acad	LAB 2.0 2.0 0.0
EED282AC	Service-Learning Experience in Early Childhood Education		Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	EED282AC may be repeated for a total of six (6) credit hours. Standard grading available according to procedures outlined in catalog. Repeats 2.0 6.0	Acad	LAB 3.0 3.0 0.0
EEE120	Digital Design Fundamentals	CSC120	Number systems, conversion methods, binary and complement arithmetic, Boolean switching algebra and circuit minimization techniques. Analysis and design of combinational logic, flip-flops, simple counters, registers, ROMs, PLDs, synchronous and asynchronous sequential circuits, and state reduction techniques. Building physical circuits.	Prerequisites: None. Corequisites: CSC100 or CSC110 or permission of Instructor.		Acad	L+L 4.0 6.0 6.0
EEE202	Circuits and Devices		Introduction to circuits and devices. Component models, transient analysis, steady state analysis, Laplace transform, and active	Prerequisites: A grade of C or better in PHY116 or PHY131. Corequisites:		Acad	LEC 5.0 4.0 4.0 LAB 0.0 3.0 3.0

			and passive filter networks.	MAT276 or permission of Instructor.			
EEE203	Signals and Systems		Introduction to continuous and discrete time signal and system analysis, linear systems, Fourier, and z-transforms.	Prerequisites: A grade of C or better in EEE202.		Acad	L+L 3.0 5.0 5.0
EEE220	Programming for Computer Engineering	CSC220	Introduction to procedural programming (C/C++) and hardware description language (VHDL).	Prerequisites: A grade of C or better in ((EEE120 or CSC120) and CSC205) or permission of Instructor.		Acad	L+L 3.0 5.0 5.0
EEE230	Computer Organization and Assembly Language	CSC230	Assembly language programming including input/output (I/O) programming and exception/interrupt handling. Register-level computer organization, I/O interfaces, assemblers, and linkers. Processor organization and design, data path, control, pipelining, and input/output. Memory organization with cache and virtual memory.	Prerequisites: A grade of C or better in [(CSC100 or CSC110) and CSC120 EEE120] or permission of Instructor.		Acad	L+L 4.0 5.0 5.0
EEG115	Biomedical Electronic Technology I		Review of basic principles of math and physics as applied to Biomedical Electronic technology and monitoring applications within the fields of electroneurodiagnostic technology and polysomnography technology.	Prerequisites: Admission to the Electroneuro diagnostic Technology program or Polysomnographic Technology program.		Occ	LEC 2.0 2.0 2.0
EEG116	Biomedical Electronic Technology II		Electronic concepts, electrical connections including grounding, and electrical and patient safety as applied to medical electronic technology and monitoring applications within the fields of electroneurodiagnostic technology and polysomnography technology.	Prerequisites: Admission to the Electroneuro diagnostics Technology program or the Polysomnographic Technology program.		Occ	LEC 3.0 3.0 3.0

Course	Course Title	Cross Refer-ences	Description	Requisite	Course Note	Sub-ject Type	Credits Periods Load
EEG130	Introduction to EEG		Introduction to EEG (Electroneurodiagnostic) theory, with emphasis on instrumentation, testing protocol and major disorders for which EEG is diagnostically useful. Introduction and hands on experience with the 10/20 International Electrode Application System.	Prerequisites: Admission to the Electroneurodiagnostics Program or admission to Polysomnographic Technology Program.		Occ	L+L 4.0 4.0 4.0
EEG140	Basic Electroneurodiagnostic Skills		Theory and clinical procedures germane to the electroneurodiagnostic (EEG) department. Stress on hospital orientation, job competency, professional growth, and interpersonal communications with staff and patients.	Prerequisites: Admission to the Electroneurodiagnostic (END) Technology program. Corequisites: EEG140LL.		Occ	LEC 1.0 1.0 1.0
EEG140LL	Basic Electroneurodiagnostic Skills Laboratory		Practical application, and clinical procedures germane to the electroneurodiagnostic (EEG) department. Stress on hospital orientation, job competency, professional growth, and interpersonal communications with staff and patients.	Prerequisites: Admission to the Electroneurodiagnostic (END) Technology program. Corequisites: EEG140.		Occ	LAB 1.0 3.0 3.0
EEG200	Clinical Rotation I		Clinical application of Electroneurodiagnostic (EEG) skills and knowledge acquired during required program classroom and lab courses. Full supervision of tests performed with progression to independent testing.	Prerequisites: Admission to the Electroneurodiagnostics Program.		Occ	LAB 3.0 18.0 0.0
EEG201	Intermediate EEG		Expanded study of neurological and neurophysiological medicine. Discuss the studies in cerebrovascular and central nervous system lesions, metabolic and infectious disease, trauma, congenital, and	Prerequisites: Admission to the Electroneurodiagnostic (END) Technology program. Corequisites: EEG201LL.		Occ	LEC 3.0 3.0 3.0
