

How to Access Brainfuse Tutoring

The GateWay Learning Center offers free remote video tutoring (call us at 602-286-8800 or email us at ltutoring@gatewaycc.edu) for most GateWay courses.

Brainfuse tutoring is available after hours/weekends and for courses for which we may not have a tutor. This is a third-party company we contract with to provide free additional tutoring services to our students. There is a 10 hour limit per semester and it is to be used for GateWay courses only.

You can access Brainfuse in your Canvas course.

- Enter your course.
- In the menu on the left (the one with "modules", "assignments", etc.), click "Free Tutoring."
- Click "Enroll in Course" or "Go to the Course" (if you've already self-enrolled).
- On the main page, you will see links to more information about the Learning Center's tutoring options. If none of these options work for you, scroll to the bottom of the page and click "here."

If you need tutoring assistance outside of our hours, please click [here](#).

- Please read the information on this page carefully. Then, at the bottom of the page, click "here." This will take you to a page to launch Brainfuse.

The screenshot shows the Brainfuse Live Help interface. At the top, there is a dark red header with a person icon and the text "Live Help". Below the header, there are two dropdown menus. The first dropdown is labeled "-- Select Topic --" and has a "1" in a black box next to it. The second dropdown is labeled "-- Select Subject --" and has a "2" in a black box next to it. Below the dropdowns, there are two options: "Check Tutor Availability" with a calendar icon and "Preferences" with a gear icon. At the bottom, there is a blue button labeled "Connect" with a "3" in a black box next to it. Red circles highlight the "Select Topic" dropdown, the "Select Subject" dropdown, and the "Connect" button.

If you have any difficulties logging in or don't see your course listed, please call our front desk at 602-286-8800 or email/chat us at ltutoring@gatewaycc.edu.
