SAFE PATIENT HANDLING EDUCATION AT GATEWAY COMMUNITY COLLEGE

Did You Know? Patient Handling injuries in healthcare account for the most costly and severe injuries and a high employee turnover rate. (BLS.gov, 2020).

Safe Patient Handling and Mobility uses technology to move patients safely and reduces risk of employee injury.

What We Offer:

- **Safe Patient Handling New Employee Orientation:** Customize training programs in SPH techniques and equipment based on facility-specific policy education.

- **Return to Work Safety:** Integrate SPH training for return to work strategies for employees who have been injured at work or have lifting restrictions.

- **Safe Patient Handling Champion:** Implement a culture of safe patient handling at your facility! Learn in-depth patient population and equipment-specific techniques to prepare them to teach peer-to-peer and lead the changes toward improved safety in your facility.

- **Rent the SaPHE Lab:** GateWay Community College has the only community college-based Safe Patient Handling Education (SaPHE) Lab in the Southwest. See the reverse side for a price and equipment list.

Schedule a free consultation and find out how the SaPHE Lab can help your organization!
