This handbook provides information about policies, procedures, and expectations for Community Education (referred to as CE) instructors.

This handbook attempts to anticipate some of your questions, explain operating requirements, and focus on some areas that affect instructor and student success. You are welcome to ask additional questions and to share your ideas about how we can provide assistance to instructors.

Please encourage students who have administrative questions (e.g. refunds, charges, dropping workshops) to call the CE office. Students need correct information, and instructors are not expected to have college-wide knowledge of procedures and resources.

CE is an integral part of the educational services that GateWay provides for our community. You represent GateWay Community College in theroom and your knowledge, skill, and dedication form the backbone of CE. Your efforts are appreciated by your students, the college and community, and the CE staff.

We thank you!

Please be certain the CE office has your most recent address, phone, and email information. In addition, please make the CE supervisor aware if your adjunct or employment status with the Maricopa Community College District has changed.
