

WELCOME LETTER

Dear Prospective Student:

Welcome to GateWay Community College! We are excited that you have chosen to partner with us in your education. To begin your enrollment process, you will be required to complete several pre-admission criteria which are outlined in this packet. These criteria can often take students several weeks to complete, therefore we recommend that you begin to work on this right away to prevent any delays in enrollment. To help you move through these steps as quickly as possible, you should work on multiple criterion simultaneously. Additionally, please take careful consideration to read all pages of this packet in its entirety as it contains valuable information that will help to answer questions you may have.

In order not to delay enrollment, students will need to work closely with the Advisors and Health and Safety Coordinator to complete all necessary requirements for their program. Once students have completed the pre-admission criteria, they will need to make an appointment with the Advisor to enroll into the program. Once enrolled, a program representative will contact students via email with an invitation to the mandatory student orientation. In order to ensure that you receive this notification, all student contact information must be accurate and updated in the Student Service Center located at <https://www.maricopa.edu/students>. During the orientation students will be required to purchase the Criminal Background Check, American Databank Account and a My Clinical Exchange account. Students will be expected to come prepared to pay for the criminal background check and both the American Databank Account and My Clinical Exchange account at new student orientation.

Again, thank you for partnering with us in your education. Should you have questions at any time during this process, please do not hesitate to reach out to us for assistance. We are here to help you succeed!

Sincerely,

The Healthcare Team

Medical Marijuana Policy

Maricopa Community Colleges prohibit the possession and use of marijuana on all campuses and in all off-campus student activities, including clinical practicum and clinical learning experiences in health programs. This policy is dictated by Arizona Revised Statutes § 15-108, which prohibits any person, including a medical marijuana cardholder, from possessing or using marijuana on the campus of any public university, college, community college or post-secondary education institution. Federal legislation prohibits any institution of higher education that receives federal funding from allowing the possession and use of marijuana.

Maricopa Community Colleges receive federal funds through grants and financial aid. Maricopa Community Colleges continue to enforce current policies regarding controlled substances and any student or employee who violates university policy prohibiting the use or possession of illegal drugs on campus or in student activities - including educational practicum - will be subject to disciplinary action and criminal prosecution.

Urine drug screens are required of students prior to attending healthcare clinical practicum. Medical marijuana, or its metabolite, is not an accepted substance in urine drug screens and will result in a positive urine drug screen. Students with a prescription for medical marijuana would not be considered exempt from urine drug screening.

Nondiscrimination Policy

The Maricopa County Community College District does not discriminate on the basis of race, religion, color, national origin, sex, handicap/disability, sexual orientation, age, or Vietnam era/disabled Veteran status in employment or in the application, admission, participation, access and treatment of persons in instructional or employment programs and activities.
