Service Learning Proposal

Each student will complete a proposal for their Service-Learning project. The proposal must be approved by the instructor and the Office of Service-Learning & Civic Engagement before service begins. If you plan to serve at multiple agencies, the proposal should include information on each site. The Proposal is due by DUE DATE.

1. What agency or agencies have you identified for your Service-Learning project?

2. Describe the agency, including the type of service(s) offered and who or what is being served.

3. What service do you plan to provide there?

4. How does that service relate to the assignment?
